### **AN INTRODUCTORY BIOGRAPHY FOR EVANGELICALS**

---

*Wm. B. Eerdmans Publishing* Karl Barth has long been an object of both suspicion and curiosity for evangelical Christians. Those who do want to know more about Barth often find themselves daunted by the sheer volume of his massive output, unsure of where to start or how to engage with the famously prolific theologian. "We flip through the nearly 9,000 pages of the Church Dogmatics," says author Mark Galli, "read a passage or two of his dense prose, and run for our theological lives." In this reader-friendly introduction to Karl Barth, Galli takes readers on a whirlwind tour of the life and writings of this giant of twentieth-century theology, paying special attention to themes and topics of concern for contemporary evangelicals, who may need Barth's acute critique as much as early-twentieth-century liberals did--and for surprisingly similar reasons. "To be sure, Barth has his share of personal and theological flaws," admits Galli. Even so, he contends, "because his theology is so grounded in Scripture, Barth is able as few can to remind us of the

height, breadth, and depth of God's love in Jesus Christ."

## **THE EPISTLE TO THE EPHESIANS**

---

*Baker Academic* Karl Barth is widely acknowledged as one of the great theologians of the church. This masterful example of theological interpretation of the biblical text presents Barth's insights on an important Pauline epistle. In 1921-22, Barth taught a course on the exposition of Ephesians at the University of Göttingen, lecturing from a detailed and carefully researched manuscript. The resulting lectures, now available in English for the first time, introduce theological and exegetical issues pertinent to the study of Ephesians. Introductory essays by world-renowned scholars Francis Watson and John Webster are included.

### **THE DOCTRINE OF CREATION. III. 2. SECTIONS 43-44**

---

"Karl Barth's Church Dogmatics is one of the major theological works of the 20th century. The Swiss-German theologian Karl Barth (1886-1968) was the most original and significant Reformed theologian of the twentieth century. Barth began the Church Dogmatics in 1932 and continued working on its thirteen volumes until the end of his life. Barth's writings continue to guide and instruct the preaching and teaching of pastors and academics worldwide. The English translation was prepared by a team of scholars and edited by G. W. Bromiley and T. F. Torrance and published from 1936. A team of scholars at Princeton Theological Seminary have now provided the translation of Greek, Latin, Hebrew and French passages into English. The original is presented alongside the English translation. This makes the work more reader friendly and accessible to the growing number of students who do not have a working knowledge of the ancient languages. This new edition with translations is now available for the first time in individual volumes."--

## **DOGMATICS IN OUTLINE**

---

*SCM Press* Barth stands before us as the greatest theologian of the twentieth century, yet the massive corpus of work which he left behind, the multi volume Church Dogmatics, can seem daunting and formidable to readers today. Fortunately his Dogmatics in Outline first published in English in 1949, contains in brilliantly concentrated form even in shorthand, the essential tenets of his thinking. Built around the assertions made in the Apostles Creed the book consists of a series of reflections on the foundation stones of Christian doctrine. Because Dogmatics in Outline derives from very particular circumstances namely the lectures Barth gave in war-shattered Germany in 1946, it has an urgency and a compassion which lend the text a powerful simplicity. Despite its brevity the book

makes a tremendous impact, which in this new edition will now be felt by a fresh generation of readers.

*Wm. B. Eerdmans Publishing* This short textbook, the latest volume in the *Guides to Theology* series, surveys key themes and aspects of Christian hope by tracing eschatological ideas as they have developed from Scripture throughout the history of theology. ### THE COVENANT OF REDEMPTION

---

#### ORIGINS, DEVELOPMENT, AND RECEPTION

---

*Vandenhoeck & Ruprecht* The covenant of redemption (*pactum salutis*), the eternal intra-trinitarian covenant, was a common staple within Early Modern Reformed theology, yet there are very few historical works that examine this doctrine. J. V. Fesko's study, *The Covenant of Redemption: Origins, Development, and Reception*, seeks to address this lacuna. In the contemporary period the covenant of redemption has been derided as speculative, mythological, a declension from trinitarianism, or erroneously derived from one or two biblical proof-texts. Yet seldom have critics carefully engaged the primary sources to examine the different formulations, supporting exegesis, and ways in which the doctrine was employed. Far from speculation, sub-trinitarian, or a cold business transaction, proponents of the covenant of redemption constructed this doctrine based upon a web of interconnected biblical texts and were very sensitive to maintaining a robust doctrine of the trinity, as they employed this doctrine as a bulwark against the anti-trinitarian claims of Socinian theologians. Proponents of the doctrine also saw this pre-temporal covenant as the embodiment of intra-trinitarian love that overflows unto those chosen in Christ for their salvation and ultimate fellowship with the triune God. John V. Fesko explores the historical origins of the doctrine and then surveys its development in the seventeenth- through nineteenth-centuries, examining key advocates of the doctrine including, David Dickson, Herman Witsius, Johannes Cocceius, Francis Turretin, Patrick Gillespie, John Gill, Jonathan Edwards, Charles Hodge, and A. A. Hodge. He then examines the contemporary reception of the doctrine in the twentieth century with a survey of the doctrine's critics, including Karl Barth, Herman Hoeksema, Klaas Schilder, and John Murray. After exploring the claims of the critics, the study moves to examine the views of twentieth-century proponents, including Geerhardus Vos,

