Rock Stars Do It

Chase Delany is a rock star. Rock stars are expected to rock hard onstage and party even harder offstage. Chase is living up to those expectations, and then some. He leaves everything he's got onstage, and drowns the ache in his soul at the bottom of a tequila bottle. And then there are the girls. They throw themselves at him nonstop, a never-ending train of hot girls who want in his signature tight leather pants. The problem? Nothing, no amount of booze and no amount of backstage sex can heal the cracks in his heart left by Anna's rejection. And then he runs into Jamie. Anna's best friend. The one girl in the whole world who is off limits to him. The one girl who happens to be the one thing that seems to soothe the hurt inside him. Forgetting her proves to be impossible. Jamie Dunleavy has always been an enthusiastic practitioner of the sexual arts. She's never apologized for it, and she owns it. She's been known to admit--to her best friend Anna Devine, at least--that she's a bit of a slut. Her deep, dark secret? She's tired of it. She doesn't want to be that girl anymore. She wants love, now more than ever, having watching Anna find her own happily-ever-after. So who does she find herself falling for? Chase Delany. Anna's very recent ex.

Falling Into You

[Nla Digital LLC](#) I wasn't always in love with Colton Calloway; I was in love with his younger brother, Kyle, first. Kyle was my first one true love, my first in every way. Then, one stormy August night, he died, and the person I was died with him. Colton didn't teach me how to live. He didn't heal the pain. He didn't make it okay. He taught me how to hurt, how to not be okay, and, eventually, how to let go. Nell Hawthorne is in love with her life-long best friend, Kyle Calloway. Things are great, and they're in love, young, full of promise. Then Kyle dies in a tragic accident and Nell is forever changed. She meets Kyle's older brother Colton at the funeral, and there's a spark, but it's wrong and they both know it. The moment passes, and they both move on with life. A couple years later, they meet again in New York City, and Colton realizes that Nell has never really gotten over Kyle's death, and seems to be harboring a deeply rooted pain, something like guilt, perhaps. He knows he shouldn't get involved, but he can't help himself. Trust doesn't come easily for either of them, and they both have demons, Colton especially. Together, they learn the purpose of pain and the meaning of healing, and the importance of forgiveness.

It started with a window that was jammed shut. Pretty simple, right? All I wanted was to open the windows while I tidied the house. I’d been after my no-good husband to do it for months, but he never did. And then he shacked up with his secretary, leaving me with a pile of bills, husband-free for the first time in ten years, and with a house that was falling apart. The ad popped up on the side of my social media feed—a local contracting agency willing to do pretty much anything. Since I don’t really know a screwdriver from a ratchet, I gave them a call. And let me tell you, the ad was NOT lying. Jesse O’Neill can do it ALL...and looks amazing doing it. He fixed my window, so I called him back to fix the sagging, splintery front steps. Which led to him fixing my kitchen sink. And then he recarpeted my stairs. And then fixed the squeak in my bed. He was supposed to fix my house, not my rusty, sputtering libido. The Cabin

Jasinda Wilder One year ago, I buried my husband. One year ago, I held his hand and said goodbye. Now I spend most of my days lost somewhere between trying to remember every smallest detail of our lives, and trying to forget it all. I fill my hours with work until I'm too exhausted to remember him, to feel anything at all. One year, 365 days—and then one knock at my door changes everything. A letter from him, a last request, a secret will: My dearest Nadia, Trust me, my love. One last time, trust me. Sometimes the epilogue to one story is the beginning of another.

The Long Way Home

Jasinda Wilder I need you, Ava. I am desperate. For you. For touch. For a kiss. For the scrape of your hand down my stomach. For the slide of your lips across my hipbone. The sweep of your thigh against mine in the dulcet, drowning darkness. For the warm huff of your breath on my skin and the wet suck of your mouth around me and the building pressure of need reaching release...I am mad with need. Wild with it. I cannot have you. I have lost you, as I have lost myself. And so I go in search. Of myself, and thus the man who might return to you, and take you in his arms. I loathe each of the thousands of miles between us, but I cannot wish them away, for I hope at the end of my journey I shall find you. Or rather, find myself, and thus...you. Myself, and thus us. I am taking the long way home, Ava. * * * Christian, I'm losing my mind, and I don't know how to stop it. I shouldn't be writing to you, but I am. I'm friendless, loveless, and lifeless. You're out there somewhere, and still you're all I really have. I hate my reliance and dependence on you, emotionally and otherwise, and that reliance is something I'm coming to recognize. I hate that I can't hate you as much as I want to. I hate that I still love you so much. I hate that there's no clear solution to our conundrum. Even if we could forgive each other, what then? I hate you, Christian. I really do. But most of all, I don't. It's complicated. Complicatedly (still) yours, Ava

Badd Daddy

Jasinda Wilder Lucas Badd...the Baddest of them all, he's patriarch of the clan, a man with the size and temperament of a grizzly bear whose past holds the keys to not only his own future, but also the way everyone connected to him will move forward as a family. Who can tame a man this wild? Olivia Goode. A widow, a mother, and a woman who is Lucas's opposite in every way imaginable. If anyone can, it would be her, but the real question is whether she can move past her own tragedy to see the man beneath the grizzly bear exterior, and whether Lucas has the courage to face his demons and become the man he's spent the last forty years pretending not to be.

