### **HOW HE CAN MAKE YOU EXTRAORDINARY**

---

Createspace Independent Publishing Platform This book tells the story of the Prophet Muhammad as an inspirational role model for anyone who wants to be extraordinary. You will learn how Muhammad shaped his personality as a child, dealt with the universal challenges of adolescence while a teenager, and then emerged as a leader in his community as a young adult. The book deliberately avoids the language of historical narration used in typical biographies of the Prophet in favor of a more informal, down-to-earth approach. In this book, the reader will get a completely different view of Muhammad and hopefully will see how Muhammad addressed our own daily challenges, inspiring us to excel in confronting these challenges. "I enjoyed reading this book and recommend it to everyone who wants to be inspired by Muhammad, the greatest of mankind." Mirza Yawar Baig, author of Presenting Islam Today.

### **DO NOT DESPAIR**

---

"O My servants, do not despair of the mercy of God. Indeed, Allah forgives all sins. Indeed, it is He who is the Forgiving, the Merciful." The address here is to all mankind. Allah Himself has explained in the following verses that sins are forgiven only when the sinner turns to Allah's worship and service and adopts obedience to the message sent down by Him. As a matter of fact, this verse brought a message of hope for those people who had committed mortal sins like murder, adultery, theft, robbery, etc. in the days of ignorance, and had despaired whether they would ever be forgiven. To them it has been said: "Do not despair of Allah's mercy: whatever you might have done in the past, if you sincerely turn to your Lord's obedience, you will be forgiven every sin."

### **LOST ISLAMIC HISTORY**

---

### **RECLAIMING MUSLIM CIVILISATION FROM THE PAST**

---

Oxford University Press Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

### EXTREMISM

---

MIT Press What extremism is, how extremist ideologies are constructed, and why extremism can escalate into violence. A rising tide of extremist movements threaten to destabilize civil societies around the globe. It has never been more important to understand extremism, yet the dictionary definition—a logical starting point in a search for understanding—tells us only that extremism is “the quality or state of being extreme.” In this volume in the MIT Press Essential Knowledge series, J. M. Berger offers a nuanced introduction to extremist movements, explaining what extremism is, how extremist ideologies are constructed, and why extremism can escalate into violence. Berger shows that although the ideological content of extremist movements varies widely, there are common structural elements. Berger, an expert on extremist movements and terrorism, explains that extremism arises from a perception of “us versus them,” intensified by the conviction that the success of “us” is inseparable from hostile acts against “them.” Extremism differs from ordinary unpleasantness—run-of-the-mill hatred and racism—by its sweeping rationalization of an insistence on violence. Berger illustrates his argument with case studies and examples from around the world and throughout history, from the destruction of Carthage by the Romans—often called “the first genocide”—to the apocalyptic jihadism of Al Qaeda, America's new “alt-right,” and the anti-Semitic conspiracy tract The Protocols of the Elders of Zion. He describes the evolution of identity movements, individual and group radicalization, and more. If we understand the causes of extremism, and the common elements of extremist movements, Berger says, we will be more effective in countering it.

#### **CLASSICAL ISLAM AND THE NAQSHBANDI SUFI TRADITION**

---

The Naqshbandi Sufi Tradition is one of the most distinguished and respected schools of Islamic spirituality. Its long and glorious history stretches back to the earliest days of Islam and it has always played a central, pivotal role in the life of the Muslim world. Led by the shaykhs of the Golden Chain inheritors of the secret knowledge of the prophets and saints the Naqshbandi Order survived the turmoil and tribulations of the past century and remains one of the few authentic mystical traditions that still maintains a living link with its ancient past. Now, for the first time, the history and teachings of the Naqshbandi Way are being made available to the public. Classical Islam and the Naqshbandi Sufi Tradition is the most detailed and authentic book ever written about a Sufi order in English. Providing a comprehensive history of the Naqshbandi Tradition, the author Shaykh Muhammad Hisham Kabbani, one of the most respected teachers of Islamic spirituality in the world today, traces the lives of its foremost teachers from Prophet Muhammad, upon whom be peace, to the present. Their life stories are intimately woven with landmark events of history, from the time of the Companions to the fall of the Ottoman Empire and the reemergence of Islam in the former Soviet Union. However, this book also contains much more. It details the fundamental principles of the Sufi path and the primary teachings of the Naqshbandi Order, exploring the doctrines and philosophy behind this important current in spiritual thinking.
