LOOKING OUTWARD

A VOICE FROM THE GRAVE

Recipe Publishers Stroud had received permission from the warden at Alcatraz to write a penal history, but bureaucrats in Washington, D.C., balked when they reviewed his manuscript. The top brass hastily created new rules for inmate authors, forbidding the publication of any inmate's work that was obscene, criticized the prison system, or glorified crime. Stroud was transferred in 1959 to the US Federal Medical Prison for chronically ill inmates in Springfield, Missouri, where he died in November, 1963. Martin, the Missouri attorney, was named administrator of Stroud's estate and gained custody of the manuscripts in lieu of compensation for his legal services. Martin tried to hawk the prison history manuscript to publishers, but they expressed little or no interest. "Some said it was too long. Others were afraid of being sued for libel because Stroud wrote about living people -- corrupt prison officials, sadistic guards and brutalized prisoners," Martin said. "Others said no one was interested in the prison system, or that history doesn't sell. Some of the great stories in literature are prison stories. I guess they hadn't read 'The Count of Monte Cristo' or 'The Gulag Archipelago,'" Martin said. Martin insists that Stroud's observations on the U.S. prison system are still relevant today. "I think it's a work of great social value. We're still trying to answer the questions that Stroud raised," he said. "The number of Americans incarcerated is greater than ever before. It costs a lot of money to incarcerate people. What do we get in return for it? Do we get a better person than what went in, or a worse person?"

FINDING AFRO-MEXICO

RACE AND NATION AFTER THE REVOLUTION

Cambridge University Press In 2015, the Mexican state counted how many of its citizens identified as Afro-Mexican for the first time since independence. *Finding Afro-Mexico* reveals the transnational interdisciplinary histories that led to this celebrated reformulation of Mexican national identity. It traces the Mexican, African American, and Cuban writers, poets, anthropologists, artists, composers, historians, and archaeologists who integrated Mexican history, culture, and society into the African Diaspora after the Revolution of 1910. Theodore W. Cohen persuasively shows how these intellectuals rejected the nineteenth-century racial paradigms that heralded black disappearance when they made blackness visible first in Mexican culture and then in post-revolutionary society. Drawing from more than twenty different archives across the Americas, this cultural and intellectual history of black visibility, invisibility, and community-formation questions the racial, cultural, and political dimensions of Mexican history and Afro-diasporic thought.

THE NVA AND VIET CONG

Bloomsbury Publishing In 1940 Japan placed Vietnam under military occupation, restricting the local French administration to a figurehead authority. Seizing the opportunity, the Communists organised a Vietnamese independence league, the Viet Minh, whose armed forces became known as the PAVN (more commonly known to the West as the Vietcong, or NVA) and prepared to launch an uprising against the French at the war's end. This text details the history, organisation and uniforms of

the People's Army of Vietnam from its origins in the fight against colonialism, through two separate wars against the US and Khmer Rouge, to its role in the modern era.

VIC FLICK, GUITARMAN

BearManor Media Vic Flick's connection with the films in the James Bond series is legend. His guitar sound on the "James Bond Theme" stirred the hearts and imaginations of a generation. He knew the music business from the inside, including the good and the bad business practices, the money, the agents, and the managers. From The Beatles to Nancy Sinatra, from Tom Jones to Dusty Springfield, they're all within the pages of Vic Flick's autobiography. In the late 1950s, Flick joined The John Barry Seven, and his first composition for the group was "Zapata." With them, he played the guitar riff for the theme of the popular TV show, Juke Box Jury, and appeared on every episode of BBC TV's Drumbeat. When Hollywood beckoned him to work on soundtrack for Dr. No (1962), he played lead guitarist on the "James Bond Theme." He continued to contribute to the James Bond soundtracks from the 1960s through the late 1980s. He also contributed to the soundtrack of The Beatles musical, A Hard Day's Night, playing his Olympic white 1961 Fender Stratocaster on "Ringo's Theme (This Boy)" instrumental. He has worked with many notable artists, including Herman's Hermits, Nancy Sinatra, Engelbert Humperdinck, Tom Jones, Cliff Richard, Eric Clapton, and Jimmy Page. He played the 12-string guitar part on Peter and Gordon's 1964 #1 record, "A World Without Love." In 2005, he provided his guitar talents to the soundtrack of the From Russia With Love video game. On October 5, 2012, Vic Flick was honored at the Academy of Motion Pictures Arts and Sciences for "The Music of Bond: The First 50 Years." "Vic's book is an amazing read, full of his entertaining sense of humor and a reservoir of miscellaneous facts and tales of the studios and the musicians who made London such a fabulous place to be in the '60s. Miss it at your peril." - Pipeline (UK)

