The Mobile Wave

Hachette+ORM **Smart phones are just the beginning . . . A tech exec's New York Times bestselling, groundbreaking analysis of the impact of mobile intelligence. With the perspective of a historian, the precision of a technologist, and the pragmatism of a CEO, Michael J. Saylor of MicroStrategy provides a panoramic view of the future mobile world. He describes how: A Harvard education will be available to anyone with the touch of a screen. Cash will become virtual software and crime proof. Cars, homes, fruit, animals, and more will be tagged so they can tell you about themselves. Buying an item will be as easy as pointing our mobile device to scan and pay. Land and capital will become more of a liability than an asset. Social mobile media will push all businesses to think and act like software companies. Employment will shift as more service-oriented jobs are automated by mobile software. Products, businesses, industries, economies, and even society will be altered forever as the Mobile wave washes over us and changes the landscape. With so much change, The Mobile Wave is a guidebook for individuals, business leaders, and public figures who must navigate the new terrain as mobile intelligence changes everything. "The visionary picture he paints of the future is captivating, informative, and thought-provoking . . . Readers will be able understand and appreciate his clear and engaging exploration of a complex, red-hot, and thoroughly up-to-the minute topic."—USA Today "A thoughtful romp across invention and innovation."—Fortune "A blueprint for impending change and a sober warning for the laggards who resist it."—Forbes.com**

Pages in the Wind

After the brutal murder of her father, Emily Quinn finds herself detained at the San Francisco County Jail, charged with first-degree murder for a crime she cannot remember. Emily's mother, a wealthy socialite, quickly distances herself from her troubled daughter, but in an attempt to salvage the family name, hires world-renowned psychiatrist, Daniel Lieberman, to assist in Emily's defense. The famed doctor, an aging, lonely psychiatrist with an addiction to sugar, caffeine, and understanding the human mind, quickly becomes sympathetic to Emily and her tortured childhood. Together, Lieberman and Emily explore the frightening and twisted world of her damaged psyche, uncovering the complex reasons behind the young woman's self-hatred and disconnected self-image. They develop an abiding partnership, weaving through unexpected revelations and disturbing secrets. Of particular interest to the doctor is Emily's strange attachment to the imaginary girls she sketches-and is driven to personify. The secrets hidden in Emily's mind could help with her defense-or confirm the death penalty case against her. But Lieberman senses other secrets hide within the patient's mind, particularly the events surrounding the unexplained death of her twin sister, Penelope. A gripping, twisting tale of psychological intrigue, "Pages in the Wind" enters the mostly uncharted realm of the human mind, seeking truth buried deep within Emily's subconscious. Lieberman can help her uncover her past, but Emily is the one who has to face it-or remain damaged forever.

The House of the Vestals

The Investigations of Gordianus the Finder

Macmillan **The first of Saylor's short story collections featuring Gordianus the Finder**

Dominus

A Novel of the Roman Empire

St. Martin's Press **Following his international bestsellers Roma and Empire, Steven Saylor's Dominus continues his saga of the greatest, most storied empire in history from the eternal city at the very center of it all. A.D. 165: The empire of Rome has reached its pinnacle. Universal peace—the Pax Roma—reigns from Britannia to Egypt, from Gaul to Greece. Marcus Aurelius, as much a philosopher as he is an emperor, oversees a golden age in the city of Rome. The ancient Pinarius family and their workshop of artisans embellish the richest and greatest city on earth with gilded statues and towering marble monuments. Art and reason flourish. But history does not stand still. The years to come bring wars, plagues, fires, and famines. The best emperors in history are succeeded by some of the worst. Barbarians descend in endless waves, eventually appearing before the gates of Rome itself. The military seizes power and sells the throne to the highest bidder. Chaos engulfs the empire. Through it all, the Pinarius family endures, thanks in no small part to the protective powers of the fascinum, a talisman older than Rome itself, a mystical heirloom handed down through countless generations. But an even greater upheaval is yet to come. On the fringes of society, troublesome cultists disseminate dangerous and seditious ideas. They insist that everyone in the world should worship only one god, their god. They call themselves Christians. Some emperors deal with the Christians with toleration, others with bloody persecution. Then one emperor does the unthinkable. He becomes a Christian himself. His name is Constantine, and the revolution he sets in motion will change the world forever. Spanning 160 years and seven generations, teeming with some of ancient Rome's most vivid figures, Saylor's epic brings to vivid life some of the most tumultuous and consequential chapters of human history, events which reverberate still.**

Minnesota in the 70s

Minnesota Historical Society Press "Minnesota forged an identity during the 1970s that would persist, rightly or wrongly, for decades to come. It was a place of note and consequence--a state of presidential candidates, grassroots activism, civic engagement, environmental awareness, and Mary Tyler Moore. All these subjects and more are covered in this book"--

Memorial Encyclopedia of the State of Pennsylvania

Appalachian Women

An Annotated Bibliography

University Press of Kentucky Appalachian women have been the subject of song, story, and report for nearly two centuries. Now for the first time a fully annotated bibliography makes accessible this large body of literature. Works covered include novels, short stories, magazine articles, manuscripts, dissertations, surveys, and oral history tapes -- altogether over 1,200 items. The annotated listings are grouped under broad subject headings, including biography, coal mining, education, fiction, health care, industry, migrants, music, poetry, and religion. An author/title/subject index provides easy access to the listings.

