Advanced Ericksonian Hypnotherapy Scripts: Expanded Edition

Lulu Press, Inc This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience. This book is expanded on the first edition to include more hypnotic inductions & 'quit smoking scripts & strategies' and additional description about using the scripts. This isn't just another hypnosis scripts book. It also gives the reader ideas and suggestions on how to run a Hypnotherapy session from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian Hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. "A must for all hypnosis and NLP students" Hypnotherapists in training can read and analyse the Hypnotherapy scripts & study the language, structure & multi-level communication used.

Advanced Ericksonian Hypnotherapy Scripts

CreateSpace The first edition of 'Advanced Ericksonian Hypnotherapy Scripts' has remained a bestseller since its release in 2011. It remains essential reading on many top hypnotherapy and NLP training courses as well as recommended reading for all those interested in self-hypnosis and creating their own hypnosis audio tracks (these hypnosis scripts can be used to make commercial audio tracks as long as credit is given to the author and the book). This new and expanded 2nd edition of 'Advanced Ericksonian Hypnotherapy Scripts' contains additional hypnotic inductions and additional therapeutic scripts. Many chapters have also been expanded with new helpful content to help you be as effective as possible and to help you to understand the scripts, the hypnotic language and techniques being used, and an overview of how to do hypnotherapy. This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience that the author, one of the UK's leading hypnotherapists and hypnotherapy trainers, has had working with a wide range of clients and training other professionals in hypnotherapy, psychotherapy and the healing arts. There are scripts to help people stop smoking, lose weight, lift depression, calm anxiety, sooth pain, increase performance enhancement, tackle insomnia, and many more... This isn't just another hypnosis scripts book, the author hopes that readers will use these scripts as a starting point, rather than just reciting scripts verbatim. This book shares ideas and suggestions on how to run hypnotherapy sessions from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. Hypnotherapists in training can also read and analyse the hypnotherapy scripts and study the language, structure and multi-level communication used to further their skill and knowledge. The ultimate goal is to help hypnotherapists move beyond scripts to regularly performing script-free hypnotherapy sessions that occur in response to the client in front of the therapist. This hypnotherapy scripts book can help the hypnotherapist develop ideas from the scripts that can come out spontaneously once mastered. The author, Dan Jones, has had over 50,000 book purchased, over 1.5 million views of his self-hypnosis and self-help videos, and over 500,000 of his self-hypnosis and self-help mp3's downloaded. Jones has been published in magazines worldwide and appeared on UK TV and radio. He has been described in the British press as 'Remarkable', with 'Expert Insight', and 'Personal Development Guru...the UK's Leading Personal Development Coach'. Jones has also carried out extensive research into the effectiveness of using a Humanistic Solution Focused Approach with families to reduce youth crime and anti-social behaviour and has been published in the peer-reviewed journal 'Human Givens'.

Creating Trance and Hypnosis Scripts

John Hunt Publishing Creating Trance and Hypnosis Scripts contains tried and tested hypnosis scripts for professional or trainee hypnotherapist's who are looking to help clients solve problems and ailments, from the more common quit smoking session to the less familiar candida. The collection of scripts contained in this book have been collated over many years and have been written by Gemma Bailey who is a qualified practicing hypnotherapist. Gemma has designed each script to include several hypnotic patterns (including language, voice tone, double binds etc) to help aid the trance experience. Changes in the hypnotists voice tonality have been marked out by altering the font of the text. The section called writing hypnosis scripts gives details about the hypnotic patterns and language used by professional hypnotherapists and NLP Master practitioners. This section provides tasks for the reader, encouraging them to use and identify hypnotic language so that they can create their own hypnotic scripts.

Spiritual Hypnotherapy Scripts For Body, Mind, and Spirit

CreateSpace Spiritual Hypnotherapy Scripts provides access to the quantum field of consciousness, the spiritual realm from which all healing flows. Learn how spiritual hypnotherapy and working directly with the client's higher Self can deepen and expand the healing process. Dr. Holmes-Meredith presents her approach to teaching and working with hypnotherapy with ten Taoist precepts taught through the ancient Taoist text the Tao Te Ching. Also included are interviews with six of her hypnotherapy graduates who share how working with a spiritual approach to hypnotherapy not only supports profound transformation in their clients, but also supports their own on-going healing and evolution of consciousness. These hypnotherapy scripts include empowering and open-ended language patterns and transformational approaches for presenting issues related to the body, mind and spirit. Unlike most published hypnosis scripts, these hypnotherapy scripts use therapeutic processes that allow the hypnotherapist and client to personalize the trance experience by following the client in an interactive way. The client will engage in a direct relationship with his higher Self as an inner resource and guide throughout the trance experience. The fifty-two hypnotherapy scripts and a script for teaching the Emotional Freedom Technique (EFT) are proven approaches Dr. Holmes-Meredith teaches hypnotherapists at HCH Institute and uses in her private practice.

