KEY=JOHN - ELVIS KANE

A First John Reader

Intermediate Greek Reading Notes and Grammar

Presbyterian & Reformed Publishing Company This introduction to Greek syntax assists intermediate students in the translation of 1 John. Applying the rudiments of grammar to actual passages, this reader includes appropriate vocabulary lists, assignments, and study notes.

A Workbook for New Testament Greek

Grammar and Exegesis in First John

Hendrickson Pub An excellent study tool for first-year students of New Testament Greek! Focusing on 1 John, this well-designed workbook gives students the opportunity to study an entire short work rather than selected sections of longer books. Each chapter features vocabulary; exercises focusing on grammar, syntax, and word studies; and questions for further study that provide a comprehensive understanding of theological exegesis and syntactical analysis.

A Summer Greek Reader

A Workbook for Maintaining Your Biblical Greek

An excellent tool for students of New Testament Greek to maintain the skills taught in first-year Greek.

A Beginner's Reader-Grammar for New Testament Greek

Baker Academic A Beginner's Reader-Grammar for New Testament Greek has two parts: a concise grammar and a series of readings. The included readings are based on the actual content of the Greek New Testament but constructed to begin easy and lead the student through basic vocabulary and grammar. The authors have abandoned the method that takes the student through a progression of grammar lessons, each concluding with a few sentences for translation. Rather, after learning the alphabet and the pronunciation of Greek words, the student begins immediately to read text, learning to find needed information in standard reference tools.

Cities

Open Road + Grove/Atlantic In Cities, the acclaimed historian John Reader takes us on a journey of the city—from its earliest example in the Ancient Near East to today's teeming centers of compressed existence, such as Mumbai and Tokyo. Cities are home to half the planet's population and consume nearly three-quarters of its natural resources. For Reader, they are our most natural artifacts, the civic spirit of our collective ingenuity. He gives us the ecological and functional context of how cities evolved throughout human history—the connection between pottery making and childbirth in ancient Anatolia, plumbing and politics in ancient Rome, and revolution and street planning in nineteenth-century Paris. This illuminating study helps us to understand how urban centers thrive, decline, and rise again—and prepares us for the role cities will play in the future.

How John Wrote the Book of Revelation: From Concept to Publication

Kim Mark Lewis How John Wrote the Book of Revelation is the first of its kind, and introduces genetic literary reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before, and sets a new paradigm for all Biblical works.

Commentary & Reference Survey

A Comprehensive Guide to Biblical and Theological Resources

Kregel Publications This reliable guide lists and ranks approximately 800 Bible commentaries and 1,200 printed volumes, as well as numerous computer resources related to biblical interpretation, theology, and church history. Commentaries are categorized by level and approach and recommended titles are highlighted. A unique and special studies section lists works of significance for each book of the Bible.

Aural Design and Coherence in the Prologue of First John

A&C Black The first sustained investigation of the oral patterning of 1 John 1:1-4, examining underlying design and organization.

Africa

A Biography of the Continent

Penguin UK Drawing on many years of African experience, John Reader has written a book of startling grandeur and scope that recreates the great panorama of African history, from the primeval cataclysms that formed the continent to the political upheavals facing much of the continent today. Reader tells the extraordinary story of humankind's adaptation to the ferocious obstacles of forest, river and desert, and to the threat of debilitating parasites, bacteria and viruses unmatched elsewhere in the world. He also shows how the world's richest assortment of animals and plants has helped - or hindered - human progress in Africa.

The Rise of Life

The First 3.5 Billion Years

What was the Earth really like hundreds of millions of years ago? And how did life begin? From the first cell to the emergence of man, Reader presents the history of life as a fascinating detective story. As the milestones of evolution are described -- the first multicellular organisms, the first backbone, the first fish, the first land animals -- a host of intriguing questions are examined. For example, why did the dinosaurs disappear completely after ruling the Earth for 140 million years? Why also did some primitive branches of the human tree become extinct? Gurche's unique illustrations make the reader feel he or she is there.

