
Get Free Faith Seeking Understanding An Introduction To Christian Theology

When people should go to the books stores, search foundation by shop, shelf by shelf, it is in reality problematic. This is why we present the ebook compilations in this website. It will utterly ease you to see guide **Faith Seeking Understanding An Introduction To Christian Theology** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections. If you endeavor to download and install the Faith Seeking Understanding An Introduction To Christian Theology, it is utterly simple then, in the past currently we extend the associate to buy and create bargains to download and install Faith Seeking Understanding An Introduction To Christian Theology thus simple!

KEY=UNDERSTANDING - DONAVAN ROBERTS

Faith Seeking Understanding

An Introduction to Christian Theology, Third Ed.

Wm. B. Eerdmans Publishing A superb, standard Christian theology text for nearly a quarter century, Daniel Migliore's Faith Seeking Understanding explores all of the major Christian doctrines in freshly contemporary ways. This third edition offers new FOR FURTHER READING suggestions at the end of each chapter, a substantial expansion of the glossary, and new material incorporated throughout, including a section on Christians and Muslims. Further, the three imaginary theological dialogues culminating the book -- pointedly playful exchanges that have delighted countless readers -- are here joined by a fourth dialogue, between Karl Barth and Friedrich Nietzsche, on atheism. All in all, a new generation of students, pastors, and Christian educators, eager to better understand the rich heritage, central themes, and contemporary challenges of Christian theology, will find both guidance and stimulation in Migliore's updated work.

Faith Seeking Understanding

An Introduction to Christian Theology

Wm. B. Eerdmans Publishing Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of Faith Seeking Understanding features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, "Confessing Jesus Christ in Context," explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and mujerista traditions. The second new chapter, "The Finality of Jesus Christ and Religious Pluralism," addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

Faith Seeking Understanding

An Introduction to Christian Theology

Eerdmans Publishing Company Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in contemporary ways, its concern to hear and engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available.

Faith Seeking Understanding

An Introduction to Christian Theology

The Holy Spirit and the Christian Life

The Theological Basis of Ethics

Westminster John Knox Press In a rare volume, Barth presents his lecture on "The Holy Spirit and the Christian Life", in which he insists there is no way to get behind or beyond the fact that God is revealed to us in three distinct ways, yet with a unity that cannot be divided.

An Introduction to Christian Philosophical Theology

Faith Seeking Understanding

Zondervan Academic An accessible introduction to Christian philosophical theology Philosophical or analytic theology seeks to employ philosophical tools while studying topics in Christian theology and examining the logical consistency or intelligibility of some of the key doctrines of the Christian faith. In this accessible primer, *An Introduction to Christian Philosophical Theology*, authors Stephen T. Davis and Eric T. Yang first explain the scope, relevance, and value of philosophical theology and then applies its conceptual tools to examine each of the core Christian doctrines: Revelation and Scripture The Trinity The Incarnation Redemption and the atonement, Resurrection and life after death The final chapter briefly addresses some additional theological issues including petitionary prayer, eschatology, and original sin. Designed for beginning students and non-specialists this guide provides the ideal entry point for not only understanding what philosophical theology is but also for how it can provide valuable insights for how we think about the core doctrines of the Christian faith.

An Introduction to Christian Theology

Cambridge University Press Far from being solely an academic enterprise, the practice of theology can pique the interest of anyone who wonders about the meaning of life. Inviting readers on a journey of 'faith seeking understanding', this introduction to Christian theology - its basic concepts, confessional content, and history - emphasizes the relevance of the key convictions of Christian faith to the challenges of today's world. In the first part, this book introduces the project of Christian theology and sketches the critical context that confronts Christian thought and practice today. In a second part, it offers a survey of the key doctrinal themes of Christian theology - including revelation, the triune God, and the world as creation - identifying their biblical basis and the highlights of their historical development before giving a systematic evaluation of each theme. The third part provides an overview of Christian theology from the early church to the present.

Learning about Theology from the Third World

Zondervan Designed to introduce Western Christians to discussions about theology going on in the Third World, this book gives major overviews of the theology of Africa, Latin America and Asia.

