Final Grains of Sand

Ambassador International **When James Kreider receives the devastating news his life is being cut short with cancer, he is immediately filled with shock and disbelief. At 60 years, Jim is too young to die and believes he has a whole life ahead of him. When the reality of his impending demise sinks in, Jim methodically prepares for his final days, including trying to heal old wounds. With a dash of life's regrets and unfinished business, Jim's hours are spent pondering the legacy he will leave for his friends and children. In preparing for the end, Jim selects five individuals to represent his life at the funeral service. This group includes Jim's boss, his personal physician, a neighbor, the pastor of his church, and a woman whom Jim was involved with in a long-term affair. None of the individuals know each other or why they were chosen. Summoned to the office of Jim's attorney, the representatives disclose emotions and information few individuals want to hear. Reluctantly, they agree to share every facet of their friend. Jim's story not only transforms the five representatives but alters the lives of**

the funeral guests. They realize the value of one's life is less about the length of time, but rather how we touched other people through our actions and words.

The Chanel Sisters

A Novel

Harlequin A USA Today and Globe and Mail bestseller! A novel of survival, love, loss, triumph—and the sisters who changed fashion forever Antoinette and Gabrielle “Coco” Chanel know they’re destined for something better. Abandoned by their family at a young age, they’ve grown up under the guidance of nuns preparing them for simple lives as the wives of tradesmen or shopkeepers. At night, their secret stash of romantic novels and magazine cutouts beneath the floorboards are all they have to keep their dreams of the future alive. The walls of the convent can’t shield them forever, and when they’re finally of age, the Chanel sisters set out together with a fierce determination to prove themselves worthy to a society that has never accepted them. Their journey propels them out of poverty and to the stylish cafés of Moulins, the dazzling performance halls of Vichy—and to a small hat shop on the rue Cambon in Paris, where a boutique business takes hold and expands to the glamorous French resort towns. But the sisters’ lives are again thrown into turmoil when World War I breaks out, forcing them to make irrevocable choices, and they’ll have to gather the courage to fashion their own places in the world, even if apart from each other. “The Chanel Sisters explores with care the timeless need for belonging, purpose, and love, and the heart’s relentless pursuit of these despite daunting odds. Beautifully told to the last page.” —Susan Meissner, bestselling author of *The Last Year of the War*

Rethinking Luxury Fashion

The Role of Cultural Intelligence in Creative Strategy

Springer Nature **Using the field of material culture as its methodological departure point, this Palgrave Pivot explains the strategic advantages that brands can set in place when their executives are fully in command of how to move from strategy to tactics. Specifically, it studies the brands, their products and signature experiences as well as their relationship with the**

consumer in an attempt to define the greater powers that have pushed fashion labels in and out of fashion. It focuses on case analysis of specific luxury fashion brands and attempts to link those to the greater context of material culture while also elaborating on theoretical discussions. Bridging theory and practice, this book explores the relationship between creative strategy and cultural intelligence.

Annual Reports of the War Department Fashion

An Introduction

NYU Press From the rise of the Fashion Café to the phenomenon of the supermodel, from "House of Style" to "Unzipped," the world of fashion has taken center stage in contemporary culture, for better or for worse. In turn, although the idea of fashion has been in circulation since time immemorial, not until recently has its profound and variegated effects-on economic activity, on social and sexual mores, and on aesthetic and psychological formulations-been fully considered. With delicacy and wit, *Fashion: An Introduction* investigates the different sides of recent debates over the production, marketing, and consumption of fashion. Drawing on economics, art, psychology, commerce, history, and the everyday, Joanne Finkelstein considers fashion in its various guises-as body decoration and costume, as a language and a form of display, as an expression of sexuality and as part of the urban experience. In so doing, she has given us the perfect introduction to fashion's social, economic, and aesthetic impact on the way we think and act.

Sleeping with the Enemy

Coco Chanel's Secret War

Vintage This explosive narrative reveals for the first time the shocking hidden years of Coco Chanel's life: her collaboration with the Nazis in Paris, her affair with a master spy, and her work for the German military intelligence service and Himmler's SS. Gabrielle "Coco" Chanel was the high priestess of couture who created the look of the modern woman. By the 1920s she had amassed a fortune and went on to create an empire. But

her life from 1941 to 1954 has long been shrouded in rumor and mystery, never clarified by Chanel or her many biographers. Hal Vaughan exposes the truth of her wartime collaboration and her long affair with the playboy Baron Hans Günther von Dincklage—who ran a spy ring and reported directly to Goebbels. Vaughan pieces together how Chanel became a Nazi agent, how she escaped arrest after the war and joined her lover in exile in Switzerland, and how—despite suspicions about her past—she was able to return to Paris at age seventy and rebuild the iconic House of Chanel.