Exegetical Gems from Biblical Greek

A Refreshing Guide to Grammar and Interpretation

Baker Academic Learning Greek is a difficult task, and the payoff may not be readily apparent. To demonstrate the insight that knowing Greek grammar can bring, Benjamin Merkle summarizes 35 key Greek grammatical issues and their significance for interpreting the New Testament. This book is perfect for students looking to apply the Greek they have worked so hard to learn as well as for past students who wish to review their Greek.

Kilimanjaro

ESV Gospel of John, Reader's Edition (Cloth Over Board, Timeless)

The ESV Gospel of John, Reader's Edition captures John's firsthand account of Christ's ministry in a portable, stand-alone volume without chapter or verse numbers--inviting readers into an immersive reading experience.

A New Testament Greek Primer

P & R Publishing This Greek grammar utilizes modern linguistic principles for equipping students to understand the Greek New Testament. This new edition also includes: a clear distinction between essentials and nonessentials; concentration on mastering specific "sub-skills"; memorization aids, such as vocabulary grouping; creative exercises drawn directly from the New Testament; focus on forms that occur often in the New Testament. --from publisher description

Gospel of John

New Living Translation

Tyndale House Pub John's Gospel is one of the most powerful books of the New Testament. This 10-pack of The Gospel of John NLT is perfect for evangelism and giving away. This low-cost edition, presented in the New Living Translation, communicates God's message of love and hope in three ways: by underlining the verses affirming the deity of Jesus Christ, by italicizing the verses on God's forgiveness and eternal life, and by setting verses that point the way toward Christian living in boldface type.

College 101: A First Year Reader

McGraw-Hill Humanities/Social Sciences/Languages COLLEGE 101 is a thematically arranged reader designed to provide first-year students with a solid foundation for reflecting on -- and making the most of -- their college experience. The readings, -- which include professional essays, student essays, poems, short stories, letters, and a play, -- address issues of direct relevance to first-year students. The probing questions for discussion and suggestions for journal entries that accompany each reading encourage students to examine these critical issues, and help them to develop the skills necessary for making good decisions and growing as individuals. While retaining the best features of the first edition, the second edition of COLLEGE 101 includes more emphasis on specially academic issues, a greater focus on diversity, and consideration of the impact of the Internet in school and in our lives.

Ten Days that Shook the World

An account of the November revolution in Russia. Most of it deals with "Red Petrograd" cf. Pref.

The First Apocryphal Apocalypse of John

A Greek Reader

Createspace Independent Publishing Platform The First Apocryphal Apocalypse of John (1AAJn) originated somewhere between the fifth and eighth centuries. Its vocabulary is very similar to the New Testament and has several similarities with the canonical book of Revelation. As it consists largely a dialogue between the apostle John and the glorified Jesus, it provides clarification and further revelation of the eschaton. Because the Greek vocabulary of 1AAJn is similar to the Greek New Testament, it can provide the student of New Testament Greek reading experience outside of the New Testament with familiar vocabulary. Each word that occurs 30 times or less in the Greek New Testament is footnoted in this edition and given lexical information, part of speech information, and a contextual gloss. This volume also includes: The Greek text from Tischendorf A lightly modernized edition of Alexander Walker's translation from the Ante Nicene Fathers (ANF) volume 9 A Greek-English glossary of all footnoted words

The Fourth Gospel in First-Century Media Culture

A&C Black Werner Kelber's The Oral and the Written Gospel substantially challenged predominant paradigms for understanding early Jesus traditions and the formation of written Gospels. Since that publication, a more precise and complex picture of first-century media culture has emerged. Yet while issues of orality, aurality, performance, and mnemonics are now well voiced in Synoptic Studies, Johannine scholars remain largely unaware of such issues and their implications. The highly respected contributors to this book seek to fill this lacuna by exploring various applications of orality, literacy, memory, and performance theories to the Johannine Literature in hopes of opening new avenues for future discussion. Part 1 surveys the scope of the field by introducing the major themes of ancient media studies and noting their applicability to the Fourth Gospel and the Johannine Epistles. Part 2 analyzes major themes in the Johannine Literature from a media perspective, while Part 3 features case studies of specific texts. Two responses by Gail O'Day and Barry Schwartz complete the volume.