More Hypnotic Inductions

The heart of the program is in creating the right affirmations for your client. This is done right from the start during week one. I share my precise formula to create the most effective affirmations. "Victoria's years of research and depth of understanding show in this book. It is a useful collection of scripts that every practitioner in this area should have access to." Michael Watson Certified Hypnotist This book is for individuals who wish to lose weight or for hypnotherapists to use with their clients.

Speak Ericksonian

Lulu.com You are holding in your hands the keys to Ericksonian approaches to hypnotherapy, they unlock how to apply the solution oriented strategies of Milton Erickson, M.D. to a modern application of his ideas. This book will teach you how to tap into the treasure trove of resources Milton Erickson left us through his writings, case studies, and books. The book provides scripts, resources, and a clear understanding of what Ericksonian hypnotherapy is all about. You will learn the language patterns that create the foundation for conversational hypnosis, indirect suggestion, and the creation of sensorial experiences. After you read this book and complete the exercises, you will be able to speak Ericksonian fluently. This book is a practical guide and an instructional manual that will lead you into success.

Hypnosis and Hypnotherapy Patter Scripts and Techniques

Hypnosis.org This is NOT just another book of scripts. This set of hypnotic inductions and therapeutic scripts are Calvin Banyan's favorites. He also gives you insider techniques that no hypnotherapy practice should be without. Plus, you will get new original scripts that you will not get anywhere else. AND, you will get the "Must Have" Universal Script that works for almost any issue that your client brings into your office! Look oinside and see what you get. This book is designed for the working professional. In the first half of the book, every technique and script is explained in detail. Each script has embedded instructions that lets you know exactly how to use it properly. Then, in the second half of the book, you get the most important scripts in larger print and double spaced so that you can easily remove it and use it in your sessions. These "working" scripts do not have the added instructions so that you can be sure that you are reading just what needs to be read to each client for each issue. You will find that you use these patter scripts again and again. And, you will love the universal script that will work for most client's issues. You have to use it to believe it!

Hypno-Scripts

Blurb Unleash the power of your mind and discover your potential. Do you wish you had the power to become all that you can be? All good-intentioned programming works best when you reach a deeper state of mind. The secret is in accessing those states through easy life-changing techniques. A thin window of consciousness differentiates two states of the mind - self-hypnosis and meditation - and this book will show their similarities, and define each condition and accessibility. If you're curious enough to at least peruse this book, then the ability to learn these techniques is already a part of your consciousness, and will soon to be recognized. Lucky you! Your subconscious is prompting you to investigate. It is saying that you are capable of deeper states of mind. Many have tried to focus to learn either self-hypnosis or meditation and failed. Applied concentration and knowing what to expect once entranced may be what was missing. The instructions in this book are meant for those wishing to learn and use the techniques of self-hypnosis and/or meditation for self-improvement. Easy, yet powerful scripts are provided to produce desired changes. You can change your life today.

Look Into My Eyes: Asperger's, Hypnosis and Me

Lulu Press, Inc Look Into My Eyes is an autobiography of one man's life through the lens of Asperger's syndrome - a high-functioning form of autism spectrum disorder. This second edition includes a chapter written by the authors wife about what it is like to be in a relationship with an someone with Asperger's Syndrome, she shares both the positive aspects, and the challenges. As a small child Dan Jones knew he was different to other children, they would want to play football and interact with each other, he would want to crawl around searching for snails keeping himself to himself. Dan found his

own coping strategies to manage his anxieties, discovering meditation as an eight year old, and hypnosis as a teenager. This book offers a rare insight into what it is like to live with Asperger's. Dan has a unique perspective; not only does he have Asperger's, but a large part of his professional life has been spent working with people with autism spectrum disorder and their carers.

