THE ELOQUENCE OF GHOSTS

GIORGIO MANGANELLI AND THE AFTERLIFE OF THE AVANT-GARDE

Peter Lang Giorgio Manganelli (1922-1990), one of Italy's most radical and original writers, went further than most in exploring the creative possibilities of hybrid genres and open forms. Ostentation, theatricality, and a love of drapery and verbal excess are defining features of his body of work, which ranges from prose fiction, literary criticism, and drama to travel writing, treatises, commentaries, and imaginary interviews. This study examines the wealth of Manganelli's imagination - his grotesque animals, speaking corpses, and melancholy spectres - and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and philosophical models. Following Manganelli's lead, the author addresses issues such as the boundaries of meaningful language, the relationship between literary and visual texts, fantasy and realism, and the power of literature to express the apprehensions and intimations of human consciousness.

THE MORAVIAN NIGHT

A STORY

Farrar, Straus and Giroux An odyssey through the mind and memory of a washed-up writer, from one of Europe's most provocative novelists Mysteriously summoned to a houseboat on the Morava River, a few friends, associates, and collaborators of an old writer listen as he tells a story that will last until dawn: the tale of the once well-known writer's recent odyssey across Europe. As his story unfolds, it visits places that represent stages of the narrator's and the continent's past, many now lost or irrecoverably changed through war, death, and the subtler erosions of time. His wanderings take him from the Balkans to Spain, Germany, and Austria, from a congress of experts on noise sickness to a clandestine international gathering of jew's-harp virtuosos. His story and its telling are haunted by a beautiful stranger, a woman who has a preternatural hold over the writer and appears sometimes as a demon, sometimes as the longed-for destination of his travels. Powerfully alive, honest, and at times deliciously satirical, *The Moravian Night* explores the mind and memory of an aging writer, tracking the anxieties, angers, fears, and pleasures of a life inseparable from the recent history of Central Europe. In crystalline prose, Peter Handke traces and interrogates his own thoughts and perceptions while endowing the world with a mythic dimension. As Jeffrey Eugenides writes, "Handke's sharp eye is always finding a strange beauty amid this colorless world." *The Moravian Night* is at once an elegy for the lost and forgotten and a novel of self-examination and uneasy discovery, from one of world literature's great voices.

THEORY OF THE NOVEL

Harvard University Press In his theory of the novel, Guido Mazzoni explains that novels consist of stories told in any way whatsoever about the experiences of ordinary men and women who exist as contingent beings within time and space. Novels allow readers to step into other lives and other versions of truth, each a small, local world, absolute in its particularity.

AN AUTOBIOGRAPHICAL ACCOUNT BY A LEADING SARDINIAN REPUBLICAN POLITICIAN OF RESISTANCE TO FASCISM IN SARDINIA FROM 1918-1930

MARCIA SU ROMA E DINTORNI

Edwin Mellen Press Readers seeking to understand the resurgence of fascism in the world today should profit from Emilio Lussu's account. This is an autobiography through which the reader encounters men and women caught up in the brutalizing of a State whose opponents suffer the consequences of holding to principle. In Sardinia in the 1920's a bourgeois class fell easy prey to fascism. Lussu's personal, humorous, warm, perceptive, ironic and telling account of his own humiliation and punishment, affords the reader the

unique perspective of a man at the centre of opposition to a movement which would eventually plunge Europe into war.

