The Romance of Atlantis

A Novel

Open Road Media A young queen is torn between her heart's desire and the fate of her kingdom in this "first-rate" fantasy from a New York Times-bestselling author (Library Journal). On his deathbed, the four-hundred-year-old emperor of Atlantis has reason to worry. Signar, the savage ruler of a powerful outlying state, is scheming to seize control of the empire, and not even its advanced technology can save it. But something else can . . . From the frozen north country of Althrustri, Signar will halt his invasion if he can take the emperor's daughter, the beautiful Empress Salustra, as his bride. Such a marriage contradicts the deepest feelings of Salustra's heart, the secret wisdom of her lineage, and her sacred trust as Atlantis's queen. But the emperor has a plan: Salustra will seduce Signar and then sentence him to death. In spite of every effort to harden her heart, Salustra soon finds herself falling in love with the lustful barbarian. Her loyalties gravely divided, the empress must make a decision that will change the course of history. Written by author Taylor Caldwell when she was a young girl and revised and published decades later, *The Romance of Atlantis* transforms the legend of a lost kingdom into an "extraordinary" tale of passion and intrigue (TheColumbus Dispatch).

Artemis Fowl and the Atlantis Complex

Galaxy Criminal mastermind Artemis Fowl has summoned an elite group of fairies to Iceland. But when he presents his invention to save the world from global warming, he seems different. Something terrible has happened to him. Artemis Fowl has become nice.

Stable Farewell

Skylark When Veronica diAngelo, a spoiled rich kid, receives a new horse for Christmas she forgets all about Garnet, her beautiful Arabian, making the Saddle Club girls determined to find a new home for the lonely mare.

Kiss Tomorrow Goodbye

Open Road Media McCoy's hardboiled noir classic, about an Ivy League graduate's criminal rampage through the seedy underground and glitzy high society of an unnamed American city To escape prison, Ralph Cotter uses the same genius for planning and penchant for cold-hearted violence that helped earn him a spot in the slammer in the first place. On the lam in a city where he knows nobody, Cotter has nothing to lose, no conscience to hold him back, and no limit to his twisted ambition. But in the midst of a criminal spree, a grift leads him to the boudoir of wealthy heiress Margaret Dobson, a woman with the power to peel back the rotten layers of his psyche and reveal the damaged soul beneath. Vicious and thrilling, *Kiss Tomorrow Goodbye* is a look at one man's relentless attack on American society, conjuring one of the most memorable antiheroes of twentieth-century noir fiction. This ebook features an extended biography of Horace McCoy.

Prospero's Children

Del Rey It began ages past in fabled Atlantis, when a mad, power-hungry queen forged a key to a door never meant to be opened by mortal man--its inception would hasten her own death and the extinction of her vainglorious race. For millennia the key lay forgotten beneath the waves, lost amid the ruins of what had been the most beautiful city on Earth. But however jealously the sea hoards its secrets, sooner or later it yields them up. Now, in present-day Yorkshire, that time has come. And for young Fernanda Capel, life will never be the same again . . .

His Greatest Speeches

How Lincoln Moved the Nation

St. Martin's Press An expert analysis of Abraham Lincoln's three most powerful speeches reveals his rhetorical genius and his thoughts on our national character. Abraham Lincoln, our greatest president, believed that our national character was defined by three key moments: the writing of the Constitution, our declaration of independence from England, and the beginning of slavery on the North American continent. His thoughts on these landmarks can be traced through three speeches: the Lyceum Address, the Gettysburg Address, and the Second Inaugural. The latter two are well-known, enshrined forever on the walls of the Lincoln Memorial. The former is much less familiar to most, written a quarter century before his presidency, when he was a 28 year-old Illinois state legislator. In *His Greatest Speeches*, Professor Diana Schaub offers a brilliant line-by-line analysis of these timeless works, placing them in historical context and explaining the brilliance behind their rhetoric. The result is a complete vision of Lincoln's worldview that is sure to fascinate and inspire general readers and history buffs alike. This book is a wholly original resource for considering the difficult questions of American purpose and identity, questions that are no less contentious or essential today than they were over two hundred years ago.

Keeper of the Lost Cities

Simon and Schuster At age twelve, Sophie learns that the remarkable abilities that have always caused her to stand out identify her as an elf, and after being brought to Eternalia to hone her skills, discovers that she has secrets buried in her memory for which some would kill.

Learning to Work With the Tarot Cards and Energy As a Light Worker

Balboa Press For as long as she can remember, Kerrie Jean Erwin has seen spirit people and experienced psychic awareness. As a professional spiritual medium, healer, and clairvoyant, she assists with spirit rescue and hauntings, hypnotherapy, and past-life regression. She received her first tarot deck when she was eighteen and has never looked back. Using an easy, hands-on approach, she introduces a wonderful and enlightening journey of self-discovery using tarot cards. You can learn to be a storyteller of spiritual insights as you master the art of interpreting the messages of the tarot. Kerrie explains how the tarot can be used to analyze problems, clarify decisions, and guide you on your life path or spiritual journey. You can open up to the spirit world; bring light into your life; gain magical insights; attract heavenly help; open yourself up for important transitions in your life; get to know yourself and others in a whole new light; trust in the process again; and connect to Great Spirit. Kerrie shares her years as a professional healer and reader to the table to inspire you to tap into your own gifts and insights. Are you ready to learn how to tell the story?"

