Nobody can catch me. Or so I thought... It turns out; I have what they want. Special abilities. And trust me, these abilities are coveted--and dangerous. Now, I don't know who to trust or where to go. Peril lurks on every corner as I try to uncover my past and origin. Hopeless Magic If life really was a fairy tale, Zakara would never be the damsel in distress. She'd be a thief, and Prince Charming wouldn't have a clue how to steal the heart of the conniving criminal. Zakara saves not one, but three men locked inside the tallest tower. Her first instinct is to ditch them as soon as possible, but they have one thing that intrigues her more than wealth: Magic. Fae magic once ruled the world, until it disappeared without a trace. Only myths of the magic wielders linger in their destroyed society. The three prisoners claim to be fae, but she doesn't trust them. She doesn't trust anyone. Can Prince Ryder convince the pretty thief to lead them to the Hopeless City? Or will she kill him before they even arrive? This is a reverse harem serial recommended for readers 18 and over.

Bros Come Before Hordes Holly Ryan Yara Parmstone, human thief and newly chosen Queen of the Dragon Shifters, is unimpressed with her new title. Especially since it's turning into a living nightmare. The last full-moon ritual didn't give the dragon shifters their usual power boost—but it did give them a wimpy human as queen. Now? They're pissed. They blame Yara. And they're out for blood. It's even worse than that, though. Something dark and powerful is working to pit the dragons against each other, including the brothers in Yara's sexy-as-hell harem. Why? To invade the land and snack on some crunchy humans, of course. Yara's about ready to develop a new motto: bros before hordes before civil wars. Or it least, she would be if she thought she might live beyond her coronation. Don't miss book 2 of this scorching hot reverse harem series!

Book of Night Tor Books "A delicious, dark, adrenaline rush of a book. I'm already dying to see Charlie Hall's next con." - New York Times bestselling author, Alix E. Harrow #1 New York Times bestselling author Holly Black makes her stunning adult debut with Book of Night, a modern dark fantasy of betrayals, secret societies, and a dissolute thief of shadows, in the vein of Neil Gaiman and Erin Morgenstern. Charlie Hall has never found a lock she couldn't pick, a book she couldn't steal, or a bad decision she wouldn't make. She's spent half her life working for gloamists, magicians who manipulate shadows to peer into locked rooms, strangle people in their beds, or worse. Gloamists guard their secrets greedily, creating an underground economy of grimoires. And to rob their fellow magicians, they need Charlie Hall. Now, she's trying to distance herself from past mistakes, but getting out isn't easy. Bartending at a dive, she's still entirely too close to the corrupt underbelly of the Berkshires. Not to mention that her sister Posey is desperate for magic, and that Charlie's shadowless, and possibly soulless, boyfriend has been hiding things from her. When a terrible figure from her past returns, Charlie descends into a maelstrom of murder and lies. Determined to survive, she's up against a cast of doppelgangers, mercurial billionaires, gloamists, and the people she loves best in the world—all trying to steal a secret that will give them vast and terrible power. Claimed by Gods The gods walk among us. And they just might steal your soul... or your heart. I thought I'd survived everything life could throw at me. All I

wanted was to keep my distance from the criminals I work for and get my little brother out of the hell that is our mother's house. Then I died and woke up to four stunningly hot gods telling me I'm now a valkyrie. Sly, sharp Loki. Jovial but ferocious Thor. Dreamily compassionate Baldur. Grim and secretive Hod. They all have something to teach me. And around them, my walls start to crack. But the gods didn't summon me just for kicks. Their king is missing, and they need me to find him. The first three valkyries they sent on the job never made it back. More power is awakening in me than I could ever have imagined--and the gods' enemies are more devious than even they knew. It's going to take every trick in the book for me to save myself, my brother, and these divine men who're getting under my skin in the most alluring way. I'm Aria Watson, and Valhalla ain't seen nothing yet. **The Crow's Murder** Createspace Independent Publishing Platform Well, I just can't seem to catch a break, can I? None of us saw it coming, no matter what precautions we took or how many contingencies we put into play. What's the point of having all this power when everyone is out to get me? They say things are darkest before the light, and that the storm gets worse before it clears. Trust me when I say platitudes don't do a damn bit of good when you're in the middle of it. I'm Kit Davenport, and my heart is breaking.

I didn't think there was anything left in the galaxy that could surprise me. Then I met her. Lani Dennison. A human woman. My mate. My mission was simple. Find Lani Dennison. Zorahan scientists tortured her. I killed them, of course. Okaki pirates abducted her. I tracked them down and infiltrated their ship. Routine stuff. Nothing that presented a problem to a trained soldier that could shift into a fire-breathing dragon. I expected her to be smart. You'd have to be, to survive the Okaki pirates. I didn't expect her to be lovely. I didn't expect her to make me laugh. And I definitely didn't expect her to be the one woman I was destined to be with, the missing piece of my soul. My mate. Now what? **Dead in Dixie Babygirl for Christmas** All I want for Christmas is one stern daddy. Heartbroken and alone is not the way I want to spend the holidays. Little did I know Santa has other ideas.