A PLACE IN THE COUNTRY

Random House *A Place in the Country* is W. G. Sebald's meditation on the six artists and writers who shaped his creative mind—and the last of this great writer's major works to be translated into English. This edition includes more than 40 pieces of art, all originally selected by W. G. Sebald. This extraordinary collection of interlinked essays about place, memory, and creativity captures the inner worlds of five authors and one painter. In his masterly and mysterious style—part critical essay, part memoir—Sebald weaves their lives and art with his own migrations and rise in the literary world. Here are people gifted with talent and courage yet in some cases cursed by fragile and unstable natures, working in countries inhospitable or even hostile to them. Jean-Jacques Rousseau is conjured on the verge of physical and mental exhaustion, hiding from his detractors on the island of St. Pierre, where two centuries later Sebald took rooms adjacent to his. Eighteenth-century author Johann Peter Hebel is remembered for his exquisite and delicate nature writing, expressing the eternal balance of both the outside world and human emotions. Writer Gottfried Keller, best known for his 1850 novel *Green Henry*, is praised for his prescient insights into a Germany where “the gap between self-interest and the common good was growing ever wider.” Sebald compassionately re-creates the ordeals of Eduard Mörike, the nineteenth-century German poet beset by mood swings, depression, and fainting spells in an increasingly shallow society, and Robert Walser, the institutionalized author whose nearly indecipherable scrawls seemed an attempt to “duck down below the level of language and obliterate himself” (and whose physical appearance and year of death mirrored those of Sebald's grandfather). Finally, Sebald spies a cognizance of death's inevitability in painter Jan Peter Tripp's lovingly exact reproductions of life. Featuring the same kinds of suggestive and unexplained illustrations that appear in his masterworks *Austerlitz* and *The Rings of Saturn*, and translated by Sebald's colleague Jo Catling, *A Place in the Country* is Sebald's unforgettable self-portrait as seen through the experiences of others, a glimpse of his own ghosts alongside those of the men who influenced him. It is an essential addition to his stunning body of work. Praise for *A Place in the Country* “Measured, solemn, sardonic . . . hypnotic . . . [W. G. Sebald's] books, which he made out of classics, remain classics for now.”—Joshua Cohen, *The New York Times Book Review* “In Sebald's writing, everything is connected, everything webbed together by the unseen threads of history, or chance, or fate, or death. The scholarly craft of gathering scattered sources and weaving them into a coherent whole is transformed here into something beautiful and unsettling, elevated into an art of the uncanny—an art that was, in the end, Sebald's strange and inscrutable gift.”—Slate “Magnificent . . . The multiple layers surrounding each essay are seamless to the point of imperceptibility.”—*New York Daily News* “Sebald's most tender and jovial book.”—*The Nation* “Reading [*A Place in the Country*] is like going for a walk with a beautifully talented, deeply passionate novelist from Mars.”—*New York*

THE MIND-GAME FILM

DISTRIBUTED AGENCY, TIME TRAVEL, AND PRODUCTIVE PATHOLOGY

Routledge This book represents the culmination of Thomas Elsaesser's intense and passionate thinking about the Hollywood mind-game film from the previous two decades. In order to answer what the mind-game film is, why they exist, and how they function, Elsaesser maps the industrial-institutional challenges and constraints facing Hollywood, and the broader philosophic horizon within which American cinema thrives today. He demonstrates how the ‘Persistence of Hollywood’ continues as it has adapted to include new twists and turns, as well as revisions of past concerns, as film moves through the 21st century. Through examples such as *Minority Report*, *Mulholland Drive*, *Source Code*, and *Back to the Future*, Elsaesser explores how mind-game films challenge us and play games with our perception of reality, creating skepticism and (self-) doubt. He also highlights the mind-game film's tendency to intervene in a complex fashion in the political moment by questioning the dominant power's intent to program both body and mind alike. Prescient and compelling, *The Mind-Game Film* will appeal to students, scholars, and enthusiasts of media studies, film studies, philosophy, and politics.

JOKES AND THEIR RELATION TO THE UNCONSCIOUS

Read Books Ltd This early work by Sigmund Freud was originally published in 1905 and we are now republishing it with a brand new introductory biography. ‘Jokes and their Relation to the Unconscious’ is a psychological work on the effects on the mind of jokes. Sigmund Schlomo Freud was born on 6th May 1856, in the Moravian town of Příbor, now part of the Czech Republic. He studied a variety of subjects, including philosophy, physiology, and zoology, graduating with an MD in 1881. Freud made a huge and lasting contribution to the field of psychology with many of his methods still being used in modern psychoanalysis. He inspired much discussion on the wealth of theories he produced and the reactions to his works began a century of great psychological investigation.

PUER PAPERS

THE NICE OLD MAN AND THE PRETTY GIRL

Melville House ...the sin of an old man is equal to about two sins of a young man. The fable-like story of an old man's sexual obsession with a young woman is a distillation of Italo Svevo's concerns--attraction of an older man to a younger woman, individual conscience versus social convention, and the cost of sexual desire. This novella is a marvel of psychological insight, following the man's vacillations and tortuous self-justifications to their tragic-comic end. It is presented here in a translation first commissioned and published by Virginia Woolf for her Hogarth Press. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.

ITHACA FOREVER

PENELOPE SPEAKS, A NOVEL

University of California Press After twenty years, Odysseus finally returns to Ithaca, but instead of receiving the homecoming he had hoped for finds himself caught in an intense battle of wills with his faithful and long-suffering wife Penelope. When Penelope recognizes him under the guise of a beggar, she becomes furious with him for not trusting her enough to include her in his plans for ridding the palace of the Suitors. As a result, she plays her own game of fictions to make him suffer for this lack of faith, inspiring jealousy, self-doubt, and misgivings in her husband, the legendary Homeric hero. In this captivating retelling of the Odyssey, Penelope rises as a major force with whom to be reckoned. Shifting between first-person reflections, Ithaca Forever reveals the deeply personal and powerful perspectives of both wife and husband as they struggle for respect and supremacy within a marriage that has been on hold for twenty years. Translated by PEN award-winner Douglas Grant Heise, Luigi Malerba's novel gives us a remarkable version of this greatest work of western literature: Odysseus as a man full of doubts and Penelope as a woman of great depth and strength.