The Mystery of Atlantis

Bantam Books While searching for the mythical land of Atlantis, the reader is transported back to ancient Greece and Egypt, to the time of the first Olympics.

Closing of the American Mind

Simon and Schuster The brilliant, controversial, bestselling critique of American culture that “hits with the approximate force and effect of electroshock therapy” (The New York Times)—now featuring a new afterword by Andrew Ferguson in a twenty-fifth anniversary edition. In 1987, eminent political philosopher Allan Bloom published *The Closing of the American Mind*, an appraisal of contemporary America that “hits with the approximate force and effect of electroshock therapy” (The New York Times) and has not only been vindicated, but has also become more urgent today. In clear, spirited prose, Bloom argues that the social and political crises of contemporary America are part of a larger intellectual crisis: the result of a dangerous narrowing of curiosity and exploration by the university elites. Now, in this twenty-fifth anniversary edition, acclaimed author and journalist Andrew Ferguson contributes a new essay that describes why Bloom’s argument caused such a furor at publication and why our culture so deeply resists its truths today.

Artemis Fowl

The Arctic Incident

Puffin Someone has been supplying Class A illegal human power sources to the goblins. Captain Holly Short of the LEPrecon Unit is sure that her arch-enemy, thirteen-year-old Artemis Fowl, is responsible. But is he? Artemis has his own problems to deal with: his father is being held to ransom and only a miracle will save him. Maybe this time a brilliant plan just won't be enough. Maybe this time Artemis needs help...

How to Read a Book

Behold a Pale Horse

Light Technology Publishing Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

Acheron

Macmillan Determined to solve an ancient mystery, a woman undertakes a forbidden quest that pits her against the Dark-Hunter leader and proud god Acheron, with whom she joins forces when ancient guardians and old enemies threaten both of them. Reprint.

The Book of Basketball

The NBA According to The Sports Guy

ESPN NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • “The work of a true fan . . . it might just represent the next phase of sports commentary.”—The Atlantic Bill Simmons, the wildly opinionated and thoroughly entertaining basketball addict known to millions as ESPN’s The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons’s one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game’s finest, funniest, and fiercest chronicler.

A Dweller on Two Planets

Or, The Dividing of the Way

The Book of King Solomon

The story of King Solomon, as told by his court historian.

Artemis Fowl: Time Paradox, The (new cover)

Hyperion When Artemis Fowl’s mother contracts a life-threatening illness, his world is turned upside down. The only hope for a cure lies in the brain fluid of the silky sifaka lemur. Unfortunately, the animal is extinct due to a heartless bargain Artemis himself made as a younger boy. Though the odds are stacked against him, Artemis is not willing to give up. With the help of his fairy friends, the young genius travels back in time to save the lemur and bring it back to the present. But to do so, Artemis will have to defeat a maniacal poacher, who has set his sights on new prey: Holly Short. The rules of time travel are far from simple, but to save his mother, Artemis will have to break them all...and outsmart his most cunning adversary yet: Artemis Fowl, age ten.

Surprised by Joy

The Shape of My Early Life

HarperCollins A repackaged edition of the revered author’s spiritual memoir, in which he recounts the story of his divine journey and eventual conversion to Christianity. C. S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of Mere Christianity, The Screwtape Letters, The Great Divorce, The Chronicles of Narnia, and many other beloved classics—takes readers on a spiritual journey through his early life and eventual embrace of the Christian faith. Lewis begins with his childhood in Belfast, surveys his boarding school years and his youthful atheism in England, reflects on his experience in World War I, and ends at Oxford, where he became “the most dejected and reluctant convert in all England.” As he recounts his lifelong search for joy, Lewis demonstrates its role in guiding him to find God.

Tibetan Book of the Dead

Courier Dover Publications Derived from a Buddhist funerary text, this famous volume’s timeless wisdom includes instructions for attaining enlightenment, preparing for the process of dying, and moving through the various stages of rebirth.

The Word for World is Forest

Tor Books The award-winning masterpiece by one of today’s most honored writers, Ursula K. Le Guin! The Word for World is Forest When the inhabitants of a peaceful world are conquered by the bloodthirsty yumens, their existence is irrevocably altered. Forced into servitude, the Athsheans find themselves at the mercy of their brutal masters. Desperation causes the Athsheans, led by Selver, to retaliate against their captors, abandoning their strictures against violence. But in defending their lives, they have endangered the very foundations of their society. For every blow against the invaders is a blow to the humanity of the Athsheans. And once the killing starts, there is no turning back. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

Clara and Mr. Tiffany

A Novel

Random House Trade Paperbacks NATIONAL BESTSELLER It’s 1893, and at the Chicago World’s Fair, Louis Comfort Tiffany makes his debut with a luminous exhibition of innovative stained-glass windows that he hopes will earn him a place on the international artistic stage. But behind the scenes in his New York studio is the freethinking Clara Driscoll, head of his women’s division, who conceives of and designs nearly all of the iconic leaded-glass lamps for which Tiffany will long be remembered. Never publicly acknowledged, Clara struggles with her desire for artistic recognition and the seemingly insurmountable challenges that she faces as a professional woman. She also yearns for love and companionship, and is devoted in different ways to five men, including Tiffany, who enforces a strict policy: He does not employ married women. Ultimately, Clara must decide what makes her happiest—the professional world of her hands or the personal world of her heart.

