## AGAINST LOVE

---

### A POLEMIC

**Vintage** *Who would dream of being against love? No one. Love is, as everyone knows, a mysterious and all-controlling force, with vast power over our thoughts and life decisions. But is there something a bit worrisome about all this uniformity of opinion? Is this the one subject about which no disagreement will be entertained, about which one truth alone is permissible? Consider that the most powerful organized religions produce the occasional heretic; every ideology has its apostates; even sacred cows find their butchers. Except for love. Hence the necessity for a polemic against it. A polemic is designed to be the prose equivalent of a small explosive device placed under your E-Z-Boy lounge. It won't injure you (well not severely); it's just supposed to shake things up and rattle a few convictions.*

### WAR AND PEACE

**Samaira Book Publishers** *Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising*

the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In *War and Peace* (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.