THE LIFE OF JESUS

HONEYMOONERS

A CAUTIONARY TALE

Macmillan Two outlaws of love (and literature) at large in their own Wild West. Ralph Crawford may be a talented short-story writer -- one of the best in the Bay Area, in America, in the 1970s; hell, in the whole English-speaking, late-middle-twentieth century -- but off the page he's only human. In fact, as his wife, Alice Ann, can attest, he's a mess: a jealous but faithless husband, an inveterate bouncer of checks, a plunderer of private misadventures for the sake of his fiction, and an often hapless drunk. When his (similarly human) buddy, Jim Stark -- a novelist burning with ambition, promise, and humiliation over his own failed marriage -- promises to deliver a cargo of incriminating letters to Ralph's latest paramour, a dark lady in Missoula named Lindsay Wolfe, the lives of all four are changed in ways none of them could predict. Careening across the western states during the twilight of the San Francisco underground, Chuck Kinder's already semi-legendary masterpiece, twenty-five years in the making, is a rueful, comi-tragic juggernaut of good and bad intentions gone awry, high seriousness and hard living, and the gradual, painful coming of age of two couples who have spent the best years of their lives raising bad judgment to an art. With affection and self-savaging wit, Kinder captures the siren song of the writerly vocation in all its squalor, destructiveness, and glory.

AUTHORIAL ECHOES

TEXTUALITY AND SELF-PLAGIARISM IN THE NARRATIVE OF LUIGI PIRANDELLO

Routledge "Luigi Pirandello is best known for his experimental plays, but his narrative production has not enjoyed the same degree of critical attention. O'Rawe's study represents the first major reassessment of this output, including the 'realist' novels, the historical novel *I vecchi e i giovani* (1909) and the autobiographical *Suo marito* (1911). The book identifies in Pirandello a practice of 'self-plagiarism' - constant rewriting and revision and obsessive re-use of material - and explores the relation of these overlooked modes of composition to the author's own theories of authorship and textuality. Drawing on a wide range of critical theory, O'Rawe repositions Pirandello as a major figure in the development of European narrative modernism."

WEAK THOUGHT

SUNY Press Heralding the beginning of the philosophical dialogue on the concept for which Gianni Vattimo would become best known (and coining its name), this groundbreaking 1983 collection includes foundational essays by Vattimo and Pier Aldo Rovatti, along with original contributions by nine other Italian philosophers influenced by and working within the authors' framework. Dissatisfied with the responses to nineteenth- and twentieth-century European philosophy offered by Marxism, deconstruction, and poststructuralism, Vattimo found in the nihilism of Friedrich Nietzsche an important context within which to take up the hermeneutics of Martin Heidegger and Hans-Georg Gadamer. The idea of weak thought sketched by Vattimo and Rovatti emphasizes a way of understanding the role of philosophy based on language, interpretation, and limits rather than on metaphysical and epistemological certainties—without falling into relativism. To the first English-language edition of this volume, translator Peter Carravetta adds an extensive critical introduction, providing an overview of weak thought and taking stock of its philosophical trajectory over more than a quarter century.

SUBNUCLEAR PHYSICS

THE FIRST 50 YEARS : HIGHLIGHTS FROM ERICE TO ELN

World Scientific For the Galvani Bicentenary Celebrations, the University of Bologna and its Academy of Sciences singled out subnuclear physics as the field of scientific research to be associated with this important event, as it would best illustrate, for the new generation of students, the challenge inherent in fundamental sciences. Subnuclear physics has represented, ever since it was born, the new frontiers of Galilean science. In his opening lecture delivered on the first day of the new academic year, Professor Antonino Zichichi analytically reviewed the basic conceptual developments and main discoveries achieved in subnuclear physics since its birth in the 20th century. Given the importance of this field of fundamental research, Professor Zichichi was invited to expand the contents of his lecture into a book, and the outcome is this volume.

