Today, the essay film is, arguably, one of the most widely acclaimed and critically discussed forms of filmmaking around the world, with practitioners such as Chris Marker, Hito Steyerl, Errol Morris, Trinh T. Minh-ha, and Rithy Panh. Characteristics of the essay film include the blending of fact and fiction, the mixing of art- and documentary-film styles, the foregrounding of subjective points of view, a concentration on public life, a tension between acoustic and visual discourses, and a dialogic encounter with audiences. This anthology of fundamental statements on the essay film offers a range of crucial historical and philosophical perspectives. It provides early critical articulations of the essay film as it evolved through the 1950s and 1960s, key contemporary scholarly essays, and a selection of writings by essay filmmakers. It features texts on the foundations of the essay film by writers such as Hans Richter and André Bazin; contemporary positions by, among others, Phillip Lopate and Michael Renov; and original essays by filmmakers themselves, including Laura Mulvey and Isaac Julien.

Essay on the Life and Poetry of Homer This bilingual edition, with introduction and brief commentary, makes accessible for the first time in English a text of great importance for the history and interpretation of Homer. Although attributed to Plutarch, the Essay is probably the work of a grammaticus of the second and third century and is the single most valuable source of evidence for the nature of the teaching of Homer in the schools of the Roman Empire. Well represented in the manuscript tradition, the Essay was used as prefatory material by Renaissance editors of Homer, beginning with the editio princeps (1488), and so exercised a powerful influence on Renaissance and early-modern readers, who often refer to "Plutarch" as an authority on Homer. The newly edited Greek text is presented with facing translation.

The Glorious American Essay One Hundred Essays from Colonial Times to the Present Anchor A monumental, canon-defining anthology of three centuries of American essays, from Cotton Mather and Benjamin Franklin to David Foster Wallace and Zadie Smith--selected by acclaimed essayist Phillip Lopate. Not only an education but a joy. This is a book for the ages. --Rivka Galchen, author of Atmospheric Disturbances The essay form is an especially democratic one, and many of the essays Phillip Lopate has gathered here address themselves--sometimes critically--to American values. We see the Puritans, the Founding Fathers and Mothers, and the stars of the American Renaissance struggle to establish a national culture. A grand tradition of nature writing runs from Audubon, Thoreau, and John Muir to Rachel Carson and Annie Dillard. Marginalized groups use the essay to assert or to complicate notions of identity. Lopate has cast his net wide, embracing critical, personal, political, philosophical, literary, polemical, autobiographical, and humorous essays. Americans by birth as well as immigrants appear here, famous essayists alongside writers more celebrated for fiction or poetry. The result is a dazzling overview of the riches of the American essay.

In this poignant and inciting collection of literary essays, Megan Stielstra tells stories to ward off fears both personal and universal as she grapples toward a better way to live. In her titular piece "The Wrong Way To Save Your Life," she answers the question of what has value in our lives—a question no longer rhetorical when the apartment above her family's goes up in flames. "Here is My Heart" sheds light on Megan's close relationship with her father, whose continued insistence on climbing mountains despite a series of heart attacks leads the author to dissect deer hearts in a poetic attempt to interrogate her own feelings about mortality. Whether she's imagining the implications of open-carry laws on college campuses, recounting the story of going underwater on the mortgage of her first home, or revealing the unexpected pains and joys of marriage and motherhood, Stielstra's work informs, impels, enlightens, and embraces us all. The result is something beautiful—this story, her courage, and, potentially, our own. Intellectually fierce and viscerally intimate, Megan Stielstra's voice is witty, wise, warm, and above all, achingly human. "Stielstra is a masterful essayist."—Roxane Gay, author of *Bad Feminist* and *Hunger* **An Essay Concerning Humane Understanding Volume 1 Top Essays** □□□ 1. An Inquiry into the Understanding pleasant and useful. Since it is the UNDERSTANDING that sets man above the rest of sensible beings, and gives him all the advantage and dominion which he has over them; it is certainly a subject, even for its nobleness, worth our labour to inquire into. The understanding, like the eye, whilst it makes us see and perceive all other things, takes no notice of itself; and it requires and art

and pains to set it at a distance and make it its own object. But whatever be the difficulties that lie in the way of this inquiry; whatever it be that keeps us so much in the dark to ourselves; sure I am that all the light we can let in upon our minds, all the acquaintance we can make with our own understandings, will not only be very pleasant, but bring us great advantage, in directing our thoughts in the search of other things. 2. Design. This, therefore, being my purpose—to inquire into the original, certainty, and extent of HUMAN KNOWLEDGE, together with the grounds and degrees of BELIEF, OPINION, and ASSENT;—I shall not at present meddle with the physical consideration of the mind; or trouble myself to examine wherein its essence consists; or by what motions of our spirits or alterations of our bodies we come to have any SENSATION by our organs, or any IDEAS in our understandings; and whether those ideas do in their formation, any or all of them, depend on matter or not. These are speculations which, however curious and entertaining, I shall decline, as lying out of my way in the design I am now upon. It shall suffice to my present purpose, to consider the discerning faculties of a man, as they are employed about the objects which they have to do with. And I shall imagine I have not wholly misemployed myself in the thoughts I shall have on this occasion, if, in this historical, plain method, I can give any account of the ways whereby our understandings come to attain those notions of things we have; and can set down any measures of the certainty of our knowledge; or the grounds of those persuasions which are to be found amongst men, so various, different, and wholly contradictory; and yet asserted somewhere or other with such assurance and confidence, that he that shall take a view of the opinions of mankind, observe their opposition, and at the same time consider the fondness and devotion wherewith they are embraced, the resolution and eagerness wherewith they are maintained, may perhaps have reason to suspect, that either there is no such thing as truth at all, or that mankind hath no sufficient means to attain a certain knowledge of it. 3. Method. It is therefore worth while to search out the bounds between opinion and knowledge; and examine by what measures, in things whereof we have no certain knowledge, we ought to regulate our assent and moderate our persuasion. In order whereunto I shall pursue this following method:— First, I shall inquire into the original of those ideas, notions, or whatever else you please to call them, which a man observes, and is conscious to himself he has in his mind; and the ways whereby the understanding comes to be furnished with them. **Macaulay's Life of Samuel Johnson, with a Selection from his Essay on Johnson Good Press** "Macaulay's Life of Samuel Johnson, with a Selection from his Essay on Johnson" by Thomas Babington Macaulay Baron Macaulay.
