### **A PRINCE OF THE THEATRE : A BIOGRAPHY IN THREE ACTS**

---

Backstage Books "He's a legend of The Great White Way whose very name is synonymous with the Golden Age of Broadway: Moss Hart. In *Moss Hart: A Prince of the Theater*, biographer Jared Brown offers a meticulously researched, sensitive look at the life and work of a major American artist." "More than just an assessment of Hart's career, this is a personal portrait as well. Despite his enormous success in both theatre and film, Hart spent all of his adult life in psychoanalysis, attempting to come to grips with a crushing depression. He was rumored to be bisexual, and this book examines the evidence for that claim. When he married, in his forties, he and his wife, the actress-singer Kitty Carlisle, were said by Hart's friend and collaborator Alan Jay Lerner to be "not only an ideal couple, [but] the ideal couple." "This is the first biography to be written with the full cooperation of Hart's family and friends. Author Jared Brown had access to documents (such as Hart's diary) previously unavailable to biographers, and conducted lengthy interviews with Hart's wife and children, as well as with some of the most prominent performers he worked with, such as Julie Andrews, Gregory Peck, Eddie Albert, and Roubert Goulet. This long-awaited biography, featuring dozens of never-before-published photographs, is truly the definitive picture of an extraordinary man and a theatrical giant."--BOOK JACKET.

### **THE POETRY OF LUCILLE CLIFTON**

---

LSU Press Widely acclaimed for her powerful explorations of race, womanhood, spirituality, and mortality, poet Lucille Clifton has published thirteen volumes of poems since 1969 and has received numerous accolades for her work, including the 2000 National Book Award for *Blessing the Boats*. Her verse is featured in almost every anthology of contemporary poetry, and her readings draw large and enthusiastic audiences. Although Clifton's poetry is a pleasure to read, it is neither as simple nor as blithely celebratory as readers sometimes assume. The bursts of joy found in her polished, elegant lines are frequently set against a backdrop of regret and sorrow. Alternately consoling, stimulating, and emotionally devastating, Clifton's poems are unforgettable. In *Wild Blessings*, Hilary Holladay offers the first full-length study of Clifton's poetry, drawing on a broad knowledge of the American poetic tradition and African American poetry in particular. Holladay places Clifton's poems in multiple contexts -- personal, political, and literary -- as she explicates major themes and analyzes specific works: Clifton's poems about womanhood, a central concern throughout her career; her fertility poems, which are provocatively compared with Sylvia Plath's poems on the same subject; her relation to the Black Arts Movement and to other black female poets, such as Gwendolyn Brooks and Sonia Sanchez; her biblical poems; her elegies; and her poignant family history, *Generations*, an extended prose poem. In addition to a new preface written after Clifton's death in 2010, this updated edition includes an epilogue that discusses the poetry collections she published after 2004. Readers encountering Lucille Clifton's poems for the first time and those long familiar with her distinctive voice will benefit from Hilary Holladay's striking insights and her illuminating interview with the influential American poet.

### **QUEERING JEWISH AMERICAN CULTURE**

---

Syracuse University Press Tony Kushner's award-winning epic play *Angels in America* was remarkable not only for its sensitive engagement of Jewish-American and gay culture but also for bringing these themes to a mainstream audience. While the play represented a watershed in American theater and culture, it belies a hundred years

of previous attention to queer Jewish identity in twentieth-century American literature, drama, and film. In *The Passing Game*, Warren Hoffman sheds light on this long history, taking up both Yiddish and English narratives that explore the tensions among Jewish identity, queer sexuality, performance, and American citizenship. With fresh insight Hoffman examines the 1907 Yiddish play *God of Vengeance* by Sholem Asch, the cross-dressing films of Yiddish actress Molly Picon, and several short stories by Isaac Bashevis Singer. He also analyzes the English-language novels *The Rise of David Levinsky* (Abraham Cahan), *Wasteland* (Jo Sinclair), and *Portnoy's Complaint* (Phillip Roth). Hoffman highlights the ways in which the characters in these canonical texts attempt to "pass" as white, straight, and American in the early and mid-twentieth century. This pioneering work is a welcome contribution to the study of Jewish American literature and culture.

