Ideal for undergraduate managerial economics and business strategy courses, Economics of Strategy offers real-world applications to make these courses more relevant. Armed with general principles, todays students--tomorrows future managers--will be prepared to adjust their firms business strategies to the demands of the ever-changing environment.

MINING ECONOMICS AND STRATEGY

SME This book will help direct mining operations through the use of innovative economic strategies. The text covers what is meant by a cost-effective mining scheme, the economics of information, and the procedures for rational evaluation of uncertain projects.

ECONOMICS AND CORPORATE STRATEGY

Cambridge University Press This book, first published in 1980, discusses corporate strategy for those interested in applying economic analysis to business problems. Drawing on a wide range of economics and management literature, the book shows how an understanding of industrial economics can help in analysing strategic decisions. Furthermore, the author explains how a firm's development must be adapted to its environment, its history and the experience of its personnel. Other topics discussed include integration and diversity, the growing importance of multinational operations, the strategic role of mergers, and innovation.

THE ECONOMICS OF STRATEGY

Wiley This comprehensive book applies modern economic principles to study a firm's strategic position. It focuses on a company's boundaries economics, transactions costs, economies of scale and scope and diversification, as well as industrial organization economics. It also covers strategic positioning and dynamics associated with internal organization.

MANAGERIAL ECONOMICS AND BUSINESS STRATEGY

McGraw-Hill/Irwin Baye's Managerial Economics and Business Strategy is one of the best-selling managerial economics textbooks. It is the first textbook to blend tools from intermediate microeconomics, game theory, and industrial organization for a managerial economics text. Baye is known for its balanced coverage of traditional and modern topics, and the fourth edition continues to offer the diverse managerial economics marketplace a flexible and up-to-date textbook. Baye offers coverage of frontier research in his new chapter on advanced topics. The Fourth Edition also offers completely new problem material, data, and much more.

FORTY CENTURIES OF WAGE AND PRICE CONTROLS

HOW NOT TO FIGHT INFLATION

Ludwig von Mises Institute The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

ORGANIZING FOR SUSTAINABILITY

A GUIDE TO DEVELOPING NEW BUSINESS MODELS

Springer Nature This upper-level Open Access textbook aims to educate students and professionals on how to develop business models that have a positive impact on people, society, and the social and ecological environment. It explores a different view of how to organize value creation, from a focus on an almost exclusively monetary value creation to one that creates positive impact through multiple values. The book offers students and entrepreneurs a structured approach based through the Business Model Template (BMT). It consists of three stages and ten building blocks to facilitate the development of a business model. Users, be they students or practitioners, need to choose from one of the three offered business model archetypes, namely the platform, community, or circular business models. Each archetype offers a dedicated logic for value creation. The book can be used to develop a business model from scratch (turning an idea into a working prototype) or to transform an existing business model into one of the three archetypes. Throughout the book extra sources, links to relevant online video clips, assignments and literature are offered to facilitate the development process. This book will be of interest to students studying the development of business models, sustainable management, innovation, and value creation. It will also be of interest executives, and professionals such as consultants or social entrepreneurs seeking further education.--

VALUATION

MEASURING AND MANAGING THE VALUE OF COMPANIES

John Wiley & Sons McKinsey & Company's #1 best-selling guide to corporate valuation, now in its sixth edition Valuation is the single best guide of its kind, helping financial professionals worldwide excel at measuring, managing, and maximizing shareholder and company value. This new sixth edition provides insights on the strategic advantages of value-based management, complete detailed instruction, and nuances managers should know about valuation and valuation techniques as applied to different industries, emerging markets, and other special situations. BUILDING WEALTH WITH SILVER

HOW TO PROFIT FROM THE BIGGEST WEALTH TRANSFER IN HISTORY

Thomas Herold *The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet cashing in on the biggest wealth transfer in history. A Solid Method to Achieve Financial Freedom This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . . \$3,500 . . . and some say even \$5,000! But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors – including yourself – probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. Nine Reasons Why Silver is a Unique Wealth Building Instrument Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice during times of financial crisis Silver is rarer than gold Silver is used in 90% of all electronics – and its mostly non-renewable Silver leasing – the scam will be exposed soon Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publicly denied and covered up. Learn Why Silver is the Best Investment Opportunity Right Now. Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several years. Financial Education Is The Solution To Financial Freedom Discover the facts about our global banking and government system that will change the way you look at money forever. You will learn how to buy silver at the lowest price. Professional trading techniques that leverage and maximize your profit. Understanding how the money system works will give you financial freedom. During the next few years the global financial system will be restructured on a scale that has never seen before. There are a few opportunities for you to profit from it - silver is one of them. Special Bonus: This book also includes a \$200 coupon for the author's Wealth Building Course.*

