Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation. **Solutions Intermediate** With 100% new content, the third edition of Oxford's best-selling secondary course offers the tried and trusted Solutions methodology alongside fresh and diverse material that will spark your students' interest and drive them to succeed. Oxford University Press's best-selling course for teenagers is now available in a third edition, providing new and exciting content that is delivered using the successful methodology of the previous editions. The third edition offers a brand new comprehensive listening syllabus as well as word skills lessons, allowing students to master key listening sub skills, expand their vocabulary, and become confident communicators. Solutions turns all students into active learners, by offering a rich variety of learning opportunities for a whole range of abilities through extension and revision activities in all components - giving everyone a sense of achievement whatever their level. **Solutions Pre-Intermediate: Teacher's Book** OUP Oxford Lesson-per-page structure which is easy to use and saves valuable preparation time Teen-interest topics and personalized activities appeal to young learners Every lesson has an outcome: 'I CAN' statements at the top of each page build confidence by showing students what they will progressively achieve Speaking is integrated into all lessons to give students constant opportunities to speak Students get masses of practice from the Student's Book, Workbook, MultiROM, photocopiables, and the Student's website Build your students' confidence and improve their exam grades through an exam page at the end of every unit, and an interactive practice test on oxfordenglish.com/testing **Cutting Edge Pre-intermediate. Workbook New Headway: Pre-Intermediate Fourth Edition: Student's Book** OUP Oxford **English Vocabulary in Use Pre-intermediate and Intermediate with Answers** Cambridge University Press Vocabulary in Use Pre-intermediate and Intermediate is a vocabulary book for intermediate learners of English, primarily designed as a self-study reference and practice book, but which can also be used for classroom work. In its style and format it is similar to its upper intermediate and advanced equivalent, English Vocabulary in Use. - 100 easy-to-use units: over 2,500 vocabulary items in a wide range of topic areas are presented, contextualise and explained and explained on left-hand pages with a variety of follow-up activities on right-hand pages. - Helps to build on and expand existing vocabulary. - Suggests tips and techniques for good learning habits. - Designed to be flexible: can be used both for self-study and in class. - Provides a comprehensive key with not only answers to the exercises but also more comments on how the language is used. - Includes a detailed index with phonetic transcriptions. **Market Leader Advanced business English course book Hilbert C*-modules** American Mathematical Soc. Based on lectures delivered by the authors at Moscow State University, this volume presents a detailed introduction to the theory of Hilbert C^* -modules. Hilbert C^* -modules provide a natural generalization of Hilbert spaces arising when the field of scalars \mathbb{C} is replaced by an arbitrary C^* -algebra. The general theory of Hilbert C^* -modules appeared more than 30 years ago in the pioneering papers of W. Paschke and M. Rieffel and has proved to be a powerful tool in operator algebras theory, index theory of elliptic operators, K - and KK -theory, and in noncommutative geometry as a whole. Alongside these applications, the theory of Hilbert C^* -modules is interesting on its own. In this book, the authors explain in detail the basic notions and results of the theory, and provide a number of important examples. Some results related to the authors' research interests are also included. A large part of the book is devoted to structural results (self-duality, reflexivity) and to nonadjointable operators. Most of the book can be read with only a basic knowledge of functional analysis; however, some experience in the theory of operator algebras makes reading easier. **English File: Beginner Students Book Pack Component** English File Beginner Student's Book is suitable for CEFR level A1 English File, third edition, provides a balance of grammar, vocabulary, pronunciation and skills to give students the right mix of language and motivation to get them talking.