Theology in the Context of World Christianity

How the Global Church Is Influencing the Way We Think about and Discuss Theology

Zondervan Academic It's no secret that the center of Christianity has shifted from the West to the global South and East. While the truths of the Christian faith are universal, new contexts bring new questions, new understandings, and new expressions. What does this mean for theology? Is the Christian faith not only culturally translatable, but also theologically translatable? Timothy Tennent answers this question with a resounding yes. Theological reflection is alive and well in the majority world church, and these new perspectives need to be heard, considered, and brought into conversation with Western theologians. Global theology can make us aware of our own blind spots and biases. Because of its largely conservative stance, global theology has much to offer toward the revitalization of Western Christianity. Tennent examines traditional theological categories in conversation with theologians from across the globe, making this volume valuable for students, pastors, missionaries, and theologians alike.

Learning Theology with the Church Fathers

InterVarsity Press Christopher A. Hall offers you the opportunity to study theology and church history under the preaching and instruction of the early church fathers.

Christian Philosophical Theology

Oxford University Press on Demand The author offers a Christian philosopher's look at various crucial topics in Christian theology, including belief in God, the nature of God, the Trinity, christology, the resurrection of Jesus, the general resurrection, redemption and theological method.

The Power of God and the Gods of Power

Westminster John Knox Press In this accessible and enlightening book, Daniel Migliore offers a study of the nature of God's power. Migliore calls for a reassessment of our understanding of the power of God and, through his exploration of historical and biblical references, provides his own analysis of God's power. A complete understanding of the power of God, Migliore argues, will profoundly affect how we live and how we exert power as individuals and as nations.

Reconstructing Christian Theology

Fortress Press Christian theology needs to be reconstructed in light of recent and momentous intellectual changes, social revolutions, and steep pedagogical challenges. That is the conviction of many of North America's leading theologians whose close collaboration over several years bring us this exciting volume. *Reconstructing Christian Theology* introduces theology in such a way that readers can discern the relevance of historical materials, pose theological questions, and begin to think theologically for themselves. Further, like other projects of the Workgroup on Constructive Theology, this volume stems from a deep desire to model a credible, creative, and engaged contemporary theology. So each chapter tackles major Christian teaching, juxtaposes it with a significant social or cultural challenge, and then reconstructs each in light of the other. The result is an innovative and compelling way to learn how theology can contribute to rethinking the most pressing issues of our day.

Introduction to Christian Theology

Abingdon Press This book helps beginning theological students grasp the basics of Christian theology. Consciously avoiding the perspective of one school of thought or confessional tradition, the authors provide the reader with a brief, broad overview of the questions and contents of theological study. Their accessible use of language, clear organization, and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time. "In the words of its authors, this book offers an introduction 'to the fuller spectrum of Christian theology as it has developed through the centuries.' Few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as Gonzalez and Perez. The chapter on Jesus Christ, for example, presents concise summaries of the treatments of Christ's person leading up to Chalcedon, while suggesting a need for a multiplicity of images in understanding the work of Christ that liberates the whole person and restores all creation. Beginning students, as a result, are invited into a living theological conversation, where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the body and creation. Broadly ecumenical in tenor, with reference to theologians from nearly every century, the work should appeal to both a popular readership and introductory students in college and seminary. One disappointing aspect of the book is an absence of Latino/a, feminist, and liberation perspectives. For a work that argues for the contextuality of all theology, and from authors whose previous work has been monumental in Hispanic theological education, this lack is surprising."---David H. Jensen, Austin Presbyterian Theological Seminary, in *Religious Studies Review*, Volume 29 Number 3, July 2003.

Basic Christian Doctrine

Westminster John Knox Press John Leith provides a brief but comprehensive statement of Christian faith for contemporary Christians. He considers the theologians of the ancient church and affirm the faith of the ancient creeds.

We Have Been Believers

An African-American Systematic Theology

Fortress Press In this, the first full-scale black systematic theology in twenty years, James Evans emerges as a major and distinctive voice in American theology. Seeking to overcome the chasm between church practice and theological reflection, Evans situates theology squarely in the nexus of faith with freedom. There, with a sure touch, he uplifts revelatory aspects of black religious experience that reanimate classical areas of theology, and he creates a theology with a heart, a soul and a voice that speaks directly to our condition.

Faith and Philosophy

A Historical Orientation

BRILL A tracing of the dynamics of the relationship between Faith and Philosophy throughout Western intellectual history, following the dynamics of Tertullian's ancient question: "What has Athens to do with Jerusalem?" In the conclusion the author presents his own approach to this question.

