CHOOSE YOURSELF!

Createspace Independent Pub **The world is changing. Markets have crashed. Jobs have disappeared. Industries have been disrupted and are being remade before our eyes. Everything we aspired to for "security," everything we thought was "safe," no longer is: College. Employment. Retirement. Government. It's all crumbling down. In every part of society, the middlemen are being pushed out of the picture. No longer is someone coming to hire you, to invest in your company, to sign you, to pick you. It's on you to make the most important decision in your life: Choose Yourself. New tools and economic forces have emerged to make it possible for individuals to create art, make millions of dollars and change the world without "help." More and more opportunities are rising out of the ashes of the broken system to generate real inward success (personal happiness and health) and outward success (fulfilling work and wealth). This book will teach you to do just that. With dozens of case studies, interviews and examples-including the author, investor and entrepreneur James Altucher's own heartbreaking and inspiring story-Choose Yourself illuminates your personal path to building a bright, new world out of the wreckage of the old.**

THE CHOOSE YOURSELF GUIDE TO WEALTH

The economy is crashing and booming every few years. People are getting fired and replaced by computers and Chinese workers. The stock market crashes with regularity. Every "fix" from the government makes things worse. The Old World has been demolished... and people are desperate for answers. James Altucher's "The Choose Yourself Guide To Wealth" contains those answers. This is the field guide to the "New World" we live in. You can play by the old rules and get left behind, or you can use these new ideas and become wealthy. This is not a book for the faint of heart. Read at your own risk, because sometimes the truth is hard to take. But for those who are ready to hear, James provides an updated map of the new territory for generating wealth and freedom. NEIL PATRICK HARRIS

CHOOSE YOUR OWN AUTOBIOGRAPHY

Crown In this memoir, Neil Patrick Harris shares intimate and hilarious stories about everything from his early days in LA, life on the *How I Met Your Mother* set, secrets from backstage at award shows, and family life with David, Harper, and Gideon. He also lets you, the reader, choose which path you want him to follow.--Adapted from publisher description.

THE POWER OF NO

Hay House, Inc "No" is sometimes the hardest word to say. It's also the most necessary. How many times have you heard yourself saying yes to the wrong things—overwhelming requests, bad relationships, time-consuming obligations? How often have you wished you could summon the power to turn them down? This lively, practical guide helps you take back that power—and shows that a well-placed No can not only save you time and trouble, it can save your life. Drawing on their own stories as well as feedback from their readers and students, James Altucher and Claudia Azula Altucher clearly show that you have the right to say no: To anything that is hurting you. To standards that no longer serve you. To people who drain you of your creativity and expression. To beliefs that are not true to the real you. It's one thing to say no, the authors explain. It's another thing to have the Power of No. When you do, you will have a stronger sense of what is good for you and the people around you, and you will have a deeper understanding of who you are. And, ultimately, you'll be freed to say a truly powerful "Yes" in your life—one that opens the door to opportunities, abundance, and love.

CHOOSE YOUR OWN DISASTER

Grand Central Publishing A "hilarious and heartbreaking" (Jo Piazza) and unflinchingly honest memoir about one young woman's terrible and life-changing decisions while hoping--and sometimes failing--to find herself, in the style of *Never Have I Ever* and *Adulthood*. Join Dana Schwartz on a journey revisiting all of the awful choices she made in her early twenties through the internet's favorite method of self-knowledge: the quiz. Part-memoir, part-VERY long personality test, **CHOOSE YOUR OWN DISASTER** is a manifesto about the millennial experience and modern feminism and how the easy advice of "you can be anything you want!" is actually pretty fucking difficult when there are so many possible versions of yourself it seems like you could be. Dana has no idea who she is, but at least she knows she's a Carrie, a Ravenclaw, a Raphael, a Belle, a former emo kid, a Twitter addict, and a millennial just trying her best. "This long-form personality quiz manages to combine humor with unflinching honesty as one young woman tries to find herself amid the many, many choices that your twenties have to offer."-Bustle

REINVENT YOURSELF

Createspace Independent Publishing Platform I've reinvented my career, my interests, my life, many times over the past twenty years. This is the book I wish I had at the beginning of that long and often volatile journey. I found when I outsourced my self-esteem to only one outcome, disaster resulted. Reinvention was the key to ensuring that the outcomes in life were positive ones. And now the entire world: technology, governments, the shifting landscapes of opportunity and success, are all turning upside down, forcing us to reinvent as individuals and as a culture. Along my own journey I have read and encountered dozens of other successful leaders, artists, entrepreneurs, and mentors who I have learned the art of reinvention from. The journey has been intense. The obstacles were hard fought. And the adventures that led to me now finally sharing it all in this book has been both painful and exhilarating. I describe specific techniques, share stories, tell the stories of others, and give the ultimate guide to not only how but why it is critical for people to master the skills of reinvention. What I've learned: change is the only constant. Companies decay, technologies disappear, governments change, relationships change and opportunity is a shifting landscape. Reading the stories and learning the critical skills taught in *Reinvent Yourself* is how I found my own way through the chaos of change and onto the path of new opportunity and success. Again, this is the book I wish I had in my hands twenty years ago although I am glad that I am writing it now.