Fairleigh Dickinson Univ Press *Individual chapters treat the poetry Ewart contributed to various "little magazines" during the 1930s and 1940s; references in Ewart's poems to poetic craft, audience, and tradition; and his handling of characteristic themes including place, the world of work, marriage and children, and death. A full chapter is devoted to the erotically charged poetry for which Ewart was probably best known; the author argues that the richness of this poetry arises from the dynamic interplay of two contrasting poetical personae.*--BOOK JACKET.

#### **THE ANGLOPHONE WORLD**

---

*Routledge* While Kierkegaard is primarily known as a philosopher or religious thinker, his writings have also been used extensively by literary writers, critics and artists. This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world. They have been attracted to his creative mixing of genres, his complex use of pseudonyms, his rhetoric and literary style, and his rich images, parables, and allegories. The present volume documents this influence in the different language groups and traditions. Tome IV examines Kierkegaard's surprisingly extensive influence in the Anglophone world of literature and art, particularly in the United States. His thought appears in the work of the novelists Walker Percy, James Baldwin, Flannery O'Connor, William Styron, Don DeLillo, and Louise Erdrich. He has also been used by the famous American literary critics, George Steiner and Harold Bloom. The American composer Samuel Barber made use of Kierkegaard in his musical works. Kierkegaard has also exercised an influence on British and Irish letters. W.H. Auden sought in Kierkegaard ideas for his poetic works, and the contemporary English novelist David Lodge has written a novel *Therapy*, in which Kierkegaard plays an important role. Cryptic traces of Kierkegaard can also be found in the work of the famous Irish writer James Joyce.

### J. M. COETZEE AND THE ETHICS OF READING

---

---

#### LITERATURE IN THE EVENT

---

University of Chicago Press *Nobel Prize-winning novelist J. M. Coetzee is one of the most widely taught contemporary writers, but also one of the most elusive. Many critics who have addressed his work have devoted themselves to rendering it more accessible and acceptable, often playing down the features that discomfort and perplex his readers. Yet it is just these features, Derek Attridge argues, that give Coetzee's work its haunting power and offer its greatest rewards. Attridge does justice to this power and these rewards in a study that serves as an introduction for readers new to Coetzee and a stimulus for thought for those who know his work well. Without overlooking the South African dimension of his fiction, Attridge treats Coetzee as a writer who raises questions of central importance to current debates both within literary studies and more widely in the ethical arena. Implicit throughout the book is Attridge's view that literature, more than philosophy, politics, or even religion, does singular justice to our ethical impulses and acts. Attridge follows Coetzee's lead in exploring a number of issues such as interpretation and literary judgment, responsibility to the other, trust and betrayal, artistic commitment, confession, and the problematic idea of truth to the self.*

### ENCOUNTERS: THE CREATION OF NEW ZEALAND

---

---

#### THE CREATION OF NEW ZEALAND EPUB

---

Penguin Random House New Zealand Limited *'Throughout its human history, New Zealand has been interpreted and experienced in often radically different ways. Each wave of arrivals to its shores has left its own set of views of New Zealand on the country - applying a new coat of mythology and understanding to the landscape, usually without fully removing the one that lies beneath it.' Encounters is the wide-ranging, audacious and gripping story of New Zealand's changing national identity, how it has emerged and evolved through generations. In this genre-busting book, historian Paul Moon delves into how the many and conflicting ideas about New Zealand came into being. Along the way, he explores forgotten crevices of the nation's character, and exposes some of the mythology of its past and present. These include, for example, the earliest Maori myths and the 'mock sacredness' of the All Blacks in the twenty-first century; the role of nostalgia in our national character, both Maori and Pakeha; whether the explorer Kupe existed; the appeal of the Speight's 'Southern Man'; and ruminations on New Zealand art and landscape. What results is an absorbing piece of scholarship, an imaginative and exuberant epic that will challenge preconceptions about what it means to be a New Zealander, and how our country is understood. Lyrical, breathtaking and provocative, and illustrated*

with artworks throughout, *Encounters* offers an extraordinary insight into the beginnings of our country.