The Epistles of John

Their Message and Relevance for Today

Wipf and Stock Publishers While the message of the Bible remains the same, different insights may add new light. In this commentary attempt is made to interact with the text of the letters of John, especially as we have it in the Greek New Testament. The meaning of the word is not seen as the end but only as the basis upon which to relate the message to the present needs of the church. The church is both guardian of truth and instrument of love. These two themes are repeatedly found in the epistles of John, and as they are discussed in this commentary the writer seeks to provoke the reader to reflect on how he/she can keep on improving in them. In our times, with so many displaced persons, hospitality is increasingly becoming an aspect of Christian love the church cannot run away from. These are matters that this book calls attention to, as they are raised by the biblical text itself. I am grateful to others who have also given their time and energy in providing their insights on the same epistles. May the Lord use all the efforts to build a strong church for our time and many years to come!

God's Council

The Four Auins

Notion Press God's Council is the story of eleven Creators, the original forms of life created by the Eternal Energy worshipped as God . After many galecs , these Creators created humans, fairies and many more. The Four Auins is the first book in the God's Council series about the birth of the four brothers. The story begins galecs after Vernakula created humans and when Irunkula, the youngest of the Kulas decides to create fairies. However, before the fairies were created, the Kulas are attacked by an army of crimson wexs . Though the Kulas win, their portal to travel across the Omasian Universe is sealed and after the war, Orunkula and Irunkula are never the same again.

Potato

A History of the Propitious Esculent

Photojournalist Reader (Africa: A Biography of the Continent) traces the humble potato from its roots in the Peruvian Andes to J.R. Simplot's multibillion-dollar-a-year French fry business. Despite its predilection to disease, the potato is a highly adaptable, high-yield, and nutrient-packed foodstuff. While this title focuses primarily on the potato's presence in South America and Europe, it also touches on Papua New Guinea, New Zealand, and China-currently the world's largest producer and consumer of potatoes. Verdict: Curiously little attention is paid to the tuber's contributions to the culinary and beverage landscape; the UK subtitle of this work, "The Potato in World History," provides a more accurate description of the focus of the text.

If Only I Could...

Ampol Publishing What if you had just learned that your days are about to come to an end? Would you quietly accept your destiny, or would you fight this one final battle? And what if the demons of your past disturb the delicate reconciliation you thought you had found? These are the questions facing John Kadel in "If only I could..." a simple story about love. This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. John Kadel is a stubborn, single old man with a colorful past and questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

Potato

A History of the Propitious Esculent

Yale University Press The potato--humble, lumpy, bland, familiar--is a decidedly unglamorous staple of the dinner table. Or is it? John Reader's narrative on the role of the potato in world history suggests we may be underestimating this remarkable tuber. From domestication in Peru 8,000 years ago to its status today as the world's fourth largest food crop, the potato has played a starring--or at least supporting--role in many chapters of human history. In this witty and engaging book, Reader opens our eyes to the power of the potato. Whether embraced as the solution to hunger or wielded as a weapon of exploitation, blamed for famine and death or recognized for spurring progress, the potato has often changed the course of human events. Reader focuses on sixteenth-century South America, where the indigenous potato enabled Spanish conquerors to feed thousands of conscripted native people; eighteenth-century Europe, where the nutrition-packed potato brought about a population explosion; and today's global world, where the potato is an essential food source but also the world's most chemically-dependent crop. Where potatoes have been adopted as a staple food, social change has always followed. It may be "just" a humble vegetable, John Reader shows, yet the history of the potato has been anything but dull.