Discovering Our Christian Faith

An Introduction to Theology

Beacon Hill Press An introduction to Christian theology explores the Bible's amazing story, from creation to the return of Christ, presenting the leading doctrines of Christianity and exploring how they have been shaped throughout the centuries.

Holding Faith

A Practical Introduction to Christian Doctrine

Abingdon Press Martin Luther wrote: "Faith takes hold of Christ and has Him present, enclosing Him as a ring encloses a gem." We hold faith as we seek to know Christ better, exploring Christian doctrines and deepening our understanding of their relevance to our day-to-day lives. Faith holds us as we respond to Christ's calling, negotiate life's challenges, and join in the work of bringing in God's kingdom. This introduction to Christian theology shows how various understandings of particular doctrines play out in relation to the way we live our lives. It explores the content of core Christian doctrines and celebrates the "so what?" of each. Using theological literature and Scripture, but also current events, sociology, fiction, and movies, Rigby shows that theology is key to how we come to understand and negotiate our world. Holding Faith contends that some approaches to Christian doctrine are preferable to others, making persuasive arguments for creative ways of believing that can enliven our lives, and the life of the world. Theology has relevance because it can stymie or transform. How will we hold our faith? "Cynthia Rigby has written an accessible and lucid book of theological reflection for today's believers, seekers, and doubters. This is no small feat. The book succeeds in the daunting challenges of presenting Christian theology with clarity and completeness, with commitment and generosity. It is an admirable text for theology students, pastors, and all those interested in understanding more deeply their faith and life." Leanne Van Dyk, President and Professor of Theology, Columbia Theological Seminary, Decatur, GA "This is an extraordinary book. Cynthia Rigby is a Reformed theologian, a minister, and a teacher. All of these gifts are evident in Holding Faith, as Rigby offers an eloquent introduction to Christian theology that is academically rich, pastorally sensitive, and profoundly accessible. She does not make theology accessible by watering it down, but rather by explaining it with compelling clarity. Holding Faith is perfect for seminarians, pastors, church groups, and curious souls; for those who are new to Christianity and those who have been studying and living Christian faith their entire lives. It will be an enormous blessing to those who teach theology and those who preach the gospel." Shannon Craigo-Snell, Professor of Theology, Louisville Presbyterian Theological Seminary, Louisville, KY "Cindy Rigby's is a timely, necessary, and accessible voice in theological discourse, not only for those who together comprise Christendom but also for those who are curious enough about what Christian doctrines offer by way of challenge, critique, and comfort in our increasingly distracted, fractious world. Holding Faith is a prophetic, priestly, and pastoral defense of a faith tradition that historically contributed to this oppressive state of affairs - yet undoubtedly remains rife with redemptive possibility - for individuals, communities, nations, the cosmos. In its pages, Rigby provides church folks, people of other faiths, seminarians, and inquisitive "nones" with a "thoughtful place" to search out our private and corporate relationships to the God whom the doctrines signify, however imperfectly." JoAnne Marie Terrell, Associate Professor of Theology, Ethics, and the Arts, Chicago Theological Seminary "For those of us who teach theology, it's rare to find a text that is accessible to those with no previous exposure to theology while also introducing readers in deep and expansive ways to major doctrinal teachings. But Rigby has managed to accomplish both here. This is a profoundly personal and invitational approach to thinking theologically in ways that demonstrate the relevance of ancient teachings for our world today. And it is also a serious engagement with the biblical text, a vast array of historical and contemporary theological voices, poetry, literature, film, and more—this introduction to theology will empower readers to hold onto faith in new and exciting ways." Deanna A. Thompson, Professor of Religion at Hamline University, St. Paul, MN

Delighting in the Trinity

An Introduction to the Christian Faith

InterVarsity Press In this brief and winsome book, Michael Reeves presents an introduction to the Christian faith that is rooted in the triune God. He takes cues from preachers and teachers down through the ages, setting key doctrines of creation, the person and work of Christ, and life in the Spirit into a simple framework of the Christian life.