## **J.M. ROBERTSON**

---

---

### **RATIONALIST AND LITERARY CRITIC**

---

*Routledge* Published in 1998, *J. M. Robertson: Rationalist and Literary Critic* is a study of the life of one of the most erudite and prolific critics of the late nineteenth and early twentieth centuries. The Scotsman John MacKinnon Robertson (1856-1933), rationalist and enemy of religion to the core, published over one hundred books and thousands of articles in fields as diverse as sociology, economics, history, anthropology, biblical criticism and literary criticism. This once widely known (and feared!) author was all too quickly forgotten after his death and his work is now seldom read. The aim of this book is to demonstrate that Robertson's writings and in particular his acute and powerful literary criticism – much respected by T. S. Eliot – have not lost their relevance for late twentieth century readers. Moreover, through the examinations of Robertson's work in its contextual framework, this study provides a wide-ranging perspective on the late-Victorian literary scene, which perhaps present-day literary historians have not given the detailed attention it deserves.

## **LEADERS FROM THE 1960S**

---

### **A BIOGRAPHICAL SOURCEBOOK OF AMERICAN ACTIVISM**

---

Greenwood Publishing Group *The radicals and liberals of the 1960s expressed ideas that continue to both attract and repel people decades later. Nostalgia books relive the Woodstock festival and the protests; past Presidents Bush and Reagan remember the era with unease; and scholars skirmish over the meaning of the period. DeLeon is the first to provide information on activists of the period and their continued activities into the 1990s. With major sections on racial democracy, peace and freedom, sexuality and gender, the environment, radical culture, and visions of alternative societies, the book includes entries on a wide selection of nationally prominent personalities of the 1960s. In addition to those who dominated those years, the volume includes earlier activists who came into prominence in the 1960s and those who have come into the limelight since the 1960s. Each entry provides a biographical sketch, but the focus is on the person's basic concepts or the essence of his or her work and the public response it generated. The volume also includes extensive bibliographies on the individuals and the period.*

## **THE CAMBRIDGE HISTORY OF LITERARY CRITICISM: VOLUME 6, THE NINETEENTH CENTURY, C.1830-1914**

---

Cambridge University Press *In the nineteenth century, literary criticism first developed into an autonomous, professional discipline in the universities. This volume provides a comprehensive and authoritative study of the vast field of literary criticism between 1830 and 1914. In over thirty essays written from a broad range of perspectives, international scholars examine the growth of literary criticism as an institution, and the major critical developments in diverse national traditions and in different genres, as well as the major movements of Realism, Naturalism, Symbolism and Decadence. The History offers a detailed focus on some of the era's great critical figures, such as Sainte-Beuve, Hippolyte Taine and Matthew Arnold, and includes essays devoted to the connections of literary criticism with other disciplines in science, the arts and Biblical studies. The publication of this volume marks the completion of the monumental Cambridge History of Literary Criticism from antiquity to the present day.*

## **MURRAY KRIEGER AND CONTEMPORARY CRITICAL THEORY**

---

Columbia University Press *Why do smokers claim that the first cigarette of the day is*

*the best? What is the biological basis behind some heavy drinkers' belief that the "hair-of-the-dog" method alleviates the effects of a hangover? Why does marijuana seem to affect one's problem-solving capacity? Intoxicating Minds is, in the author's words, "a grand excavation of drug myth." Neither extolling nor condemning drug use, it is a story of scientific and artistic achievement, war and greed, empires and religions, and lessons for the future. Ciaran Regan looks at each class of drugs, describing the historical evolution of their use, explaining how they work within the brain's neurophysiology, and outlining the basic pharmacology of those substances. From a consideration of the effect of stimulants, such as caffeine and nicotine, and the reasons and consequences of their sudden popularity in the seventeenth century, the book moves to a discussion of more modern stimulants, such as cocaine and ecstasy. In addition, Regan explains how we process memory, the nature of thought disorders, and therapies for treating depression and schizophrenia. Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations. Finally, Intoxicating Minds considers the physical consequences of our co-evolution with drugs -- how they have altered our very being -- and offers a glimpse of the brave new world of drug therapies.*

## **UNDERSTANDING CONTEMPORARY AMERICAN LITERARY THEORY**

---

*Univ of South Carolina Press* In this revised edition of *Understanding Contemporary American Literary Theory*, Michael P. Spikes adds Stanley Fish and Susan Bordo to the critics whose careers, key texts, and central assumptions he discusses in introducing readers to developments in American literary theory during the past thirty-five years. Underscoring the largely heterogeneous mix of strategies and suppositions that these critics, along with Paul de Man, Henry Louis Gates Jr., Edward W. Said, and Stephen Greenblatt, represent, Spikes offers concise analyses of their principal claims and illustrates how their works reflect a range of critical perspectives, from deconstruction, African American studies, and reader-response theory to political criticism, the new historicism, and feminism.

