Slave Stealers

True Accounts of Slave Rescues: Then and Now

*Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the*

rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Kasher in the Rye

The True Tale of a White Boy from Oakland Who Became a Drug Addict, Criminal, Mental Patient, and Then Turned 16

Grand Central Publishing Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a

vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

From Niggas to Gods

CB Pub & Design ...a message to the Black Youth.This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master.They say that my generation is not

intelligent enough to read a book. I say that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! We are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace.

Mapping the Bones

Penguin From the best-selling and award-winning author of The Devil's Arithmetic, Jane Yolen, comes her first Holocaust novel in nearly thirty years. Influenced by Dr. Mengele's sadistic experimentations, this story follows twins as they travel from the Lodz ghetto, to the partisans in the forest, to a horrific concentration camp where they lose everything but each other. It's 1942 in Poland, and the world is coming to pieces. At least that's how it seems to Chaim and Gittel, twins whose lives feel like a fairy tale torn apart, with evil

witches, forbidden forests, and dangerous ovens looming on the horizon. But in all darkness there is light, and the twins find it through Chaim's poetry and the love they have for each other. Like the bright flame of a Yahrzeit candle, his words become a beacon of memory so that the children and grandchildren of survivors will never forget the atrocities that happened during the Holocaust. Filled with brutality and despair, this is also a story of poetry and strength, in which a brother and sister lose everything but each other. Nearly thirty years after the publication of her award-winning and bestselling *The Devil's Arithmetic* and *Briar Rose*, Yolen once again returns to World War II and captivates her readers with the authenticity and power of her words. Praise for *Mapping the Bones*: "Jane Yolen's *Mapping the Bones* is a swift and deadly drama with overtones of dark fable we all wish we could forget. But this book, a shining star held in a trembling palm, requires us to remember." --Gregory Maguire, internationally bestselling author of *Wicked* "Mapping the Bones is spare and beautiful and haunting. Jane Yolen has created a masterpiece." --Kimberly Brubaker Bradley, *New York Times* bestselling author of *The War That Saved My Life* "Master storyteller Jane Yolen has outdone herself. This is a compelling, important, necessary, and timely book that deserves the widest audience possible." --Lesléa Newman, award-winning author of *Still Life with Buddy* "In the hands of the superb Jane Yolen, folklore and fact connect in a harrowing testimony to horror and to love. Brutal, relentless, prophetic, and full of truth." --Elizabeth Wein, *New York Times* bestselling author of *Code Name Verity* "A compassionate, unflinching, unforgettable Nazi labor camp Hansel & Gretel tale woven by America's finest spinner of Holocaust stories for young readers." --Julie Berry, author of the Printz Honor Book *The Passion of Dolssa* "[An] expansive, eloquent novel." --Publishers Weekly "Yolen does a superb job of dramatizing the horrors of WWII and the Holocaust, bringing vivid fear and suspense to her captivating story. It makes for altogether memorable and essential reading." --Booklist "[A] breath-taking and heartbreaking look at the horrors of war and the lengths people go to overcome." --Voice of Youth Advocates "Fans of Yolen's *The Devil's Arithmetic* will be engrossed in this story until the last page." --School Library Journal "[A] well-rounded story of a very difficult time that shows the resiliency of these young people." --School Library Connection

Bubble in the Sun

The Florida Boom of the 1920s and How It Brought on

the Great Depression

Simon & Schuster Christopher Knowlton, author of Cattle Kingdom and former Fortune writer, takes an in-depth look at the spectacular Florida land boom of the 1920s and shows how it led directly to the Great Depression. The 1920s in Florida was a time of incredible excess, immense wealth, and precipitous collapse. The decade there produced the largest human migration in American history, far exceeding the settlement of the West, as millions flocked to the grand hotels and the new cities that rose rapidly from the teeming wetlands. The boom spawned a new subdivision civilization—and the most egregious large-scale assault on the environment in the name of “progress.” Nowhere was the glitz and froth of the Roaring Twenties more excessive than in Florida. Here was Vegas before there was a Vegas: gambling was condoned and so was drinking, since prohibition was not enforced. Tycoons, crooks, and celebrities arrived en masse to promote or exploit this new and dazzling American frontier in the sunshine. Yet, the import and deep impact of these historical events have never been explored thoroughly until now. In Bubble in the Sun Christopher Knowlton examines the grand artistic and entrepreneurial visions behind Coral Gables, Boca Raton, Miami Beach, and other storied sites, as well as the darker side of the frenzy. For while giant fortunes were being made and lost and the nightlife raged more raucously than anywhere else, the pure beauty of the Everglades suffered wanton ruination and the workers, mostly black, who built and maintained the boom, endured grievous abuses. Knowlton breathes dynamic life into the forces that made and wrecked Florida during the decade: the real estate moguls Carl Fisher, George Merrick, and Addison Mizner, and the once-in-a-century hurricane whose aftermath triggered the stock market crash. This essential account is a revelatory—and riveting—history of an era that still affects our country today.