Herman Bavinck, Abraham Kuyper, Louis Berkhof, and G. C. Berkouwer.

**AN APPROACH TO THE THEOLOGY OF JONATHAN EDWARDS**

---

*Oxford University Press* This book offers a broad-based study of Jonathan Edwards as a religious thinker. Much attention has been given to Edwards in relation to his Puritan and Calvinist forebears. McClymond, however, examines Edwards in relation to his eighteenth-century intellectual context. In each of six chapters, he contextualizes and interprets some text or issue in Edwards within the emergent post-Lockean, post-Newtonian culture of the English-speaking world of the 1700s. Among the topics considered are spiritual perception, metaphysics, contemplation, ethics and morality, and apologetics.

## **THEOLOGICAL INVESTIGATIONS INTO THE CONCEPT OF IMMORTALITY**

---

*Bloomsbury Publishing* How ought Christian faith and theology understand the concept of human immortality today? And what, if anything, might be distinctively Christian about such a concept? The contributors to this volume explore how our thinking about the prospect of human immortality is decisively determined by what we receive of the limitless life of the triune God of the gospel, and how our understanding of immortality is made concrete by the Christian hope in 'the resurrection of the body and the life everlasting'. Debates about how best to understand the eternal life of God are directly significant to how we can imagine the promise of eternal life. While immortality is generally conceived to be a future qualification of human reality, theological approaches to the question of personal immortality must investigate the difference that the hope and promise of such eternal life makes in the living of present-day spiritual life as well as in our common moral and political existence. To understand immortality as an eschatological gift of God requires that we take account of it as a formative factor at the foundations of the Christian life.

## **CHRIST AND ADAM**

## MAN AND HUMANITY IN ROMANS 5

---

*Wipf and Stock Publishers* In this essay, Barth discusses the relationship between Christ and Adam as understood by Paul. Moving beyond traditional exegetical and theological scholarship done on Romans 5, Barth offers an entirely new interpretation of the conception of humanity presented in Paul's view of the Christ-Adam relationship. A valid contribution to the interpretation of Romans 5, 'Christ and Adam' is also an example of Barth's exegetical method and provides insight into his broader theological project.

---

## THE CALL TO DISCIPLESHIP

---

*Fortress Press* In this brief essay, drawn from Church Dogmatics, Barth articulates what it means to follow Jesus in faith. He emphasizes that discipleship involves a detachment from the authority of possessions, foregoing the pursuit of personal glory, challenging the fear and use of force, the dissolution of self-evident personal attachments, and a "better righteousness," which goes beyond actions to intentions and practices piety in secret. "The command of Jesus . . . is issued with all the freedom and sovereignty of grace against which there can be no legitimate objections, of which no one is worthy, for which there can be no preparation, which none can elect, and in the face of which there can be no qualification."

## **BAPTIST IDENTITIES**

---

---

### **INTERNATIONAL STUDIES FROM THE SEVENTEENTH TO THE TWENTIETH CENTURIES**

---

*Wipf and Stock Publishers* The authors of the papers published here come from a dozen different countries and represent different expressions of Baptist life. The papers were delivered at the third International Conference on Baptist Studies, held at the International Baptist Theological Seminary in Prague in July 2003, with the theme Baptist Identities. Those who gave presentations explored what factors have contributed to the nature of Baptist distinctiveness in different countries and at different times. In some cases the authors have written about their own contexts, using specific case studies that relate to particular periods, whereas in other cases they range more widely, covering several countries and/or longer periods of time. Topics examined in this volume include theological education, women in leadership, issues of ethnicity, Baptist identity and national consciousness, and creeds. The regional scope of the Baptist stories that are analyzed includes Africa, Asia, Australia, Eastern and Western Europe, and North America. At a time when there is considerable discussion throughout the world Baptist community about the nature of Baptist identity, this collection of papers by significant historians of Baptist life is an important contribution.