### **SWEDEN AND NORWAY**

---

*Routledge* While Kierkegaard is primarily known as a philosopher or religious thinker,

*his writings have also been used extensively by literary writers, critics and artists. This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world. They have been attracted to his creative mixing of genres, his complex use of pseudonyms, his rhetoric and literary style, and his rich images, parables and allegories. The present volume documents this influence in the different language groups and traditions. Tome III investigates the works of Swedish and Norwegian writers and artists inspired by Kierkegaard. In Sweden the novelist Victoria Benedictsson made use of Kierkegaard during the period of the so-called Modern Breakthrough, as did the playwright August Strindberg. Later Swedish writers have continued to draw on his thought, such as Selma Lagerlof, Lars Ahlin, Lars Gyllensten, and Carl-Henning Wijkmark. The Norwegian reception of Kierkegaard also began remarkably early and was shaped by the leading names in Norwegian cultural life. Despite his coy responses to questions about his relation to Kierkegaard, Henrik Ibsen clearly seems to have been inspired by the Dane in works such as Brand. Norwegian writer and poet Bjornstjerne Bjornson, who was influenced by the Modern Breakthrough movement, was also deeply inspired by Kierkegaard. Finally, the celebrated Norwegian artist Edvard Munch (1863-1944) closely studied key Kierkegaardian concepts such as anxiety, and his influence is notable in his iconic paintings such as The Scream.*

## **ENCYCLOPEDIA OF CONTEMPORARY LITERARY THEORY**

---

### **APPROACHES, SCHOLARS, TERMS**

---

*University of Toronto Press* The last half of the twentieth century has seen the emergence of literary theory as a new discipline. As with any body of scholarship, various schools of thought exist, and sometimes conflict, within it. I.R. Makaryk has compiled a welcome guide to the field. Accessible and jargon-free, the *Encyclopedia of Contemporary Literary Theory* provides lucid, concise explanations of myriad approaches to literature that have arisen over the past forty years. Some 170 scholars from around the world have contributed their expertise to this volume. Their work is organized into three parts. In Part I, forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose. The essays also discuss the uses and limitations of the various schools, and the key issues they address. Part II focuses on individual theorists. It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I. This second section analyses the individual achievements, as well as the influence, of specific scholars, and places them in a larger critical context. Part III deals with the vocabulary of literary theory. It identifies significant, complex terms, places them in context, and explains their origins and use. Accessibility is a key feature of the work. By avoiding jargon, providing mini-bibliographies, and cross-referencing throughout, Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture.

## **ENCOUNTERING THE NORTH**

---

### **CULTURAL GEOGRAPHY, INTERNATIONAL RELATIONS AND NORTHERN LANDSCAPES**

---

*Routledge* This title was first published in 2003. This volume is concerned with the European north above the Arctic Circle and its representations in Cultural Geography and International Relations. The chapters in the book deal with cultural, geographical and political imaginations of northern peoples and landscapes. Emphasis is placed on the triangle of and interrelationship between culture, geography and politics. The historical and contemporary variations of meaning assigned to the north point to real processes which need to be studied in their own right. To achieve this aim, the book does not plainly specify the sites and levels of discourses (be they academic, political or popular), but it does take into account the material circumstances making the context of the European north. Illustrated by a coherent set of specially written case studies, the volume explores issues such as history, literature, gender, folk culture, pictorial representations, environment and climate change and links these issues with the (geo-)politics of the region.

## **KEYWORDS IN WESTERN LITERARY CRITICISM AND CONTEMPORARY CHINA**

---

### **VOLUME 1**

---

Routledge *Since the reform and opening up of China in 1978, Western literary criticism has begun to flourish and gain in popularity within the country's academic literature community. These two volumes meticulously select and examine nine of the most influential keywords from Western literary theory while identifying the intricate historical sources of these terms and analyzing their relevance to other disciplines and ideas. The result shows how these words function as heterogeneous cultural contexts in the complexity of experience but also how they function within the context of Chinese culture as well as Chinese literature and criticism. In this volume, the editors focus on discourse, text, narrative, literariness and irony from the perspectives of etymology, documentation, meanings and other core factors. Students of literature and languages, and especially Chinese literature, will benefit from this two-volume set.*