Ontario Library Review

Roma

The Novel of Ancient Rome

St. Martin's Press Spanning a thousand years, and following the shifting fortunes of two families through the ages, this is the epic saga of Rome, the city and its people. Weaving history, legend, and new archaeological discoveries into a spellbinding narrative, critically acclaimed novelist Steven Saylor gives new life to the drama of the city's first thousand years -- from the founding of the city by the ill-fated twins Romulus and Remus, through Rome's astonishing ascent to become the capitol of the most powerful empire in history. Roma recounts the tragedy of the hero-traitor Coriolanus, the capture of the city by the Gauls, the invasion of Hannibal, the bitter political struggles of the patricians and plebeians, and the ultimate death of Rome's republic with the triumph, and assassination, of Julius Caesar. Witnessing this history, and sometimes playing key roles, are the descendants of two of Rome's first families, the Potitius and Pinarius clans: One is the confidant of Romulus. One is born a slave and tempts a Vestal virgin to break her vows. One becomes a mass murderer. And one becomes the heir of Julius Caesar. Linking the generations is a mysterious talisman as ancient as the city itself. Epic in every sense of the word, Roma is a panoramic historical saga and Saylor's finest achievement to date.

Catilina's Riddle

A Novel of Ancient Rome

Minotaur Books "Saylor rivals Robert Graves in his knack for making the classical world come alive." --(ortland) Oregonian "Engrossing...Ironic and satisfying." -- San Francisco Chronicle The third in Saylor's Roma Sub Rosa novels featuring Gordianus the Finder. Gordianus, disillusioned by the corruption of Rome circa 63 B.C., has fled the city with his family to live on a farm in the Etruscan countryside. But this bucolic life is disrupted by the machinations and murderous plots of two politicians: Roman consul Cicero, Gordianus's longtime patron, and populist senator Catilina, Cicero's political rival and a candidate to replace him in the annual elections for consul. Claiming that Catilina plans an uprising if he loses the race, Cicero asks Gordianus to keep a watchful eye on the radical. Although he distrusts both men, Gordianus is forced into the center of the power struggle when his six-year-old daughter Diana finds a headless corpse in their stable. Shrewdly depicting deadly political maneuverings, this addictive mystery also displays the author's firm grasp of history and human character. On first publication back in 1994, Catilina's Riddle was a finalist for the Hammet Award.

Strong Hearts and Healing Hands

Southern California Indians and Field Nurses, 1920-1950

University of Arizona Press In 1924, the United States began a bold program in public health. The Indian Service of the United States hired its first nurses to work among Indians living on reservations. This corps of white women were dedicated to improving Indian health. In 1928, the first field nurses arrived in the Mission Indian Agency of Southern California. These nurses visited homes and schools, providing public health and sanitation information regarding disease causation and prevention. Over time, field nurses and Native people formed a positive working relationship that resulted in the decline of mortality from infectious diseases. Many Native Americans accepted and used Western medicine to fight pathogens, while also continuing Indigenous medicine ways. Nurses helped control tuberculosis, measles, influenza, pneumonia, and a host of gastrointestinal sicknesses. In partnership with the community, nurses quarantined people with contagious diseases, tested for infections, and tracked patients and contacts. Indians turned to nurses and learned about disease prevention. With strong hearts, Indians eagerly participated in the tuberculosis campaign of 1939-40 to x-ray tribal members living on twenty-nine reservations. Through their cooperative efforts, Indians and health-care providers decreased

deaths, cases, and misery among the tribes of Southern California.

University of Pittsburgh Press A biography of John P. Saylor, a Republican congressman from Pennsylvania who became a prominent conservationist in the three decades after World War II.

