## Cave in the Snow

### A Western Woman's Quest for Enlightenment

Bloomsbury Paperbacks **The biography of the Englishwoman who has become a world-renowned spiritual leader and a champion of the right of women to achieve spiritual enlightenment. Following Tenzin Palmo's life from England to India, including her seclusion in a remote cave for 12 years, leading to her decision to found a convent to revive the Togdenma lineage.**

## Cave In The Snow

Bloomsbury Publishing USA **This is the incredible story of Tenzin Palmo, a remarkable woman who spent 12 years alone in a cave 13,000 feet up in the Himalayas. At the age of 20, Diane Perry, looking to fill a void in her life, entered a monastery in India--the only woman amongst hundreds of monks---and began her battle against the prejudice that had excluded women from enlightenment for thousands of years. Thirteen years later, Diane Perry a.k.a. Tenzin Palmo secluded herself in a remote cave 13,000 feet up in the Himalayas, where she stayed for twelve years. In her mountain retreat, she face unimaginable cold, wild animals, floods, snow and rockfalls, grew her own food and slept in a traditional wooden meditation box, three feet square. She never lay down. Tenzin emerged from the cave with a determination to build a convent in northern India to revive the Togdenma lineage, a long-forgotten female spiritual elite. She has traveled around the world to find support for her cause, meeting with spiritual leaders from the Pope to Desmond Tutu. She agreed to tell her story only to Vicky Mackenzie and a portion of the royalties from this book will help towards the completion of her convent.**

### Summary of Vicki Mackenzie's Cave In The Snow

Everest Media LLC **Please note: This is a companion version & not the original book. Sample Book Insights: #1 The woman I met in Pomaia, Italy, had seemingly stepped out of the pages of myth and legend. She had ventured where I knew I would never tread. Her thirst for knowing had pushed her beyond the safe confines of a four-week meditation course. #2 The most senior Tibetan Buddhist nun in the Western world is Tenzin Palmo. She had been called to a cave when her time in the cave had come to an end. She had been ordained back in 1964, when she was just twenty-one. #3 I had been waiting for years for someone to publicly announce that they were going to become a female Buddha, and Tenzin Palmo had done just that. Her track record of exceptional meditational ability and tenacity made me believe that she might do it. #4 The history of female spirituality in Buddhism is thin, and there are no living examples of female Buddhists. The lack of female spiritual excellence is discouraging for women practitioners who are trying to follow The Way.**

## After the Snow

**Feiwel & Friends** The oceans stopped working before Willo was born, so the world of ice and snow is all he's ever known. He lives with his family deep in the wilderness, far from the government's controlling grasp. Willo's survival skills are put to the test when he arrives home one day to find his family gone. It could be the government; it could be scavengers--all Willo knows is he has to find refuge and his family. It is a journey that will take him into the city he's always avoided, with a girl who needs his help more than he knows. **S.D. Crockett** on narrative voice and an especially cold winter: What was your inspiration for *After the Snow*? Well, apart from the unbelievably cold winter during which I was writing—in an unheated house, chopping logs and digging my car out of the snow; I think much of the inspiration for the settings in *After the Snow* came from my various travels. In my twenties I worked as a timber buyer in the Caucasus Mountains of southern Russia, and that work led to travels in Eastern Europe and Armenia. As soon as I step off the plane in those places it smells like home. It may sound strange to say, when *After the Snow* is set in Wales, but really the practical dilemmas in the book come directly from places I've been, people I've lived with, and the hardships I've seen endured with grace and capability. I was in Russia not long after the Soviet Union collapsed and I've seen society in freefall. Without realizing it at the time I think those experiences led me to dive into *After the Snow* with real passion. What would western civilization look like with a few tumbles under its belt? What would happen if the things we took for granted disappeared? I wanted to write a gripping story about that scenario, but hardly felt that I was straying into fantasy in the detail. What do you want readers to most remember about *After the Snow*? We all have the capacity to survive, but in what manner? What do we turn to in those times of trouble? Those are the questions I would like people to contemplate after reading *After the Snow*. How did Willo's unique voice come to you? Willo's voice appeared in those crucial first few paragraphs. After that it just grew along with his world and the terrible situations that arise. I think his voice is in all of us. We don't understand, we try to make good—maybe we find ourselves. How did you stay warm while writing this novel? I banked up the fire—and was warmed by hopes of spring.