Analytic Theology and the Academic Study of Religion

Oxford University Press, USA Analytic theology is a legitimate form of theology, and a legitimate form of academic inquiry, and it can be a valuable conversation partner within the wider religious studies academy. William Wood defends analytic theology from some common criticisms, but also argues that analytic theologians have much to learn from other forms of inquiry.

An Introduction to Theology in Global Perspective

Orbis Books

Christian Doctrine

Hymns Ancient and Modern Ltd The SCM Core Text: Christian Doctrine offers an up-to-date, accessible introduction to one of the core subjects of theology. Written for second and third year university students, it shows that Christian Doctrine is not a set of impossible claims to be clung to with blind faith. Mike Higon argues that it is, rather, a set of claims that emerge in the midst of Christian life, as Christian communities try to make enough sense of their lives and of their world to allow them to carry on. This book explores these and other central Christian doctrines, and in each case shows how the doctrine makes sense, and how it is woven into Christian life. It will help readers to see what sense it might make to say the things that Christian doctrine says, and how that doctrine might affect the way that one looks at everything: the natural world, gossip, culture, speaking in tongues, politics, dieting, human, freedom, love, High Noon, justice, computers, racism, the novels of Jane Austen, parenthood, death and fashion.

Faith Speaking Understanding

Performing the Drama of Doctrine

Westminster John Knox Press In this volume, highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book, *The Drama of Doctrine*, to its next level. Vanhoozer argues that theology is not merely a set of cognitive beliefs, but is also something we do that involves speech and action alike. He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples. The church, Vanhoozer posits, is the preeminent theater where the gospel is "performed," with doctrine directing this performance. Doctrines are not simply truths to be stored, shelved, and stacked, but indications and directions to be followed, practiced, and enacted. In "performing" doctrine, Christians are shaped into active disciples of Jesus Christ. He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine. Written in an accessible and engaging style, *Faith Speaking Understanding* sets forth a compelling vision of what the church is and what it should be doing, and demonstrates the importance of Christian doctrine for this mission. Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world. The Christian faith is about acknowledging, and participating in, the great thing God is doing in our world: making all things new in Christ through the Holy Spirit. Doctrine ministers understanding: of God, of the drama of redemption, of the church as a company of faithful players, and of individual actors, all of whom have important roles to play. In an age where things fall apart and centers fail to hold, doctrine centers us in Jesus Christ, in whom all things hold together.

Christian Understandings of the Trinity

The Historical Trajectory

Fortress Press In this creative approach to the doctrine of the Trinity, author Veli-Matti Karkkainen focuses on keeping a dynamic balance between the intellectual-doctrinal and spiritual-charismatic approaches as parallel avenues towards theological understanding. His narrative approach draws on direct quotations from key historical theologians to increase appreciation of their theological wisdom and to encourage students to "dig further into this rich spiritual wellspring." Throughout the two-thousand year span of Christian history, believers in Jesus have sought to articulate their faith and their understanding of how God works in the world. How do we, as we examine the vast and varied output of those who came before us, understand the unity and the diversity of their thinking? How do we make sense of our own thought in light of theirs? The *Christian Understandings* series is an exciting new series that seeks to illuminate precisely these questions. The short, concise volumes in the *Christian Understandings* series orient and 'fill in the gaps' for readers as they dive into the exciting and stimulating story of Christian thought.

How to Do Comparative Theology

Fordham Univ Press For a generation and more, the contribution of Christian theology to interreligious understanding has been a subject of debate. Some think of theological perspectives are of themselves inherently too narrow to support interreligious learning, and argue for an approach that is neutral or, on a more popular level, grounded simply open-minded direct experience. In response, comparative theology argues that theology, as faith seeking understanding, offers a vital perspective and a way of advancing interreligious dialogue, aided rather than hindered by commitments; theological perspectives can both complement and step beyond the study of religions by methods detached and merely neutral. Thus comparative theology has been successful in persuading many that interreligious learning from one faith perspective to another is both possible and worthwhile, and so the work of comparative theology has become more recognized and established globally. With this success there has come to the fore new challenges regarding method: How does one do comparative theological work in a way that is theologically grounded, genuinely open to learning from the other, sophisticated in pursuing comparisons, and fruitful on both the academic and practical levels? *How To Do Comparative Theology* therefore contributes to the maturation of method in the field of comparative theological studies, learning across religious borders, by bringing together essays drawing on different Christian traditions of learning, Judaism and Islam, Hinduism and Buddhism, the wisdom of senior scholars, and also insights from a younger generation of scholars who have studied theology and religion in new ways, and are more attuned to the language of the "spiritual but not religious." The essays in this volume show great diversity in method, and also—over and again and from many angles—coherence in intent, a commitment to one learning from the other, and a confidence that one's home tradition benefits from fair and unhampered learning from other and very different spiritual and religious traditions. It therefore shows the diversity and coherence of comparative theology as an emerging discipline today.

