Paradigms in Word Formation

Theory and applications

John Benjamins Publishing Company **The focus of Paradigms in Word Formation: Theory and applications is on the relevance of paradigms for linguistic description. Paradigmatic organization has traditionally been considered an inherent feature of inflectional morphology, but research in the last decades clearly shows the existence of paradigms in word formation, especially in affixal derivation, often at the expense of other word-formation processes. This volume seeks to address the role that paradigms may play in the description of compounding, conversion and participles. This volume should be of interest to anyone specialized in the field of English morphology and word formation.**

Face2face Upper Intermediate (2nd ed.) Student's Book with DVD-ROM and Handbook

Manichaean Texts from the Roman Empire

Cambridge University Press **This 2004 book is a single-volume collection of sources for Manichaeism, a world religion founded by Mani, the Syrian visionary.**
