Alpha

Eddie Gallagher and the War for the Soul of the Navy SEALs

Crown An “infuriating, fast-paced” (The Washington Post) account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America’s special forces—from a Pulitzer Prize-winning reporter WINNER OF THE COLORADO BOOK AWARD • “Nearly impossible to put down.”—Jon Krakauer, New York

Times bestselling author of Where Men Win Glory and Into the Wild In this “brilliantly written” (The New York Times Book Review) and startling account, Pulitzer Prize-winning New York Times correspondent David Philipps reveals a powerful moral crucible, one that would define the American military during the years of combat that became known as “the forever war.” When the Navy SEALs of Alpha platoon returned from their 2017 deployment to Iraq, a group of them reported their chief, Eddie Gallagher, for war crimes, alleging that he’d stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. The story of Alpha’s war, both in Iraq and in the shocking trial that followed the men’s accusations, would complicate the SEALs’ post-9/11 hero narrative, turning brothers-in-arms against one another and bringing into stark relief the choice that elite soldiers face between loyalty to their unit and to their country. One of the great stories written about American special forces, Alpha is by turns a battlefield drama, a courtroom thriller, and a compelling examination of how soldiers define themselves and live with the decisions in the heat of combat.

One Acre Press When Sunshine Patterson loses her Chicago home, job and boyfriend in one day, she needs a backup plan, fast. Luckily her Aunt Cecily has provided her with the perfect combination living and restaurant space to start over. Even though the building is located in small town Chance Creek, Montana, Sunshine is certain it's only a matter of time before she's back to take the big city by storm. When she arrives in Chance Creek, however, she gets a surprise. Her restaurant space—and apartment—are occupied by a rival to her inheritance: the incredibly sexy, incredibly wrong for her, Cole Linden. Cole's been struggling to save his family's holdings for far too long. The indoor rifle range he inherited from his father barely pays its rent, but it's all that's keeping his other concerns—two apartment houses—afloat. If he was smart, he'd walk away from all of it and start over, but if he does, several dozen of Chance Creek's inhabitants will find themselves without a home. He thought Cecily meant to leave him the range building in her will. Instead she's set him up in a four-month-long competition with her big-city niece to see who will win the place. A niece whose knockout looks are making it damn hard for him to concentrate on the job at hand. Sunshine can't believe she'll have to open a vegan

The Dichotomy of Leadership

Balancing the Challenges of Extreme Ownership to Lead and Win

St. Martin's Press THE INSTANT #1 NATIONAL BESTSELLER From the #1 New York Times bestselling authors of Extreme Ownership comes a new and revolutionary approach to help leaders recognize and attain the leadership balance crucial to victory. With their first book, Extreme Ownership (published in October 2015), Jocko Willink and Leif Babin set a new standard for leadership, challenging readers to become better leaders, better followers, and better people, in both their professional and personal lives. Now, in THE DICHOTOMY OF LEADERSHIP, Jocko and Leif dive even deeper into the uncharted and complex waters of a concept first introduced in Extreme Ownership: finding balance between the opposing forces that pull every leader in different directions. Here, Willink and Babin get granular into the nuances that every successful leader must navigate. Mastering the Dichotomy of Leadership requires understanding when to lead and when to follow; when to aggressively maneuver and when to pause and let things develop; when to

detach and let the team run and when to dive into the details and micromanage. In addition, every leader must: · Take Extreme Ownership of everything that impacts their mission, yet utilize Decentralize Command by giving ownership to their team. · Care deeply about their people and their individual success and livelihoods, yet look out for the good of the overall team and above all accomplish the strategic mission. · Exhibit the most important quality in a leader—humility, but also be willing to speak up and push back against questionable decisions that could hurt the team and the mission. With examples from the authors' combat and training experiences in the SEAL teams, and then a demonstration of how each lesson applies to the business world, Willink and Babin clearly explain THE DICHOTOMY OF LEADERSHIP—skills that are mission-critical for any leader and any team to achieve their ultimate goal: VICTORY.

Walking in Mud

A Navy SEAL's 10 Rules for Surviving the New Normal

Post Hill Press During his first few weeks as a Navy SEAL, Steve Giblin found a simple, typewritten document left behind in an old desk drawer by the Team commanding officer, entitled “THE TEN ESSENTIAL QUALITIES OF AN UNDERWATER DEMOLITION MAN.” That single page, and the maxims it contained, followed Steve wherever he was based during his twenty-six-year career with the SEALs—fourteen of those as part of the legendary strike force that took down Osama bin Laden. Steve still lives by those tenets today, coming to realize how it laid out a regimen not just for elite warriors, but also for the rest of us in our day-to-day lives. Now Steve has applied them to this post-COVID-19 world we find ourselves living in, a new normal that will test both our resolve and our psyches as we're challenged as we've never been before. Applying his own experiences as a Navy SEAL to these everyday rigors, Steve provides a prescription for both healing and thriving, a guide map to get to the other side better and stronger than we were at the beginning of a journey none of us signed up for. We're all walking in mud; thankfully, this book offers the best and surest strategy to lift ourselves from it.

Seals and Sealing in the Ancient World

Case Studies from the Near East, Egypt, the Aegean, and South Asia

Cambridge University Press Studies of seals and sealing practices have traditionally investigated aspects of social, political, economic, and ideological systems in ancient societies throughout the Old World. Previously, scholarship has focused on description and documentation, chronology and dynastic histories, administrative function, iconography, and style. More recent studies have emphasized context, production and use, and increasingly, identity, gender, and the social lives of seals, their users, and the artisans who produced them. Using several methodological and theoretical perspectives, this volume presents up-to-date research on seals that is comparative in scope and focus. The cross-cultural and interdisciplinary approach advances our understanding of the significance of an important class of material culture of the ancient world. The volume will serve as an essential resource for scholars, students, and others interested in glyptic studies, seal production and use, and sealing practices in the Ancient Near East, Egypt, Ancient South Asia and the Aegean during the 4th-2nd Millennia BCE.