Close Your Eyes, Sleep

Reprogram Your Subconscious Mind in 6 Weeks to Fall Asleep Naturally and Wake Up Energized with the Groundbreaking Power of Self-Hypnosis

BenBella Books The number one cause of insomnia is fear of insomnia. You toss and turn at night, trying to quiet your thoughts enough to fall asleep. Or you wake up hours before your alarm and stare at the ceiling, hoping that this time you'll manage just a little bit more rest before sunrise. Either way, it's actually your fear of not getting enough sleep that's keeping you awake. The only way to finally get a good night's sleep is to retrain your subconscious mind and eliminate that fear. Grace Smith, world-renowned hypnotherapist and author of Close Your Eyes, Get Free, has helped hundreds of people do exactly that. Using the phenomenally successful power of hypnosis, Close Your Eyes, Sleep teaches you to access your subconscious and get your long-needed rest. The first step is learning the tools to block out your anxieties to fall asleep quickly and easily at any time of night. But hypnotherapy can take you farther than that: you'll discover how to proactively attack the causes of sleepless nights, ridding yourself of restlessness altogether and achieving the deep, restorative sleep you deserve.

Hypnotically Enhanced Treatment for Addictions

Alcohol Abuse, Drug Abuse, Gambling, Weight Control and Smoking Cessation

Crown House Publishing This book offers new strategies, techniques, and scripts as well as reviewing traditional methods of treating addictions. The five key addictions addressed are: alcohol abuse and dependency; drug abuse and addiction; gambling compulsions/obsessions and addiction; tobacco addiction (including cigars, pipes and chew); food addiction/compulsions. Many of the techniques and strategies incorporate a variety of therapeutic modalities, including: cognitive behavioral techniques, reframing and other NLP techniques, systematic desensitization, covert sensitization, 12-step programs, guided imagery and meditation, and more. The techniques described can be employed both in and out of trance.

Quantum Hypnosis Scripts

Jo Ana Starr Quantum Hypnosis Scripts is a 222 page book of 26 full length, professional Hypnosis scripts, ideal for either professional use or for Self Hypnosis. As the title suggests, this book focuses exclusively on Hypnosis scripts and instructions for their best use. In addition to the 20 individual, push-button Hypnosis scripts, Quantum Hypnosis Scripts provides 2 Master Hypnosis Inductions, which are essential to the use of the provided Hypnosis scripts, if you don't already have a favorite Hypnosis induction. Also included are 2 Hypnosis Series Programs of 3 Hypnosis scripts each, for Weight Loss and Stress Reduction. Since these applications are ideally treated with a series of progressive, sequential sessions which are frequently hard to find, I think that readers will be pleased with these session scripts. Readers of Quantum Hypnosis Scripts also receive a Bonus FREE full-length audio Hypnosis session, valued at \$59, available at the book's website. Detailed information on how to access your free Hypnosis session is available in the last chapter of this book. Incidentally, if you are a user of the Instant Self Hypnosis method or a reader of Eyes Open Self Hypnosis, reading these complete and suggestion-rich scripts will work well for you. For readers of Quantum Self Hypnosis and students or graduates of NEIH, these are new scripts for you, although the now familiar script framework (the beach

scene) is used in all the included scripts. There are also a few essential, duplicate Hypnosis applications featured in this book complete with new suggestions and thus different scripts from those offered in Quantum Self Hypnosis. The general approach for all of the included scripts is ego-strengthening and nurturing. These scripts are very helpful for professional use as well as for Self-Hypnotists. Also important, there are no scripts in this book that utilize negative programming or aversion therapy. These scripts are all positive, present tense, and affirmative in nature, thus very effective. This book was written as a stand alone text as well as a companion book to Quantum Self Hypnosis, so readers of that book will find many new and interesting scripts to use in this book. We decided at the 11th hour to include one of our well-known Stop Smoking Hypnosis scripts because it seemed wrong not to include a script for one of the most popular Hypnosis applications in this first volume of Quantum Hypnosis Scripts. Since this script is not brand new or unique, it is being included as a Bonus script and not being counted as one of the advertised 24 Hypnosis scripts included in this book. While the script isn't unique, it is very effective, so for readers looking for a good Stop Smoking script, enjoy your bonus script! This book is considered a cornerstone work by many practicing Hypnotherapy professionals. If you are looking for quality, time tested Hypnotherapy scripts, this is the book for you!