John, Jesus, and History, Volume 3

Glimpses of Jesus through the Johannine Lens

SBL Press A critical analysis of the historicity of the Gospel of John Since it began in 2002, the John, Jesus, and History Project has assessed critically the modern disparaging of John's historicity and has found this bias wanting. In this third volume, an international group of experts demonstrate over two dozen ways in which John contributes to an enhanced historical understanding of Jesus and his ministry. This volume does not simply argue for a more inclusive quest for Jesus—one that embraces John instead of programmatically excluding it. It shows that such a quest has already indeed begun. Contributors include Paul N. Anderson, Jo-Ann A. Brant, Peder Borgen, Gary M. Burge, Warren Carter, R. Alan Culpepper, James D. G. Dunn, Robert T. Fortna, Jörg Frey, Steven A. Graham, Colin J. Humphreys, Craig Keener, Andreas Köstenberger, Tim Ling, William Loader, Linda McKinnish Bridges, James S. McLaren, Annette Merz, Wendy E. S. North, Benjamin E. Reynolds, Udo Schnelle, Donald Senior, C.P., Tom Thatcher, Michael Theobald, Jan van der Watt, Robert Webb, Stephen Witetscheck, and Jean Zumstein. Features A state-of-the-art analysis of John's contributions to the quest for the historical Jesus, including evaluative responses by leading Jesus scholars •An overview of paradigm shifts in Jesus scholarship and recent approaches to the Johannine riddles Detailed charts that illuminates John's similarities and differences from the Synoptic Gospels as well as the gospel's contributions to the historical Jesus research

Uncle John's Bathroom Reader Extraordinary Book of Facts and Bizarre Information

Simon and Schuster Nine books in one! Uncle John has pulled together the most revealing lists, facts, and findings from the past 10 years into one easy-to-read book. Our readers asked for it, and here it is: Uncle John's first collection of his greatest short facts and quick reading material. Open up to any page of Extraordinary Book of Facts and you might find a list of, say, obscure words ('exocannibals' eat enemies; 'indocannibals' eat friends). Flip to another page and there's a whole bunch of facts about how long things take (a yak's gestation period: 258 days). On another page: kid facts (the average four-year-old laughs 400 times per day; grownups, about 15). So be smarter and laugh a lot more with this amazing collection that features thousands of great facts, plus word origins, myth-conceptions, conspiracy theories, and much, much more! Arranged for simple and speedy reference, this book is the perfect companion for trivia buffs and knowledge junkies everywhere!

A Biblical-Theological Introduction to the New Testament

The Gospel Realized

Featuring contributions from nine respected evangelical scholars, this volume introduces each New Testament book in the context of the whole canon of Scripture, helping anyone who teaches or studies the Bible to apply it to the church today.

Africa

National Geographic Society Includes bibliographical references and index.

The Greek New Testament

New Testament Commentary Survey

Baker Academic Provides pastors and students with expert guidance on choosing a commentary for any book of the New Testament.

The Untold History of the Potato

Random House From the gold potatoes at the Sun Temple in Cuzco, Peru, the muddy ones in Ireland and those grown in China for MacDonalds chips, via Mrs Beeton, Charles Darwin, Lenin and Chairman Mao, to the mapping of the potato genome, the story of the spud is both satisfying and fascinating.

Going Deeper with New Testament Greek

An Intermediate Study of the Grammar and Syntax of the New Testament

B&H Publishing Group From their decades of combined teaching experience, Andreas J. Köstenberger, Benjamin L. Merkle, and Robert L. Plummer have produced an ideal resource enabling students to improve their skills so they may properly read, exegete, and apply the Greek New Testament. Designed for those with a basic knowledge of Greek, Going Deeper with New Testament Greek is a user-friendly textbook for intermediate Greek courses at the college or seminary level. In fifteen chapters, students learn Greek grammar and how to interpret the New Testament in a way that is accessible—and even fun. Also included are chapters on the Greek language and textual criticism, verbal aspect, sentence diagramming and discourse analysis, word studies, and continuing with Greek. Unique features include: Practical examples illustrating how knowing the content of a given chapter can guide proper interpretation of Scripture. Practice sentences and vocabulary lists, including all the words that occur fifteen times or more in the New Testament. Selected texts from every New Testament author for students to translate along with detailed reading notes to guide interpretation of each text. Summary charts to help students review material, serving as a handy study guide and quick reference tool.

