Designed for adults with limited learning time who wish to acquire the basics of everyday modern Greek, this grammar features numerous shortcuts and timesavers. Ideal as an introduction, supplement, or refresher. **"II" Corriere italiano HOW TO LEARN SPANISH IN 30 DAYS** HOW2 Edizioni This book will allow you to learn Spanish in only 30 days, starting from scratch. And this is more than a simple promise. Let me explain... The method is very simple: this book is divided in 30 chapters, one for each day, to let you learn the basics of this language in just one month. To make the most of this course, you just need to follow one rule: reading one chapter every day, no more, no less. If you follow this rule and the guidelines included in this book, the result is guaranteed. Forget about the usual boring grammar courses, with their impersonal style. "How to learn Spanish in 30 days" has been created with all the trappings of self-help, as a practical manual, with a personal, fun and motivational touch. It is full of many curious anecdotes and useful pieces of advice not only to speak in Spanish, but also to help you while travelling. If you are still not convinced, keep reading... FROM THE PREFACE... (...) You are going to tell me: "so, in 30 days I will be able to learn an entire language?!". The answer is YES! First of all, as any valuable product, it has brilliantly passed the quality check: friends and relatives have tested this manual and the following month they did pretty well with grammar and vocabulary, trust me. Of course, in 30 days no one becomes a native speaker: but you can build a strong foundation on which to build a beautiful house. Do you get what I mean? Studying a little bit every day is a secret as simple as it is effective to make the learning easier and quicker. I will give you the opportunity to analyse in depth every little secret about grammar and vocabulary, and you must really promise me that you will do everything you can to complete this rich training: consult online newspapers, watch films or TV series with subtitles, read a good book with a dictionary next to you, in short take every little opportunity to be in contact with Spanish as much as possible. Then there will be space for real dialogues in Spanish, the testing ground for your theoretical skills. When you go on holiday to a Spanish-speaking country or you will have to use Spanish in any other situation, you will just want to do your best. Think about this: one month. 30 days of studying will help you learning a new language, improving your curriculum, immersing yourself in a new and different world. It will be a special month, and you will be satisfied. **Collins COBUILD Active English Grammar** Collins Cobuild The Collins Cobuild line was developed specifically to meet the needs of ESL learners. The series includes a comprehensive range of dictionaries, grammar resources, and usage books featuring real English as it is written and spoken today. **Sleep Tight, Little Wolf. Bilingual Children's Book (English - Anglo-Saxon/Old English)** Bilingual children's book (age 2 and up) Tim can't fall asleep. His little wolf is missing! Perhaps he forgot him outside? Tim heads out all alone into the night - and unexpectedly encounters some friends... "Sleep Tight, Little Wolf" is a heart-warming bedtime story. It has been translated into more than 50 languages and is available as a bilingual edition in all conceivable combinations of languages. www.childrens-books-bilingual.com **The Black Book of Speaking Fluent English: The Quickest Way to Improve Your Spoken English** Christopher Hill In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; It is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has also been referred to as "the language of business". If you have ambitions to become an international businessman or to work at some bigger companies, it's almost essential that you're able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go from a beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren't able to speak English on an advanced level. They have tried many methods, attending classes, learning how to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak. The Best Proven Way to Learn and Speak English In this book, Christopher Hill, "THE INTERNATIONAL ESL