The Hypnotic Assassin

CreateSpace This book is a metaphysical visionary mystery fantasy novel, a psychological thriller set in a World of secret societies and hidden agenda's. This is a tale of mind reading, covert influencing and murder. The story explores the power of the mind and the power to influence others using hypnotic techniques. The hypnotic assassin is a master of his own mind, he uses hypnosis on himself to alter his perceptions of time and reality and to enhance what he is capable of physically and mentally. He uses hypnotic techniques to read the minds of others and to plant thoughts and ideas in people's minds and to make people willingly do things he wants them to do. This is the first story in the 'Followers of the Light' series. All hypnosis in this novel is possible, and the final chapter explains some of the techniques used by the 'assassin' in the novel. For thousands of years Hypnotic Assassins have existed to help free the people. 4500 years ago they were known as 'Assassins of the Light', 2000 years ago this changed to 'Followers of the Light'. They have always stood for freedom & peace. In 1938 they were almost all wiped out when an assassin became hungry for power & domination. Since then few Hypnotic Assassins remain. Sam Carter is one such assassin. Sam lives a quiet life in a small boxy flat, being a Hypnotic Assassin this is all he needs. Every day when Sam isn't on a mission he sits at the same seat in the Marlborough Cafe for 90 minutes, reading minds and drinking tea. One day he picks up a mission to assassinate Michael Rawlins, Ceo of SiLo, a Nuclear Fusion research company who is planning on selling a nuclear weapon and advanced nuclear technology to someone in Europe. This starts out to be a straight forward and simple mission. But Sam's life end's up on the line, with Sam needing to use all his hypnotic skills just to survive."

Erotic Hypnosis Scripts

Createspace Independent Publishing Platform An Indispensable Library of Sexual Hypnosis In four years of recording hypnotic inductions for erotic play, I've published over 100 sessions ranging from a slow gentle introductory series touching on the most popular aspects of fetish hypnosis, to hypnotic slave training for couples play, to wickedly lewd guided sex fantasies. This collected edition of the scripts for all of these sessions is the only published work of its kind, a book-length collection of hypnotic scripts entirely based around erotic and fetish uses. Whether you are exploring hypnosis with a partner for the first time, or have years of experience with trance in the bedroom, you'll find something here you can use, something to inspire you, and something to turn you on. Enjoy the journey...

Mind Changing Short Stories and Metaphors

For Hypnosis, Hypnotherapy and NLP

Exposure Publishing When used in NLP and hypnotherapy, metaphors have long given insights into the difficulties of people and have shown the ways in which we can escape or improve. If the stories strike a chord with you, then they also show a way out. These short stories, metaphors and interactive scripts will help you to eliminate negative thoughts and achieve your dreams by allowing you to relax while reading stories that can bring about positive change. Some of the stories will relax you, others will make you think. Some allow you to enter a light feeling of hypnosis. Hypnotherapy and hypnosis have been major users of metaphors to show different approaches to problems and their resolution. Milton Erickson, the grandfather of modern hypnotherapy used metaphors to great effect in resolving problems with his patients. Self hypnosis allows you to enter the areas of your mind where you can become imaginative and optimistic. You can create your dreams and the ways in which you will achieve them. Based on a huge amount of therapeutic work, these short stories, metaphors and interactive scripts can help you to bring about positive changes, eliminate negative thoughts and achieve your dreams.

Training Trances

Multi-level Communication in Therapy and Training

Training Trances is about how to therapeutically communicate with the unconscious mind. The authors present their own unique integration of Ericksonian techniques, traditional models of hypnotherapy, and recent research in related areas. Numerous new patterns modeled from the work of Milton H. Erickson, M.D. are clearly explained and demonstrated. The use of trance in training design, to unconsciously install the skills being taught to the participants, is also covered. The book developed from transcripts of a four day workshop, and the design of the book parallels the design chosen for the training itself. Individual exercises or those done in groups of two or three are offered so that the reader may practice the techniques and learn the skills. There are numerous "live" demonstrations, inductions, and double inductions which create for the reader a real "feel" of how hypnosis is done and which are also a rich source for linguistic analysis for the advanced reader. Written with insight and humor, this book's most unique twist is its use of multi-level communication and hypnotic language to create a "training trance" for the readers as they journey through the text. Some hypnotic references are obvious and explicit -- those which are not obvious will create enjoyable "ah-ha!" experiences for the reader as they are discovered.