BECOME AN IDEA MACHINE

BECAUSE IDEAS ARE THE CURRENCY OF THE 21ST CENTURY

HOW DO I TRANSFORM MY LIFE? The answer is simple: come up with ten ideas a day. It doesn't matter if they are good or bad the key is to exercise your 'idea muscle', to keep it toned, and in great shape. People say ideas are cheap and execution is everything but that is NOT true. Execution is a consequence, a subset of good, brilliant idea. And good ideas require daily work. Ideas may be easy if we are only coming up with one or two but if you open this book to any of the pages and try to produce more than three, you will feel a burn, scratch your head, and you will be sweating, and working hard. There is a turning point when you reach idea number 6 for the day, you still have four to go, and your mind muscle is getting a workout. By the time you list those last ideas to make it to ten you will see for yourself what "sweating the idea muscle" means. As you practice the daily idea generation you become an idea machine. When we become idea machines we are flooded with lots of bad ideas but also with some that are very good. This happens by the sheer force of the number, because we are coming up with 3,650 ideas per year (at ten a day). When you are inspired by an extraordinary idea, all of your thoughts break their chains, you go beyond limitations and your capacity to act expands in every direction. Forces and abilities you did not know you had come to the surface, and you realize you are capable of doing great things. As you practice with the suggested prompts in this book your ideas will get better, you will be a source of great insight for others, people will find you magnetic, and they will want to hang out with you because you have so much to offer. When you practice every day your life will transform, in no more than 180 days, because it has no other evolutionary choice. Life changes for the better when we become the source of positive, insightful, and helpful ideas. Don't believe a word I say. Instead, challenge yourself to try it for the 180 days and see your life transform, in magical ways, in front of your very eyes.

It means getting out of survival mode, where you are one problem away from catastrophe. It means changing your mindset from instant gratification to goal orientation. It means being able to sleep at night without worry. It means being rich in every way: rich in money, rich in family, rich in love, rich in time—abundant! For Nely Galán—entrepreneur, TV producer, and real estate mogul—helping women to become self-made is a movement and a mission. Galán pulls no punches. She is the straight-talking friend and mentor you've always wanted, and here she shares valuable, candid, no-nonsense lessons learned on her own path to becoming self-made (“There is no Prince Charming”; “Think like an immigrant”; “In your pain is your brand”; “Don't buy shoes, buy buildings!”). You'll read inspiring stories of women who started and grew businesses out of ingenuity, opportunity, and need. You'll find exercises to help you identify your goals and your strengths. THERAPIZE YOURSELF

CHOOSE TO HEAL AND FIND YOUR TRUTH

Carrie Leaf Press Arriving at our answers means going on a journey and facing some tough stuff about ourselves. There's no way around it. If we want to heal and grow, we have to go straight through the thick of it. In Therapize Yourself, practicing psychotherapist Carrie Leaf won't tell you what your deal is or exactly how to “fix” it, but if you commit to this journey you're on, and you put in the time, effort, and energy, this book can help guide you to the answers within you. The best part? Once you've found your answers, you'll realize you already knew your answers—and that what you needed was the journey. Boom. We have to go through it. We can't go around it. We have to face it head on and deal with it. We have to learn how to tap into our intuition about what our mind, body, and soul need in order to heal and move forward in life. With an easy to follow step-by-step process, Carrie will lead you on building a healthy foundation for good mental health and identifying and bringing subconscious negative beliefs and patterns to the conscious so that we can begin healing. Whatever your “it” is, it has most likely been there for a long time. It doesn't matter if it's relationships, career, family, addiction, weight loss issues, anxiety, depression, etc. So, just as it took time to become a problem, it will take time to resolve the problem. The time spent healing, however, does not have to be equivalent to the time it took for your pain to hit the saturation point. The time it will take to heal will depend on your level of commitment, your willingness to be uncomfortable and push through, and your approach to doing so. Ready to dig in?

GRIT

THE POWER OF PASSION AND PERSEVERANCE

Simon and Schuster In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among Grit's most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Wittingly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

SKIP THE LINE

THE 10,000 EXPERIMENTS RULE AND OTHER SURPRISING ADVICE FOR REACHING YOUR GOALS

HarperCollins The entrepreneur, angel investor, and bestselling author of Choose Yourself busts the 10,000-hour rule of achieving mastery, offering a new mindset and dozens of techniques that will inspire any professional—no matter their age or managerial level—to pursue their passions and quickly acquire the skills they need to succeed and achieve their dreams. We live in a hierarchical world where experience has traditionally been the key to promotion. But that period is over! Straight, clear-cut career trajectories no longer exist. Industries disappear, job descriptions change, and people's interests and passions evolve. The key to riding this wave, entrepreneur James Altucher advises, is to constantly be curious about what's next, to be comfortable with uncertainty so you can keep navigating the rough waters ahead, and most important, to pursue the things that interest you. In Skip the Line, he reveals how he went from struggling and depressed to making his personal, financial, and creative dreams come true, despite—and perhaps due to—his many failures along the way. Altucher combines his personal story with concrete—and unorthodox—insights that work. But Skip the Line isn't about hacks and shortcuts—it's about transforming the way you think, work, and live, letting your interests guide your learning, time, and resources. It's about allowing yourself to do what comes naturally; the more you do what you love, the better you do it. While showing you how to approach change and crisis, Altucher

gives you tools to help easily execute ideas, become an expert negotiator, attract the attention of those around you, scale promising ideas, and improve leadership—all of which will catapult you higher than you ever thought possible and at a speed that everyone will tell you is impossible.

