ANCIENT EGYPT

THE LIGHT OF THE WORLD

Cosimo, Inc. With his earlier two series in Egyptology, Gerald Massey turned existing doctrine on its head to argue that not only had Egypt spawned human civilization, but that Egyptian mythology was the basis for Jewish and Christian beliefs. The culmination of his years at this particular intellectual pursuit, *Ancient Egypt: The Light of the World* is Massey's crown jewel. In this, the most philosophical (in both tone and concept) of his Egyptological works, Massey, ever the intrepid escort, leads a tour through thousands of years of sociological, cultural, and spiritual development, all the while pointing, with dazzling reason and persuasive prose, to a distant, common, Egyptian origin. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *A Book of the Beginnings* and *The Natural Genesis*.

TEA ON THE TERRACE

HOTELS AND EGYPTOLOGISTS' SOCIAL NETWORKS, 1885-1925

Manchester University Press *Tea on the terrace* takes the reader on a journey up and down the Nile with famous archaeologists and Egyptologists. Spending time with these fascinating men and women at their hotels and on their boats, the book reveals that a great deal of archaeological work took place away from field sites and museums. Arriving in Alexandria, travellers such as Americans Theodore Davis, Emma Andrews and James Breasted, and Britons Wallis Budge, Maggie Benson and Howard Carter moved on to Cairo before heading south for Luxor, the site of the Ancient Egyptian city of Thebes. The book follows them on their journey, listening in on their conversations and observing their activities. Applying insights from social studies of science, it reveals that hotels in particular were crucial spaces for establishing careers, building and strengthening scientific networks, and generating and experimenting with new ideas. Combining archaeological tourism with the history of Egyptology, and drawing on a wide array of archival materials, *Tea on the terrace* takes the reader behind the scenes of familiar stories, showing Egyptologists' activities in a whole new light.

Simon & Schuster One of The Christian Science Monitor's Best Nonfiction Books of 2018 "An engrossing read...a historically and psychologically rich account of the young Picasso and his coterie in Barcelona and Paris" (The Washington Post) and how he achieved his breakthrough and revolutionized modern art through his masterpiece, Les Femmes d'Alger. In 1900, eighteen-year-old Pablo Picasso journeyed from Barcelona to Paris, the glittering capital of the art world. For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters, sculptors, and poets. Here he met his first true love and enjoyed his first taste of fame. Decades later Picasso would look back on these years as the happiest of his long life. Recognition came first from the avant-garde, then from daring collectors like Leo and Gertrude Stein. In 1907, Picasso began the vast, disturbing masterpiece known as Les Femmes d'Alger. Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture, Picasso created a work that captured the disorienting experience of modernity itself. The painting proved so shocking that even his friends assumed he'd gone mad, but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors, ultimately laying the foundation for the most innovative century in the history of art. In Picasso and the Painting That Shocked the World, Miles J. Unger "combines the personal story of Picasso's early years in Paris—his friendships, his romances, his great ambition, his fears—with the larger story of modernism and the avant-garde" (The Christian Science Monitor). This is the story of an artistic genius with a singular creative gift. It is "riveting...This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today's art world" (Publishers Weekly, starred review), all of it played out against the backdrop of the world's most captivating city.