Theology Brewed in an African Pot

Orbis Books

Theology in the Democracy of the Dead

A Dialogue with the Living Tradition

Baker Academic G. K. Chesterton wrote, "Tradition means giving votes to the most obscure of all classes, our ancestors. It is the democracy of the dead." This book pays homage to major theologians of the Christian tradition that tell the history of theology. Matt Jenson engages in charitable yet critical exposition and dialogue with eleven select thinkers, offering a lucid, synthetic account of their theology with a view to ongoing systematic theological issues. He engages directly with core primary texts and treats individual theologians in greater depth and nuance than most overview textbooks.

How to Think Theologically

Fortress Press For over fifteen years, *How to Think Theologically* has served as the ideal primer on the work of theology for students at all levels of study. Stone and Duke contend that theology is not an optional, esoteric discipline, but one that every Christian person is called to do, and thus they welcome everyone to the essential, vibrant work of making religious sense of concrete life situations. The third edition of this popular book retains all of the lucid and lively text that marked the previous editions. On this already strong foundation, case studies and bibliographies are updated, and several helpful pedagogical elements are added.

Faith and Reason

Three Views

InterVarsity Press Steve Wilkens edits a debate between three different understandings of the relationship between faith and reason, between theology and philosophy. The three views include: Faith and Philosophy in Tension, Faith Seeking Understanding and the Thomistic Synthesis. This introduction to a classic problem is an essential resource for students.

Faith Comes from What Is Heard: An Introduction to Fundamental Theology

Emmaus Academic Faith Comes from What Is Heard: An Introduction to Fundamental Theology informs both the heart and mind as it brings together dogmatic and biblical theology, the Thomistic tradition, the teachings of the Fathers of the Church, and the contemporary Magisterium. Drawing heavily upon the works of St. Thomas Aquinas, Bl. John Henry Newman, Joseph Ratzinger, and St. John Paul II, the author examines the foundations of Catholic theology, or Fundamental Theology, "which is theology's reflection on itself as a discipline, its method, and its foundation in God's Revelation transmitted to us through Scripture and Tradition." Although Faith Comes from What Is Heard is useful for all Catholics who want to understand the foundations of their faith, it is specifically designed to serve as a textbook for courses in Fundamental Theology in seminaries and in graduate and undergraduate programs in theology. It can also serve as a textbook for introductory theology and Scripture courses. The topics covered in Faith Comes from What Is Heard include: Revelation and FaithTheologyTradition and the MagisteriumBiblical Hermeneuticsthe Historicity of the Gospelsand Biblical Typology

Faith Seeking Understanding: A complete course in theology

Thinking Theologically

Fortress Press We are constantly engaged in processing data and sensory inputs all around us, even when we are not conscious of the many neural pathways our minds are traveling. So taking a step back to ponder the dimensions and practices of a particular way of thinking is a challenge. Even more important, however, is cultivating the habits of mind necessary in a life of ministry. This book, therefore, will grapple with the particular ways that the theological disciplines invite students to think but also the ways in which thinking theologically shapes a student's sense of self and his or her role in a wider community of belief and thought. Thinking theologically is not just a cerebral matter; thinking theologically invokes an embodied set of practices and values that shape individuals and communities alike. Thinking theologically demands both intellect and emotion, logic and compassion, mind and body. In fact, this book—as part of the Foundations for Learning series—will contend that these binaries are actually integrated wholes, not mutually exclusive options.