The Scent of Empires

Chanel No. 5 and Red Moscow

John Wiley & Sons Can a drop of perfume tell the story of the twentieth century? Can a smell bear the traces of history? What can we learn about the history of the twentieth century by examining the fate of perfumes? In this remarkable book, Karl Schlögel unravels the interconnected histories of two of the world's most celebrated perfumes. In tsarist Russia, two French perfumers - Ernest Beaux and Auguste Michel - developed related fragrances honouring Catherine the Great for the 300th anniversary of the Romanov dynasty. During the Russian Revolution and Civil War, Beaux fled Russia and took the formula for his perfume with him to France, where he sought to adapt it to his new French circumstances. He presented Coco Chanel with a series of ten fragrance samples in his laboratory and, after smelling each, she chose number five - the scent that would later go by the name Chanel No. 5. Meanwhile, as the perfume industry was being revived in Soviet Russia, Auguste Michel used his original fragrance to create Red Moscow for the tenth anniversary of the Revolution. Piecing together the intertwined histories of these two famous perfumes, which shared a common origin, Schlögel tells a surprising story of power, intrigue and betrayal that offers an altogether unique perspective on the turbulent events and high politics of the twentieth century. This brilliant account of perfume and politics in twentieth-century Europe will be of interest to a wide general readership.

Minerals Yearbook, 2010, V. 3, Area Reports, International, Africa and the Middle East

Government Printing Office The Minerals Yearbook is an annual publication that reviews the mineral and material industries of the United States and foreign countries. The Yearbook contains statistical data on materials and minerals and includes information on economic and technical trends and

development. The Minerals Yearbook includes chapters on approximately 90 commodities and over 175 countries. This volume of the Minerals Yearbook provides an annual review of mineral production and trade and of mineral-related government and industry developments in more than 175 foreign countries. Each report includes sections on government policies and programs, environmental issues, trade and production data, industry structure and ownership, commodity sector developments, infrastructure, and a summary outlook.

Dare to Inspire

Sustain the Fire of Inspiration in Work and Life

Da Capo Lifelong Books "Dare to Inspire shows how to spark and sustain exponential growth." --Shawn Achor, New York Times bestselling author of *Big Potential* and *The Happiness Advantage* Inspiration is a most critical resource to be managed in modern work. The problem is that the power of inspiration often feels fleeting. But what if you could design your own way to be inspired at work on a regular basis? What if you could make your own inspiration last? Rooted in 18 engines of inspiration that emerged from interviews with leaders across different industries, *Dare to Inspire* shows how to supercharge inspiration for yourself, your team, and your organization. Each chapter offers tools, strategies, and examples of how to make inspiration happen and last. Through stories of pioneers in business, health, education, and other industries, readers learn how to effectively use the engines to spark inspiration, along with specific practices to sustain it. *Dare to Inspire* features Chef Wes Avila, the founder of L.A. sensation *Guerrilla Tacos*, who was inspired to revolutionize his industry; crowdfunding pioneer Charles Best, who founded *DonorsChoose* to meet the challenge of connecting teachers in need with donors interested in supporting educational programs; and many others. This will be a vital book for anyone interested in creativity, success, achievement, and happiness.

A Guide to Books for Social Students and Workers ...

Strengthening Forensic Science in the United States

A Path Forward

National Academies Press **Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.**

Abrams “An intriguing, well-rounded portrait of a fascinating woman whose many important contributions to art and fashion remain popular today.”
—Kirkus Reviews Award-winning author Susan Goldman Rubin introduces readers to the most well-known fashion designer in the world, Coco Chanel. Beginning with the difficult years Chanel spent in an orphanage, Goldman Rubin traces Coco’s development as a designer and demonstrates how her determination to be independent helped her gain worldwide recognition. Coco Chanel focuses on the obstacles Chanel faced as a financially independent woman in an era when women were expected to marry; as well as her fierce competition with the Italian fashion designer Elsa Schiaparelli; and some of her most memorable firsts for the fashion industry, including the little black dress, the quilted purse with gold chain, and the perfume Chanel No. 5. The book includes a bibliography, a list of where to see her work, and an index. “Rubin’s biography is clear-sighted about Chanel’s faults while extolling her fashion genius. Her source notes and bibliography are meticulous, as is the book’s design . . . This will attract young fashion mavens eager to learn about design history.”
—Booklist “Rubin expertly chronicles Chanel’s life in this biography . . . Rubin captures the authenticity of Chanel alongside her psychological need to portray a luxurious lifestyle.” —VOYA “A well-researched primer packed with details on a significant trailblazer.” —School Library Journal “Well-designed biography of a fascinating woman.” —School Library Connection “A succinct, balanced portrayal of controversial haute couturière Gabrielle ‘Coco’ Chanel.” —Publishers Weekly