PROFESSOR " (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will be able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning. Inside This Black Book, You will Discover: - The 3 Golden Rules of Speaking Fluent English - The Power of Immersion - The Process of Shadowing - How Intensive Listening works - The Best Accent Reduction Techniques - Bonus Guide: The Secret Method to Become Super Fluent in 21 Days How do you know this book is for me? This book is for busy Intermediate students who wish to get to the Advanced English Level. If you can understand 60-80% of an English speaking movie and understand what you are reading so far, you have found the right book. Stop Using Ineffective Ways to Learn and Speak English. When you are using proper methods to learn, you'll find that improving English is effortless. Learn and adopt these Proven techniques, tips, and many more secrets revealed in this black book. Don't Learn Using The Old-fashioned Way. Get a Copy of "The Black Book of Speaking Fluent English" and Start Speaking Fluent English :) **English As She Is Spoke** Simon and Schuster In 1855, when Jose da Fonseca and Pedro Carolino wrote an English phrasebook for Portuguese students, they faced just one problem: they didn't know any English. Even worse, they didn't own an English-to-Portuguese dictionary. What they did have, though, was a Portuguese-to-French dictionary, and a French-to-English dictionary. The linguistic train wreck that ensued is a classic of unintentional humor, now revived in the first newly selected edition in a century. Armed with Fonseca and Carolino's guide, a Portuguese traveler can insult a barber ("What news tell me? All hairs dresser are newsmonger"), complain about the orchestra ("It is a noise which to cleve the head"), go hunting ("let aim it! let make fire him"), and consult a handy selection of truly mystifying "Idiotisms and Proverbs." **Compasito Manual on Human Rights Education for Children** Council of Europe Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings. **Italian Grammar Drills** McGraw Hill Professional Sharpen your ITALIAN grammar with skill-building exercises If you want to be proficient in Italian, you have to master its grammar. The best way to perfect your grammar skills is through drills, drills, and more drills. Covering all facets of Italian grammar--from prepositions and pronouns to verbal forms and tenses--Italian Grammar Drills helps you learn often-perplexing topics through hands-on experience. Each dialogue is also followed by a variety of exercises that give the opportunity to put new concepts into action and encourage you to construct your own personalized conversations. THIS BOOK WILL HELP YOU TO: · Engage in dialogues that illustrate practical conversations · Expand your vocabulary · Understand new concepts with numerous realistic examples · Build new conversation skills through extensive practice THE BONUS APP THAT ACCOMPANIES THIS BOOK PROVIDES: · STREAMING AUDIO recordings of all 40 dialogues in the book · SPEECH-BY-SPEECH presentation for clear understanding · AUDIO ANSWER KEY for 30 dialogue-based exercises · PROGRESS TRACKER to assess your progress **The Translator as Writer** Bloomsbury Publishing Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. The Translator as Writer bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve. **Women of the Celts** Inner Traditions / Bear & Co Historian Markale takes us deep into a mythical world where both man and woman become whole by realizing the feminine principle in its entirety. The author explores the rich heritage of Celtic women in history, myth, and ritual, showing how these traditions compare to modern attitudes toward women. **Repertorio generale annuale di giurisprudenza bibliografia e legislazione di diritto civile, commerciale, penale e amministrativo, per cura della direzione e della redazione di Il Foro italiano ... Politeness in Language Studies in its History, Theory and Practice** Walter de Gruyter The second edition of this collection of 13 original papers contains an updated introductory section detailing the significance that the original articles published in 1992 have for the further development of research into linguistic politeness into the 21st century. The original articles focus on the phenomenon of politeness in language. They present the most important problems in developing a theory of linguistic politeness, which must deal with the crucial differences between lay notions of politeness in different cultures and the term 'politeness' as a concept within a theory of linguistic politeness. The universal validity of the term itself is called into