Stripped

NLA Digital LLC So how did I get myself into this situation, you ask? Simple: desperation. When you're faced with being homeless and hungry or taking off your clothes for money, the choice is easier than you'd imagine. That doesn't make it easy, though. Oh no. I hate it, in fact. There's nothing I'd like more than to quit and never go into another bar again, never hear the techno beat pulsing in my ears again, never feel the lecherous gazes of horny men again. Then, one day, I meet a man. He's in my club, front and center. He watches me do my routine, and his gaze is full of hunger. Not the kind of desire I'm used to though. It's something different. Something hotter, deeper, and more possessive. I know who he is; of course I do. Everyone knows who Dawson Kellor is. He's People Magazine's Sexiest Man alive. He's the hottest actor in Hollywood. He's the man hand-picked for the role of Rhett Butler in the long-awaited remake of Gone With the Wind. He's the kind of man who can have any woman in the entire world with a mere crook of his finger. So what's he doing looking at me like he has to have me? And how do I resist him when he looks at me with those intoxicating, changeable, quicksilver eyes? I'm a virgin, and he's an American icon of male sexuality. I'm a stripper, and he's a man used to getting anything and everything he wants. And he wants me. I know I should say no, I know he's the worst kind of player...but what my mind knows, my body and my heart may not. And then things get complicated.

Madame X

Believe in People

Bottom-Up Solutions for a Top-Down World

St. Martin's Press **A surprising take on how you can help tackle the really big problems in society—from one of America's most successful entrepreneurs. People are looking for a better way. Towering barriers are holding millions of people back, and the institutions that should help everyone rise are not doing the job. Crumbling communities. One-size fits all education. Businesses that rig the economy. Public policy that stifles opportunity and emboldens the extremes. As a result, this country is quickly heading toward a two-tiered society. Today's challenges call for nothing short of a paradigm shift - away from a top-down approach that sees people as problems to be managed, toward bottom-up solutions that empower everyone to realize their potential and foster a more inclusive society. Such a shift starts by asking: What would it mean to truly believe in people? Businessman and philanthropist Charles Koch has devoted his life to answering that question. Learn what he's discovered during his 60-year career to help you apply the principles of empowerment in your life, in your business, and in society. By learning from the social movements and applying the principles that have enabled social progress throughout history, Koch has achieved more than he dreamed possible - building one of the world's most successful companies and founding Stand Together, one of America's most innovative philanthropic communities. Stand Together CEO Brian Hooks and Koch show how the only way to solve the really big problems - from poverty and addiction to harmful business practices and destructive public policy - is for each and every one of us to find and take action in our unique role as part of the solution. Full of compelling examples of what works - including several first-person accounts from individuals whose lives have been transformed - Koch and Hooks' refreshing approach promotes partnership instead of partisanship and speaks to people from different perspectives and all walks of life. They show that no injustice is too tough to overcome if you share a deep belief in people, are willing to unite with anyone to do right, and work to empower others from the bottom up.**

The first time it happened, it seemed like an impossible miracle. Bills were piling up, adding up to more money than I could ever make. Mom's hospital bills. My baby brother's tuition. My tuition. Rent. Electricity. All of it on my shoulders. And I had just lost my job. There was no hope, no money in my account, no work to be found. And then, just when I thought all hope was lost, I found an envelope in the mail. No return address. My name on the front, my address. Inside was a check, made out to me, in the amount of ten thousand dollars. Enough to pay the bills and leave me some left over to live on until I found a job. Enough to let me focus on classes. There was no name on the check, just "VRI Inc.," and a post office box address for somewhere in the city. No hint of identity or reason for the check or anything. No mention of repayment, interest, nothing... except a single word, on the notes line: "You." If you receive a mysterious check, for enough money to erase all your worries, would you cash it? I did. The next month, I received another check, again from VRI Incorporated. It too contained a single word: belong." A third check, the next month. This time, two words. Four letters. "To me." The checks kept coming. The notes stopped. Ten thousand dollars, every month. A girl gets used to that, real quick. It let me pay the bills without going into debt. Let me keep my baby brother in school and Mom's hospice care paid for. How do you turn down what seems like free money, when you're desperate? You don't. I didn't. And then, after a year, there was a knock on my door. A sleek black limousine sat on the curb in front of my house. A driver stood in front of me, and he spoke six words: "It's time to pay your debt." Would you have gotten in? I did. It turns out \$120,000 doesn't come free.

A Surgeon's Notes on Performance

Metropolitan Books NATIONAL BESTSELLER The New York Times bestselling author of Being Mortal and Complications examines, in riveting accounts of medical failure and triumph, how success is achieved in a complex and risk-filled profession The struggle to perform well is universal: each one of us faces fatigue, limited resources, and imperfect abilities in whatever we do. But nowhere is this drive to do better more important than in medicine, where lives are on the line with every decision. In this book, Atul Gawande explores how doctors strive to close the gap between best intentions and best performance in the face of obstacles that sometimes seem insurmountable. Gawande's gripping stories of diligence, ingenuity, and what it means to do right by people take us to battlefield surgical tents in Iraq, to labor and delivery rooms in Boston, to a polio outbreak in India, and to malpractice courtrooms around the country. He discusses the ethical dilemmas of doctors' participation in lethal injections, examines the influence of money on modern medicine, and recounts the astoundingly contentious history of hand washing. And as in all his writing, Gawande gives us an inside look at his own life as a practicing surgeon, offering a searingly honest firsthand account of work in a field where mistakes are both unavoidable and unthinkable. At once unflinching and compassionate, Better is an exhilarating journey narrated by "arguably the best nonfiction doctor-writer around" (Salon). Gawande's investigation into medical professionals and how they progress from merely good to great provides rare insight into the elements of success, illuminating every area of human endeavor.