MANAGERIAL ECONOMICS AND ORGANIZATIONAL ARCHITECTURE

McGraw-Hill/Irwin *With two distinct objectives, this text's approach to managerial economics takes models from recent economics research and applies the research to the internal structure of a firm. After teaching basic applied economics, the authors look inside the firm and apply this analysis to management decision making. Authors Brickley, Smith, and Zimmerman contend that organizational architecture consists of three aspects of corporate organization: the assignment of decision rights within the company; methods of rewarding individuals; the structure of systems to evaluate the performance of both individuals and business units. These three components can be likened to a stool with three legs. If one of the legs is shorter, the stool is out of balance. These three elements must be in balance in the organization as well.*

COCHRANE HANDBOOK FOR SYSTEMATIC REVIEWS OF INTERVENTIONS

[Wiley](#) Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

DIVINITY

REALM OF ANNIHILATION: BOOK FOUR

[Createspace Independent Publishing Platform](#) *The Final Book In The Divinity Saga* The Earth is breaking open. The wall between the Spirit and Human realm has begun to shatter, allowing darkness to seep in and converge like an epidemic. The End Has Begun... Even after setting everything in motion by attacking Morning Star first, Cam`ael finally has everything that he's ever wanted in his existence; Starling's love and a family. Cam`ael's happiness is short-lived when he's finally given the harsh and inexplicable truth about why Starling has always been such a unique Chosen. A Fiery Will... Shortly after giving birth, Starling begins to realize what must be done in order to save the world and the future of their children. But having made the the promise to Cam`ael of never sacrificing herself for him, how can she risk it? While the Elders and other warriors see her as a traitor, her friends begin to see her as something more. In every battle and every war there will be sacrifices and betrayals, but if darkness prevails- light will cease to exist.

GLOBAL TRENDS 2040

A MORE CONTESTED WORLD

[Cosimo Reports](#) "The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -*Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021)*, released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

TECHNOLOGY STRATEGY

[Bloomsbury Publishing](#) This dynamic and beautifully written textbook takes a modern and innovative approach to strategy by placing technology at its heart, bridging the gap between general strategy texts and specialist technology and innovation literature. It addresses the challenges and opportunities presented to organisations by disruptive technological change and takes into account the navigation of uncertain business environments. In addition to examining more established concepts and theories, the text also explores new disruptive business models and non-traditional approaches to strategy development such as effectuation, the Business Model Canvas and prediction logic. This comprehensive and critical approach is supported by a rich assortment of practical examples and cases drawn from different sectors and a range of exciting companies from all over the world, helping students and practitioners to apply theory to practice. This will be an essential core text for modules on technology strategy and innovation at upper undergraduate, postgraduate and MBA levels, and invaluable reading for senior executives and aspiring managers who seek to understand how to implement strategy in a volatile disruptive environment.

UNAPOLOGETICALLY, ME.

[CreateSpace](#) This book is a compilation of my thoughts-- transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected

places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you-- Unapologetically you. Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.

LIVING BEYOND THE WAVES

Living Beyond the Waves is a poetry collection unlike any other. It contains poems that are part memoir and part journey towards acceptance. They are Wolf's attempt to find a life beyond disease or disability. The poems contained within deal with Wolf accepting all part of himself, even those he has no control over. They are a testament to the strength of the human spirit. The poems show us that whatever life throws at us, with courage anything is possible. With unflinching honesty, Wolf talks about disease, sexuality, physical disability and the healing power of love.

BOARD MEMBER ORIENTATION

THE CONCISE AND COMPLETE GUIDE TO NONPROFIT BOARD SERVICE

[Createspace Independent Pub](#) Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. **Hooy Alerts! Watch for Hooy Alerts!** where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA ***** The Simple Board Member Orientation Process Using This Book: 1. Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2. You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3. You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!