question, as are models such as those developed by Brown and Levinson, Lakoff, and Leech. New approaches are suggested. In addition to this theoretical discussion, an empirical section presents a number of case studies and research projects in linguistic politeness. These show what has been achieved within current models and what still remains to be done, in particular with reference to cross-cultural studies in politeness and differences between a Western and a non-Western approach to the subject. The publication of this second edition demonstrates that the significance of the collection is just as salient in the first decade of the new millennium as it was at the beginning of the 1990s. **The Rule of Saint Benedict** Wyatt North Publishing, LLC **Contextual Identities A Comparative and Communicational Approach** Cambridge Scholars Publishing By bringing the concepts of identity, comparativism, and communication together, this volume invites a reinterpretation of these defining concepts of postmodernism. Composed of contributions from Australia, Azerbaijan, Japan, Romania and the Ukraine, this interdisciplinary and intercultural book investigates the multiple identities activated in broader discursive contexts. This collection of nineteen chapters opens with an introductory overview followed by two parts: the first, focusing on Plural identities and comparativism, contains a series of case studies that can be subsumed within imagology and comparativism; the second, Communication and discourse, illustrates two directions of research: literary communication and terminology. In spite of the methodological and thematic polyphony of its contributions, the volume adopts a unified and coherent tone. By integrating the study of contextual and discursive identities, this book will be of interest to all those involved in image and literary studies, in both linguistics and culture. **On Conditionals Again** John Benjamins Publishing The volume brings together a selection of papers from a symposium on Conditionality held in the University of Duisburg on 25-26 March 1994. Ten years after the Stanford symposium, the Proceedings of which were edited by Traugott et al. (1986), the area of conditionality is revisited in a synthesis of issues and aspects with insights drawn from the wider framework of general processes of conceptualisation. One major question is therefore what conceptual categories fall under conditionality or how far the notion of conditionality can be extended. The volume represents the up-to-date research on most aspects of conditionality some of which include the relationship between conditionality, hypotheticality and counterfactuality, polarity, historical perspectives, concessives, the acquisition of conditionals. **Garibaldi** Yale University Press Giuseppe Garibaldi, the Italian revolutionary leader and popular hero, was among the best-known figures of the nineteenth century. This book seeks to examine his life and the making of his cult, to assess its impact, and understand its surprising success. For thirty years Garibaldi was involved in every combative event in Italy. His greatest moment came in 1860, when he defended a revolution in Sicily and provoked the collapse of the Bourbon monarchy, the overthrow of papal power in central Italy, and the creation of the Italian nation state. It made him a global icon, representing strength, bravery, manliness, saintliness, and a spirit of adventure. Handsome, flamboyant, and sexually attractive, he was worshiped in life and became a cult figure after his death in 1882. Lucy Riall shows that the emerging cult of Garibaldi was initially conceived by revolutionaries intent on overthrowing the status quo, that it was also the result of a collaborative effort involving writers, artists, actors, and publishers, and that it became genuinely and enduringly popular among a broad public. The book demonstrates that Garibaldi played an integral part in fashioning and promoting himself as a new kind of "charismatic" political hero. It analyzes the way the Garibaldi myth has been harnessed both to legitimize and to challenge national political structures. And it identifies elements of Garibaldi's political style appropriated by political leaders around the world, including Mussolini and Che Guevara. **A Cultural History of Aramaic From the Beginnings to the Advent of Islam** BRILL In A Cultural History of Aramaic, Holger Gzella comprehensively describes the history of Aramaic and its socio-cultural underpinnings as an ongoing linguistic evolution between its emergence and the spread of Arabic through the Near East (ca. 1000 BCE-700 CE). **C-ORAL-ROM Integrated Reference Corpora for Spoken Romance Languages** John Benjamins Publishing The C-ORAL-ROM book and DVD provide a unique set of comparable corpora of spontaneous speech for the main Romance languages, French, Italian, Portuguese and Spanish. The corpora are accompanied by comparative linguistic studies, models and standard linguistic measures of spoken language variability. Each corpus is built to the same design using identical sampling techniques, and each corpus is presented in multimedia format, allowing simultaneous access to aligned acoustic and textual information. Texts are headed with information about provenance, participants, etc. and the transcriptions show changes of speaker. Speech acts are tagged according to the evidence of prosodic criteria. Each corpus totals 300,000 words and presents formal and informal speech in a variety of contexts of use, dialogue structure and text genres, semantic domains and speech act typologies. The corpora have great statistical relevance for spoken language structures and can address key issues in human language technology such as speech recognition in unrestricted discourse, the suitability of speech synthesis in natural prosody, and multilingual applications of the spoken language interface. The work provides new data and innovative theoretical perspectives that are relevant for corpus linguistics, romance linguistics, syntactic theory, speech and prosody research, and second language acquisition. **Lexicon Palaeslovenico-Græco-Latinum emendatum auctum edidit Fr. Miklosich Elements of Structural Syntax** John Benjamins Publishing Company This volume appears now finally in English, sixty years after the death of its author, Lucien Tesnière. It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection. **The SuperCollider Book** MIT Press The essential reference to SuperCollider, a powerful, flexible, open-source, cross-platform audio programming language. SuperCollider is one of the most important domain-specific audio programming languages, with potential applications that include real-time interaction, installations, electroacoustic pieces, generative music, and audiovisuals. The SuperCollider Book is the essential reference to this powerful and flexible language, offering students and professionals a collection of tutorials, essays, and projects. With contributions from top academics, artists, and technologists that cover topics at levels from the introductory to the specialized, it will be a valuable sourcebook both for beginners and for advanced users. SuperCollider, first developed by James McCartney, is an accessible blend of Smalltalk, C, and further ideas from a number of programming

languages. Free, open-source, cross-platform, and with a diverse and supportive developer community, it is often the first programming language sound artists and computer musicians learn. The *SuperCollider Book* is the long-awaited guide to the design, syntax, and use of the SuperCollider language. The first chapters offer an introduction to the basics, including a friendly tutorial for absolute beginners, providing the reader with skills that can serve as a foundation for further learning. Later chapters cover more advanced topics and particular topics in computer music, including programming, sonification, spatialization, microsound, GUIs, machine listening, alternative tunings, and non-real-time synthesis; practical applications and philosophical insights from the composer's and artist's perspectives; and "under the hood," developer's-eye views of SuperCollider's inner workings. A Web site accompanying the book offers code, links to the application itself and its source code, and a variety of third-party extras, extensions, libraries, and examples.

A Reference Grammar of Modern Italian Routledge This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

Historical Atlas of Medieval Music Brepols Pub Music is rooted in the heart of Western culture. The absence of music from the usual publications of medieval history and history of art of the Middle Ages is understandable, considering the rarity of sources. And yet, throughout the last decades, an intense activity of historico-musicological research has been carried out internationally by a select group of specialized scholars. The ambitious goal of this work is to set medieval music within its historical and cultural context and to provide readers interested in different disciplines with an overall picture of music in the Middle Ages; multi-faceted, enjoyable, yet scientifically rigorous. To achieve this goal, the most prominent scholars of medieval musicology were invited to participate, along with archaeologists, experts of acoustics and architecture, historians and philosophers of medieval thought. The volume offers exceptional iconography and several maps, to accompany the reader in a fascinating journey through a network of places, cultural influences, rituals and themes.