Doctors

The Biography of Medicine

Vintage From the author of How We Die, the extraordinary story of the development of modern medicine, told through the lives of the physician-scientists who paved the way. How does medical science advance? Popular historians would have us believe that a few heroic individuals, possessing superhuman talents, lead an unselfish quest to better the human condition. But as renowned Yale surgeon and medical historian Sherwin B. Nuland shows in this brilliant collection of linked life portraits, the theory bears little resemblance to the truth. Through the centuries, the men and women who have shaped the world of medicine have been not only very human, but also very much the products of their own times and places. Presenting compelling studies of great medical innovators and pioneers, Doctors gives us a fascinating history of modern medicine. Ranging from the legendary Father of Medicine, Hippocrates, to Andreas Vesalius, whose Renaissance masterwork on anatomy offered invaluable new insight into the human body, to Helen Taussig, founder of pediatric cardiology and co-inventor of the original “blue baby” operation, here is a volume filled with the spirit of ideas and the thrill of discovery.

The Things They Carried

HarperCollins A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, The Things They Carried is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. The Things They Carried depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O’Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. The Things They Carried won France’s prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Farewell Atlantis

Hudson Cameron Press Curtis’ epic novel blends equal parts classic thriller and provocative spiritual speculation. Full of larger-than-life characters whose growth over the course of the novel interweave seamlessly with the plot, Farewell Atlantis is bold exploration of the human spirit that will intrigue philosophers and scientists alike. This highly acclaimed first

novel is splendid entertainment and among the most compelling new literature to be found. Note: This foreword was created for promotional purposes only. Contributor: Nick Sagan.

Open Science: the Very Idea

Springer Nature This open access book provides a broad context for the understanding of current problems of science and of the different movements aiming to improve the societal impact of science and research. The author offers insights with regard to ideas, old and new, about science, and their historical origins in philosophy and sociology of science, which is of interest to a broad readership. The book shows that scientifically grounded knowledge is required and helpful in understanding intellectual and political positions in various discussions on the grand challenges of our time and how science makes impact on society. The book reveals why interventions that look good or even obvious, are often met with resistance and are hard to realize in practice. Based on a thorough analysis, as well as personal experiences in aids research, university administration and as a science observer, the author provides - while being totally open regarding science's limitations- a realistic narrative about how research is conducted, and how reliable 'objective' knowledge is produced. His idea of science, which draws heavily on American pragmatism, fits in with the global Open Science movement. It is argued that Open Science is a truly and historically unique movement in that it translates the analysis of the problems of science into major institutional actions of system change in order to improve academic culture and the impact of science, engaging all actors in the field of science and academia.

Paper Planes

Simon and Schuster Mia and Ben are the very best of friends. They live side by side at the edge of a great, wide lake and together they sail, and swing, and sing. But the thing they love the most is making paper planes. They dream of one day being able to make a plane that will fly all the way across the lake, and their planes become more and more intricate... But one day: terrible news. Ben's family are moving far, far away. How can Mia and Ben stay best friends if they are so far apart? And how will they ever realise their dream of making a plane that can fly across their lake? Find out in this moving, lyrical story of friendship and flight.

The Care of Time

Vintage Crime/Black Lizard One Monday, Robert Halliday receives a bomb threat in the mail. Two days later, the bomb arrives—accompanied by an offer of employment from one Karliss Zander, an international fixer. Unless Halliday agrees to help him edit the memoirs of a 19th century Russian terrorist and ghostwrite an exposé of modern terrorist governments, Zander will detonate the bomb. For the sake of self-preservation, Halliday joins the project—but quickly discovers that Zander requires more than mere literary assistance: He and his daughter are in mortal peril from a Middle Eastern terrorist group. Now tangled in this massive international web of danger, Halliday wonders if it wouldn't have been far less painful if that bomb had just gone off. The Care of Time, Eric Ambler's final novel, is a carefully constructed, utterly absorbing story of intrigue and suspense, one of the most acclaimed works of his more than sixty year career.

The Dawn of Everything

A New History of Humanity

Farrar, Straus and Giroux INSTANT NEW YORK TIMES BESTSELLER A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. The Dawn of Everything fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations

A Shropshire Lad

Lost Colony, The (Artemis Fowl, Book 5)

Disney Electronic Content Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.

The magic and mysteries of Mexico or, The Arcane secrets and occult lore of the ancient Mexicans and Maya

Spence Lewis The magic and mysteries of Mexico or, The Arcane secrets and occult lore of the ancient Mexicans and Maya