Fighting Invisible Enemies

Health and Medical Transitions among Southern California Indians

University of Oklahoma Press Native Americans long resisted Western medicine—but had less power to resist the threat posed by Western diseases. And so, as the Office of Indian Affairs reluctantly entered the business of health and medicine, Native peoples reluctantly began to allow Western medicine into their communities. *Fighting Invisible Enemies* traces this transition among inhabitants of the Mission Indian Agency of Southern California from the late nineteenth through the mid-twentieth century. What historian Clifford E. Trafzer describes is not so much a transition from one practice to another as a gradual incorporation of Western medicine into Indian medical practices. Melding indigenous and medical history specific to Southern California, his book combines statistical information and documents from the federal government with the oral narratives of several tribes. Many of these oral histories—detailing traditional beliefs about disease causation, medical practices, and treatment—are unique to this work, the product of the author's close and trusted relationships with tribal elders. Trafzer examines the years of interaction that transpired before Native people allowed elements of Western medicine and health care into their lives, homes, and communities. Among the factors he cites as impelling the change were settler-borne diseases, the negative effects of federal Indian policies, and the sincere desire of both Indians and agency doctors and nurses to combat the spread of disease. Here we see how, unlike many encounters between Indians and non-Indians in Southern California, this cooperative effort proved positive and constructive, resulting in fewer deaths from infectious diseases, especially tuberculosis. The first study of its kind, Trafzer's work fills gaps in Native American, medical, and Southern California history. It informs our understanding of the working relationship between indigenous and Western medical traditions and practices as it continues to develop today.

Historical and Biographical Annals of Berks County, Pennsylvania

Embracing a Concise History of the County and a Genealogical and Biographical Record of Representative Families

Sewerville

A small-time hood tries to escape the family business in this powerful story of crime and drug abuse in rural America. The town of Sewardville, Kentucky teeters on the edge of a violent abyss, overrun with methamphetamine and prescription drug abuse. The Slone family controls everything. Patriarch Walt Slone is the town's mayor and head of one of the largest crime syndicates in the eastern United States. His son metes out justice from behind his sheriff's badge, while his daughter handles all the numbers for the family business. Business for the Slones is good, too - at least until Walt orders his son-in-law Boone to kill his own brother. That becomes the first link in a chain of events that threatens not just the livelihood of all involved, but their lives as well. While the Slones move to strengthen their empire, Boone moves to break free and take his little daughter with him. Will he escape from one of America's most heartbroken regions, or will his dark past bury him forever in the place they call Sewerville?

Verbatim Record of the Proceedings

A Twist at The End

Macmillan A chilling crime tale based on actual events from more than one hundred years ago, follows a serial killer dubbed "The Servant Girl Annihilator" who roamed the streets of Austin, Texas, along with a fascinating group of characters both real and fictional. Reprint.

Ready-to-Go Service Projects

140 Ways for Youth Groups to Lend a Hand

Abingdon Press This ready-to-go tool will help youth groups find meaningful ways to connect and make a difference in their communities through service-learning. Practical and interactive activities will help youth consider the connection between faith and service, discover the ways they are uniquely designed to serve, and explore service project ideas. It also profiles activities and conversation starters to help you tap into the power of service-learning for building character, challenging perceptions, and shaping leaders. It's easy for a youth leader to scan and it's flexible enough to use with diverse groups from middle school to college. Part One: The Basics What you need to know about service-learning - the definition, the benefits, the process, and how to make the move from volunteer service to service-learning. Part Two: Readyng Your Hands 17 easy-to-use activity plans to help youth realize the value of service, discover what scripture says about serving others, identify what gifts each person brings to the group, and begin to explore the community. Part Three: Hands in Action 17 topical issues that include sample service project ideas, reflection questions, prayers, scriptures, stories about youth in service, and resources for further study. Find our more about the book, the authors, and training opportunities at www.theassetedge.net.

How to Read Like a Writer

The Saylor Foundation When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

Interior Department Appropriations for 1953

Hearings Before a Subcommittee of the Committee on Appropriations, United States Senate, Eighty-second Congress, Second Session, on H.R. 7176, Making Appropriations for the Department of the Interior for the Fiscal Year Ending June 30, 1953, and for Other Purposes

Fundamentals of Astrodynamics

Courier Corporation Teaching text developed by U.S. Air Force Academy and designed as a first course emphasizes the universal variable formulation. Develops the basic two-body and n-body equations of motion; orbit determination; classical orbital elements, coordinate transformations; differential correction; more. Includes specialized applications to lunar and interplanetary flight, example problems, exercises. 1971 edition.

Wired Differently: Leveraging Your Favors on Fulcrum Principles

Independently Published Do you want to be average? If the answer to this question is a resounding NO! then follow Todd Saylor, Founder and President of PayServ Systems, as he takes you on an incredible journey where the goal is nothing less than to rewire your mind for success. Realizing early in life that he was wired differently, Saylor has always been one to take risks and to never be satisfied with the status quo. But time and time again, he had his plans put to the test in crisis and personal setbacks. To overcome life's messy challenges, Saylor developed his unique Fulcrum Principles, in which he learned how to leverage his Favors: opportunities for gain that propelled him forward. He shares how to identify your Favors and how to compensate for the compromises and excuses that cause you to drift off course. Saylor explains his Fulcrums in entertaining anecdotes and epiphanies that are illustrative, poignant, and life changing. A man of faith, an athlete, devoted father, and self-made millionaire, Saylor presents time-tested and practical strategies that will stoke your passion and channel your hustle as you advance from average to extraordinary.