## Cave Under the City

**Open Road Media** Nobody said New York City was easy, but for Tolley Holtz, it's home Tolley Holtz would rather be exploring the city with his friends, talking about the Yankees, and discussing what President Roosevelt is going to do about the Depression than watching his little brother, Bubber. With his mother working all day in a garment factory and his father looking for work in Baltimore, Tolley's family depends on him. But suddenly, things go from hard to unthinkable. When his mother gets pneumonia and can't leave the hospital, Tolley becomes the only family Bubber can rely on. Afraid that the children's shelter will split them up, the two brothers hop a crosstown bus and strike out on their own, up and down fire escapes, across rooftops, and into the cellars and shadows of New York City. Tolley will need all the street smarts he's ever learned to get them through the winter—and to hold on to his dreams of having a family again.

## Into the Heart of Life

**Shambhala Publications** The real test of our Buddhist practice happens not on the cushion or in the protected space of retreat, but moment-to-moment in daily life, particularly when we find ourselves in uncomfortable situations. # Underland: A Deep Time Journey

W. W. Norton & Company National Bestseller • New York Times "100 Notable Books of the Year" • NPR "Favorite Books of 2019" • Guardian "100 Best Books of the 21st Century" • Winner of the National Outdoor Book Award From the best-selling, award-winning author of Landmarks and The Old Ways, a haunting voyage into the planet's past and future. Hailed as "the great nature writer of this generation" (Wall Street Journal), Robert Macfarlane is the celebrated author of books about the intersections of the human and the natural realms. In Underland, he delivers his masterpiece: an epic exploration of the Earth's underworlds as they exist in myth, literature, memory, and the land itself. In this highly anticipated sequel to his international bestseller The Old Ways, Macfarlane takes us on an extraordinary journey into our relationship with darkness, burial, and what lies beneath the surface of both place and mind. Traveling through "deep time"—the dizzying expanses of geologic time that stretch away from the present—he moves from the birth of the universe to a post-human future, from the prehistoric art of Norwegian sea caves to the blue depths of the Greenland ice cap, from Bronze Age funeral chambers to the catacomb labyrinth below Paris, and from the underground fungal networks through which trees communicate to a deep-sunk "hiding place" where nuclear waste will be stored for 100,000 years to come. Woven through Macfarlane's own travels are the unforgettable stories of descents into the underland made across history by explorers, artists, cavers, divers, mourners, dreamers, and murderers, all of whom have been drawn for different reasons to seek what Cormac McCarthy calls "the awful darkness within the world." Global in its geography and written with great lyricism and power, Underland speaks powerfully to our present moment. Taking a deep-time view of our planet, Macfarlane here asks a vital and unsettling question: "Are we being good ancestors to the future Earth?" Underland marks a new turn in Macfarlane's long-term mapping of the relations of landscape and the

human heart. From its remarkable opening pages to its deeply moving conclusion, it is a journey into wonder, loss, fear, and hope. At once ancient and urgent, this is a book that will change the way you see the world.

## The Death of Bunny Munro

Random House India 'I am damned,' thinks Bunny Munro in a sudden moment of self-awareness reserved for those who are soon to die. He feels that somewhere down the line he has made a grave mistake, but this realisation passes in a dreadful heartbeat and is gone—leaving him in a room at the Grenville Hotel, in his underwear, with nothing but himself and his appetites. Bunny Munro drinks too much, smokes too much and thinks of sex all the time. Following his wife's suicide, he takes his nine-years-old son on a trip to recover from the tragedy. But he is about to discover that his days are numbered. Dark, funny and raunchy, The Death of Bunny Munro is the story of a man full of emotional atyachar. Written in the high octane, charged prose that has made Nick Cave one of the world's most acclaimed lyricists, it is an unforgettable book.