### **TRINITARIAN ONTOLOGY AND ISRAEL IN ROBERT W. JENSON'S THEOLOGY**

---

*Wipf and Stock Publishers* Can Christian theology overcome its long-standing supersessionism without diluting its Trinitarian faith? Can Christian faith remain genuinely Christian when it fails to recognize the covenantal significance of the Jews? In his later career, leading Trinitarian theologian Robert Jenson's theology moves in a post-supersessionistic direction. That said, the conceptual nexus between his Trinitarian theology and his post-supersessionism is not always patent on the surface of his texts. In this book, Lee traces the post-supersessionistic development of Jenson's Trinitarian theology and uncovers the reasons why Jenson's Trinitarian theology sets out to embrace the existence of the Jews. This book seeks to show that Jenson's revisionary--historicized, "carnalized," hermeneutical, and eschatological--Trinitarian ontology allows for genuine confession of the eternal triune God as the God of Israel, and that it thereby lays a firm basis for a properly Christian post-supersessionism.

## **RIGHTS IN THE LAW**

---

---

## THE IMPORTANCE OF GOD'S FREE CHOICES IN THE THOUGHT OF FRANCIS TURRETIN

---

*Vandenhoeck & Ruprecht* James E. Bruce explores the relationship between morality and God's free choices in the thought of Francis Turretin (1623–1687). The first book-length treatment of Turretin's natural law theory, *Rights in the Law* provides an important theological backdrop to Early Modern moral and political philosophy. Turretin affirms Thomas Aquinas's approach to the natural law, calling it the common opinion of the Reformed orthodox, but he develops it, too, by introducing a threefold scheme of right (ius)—divine, natural, and positive—to explain how change within the law is possible. For example, God can change the specific day for Sabbath observance from Saturday to Sunday—from positive right—without changing the natural law precept that finite creatures ought to rest. Yet even with respect to the natural law God is still free. God can make a world in which there is no such thing as murder: he can choose not to make a world that contains such a thing as man. What God cannot do is make a murderable man. So God's free choices determine the natural law insofar as the natural law is constituted by the nature of the things that God has chosen to create.

## DOGMATIC ECCLESIOLOGY : VOLUME 1

### THE PRIESTLY CATHOLICITY OF THE CHURCH

---

*Baker Academic* Ecclesiology is a key issue for the present age of church history. This groundbreaking work by one of today's leading theologians offers a major Protestant ecclesiology for the church catholic. This volume, the first of three, considers the priesthood of the church in light of the priesthood of Christ. Tom Greggs shows the connection between Christ's work as high priest and the universal church's role in salvation. All together, the three volumes will offer a major statement on the doctrine of the church for Christians from a variety of backgrounds.

## **THE THISELTON COMPANION TO CHRISTIAN THEOLOGY**

---

*Wm. B. Eerdmans Publishing* Covering everything from Abba to Zwingli, The Thiselton Companion to Christian Theology offers a comprehensive account of a wide sweep of topics and thinkers in Christian theology. Written entirely by eminent scholar Anthony Thiselton, the book features a coherence lacking in most multiauthored volumes. Drawing on his encyclopedic knowledge, gained from fifty-plus years of study and teaching, Thiselton provides some six hundred articles on various aspects of theology throughout the centuries. The entries comprise both short descriptive surveys and longer essays of original assessment on central theological topics - such as atonement, Christology, God, and Holy Spirit -- and on such theologians as Aquinas, Augustine, Barth, Calvin, Kng, Luther, Moltmann, and Pannenberg. The book also includes a helpful time chart dating all of the theologians discussed and highlighting key events in Christian history; select reading suggestions conclude each of the longer entries. Equally valuable for research and teaching, The Thiselton Companion to Christian Theology will be a go-to reference for pastors, students, teachers, and theologians everywhere.

## **BARTH AND DOSTOEVSKY**

---

### **A STUDY OF THE INFLUENCE OF THE RUSSIAN WRITER FYODOR MIKHAILOVICH DOSTOEVSKY ON THE DEVELOPMENT OF THE SWISS THEOLOGIAN KARL BARTH, 1915-1922**

---

*Wipf and Stock Publishers* A work of historic and systematic theology, Barth and Dostoevsky, examines the influence of the Russian writer and prophet Fyodor Mikhailovich Dostoevsky on the Swiss theologian Karl Barth. This is a study that demonstrates that the writings of Dostoevsky affected the development of the theology of Karl Barth. This was an influence mediated by his friend and colleague Eduard Thurneysen and was in the form of a key element of Barth's thought: his understanding of sin and grace. Therefore, this study explicates first, the reading of Dostoevsky by Barth, 1915-1916, and the influence on this understanding of sin and grace; second, a study of Eduard Thurneysen in so far as his life and work complements and influences Barth; third, Barth's illustrative use of Dostoevsky, around 1918-1921, the period of the rewriting of his seminal commentary on Romans--the bombshell on the playground of the theologians, as Karl Adams put it.