Ericksonian Approaches - Second Edition

A Comprehensive Manual

Crown House Publishing This is the definitive training manual in the art of Ericksonian Psychotherapy. Accessible and elucidating, it provides a systematic approach to learning the subject.

The Art of Hypnotherapy

Mastering Client Centered Techniques: 4th edition

Crown House Publishing Now in it's fourth edition, this classic text presents a comprehensive overview of client-centred hypnosis based on the teachings of Charles Tebbetts. Since the person undergoing hypnosis is the one with the power to change him/herself, the hypnotherapist acts as the facilitator, tailoring the hypnosis session to the client. All of the techniques found in The Art of Hypnotherapy, including regression therapy and parts theory, centre on this concept. The Art of Hypnotherapy shows students how all hypnotic techniques revolve around four main therapeutic objectives: Suggestion and Imagery; Discover the Cause; Release; and Subconscious Relearning. New features in this edition include an arrangement of techniques from simple to complex, so that those using hypnosis in a limited way easily learn the applicable technique; a chapter on the common application of hypnotherapy now includes new sections on anger, impotence, stuttering, and tinnitus, and the chapters on anchoring and triggers have been updated, with sections on how to help a client establish a safe place, and why this is important.

Hypnosis for Inner Conflict resolution

Including parts therapy

Crown House Publishing Increasing numbers of therapists around the world are discovering the benefits of parts therapy and its variations to help clients get past personal barriers. Clinical Hypnosis Textbook

A Guide for Practical Intervention

Radcliffe Publishing Clinical hypnosis can be a powerful tool to help patients access positive states, reduce stress levels and embrace change. It can also enhance patient evaluation, diagnostic skills, and general communication, and provide stress management, goal setting and relaxation techniques for health professionals themselves. This book gives an overview of clinical hypnosis and its applications in medical settings, including self-hypnosis and inducing hypnosis in others. It explores the framework of a session, creating a unique therapeutic protocol using specific language patterns. It also examines the current and historical context of clinical hypnosis and its application, and provides a glossary of terms and useful contacts and websites. Accompanying audio material is also accessible online. Clinical Hypnosis Textbook can be used as an introduction for all health professionals, or to enhance session construction for experienced medical hypnosis practitioners.

The Art of Hypnosis - Third Edition

Mastering basic techniques

Crown House Publishing Crown House is pleased to announce the publication of the third edition of The Art of Hypnosis: Mastering Basic Techniques by Roy Hunter. This updated third edition includes a new introduction by Conrad Adams PhD together with a revised Chapter 1. Roy Hunter is an expert in the field of hypnosis. He was specially selected to carry on the work of the 'Grand Master of Hypnotherapy', the late Charles Tebbetts, who was a master teacher and contributor to the art/science of hypnosis and hypnotherapy. This book is based upon the training course of Tebbetts, which has been updated by Roy Hunter. Tebbetts' training has formed the basis of a large number of hypnotherapy courses taught in America and Europe. The Art of Hypnosis is well-written and easy to read and understand, even for the novice. In-depth and practical information is given on how to achieve maximum results in a hypnotic session by phrasing suggestions properly and by using various techniques to determine which approach is best for each individual client.

Sleepy Bedtime Tales: A Revolutionary Way to Get Your Child to Sleep At Night

Lulu Press, Inc This book offers a revolutionary way to tell bedtime stories helping to make bedtime a time of peace, calm and sleep for your child. Based on psychological principles and techniques, these stories will help to guide your child comfortably asleep. They are to be read to your child at bedtime, rather than with or by your child. These bedtime stories are written to be read to 4-7 year old's (they

can be read to children as young as two) as they rest in bed with their eyes shut listening along. Each of the stories takes about 10-15 minutes to read. The sleepy bedtime story approach has been taught to many parents and used by professionals working in care homes to help children fall asleep at night. This approach can be used with any story, but this is the first time that stories have been written specifically to optimise the effectiveness of the techniques. If you are after a scientific, calming, relaxing approach to getting your child to sleep, then this is definitely the bedtime stories book for you.