THE ART OF FAILURE

AN ESSAY ON THE PAIN OF PLAYING VIDEO GAMES

MIT Press An exploration of why we play video games despite the fact that we are almost certain to feel unhappy when we fail at them. We may think of video games as being "fun," but in *The Art of Failure*, Jesper Juul claims that this is almost entirely mistaken. When we play video games, our facial expressions are rarely those of happiness or bliss. Instead, we frown, grimace, and shout in frustration as we lose, or die, or fail to advance to the next level. Humans may have a fundamental desire to succeed and feel competent, but game players choose to engage in an activity in which they are nearly certain to fail and feel incompetent. So why do we play video games even though they make us unhappy? Juul examines this paradox. In video games, as in tragic works of art, literature, theater, and cinema, it seems that we want to experience unpleasantness even if we also dislike it. Reader or audience reaction to tragedy is often explained as catharsis, as a purging of negative emotions. But, Juul points out, this doesn't seem to be the case for video game players. Games do not purge us of unpleasant emotions; they produce them in the first place. What, then, does failure in video game playing do? Juul argues that failure in a game is unique in that when you fail in a game, you (not a character) are in some way inadequate. Yet games also motivate us to play more, in order to escape that inadequacy, and the feeling of escaping failure (often by improving skills) is a central enjoyment of games. Games, writes Juul, are the art of failure: the singular art form that sets us up for failure and allows us to experience it and experiment with it. *The Art of Failure* is essential reading for anyone interested in video games, whether as entertainment, art, or education.

CHOOSE YOUR OWN APOCALYPSE WITH KIM JONG-UN & FRIENDS

Canongate Books There are many ways civilisation could end, even with wise, benevolent leaders like Kim Jong-un, Donald Trump and Vladimir Putin watching over us. Now, in this fun interactive story of global doom, YOU decide how humanity perishes. Will we be turned to grey goo by Elon Musk's nanobots? Driven collectively insane by Russia's most potent memes? Or smashed to atoms by someone sitting on the wrong button in North Korea? In this book, YOU will meet the leaders with the future of civilisation in their hands. And YOUR wits and judgement will decide how we all inevitably die. Or then again, maybe, just maybe, with a little positive thinking, YOU will find a way to keep us all safe long enough to expire of old age and global warming instead. Just don't get too hopeful. On every page of *Choose Your Own Apocalypse with Kim Jong-un & Friends*, the end of your choice is most definitely nigh.

THINK AND GROW RICH FOR WOMEN

USING YOUR POWER TO CREATE SUCCESS AND SIGNIFICANCE

Penguin Women are the future of American business. According to a recent Nielsen report, women will control two-thirds of American consumer wealth in less than a decade. And yet almost all business and success literature is still written for men—dispensing advice that doesn't take into account women's unique strengths or address the demands of family life on mothers. *Think and Grow Rich for Women* is a powerful new book—from the award-winning author of *Think and Grow Rich: Three Feet from Gold* and coauthor of the multimillion-selling *Rich Dad, Poor Dad*. It combines Hill's classic *Thirteen Steps to Success* with case studies of noteworthy women (including Sandra Day O'Connor, Maya Angelou, Katie Couric, Caroline Kennedy, Madonna, Oprah Winfrey, Margaret Thatcher, Condoleeza Rice, J. K. Rowling, Barbara De Angelis, Marianne Williamson Angela Merkel, Mary Kay Ash, IBM CEO Ginni Rometty and many more),

outlining a master plan for success for all women.

LOVE YOURSELF LIKE YOUR LIFE DEPENDS ON IT

HarperCollins **THE SELF-PUBLISHED PHENOMENON –NOW FULLY REVISED AND EXPANDED** I almost didn't publish Love Yourself Like Your Life Depends on It. Here I was, a CEO who'd fallen apart after his company failed, writing a book about how loving himself saved him. I thought I'd be a laughingstock and my career would be finished. But I stepped through the fears and shared my truth with the world. The book went viral. Amazing people all over bought copies for friends and family. For some, this book saved their lives. For others, it was the first time they ever loved themselves. Many readers reached out and asked questions. This taught me that, to create lasting impact, I had to go deeper. So, seven years later, here it is. All the questions I received, resolved. My intention is that by the time you finish this new edition, not only will you be committed to loving yourself, you'll know exactly how to do it. And, most importantly, how to make it last.