Mike is a Japanese American chef at a Mexican restaurant and Benson's a Black day care teacher, and they've been together for a few years—good years—but now they're not sure why they're still a couple. There's the sex, sure, and the meals Mike cooks for Benson, and, well, they love each other. THE STRUCTURAL TRANSFORMATION OF THE PUBLIC SPHERE

AN INQUIRY INTO A CATEGORY OF BOURGEOIS SOCIETY

John Wiley & Sons This major work retraces the emergence and development of the Bourgeois public sphere - that is, a sphere which was distinct from the state and in which citizens could discuss issues of general interest. In analysing the historical transformations of this sphere, Habermas recovers a concept which is of crucial significance for current debates in social and political theory. Habermas focuses on the liberal notion of the bourgeois public sphere as it emerged in Europe in the early modern period. He examines both the writings of political theorists, including Marx, Mill and de Tocqueville, and the specific institutions and social forms in which the public sphere was realized. This brilliant and influential work has been widely recognized for many years as a classic of contemporary social and political thought, of interest to students and scholars throughout the social sciences and humanities.

CONFIRMATION AND FIRST COMMUNION

US NAVY A-1 SKYRAIDER UNITS OF THE VIETNAM WAR

Bloomsbury Publishing Nicknamed the 'flying dump truck', the A-1 was a key component in naval air wings from the end of World War II into the 1960s, allowing the aircraft to play its part in the escalating conflict in Vietnam. Both A-1 attack and EA-1F airborne early warning aircraft saw action in Southeast Asia from 1960 through 1969, when the last examples were finally retired from carrier decks. The A-1s in particular bombed targets in both North and South Vietnam, despite the aircraft being highly

vulnerable to enemy flak and fighters. Co-written by a two-tour Vietnam War combat veteran in the A-1, this is the first book that focuses exclusively on the aircraft's service in Vietnam.

This volume focuses on saving threatened species from extinction, and emphasizes the importance of the successful implementation of conservation action plans through cooperation between scientists, conservationists, educators, funding agencies, policy makers, and conservation agencies.

THE TIBETAN BOOK OF THE DEAD, AS POPULARLY KNOWN IN THE WEST

KNOWN IN TIBET AS THE GREAT BOOK OF NATURAL LIBERATION THROUGH UNDERSTANDING IN THE BETWEEN

STAKES IS HIGH

LIFE AFTER THE AMERICAN DREAM

Bold Type Books Brave, clear-eyed, and passionate, *Stakes Is High* is the book we need to guide us past crisis mode and through an uncertain future. The events of the past decade have forced us to reckon with who we are and who we want to be. We have been invested in a set of beliefs about our American identity: our exceptionalism, the inevitable rightness of our path, the promise that hard work and determination will carry us to freedom. But in *Stakes Is High*, Mychal Denzel Smith confronts the shortcomings of these stories -- and with the American Dream itself -- and calls on us to live up to the principles we profess but fail to realize. In a series of incisive essays, Smith exposes the stark contradictions at the heart of American life, holding all of us, individually and as a nation, to account. We've gotten used to looking away, but the fissures and casual violence of institutional oppression are ever-present. There is a future that is not as grim as our past. In this profound work, Smith helps us envision it with care, honesty, and imagination.

She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. CHILDREN, SPACES AND IDENTITY

Oxbow Books How do children construct, negotiate and organize space? The study of social space in any human group is fraught with limitations, and to these we must add the further limits involved in the study of childhood. Here specialists from archaeology, history, literature, architecture, didactics, museology and anthropology build a body of theoretical and methodological approaches about how space is articulated and organized around children and how this disposition affects the creation and maintenance of social identities. Children are considered as the main actors in historic dynamics of social change, from prehistory to the present day. Notions on space, childhood and the construction of both the individual and the group identity of children are considered as a prelude to papers that focus on analyzing and identifying the spaces which contribute to the construction of children's identity during their lives: the places they

live, learn, socialize and play. A final section deals with these same aspects, but focuses on funerary contexts, in which children may lose their capacity to influence events, as it is adults who establish burial strategies and practices. In each case authors ask questions such as: how do adults construct spaces for children? How do children manage their own spaces? How do people (adults and children) build (invisible and/or physical) boundaries and spaces?