THE COMPARATIVE ANATOMY OF ANGELS

MURDER BY INJECTION

The present work, the result of some forty years of investigative research, is a logical progression from my previous books: the expose of the international control of monetary issue and banking practices in the United States; a later work revealing the secret network of organizations through which these alien forces wield political power—the secret committees, foundations, and political parties through which their hidden plans are implemented; and now; to the most vital issue of all, the manner in which these depredations affect the daily lives and health of American citizens. Despite the great power of the hidden rulers, I found that only one group has the power to issue life or death sentences to any American—our nation's physicians. I discovered that these physicians, despite their great power, were themselves subjected to very strict controls over every aspect of their professional lives. These controls, surprisingly enough, were not wielded by any state or federal agency, although almost every other aspect of American life is now under the absolute control of the bureaucracy. The physicians have their own autocracy, a private trade association, the American Medical Association. This group, which is headquartered in Chicago, Illinois, had gradually built up its power until it assumed total control over medical schools and the accreditation of physicians. The trail of these manipulators led me straight to the same lairs of the international conspirators whom I had exposed in previous books. I knew that they had already looted America, reduced its military power to a dangerously low level, and imposed bureaucratic controls on every American. I now discovered that their conspiracies also directly affected the health of every American. This conspiracy has resulted in a documented decline in the health of our citizens. We now rank far down the list of civilized nations in infant mortality and other significant medical statistics. I was able to document the shocking record of these cold-blooded tycoons who not only plan and carry out famines, economic depressions, revolutions and wars, but who also find their greatest profits in their manipulations of our medical care. The cynicism and malice of these conspirators is something beyond the imagination of most Americans. They deliberately mulct our people of millions of dollars each year through "charitable" organizations and then use these same organizations as key groups to bolster their Medical Monopoly.

Fear and intimidation are the basic techniques by which the conspirators maintain their control over all aspects of our health care, as they ruthlessly crush any competitor who challenges their profits. As in other aspects of their "behavioural control" over the American people, their most constantly used weapon against us is their employment of federal agents and federal agencies to carry out their intrigues. The proof of this operation may be the most disturbing revelation of my work.

CIVILIZATION AND ITS DISCONTENTS

Samaira Book Publishers Civilization and Its Discontents is considered Freud's most brilliant work. In it he states his views on the broad question of man's place in the world. It has been praised, dissected, lambasted, interpreted, and reinterpreted. Originally published in 1930, it seeks to answer several questions fundamental to human society and its organization—What influences led to the creation of civilization? Why and how did it come to be? What determines civilization's trajectory? This process, argues Freud, is an inherent quality of civilization that instills perpetual feelings of discontent in its citizens. Freud's theme is that what works for civilization doesn't necessarily work for man. Man, by nature aggressive and egotistical, seeks self-satisfaction.

THE WOUNDED WOMAN

HEALING THE FATHER-DAUGHTER RELATIONSHIP

Ohio University Press This book is an invaluable key to self-understanding. Using examples from her own life and the lives of her clients, as well as from dreams, fairy tales, myths, films, and literature, Linda Schierse Leonard, a Jungian analyst, exposes the wound of the spirit that both men and women of our culture bear—a wound that is grounded in a poor relationship between masculine and feminine principles. Leonard speculates that when a father is wounded in his own psychological development, he is not able to give his daughter the care and guidance she needs. Inheriting this wound, she may find that her ability to express herself professionally, intellectually, sexually, and socially is impaired. On a broader scale, Leonard discusses how women compensate for cultural devaluation, resorting to passive submission ("the Eternal Girl"), or a defensive imitation of the masculine ("the Armored Amazon"). The Wounded Woman shows that by understanding the father-daughter wound and working to transform it psychologically, it is possible to achieve a fruitful, caring relationship between men and women, between fathers and daughters, a relationship that honors both the mutuality and the uniqueness of the sexes.

ANATOMY OF CRITICISM

FOUR ESSAYS

ZIBALDONE

Farrar, Straus and Giroux A groundbreaking translation of the epic work of one of the great minds of the nineteenth century Giacomo Leopardi was the greatest Italian poet of the nineteenth century and was recognized by readers from Nietzsche to Beckett as one of the towering literary figures in Italian history. To many, he is the finest Italian poet after Dante. (Jonathan Galassi's translation of Leopardi's *Canti* was published by FSG in 2010.) He was also a prodigious scholar of classical literature and philosophy, and a voracious reader in numerous ancient and modern languages. For most of his writing career, he kept an immense notebook, known as the *Zibaldone*, or "hodge-podge," as Harold Bloom has called it, in which Leopardi put down his original, wide-ranging, radically modern responses to his reading. His comments about religion, philosophy, language, history, anthropology, astronomy, literature, poetry, and love are unprecedented in their brilliance and suggestiveness, and the *Zibaldone*, which was only published at the turn of the twentieth century, has been recognized as one of the foundational books of modern culture. Its 4,500-plus pages have never been fully translated into English until now, when a team under the auspices of Michael Caesar and Franco D'Intino of the Leopardi Centre in Birmingham, England, have spent years producing a lively, accurate version. This essential book will change our understanding of nineteenth-century culture. This is an extraordinary, epochal publication.

INVISIBLE CITIES

HarperCollins Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—a brilliant journey across far-off places and distant memory. "Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else." In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.