The Christian Theology Reader

John Wiley & Sons Regarded as the leading text in Christian theology for the last 25 years, Alister E. McGrath's *The Christian Theology Reader* is now available in a new 5th edition featuring completely revised and updated content. Brings together more than 350 readings from over 200 sources that chart 2,000 years of Christian history Situates each reading within the appropriate historical and theological context with its own introduction, commentary, and study questions Includes new readings on world Christianity and feminist, liberation, and postcolonial theologies, as well as more selections by female theologians and theologians from the developing world Contains additional pedagogical features, such as new discussion questions and case studies, and a robust website with new videos by the author to aid student learning Designed to function as a stand-alone volume, or as a companion to *Christian Theology: An Introduction*, 6th edition, for a complete overview of the subject

Angels and Demons

CUA Press Angels occupy a significant space in contemporary popular spirituality. Yet, today more than ever, the belief in the existence of intermediary spirits between the human and divine realms needs to be evangelized and Christianized. *Angels and Demons* offers a detailed synthesis of the givens of the Christian tradition concerning the angels and demons, as systematized in its essential principles by St. Thomas Aquinas. Certainly, the doctrine of angels and demons is not at the heart of Christian faith, but its place is far from negligible. On the one hand, as part of faith seeking understanding, angelology has been and can continue to be a source of enrichment for philosophy. Thus, reflection on the ontological constitution of the angel, on the modes of angelic knowledge, and on the nature of the sin of Satan can engage and shed light on the most fundamental areas of metaphysics, epistemology, and ethics. On the other hand, angelology, insofar as it is inseparable from the ensemble of the Christian mystery (from the doctrine of creation to the Christian understanding of the spiritual life), can be envisioned from an original and fruitful perspective.

Doing Theology with Humility, Generosity, and Wonder

A Christian Theology of Pluralism

Fortress Press This book looks at how Christians can think about their own theology in a manner that will allow them to not only be more open to interfaith dialogue but also to see that conversation as essential to what it means to be a Christian. For much of history, Christian theology has been used to undergird and justify imperial power. This has required a theological construction that advances a vision of belief that stands above and against the world and other faiths, or at the very least acts as the one vision under which all the others must unite. Empire and the colonizing enterprise do not lend themselves well to plural ways of understanding Christian faith, let alone a plurality of religious faiths. To take plurality seriously, we need a Christian theology that sees itself as a participant in that plurality.

Introducing Practical Theology

Mission, Ministry, and the Life of the Church

Baker Academic This introduction to the field of practical theology reclaims a theological vision for the life and work of the church. Pete Ward dispels the myth that practical theology is a distraction from the "real" tasks of ministry or from serious academic theological work. He argues that practical theology is part of the everyday life of the church and that there are a variety of possible approaches, helping readers evaluate the approach that is most appropriate to their ministerial context and theological tradition. This reliable, accessible resource will work well for those in training or in ministry.

Christian Ethics

An Introduction to Biblical Moral Reasoning

Crossway What does the Bible teach about how to live in today's world? Best-selling author and professor Wayne Grudem distills over forty years of teaching experience into a single volume aimed at helping readers apply a biblical worldview to difficult ethical issues, including wealth and poverty, marriage and divorce, birth control, abortion, euthanasia, homosexuality, business practices, environmental stewardship, telling the truth, knowing God's will, understanding Old Testament laws, and more.

An Introduction to Catholic Theology

Paulist Press "What is Catholic theology? In order to reach an answer, the authors use various definitions of theology to identify the principal elements of the discipline, elements that include the human person, faith, the scriptures, philosophy, morality and everyday human experience. The authors also provide examples from the history of theology to highlight the dynamic nature of Catholic theology and its evolution in a variety of cultural and historical settings."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Gift and Promise

The Augsburg Confession and the Heart of Christian Theology

Fortress Press Gift and Promise shows that the theology of the Augsburg Confession is as much a gift to the world today as it was when first presented in 1530. Building on a book started by Ed Schroeder (three chapters are presented in the first part), nine of his students present the theology of the Augsburg Confession in language that makes it accessible to those without a scholarly background, including pastors, students, and lay people interested in Lutheran history and theology. Gift and Promise establishes the theological "hub" of the Augsburg Confession—what the Confession itself calls the "central teaching of the Christian faith"—in the doctrine of justification by faith alone. That hub is traced to its source in Luther's theology of the cross. Each chapter presents how that central hub is articulated in the articles of faith that comprise the Augsburg Confession. Lucid, powerful, and insightful, the expositions in this volume are written by expert theologians, historians, and scholars who aim to present the crucial and practical message of the Christian life in the Augsburg Confession for all.