Beginning with New Testament Greek

An Introductory Study of the Grammar and Syntax of the New Testament

B&H Publishing Group From their decades of combined teaching experience, Benjamin L. Merkle and Robert L. Plummer have produced an ideal resource for novice Greek students to not only learn the language but also kindle a passion for reading the Greek New Testament. Designed for those new to Greek, Beginning with New Testament Greek is a user-friendly textbook for elementary Greek courses at the college or seminary level.

World Sausage Bible

Createspace Independent Publishing Platform A book containing hundreds of different recipes to make sausages! From beef, pork, lamb, game, poultry and even fish, the world sausage bible will meet all your requirements!

Uncle John's Bathroom Reader Plunges Into Music

*Simon and Schuster From boogie-woogie to Beethoven, from Prince to Pavarotti, from the bards of Broadway to the rebels of rock 'n' roll-it's all here. Uncle John has created this harmonious collection of tuneful tales for music lovers everywhere. Uncle John has proven once again that he is in tune with our legion of loyal readers. This 516-page musical masterpiece dedicated to all things noteworthy ranges from silly one-hit wonders to culture-changing musical milestones. You'll get a glimpse into the future of music and go back to the days when prehistoric man first started communicating in song. So plug in your amp, turn the dial up to 11, and have a blast reading about... * The origins of nearly every genre and style of music—including rock, country, jazz, the blues, rhythm-and-blues, hip hop, punk, folk, polka, opera, muzak, disco, and even marching bands * Musical legends, from "outsiders" like the Shaggs and the Carter family, to giants like the Beatles, Elvis, and Weird Al Yankovic * The stories of legendary music venues like the Grand Ole Opry, the Apollo, and the Fillmore * How a computer glitch led to Right Said Fred's 1991 hit "I'm Too Sexy" * Why waltzing was considered as scandalous in its early days as rock was in its early days * The birth of the banjo, the electric guitar, karaoke, and the Stradivarius violin * How John Williams struck a universal chord with his score for 'Star Wars' * Go underground to play the world's largest natural musical instrument * What happened at Woodstock and other weird concert mishaps And much, much more!*

Uncle John's Bathroom Reader Takes a Swing at Baseball

*Simon and Schuster An intriguing collection of the characters, teams, history, philosophy, stadiums, equipment, best books, best movies and dumbest ideas of baseball. Why is baseball such a great subject for a Bathroom Reader? Because it's steeped in history and tradition, it's rife with scandals and controversy, and most of the men that dedicate their life to it are just a little bit...weird. Uncle John's spirited take on the game takes you deep into that history to paint a detailed picture of where the game came from and where it may be going. You'll go behind the scenes at spring training, listen in on pitcher's mound conferences, and meet the players, coaches, fans, and broadcasters who make this the greatest game in the world! Swing for the fences as you read about... * Minor league mishaps * The violent history of umpiring * The true story of Lou Gehrig's heroic rise and tragic fall * The man who pitched a no-hitter while tripping on LSD * The origins of gloves, baseballs, bats, uniforms, helmets, and more * Baseball's most famous call and how it was saved for posterity * The best and worst teams of all time * Animals in the outfield * The birth of Little League * The Abner Doubleday myth And much, much more!*

The Rise of Life

The First 3.5 Billion Years

Crescent Traces the history of paleontology, looks at the age of dinosaurs, explains the theory of evolution, and suggests where human beings fit into nature's scheme
