The Legacy Chronicles Book 1. 5

Can two people with opposing principles overcome their differences to be together? Than has spent his life ostensibly having fun while secretly fighting for his people's freedom. A member of the underground resistance, he is only ever serious around his comrades and his family. When an injury forces him to step down from active duty and his reluctant nurse sparks his interest, Than finds himself in uncharted territory. The fascinating woman will have nothing to do with him. Menali's past has taught her to keep her head down and trust that God has a reason for allowing the human race to suffer on U'du. When Than explodes into her life, he refuses to take no for an answer and challenges all of her preconceptions. He soon has her re-evaluating her priorities and wondering what life with someone like him would be like. Take a detour from the main series to follow Than and Menali through the aftermath of the culling and explore what happens when others see beneath the masks we wear. NOTE: For maximum enjoyment, The Legacy Chronicles are best read in order, starting with Courage.

Rahab's Courage

Whitstead Christmastide

A Speculative Anthology

Whitstead, December 1844 There has always been something a little otherworldly about the village of Whitstead; there are thin places, where the ordinary world touches on the realms of fairies, ghosts, and darkness. And this year, during the holy season of Christmas, various forces—dragons, demons, fae, dreams, and snow—act on the denizens of the town. A dryad is on a mission to free something trapped in a mirror. A little girl prays for a Christmas pudding. A blind peddler sings in the town square. A gnome prepares for the mission of a lifetime. An alien spaceship crash-lands in the snow... And angels are on the move. Charity and family love, healing and new purpose, visions and song, all awaken in the season celebrating the Greatest Gift. Twenty-five stories of love and loss, adventure and homecoming, myth and legend, the chill of snow and the warmth of the Christmas fire. From authors David Wayne Landrum, Steve Rzasa, Mary Schlegel, Lauren Salisbury, Laura Nelson Selinsky, and many others.

Behind The Shadow: Parts 1-4

Book 1 of The Granville Legacy Series

Brangwyn Press Compelling romance and swashbuckling thrills. Shadows aren't always what they seem. The dramatic and gripping story of one man with two lives and the woman he craves, but cannot have... It started with one exceptional man, Francis Granville. He was a British aristocrat with an illustrious title and lineage that could be traced back for centuries. However, this was no bored, frivolous, idle peer or courtier. Behind the veneer of remote, ducal aloofness that most of late 18th century aristocratic society saw, Francis was both an extremely able as well as a down-to-earth and charming man. To those aware of his extensive business interests, he was astute, rich and powerful, with diverse enterprises and holdings around the expanding British Empire and further, to countries eager and open to trade. However, absolutely no one knew about his 'little sideline' - because he was also a ruthless, faceless and elusive criminal, known only as The Shadow, or L'Ombre. He had a price on his head and was wanted on both sides of the English Channel for smuggling and pirating. Francis Granville was one man with two lives. And then, one fateful day changed the course of his life. While he was in Normandy, in northern France, on one of his illegal trading expeditions, L'Ombre was approached for help by a Frenchwoman, desperate to save her family. The lengths she'd gone to in order to find him and plead her case made him wonder what it would be like to have someone care for him so much they'd risk losing everything they owned, including their freedom, even their life, just to save him from a dire fate. Francis had always managed to wrap most people around his little finger, especially women; he'd also laughed at danger, thought himself untouchable and invincible, and relished the excitement his secret double life brought him. That was until his long-time enemy finally caught up with him, a malicious and clever adversary who'd been using the growing social unrest and inefficient government in France during the late 1780's and the start of the Revolution to further his own nefarious ends. Francis's arrogance and distraction were nearly his downfall, causing him to risk losing not only his life in terrible circumstances, but also the unconventional woman who meant everything to him.