Cambridge English Starters 1 for Revised Exam from 2018 Student's Book Cambridge University Press Authentic examination papers for learners preparing for the revised Cambridge English: Young Learners from 2018. This collection of examination papers for Cambridge English: Starters (YLE Starters) provides ideal exam practice. It contains three full-colour test papers which contain engaging activities and attractive illustrations to motivate young learners. These papers also provide an excellent opportunity for children, parents and teachers alike to familiarise themselves with the format of the revised test. An Audio CD (which contains the listening sections of the tests) and an Answer Booklet are also available separately.

The Diary of Elio Schmitz Scenes from the World of Italo Svevo The Diary of Elio Schmitz is a beautiful and moving portrait of an artistic young man living in late nineteenth-century Trieste. It is also the first English translation of the single most important document for anyone interested in the early life of Italo Svevo, Italy's greatest modern novelist. Elio Schmitz was the younger brother of Ettore Schmitz, better known today as Italo Svevo, Italy's greatest modern novelist. Much of what we know about Svevo - about his family and its origins, about his childhood in Trieste, about his temperament and his formation as a writer - we know because Elio Schmitz decided to set it down in his diary. In Elio, Ettore found a constant, reliable source of appreciation and encouragement, the ideal confidant. Many of the most important moments of this relationship are vividly preserved in The Diary of Elio Schmitz, making it a precious, indispensable account of Svevo's early years. The relevance of this diary, however, extends beyond the life and work of Italo Svevo, for the picture that Elio Schmitz paints of his family and his city captures all of the contradictions and ambiguities of nineteenth-century Trieste.

Cambridge English Movers 1 for Revised Exam from 2018 Student's Book Cambridge University Press Authentic examination papers for learners preparing for the revised Cambridge English: Young Learners from 2018. This collection of examination papers for Cambridge English: Movers (YLE Movers) provides ideal exam practice. It contains three full-colour test papers which contain engaging activities and attractive illustrations to motivate young learners. These papers also provide an excellent opportunity for children, parents and teachers alike to familiarise themselves with the format of the revised test. An Audio CD (which contains the listening sections of the tests) and an Answer Booklet are also available separately.

A Cultural History of the English Language Routledge This book presents a new interpretation of the history of English. Access to large corpuses of English has allowed scholars to assess the minutiae of linguistic change with much greater precision than before, often pinpointing the beginnings of linguistic innovations in place and time. The author uses the findings from this research to relate major historical events to change in the language, in particular to areas of linguistic inquiry that have been of particular importance in recent years, such as discourse analysis, stylistics and work on pidgins and creoles. The book does not attempt to chronicle changes in syntax or pronunciation and spelling, but is designed to complement a corpus-based study of formal changes. The story of English is brought up to the late 1990s to include, amongst other things, discussions of Estuary English and the implications of the information superhighway.

Never Felt So Good The Addams Family (Songbook) Vocal Selections (Vocal Line with Piano Accompaniment) Hal Leonard Corporation (Vocal Selections). Based on the macabre cartoon Charles Addams created in 1938 for The New Yorker, this Broadway musical was nominated for multiple awards in 2010, including two Tony nods. Our songbook features vocal lines with piano accompaniment for 14 fantastic tunes by Andrew Lippa: The Addams Family Theme * Crazier Than You * Happy/Sad * In the Arms * Just Around the Corner * Let's Not Talk About Anything Else but Love * Live Before We Die * The Moon and Me * Morticia * One Normal Night * Pulled * Waiting * What If * When You're an Addams.

Routledge is an imprint of Taylor & Francis, an informa company. **A History of Six Ideas An Essay in Aesthetics** Springer Science & Business Media The history of aesthetics, like the histories of other sciences, may be treated in a two-fold manner: as the history of the men who created the field of study, or as the history of the questions that have been raised and resolved in the course of its pursuit. The earlier *History of Aesthetics* (3 volumes, 1960-68, English-language edition 1970-74) by the author of the present book was a history of men, of writers and artists who in centuries past have spoken up concerning beauty and art, form and creativity. The present book returns to the same subject, but treats it in a different way: as the history of aesthetic questions, concepts, theories. The matter of the two books, the previous and the present, is in part the same; but only in part: for the earlier book ended with the 17th century, while the present one brings the subject up to our own times. And from the 18th century to the 20th much happened in aesthetics; it was only in that period that aesthetics achieved recognition as a separate science, received a name of its own, and produced theories that early scholars and artists had never dreamed of.
