KEY=BLACK - JOHNSON MARCO

CONSERVATION DRONES

MAPPING AND MONITORING BIODIVERSITY

Oxford University Press Increasing numbers of ecologists and conservation biologists have begun to explore the use of drone technology to obtain accurate and up-to-date data on the distribution and density of species, as well as the threats to their habitats, in their ongoing attempts to conserve and monitor biodiversity. Conservation drones are low-cost, autonomous, and operator-friendly unmanned aerial vehicles that can be used for surveying, mapping, and monitoring both habitat and biodiversity. They are fast becoming a valuable complement to ground-based surveys and satellite imagery for a wide range of ecological and conservation applications. The authors pioneered the use of conservation drones for the purpose of monitoring orangutan populations in Southeast Asia. They subsequently founded ConservationDrones.org to share their knowledge of building and using drones with colleagues in the wider environmental community. This website has proved highly popular and this book aims to further build capacity to use drones and inspire others to adapt emerging technologies for practical conservation.

HOW TO USE GOPRO HERO 3 CAMERAS: THE ADVENTURE SPORTS EDITION FOR HERO3+ AND HERO3 CAMERAS

Jordan Hetrick FOR HERO 3+ and HERO 3 CAMERAS. This is the perfect guide book for Adventure Sports enthusiasts who want to learn how to use their GoPro HERO 3+ or HERO 3 cameras to get great videos and photos. Snowboarders, bikers, hikers, kayakers, travelers, skiers, standup paddlers, boaters and more will find valuable knowledge with the lessons in this book. With more than 100+ images, this book provides clear, step-by-step lessons to get you out there using your GoPro camera to document your adventures. This book covers everything you need to know about using your GoPro HERO 3+ or HERO 3 camera. The book teaches you: how choose your settings, tips for all of the GoPro mounts, vital photography knowledge, simple photo, video and time lapse editing techniques and how to share your first edited video and photos. Through the SIX STEPS laid out in this book, you will understand your camera and learn how to use FREE software (you probably already have!) to finally do something with your results. This book is perfect for beginners, but also provides in depth knowledge that will be useful for intermediate camera users. Written for all editions of HERO 3+ (Black and Silver Editions) and HERO 3 (Black, Silver and White Editions) cameras.

This book is the

stepping stone from casual user to GoPro expert filmmaker or photographer. Take your photos and videos to the next level!

GIRLGOYLE

Storyteller Press Tiffany Noboru has just awakened from her death, only to discover she has been drafted into the Gargoyle Ghost Hunter Corps. Soon she is fighting jealous rivalries within her own ranks, struggling to unravel the mystery of her recent death, and trying to avoid being killed a second time by a maniacal ghost named Bones who is seeking the destruction of the gargoyle world. In this full-length novel, appropriate for teens and young adults, a new twist on the role of gargoyles is imaginatively brought to life in spellbinding fashion. Woven into the pages are twenty original works of art by Miimork, which breathe life into this ghostly tale.

BOARD MEMBER ORIENTATION

THE CONCISE AND COMPLETE GUIDE TO NONPROFIT BOARD SERVICE

Createspace Independent Pub Finally! Board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again! Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, (about one hour), yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts! Watch for Hooey Alerts! where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely-worded and intimidating assertion or implication that the Sarbanes-Oxley Act passed by Congress in 2002 applies to nonprofit organizations in a manner similar to how it applies to publicly-traded companies. (It does not.) Reviews "This book is the perfect guide for every nonprofit board member! Concise, highly informative, and loaded with nuggets of wisdom, it's a must read that will take board members to the next level of successful board governance." -- J. Todd Chasteen, General Counsel, Samaritan's Purse "Mike Batts has put his quarter century of advising and serving on nonprofit boards to good use in this accurate and easy-to-read book. In addition to describing major principles of nonprofit law and governance, the book provides helpful questions to guide board members in understanding the practical applications of the concepts discussed. While geared primarily toward helping new board members get up to speed quickly, it should also help veteran board members discharge their stewardship roles wisely and efficiently." -- Chuck Hartman, Associate Professor of Business Law and Accounting, Cedarville University "This book, Board Member Orientation, is exactly what a busy volunteer board member needs. The board member's duties are presented in a clear and concise manner from the perspective of someone who has been around many boards. With a focus on those issues that are most common and/or most important, it is perfect for board member orientation and for quick reference reminders for the experienced board member." -- Doug Starcher, Partner, Broad & Cassel "This book provides clear, no-nonsense guidance on the basic issues for new nonprofit board members. Using this book for board member orientation will ensure your organization has communicated fundamental governance issues and will assist the board in determining risk management strategies." -- Dan Busby, President, ECFA ***** The Simple Board Member

Orientation Process Using This Book: 1.Your board members read Chapters 1-9 of the book, which will provide them with insights regarding the key elements of nonprofit board service. 2.You provide the board members with copies of the documents described in Chapter 10 related to your organization. 3.You meet with your board members to discuss the unique attributes of your organization following the discussion questions provided in Chapter 10. Done!

THE WRITER'S GUIDE TO SELF-EDITING

ESSENTIAL TIPS FOR ONLINE AND PRINT PUBLICATION

McFarland Over the years, technological advances have given publishers the ability to produce more books and online publications with greater speed. This new efficiency, however, has increased editors' workloads, limiting the amount of detailed editorial feedback that they can provide authors. In turn, writers must become self-editors, ensuring that their text is nearly perfect on submission. This book serves as a guide to self-editing nonfiction print and online publications, including articles for general and academic audiences. It is both prescriptive and descriptive, drawing from stylebooks, dictionaries, research, and more to provide a full picture of both style and grammar. Also provided are techniques that boost search-engine optimization and engagement of Internet audiences.

FIRST YEAR OF MARRIAGE

THE NEWLYWED'S GUIDE TO BUILDING A STRONG FOUNDATION AND ADJUSTING TO MARRIED LIFE, 2ND EDITION

Our Peaceful Family How to adjust to married life, build a strong foundation, and survive your first year of marriage. - EVEN if you don't know where to start. Do you feel overwhelmed and completely unprepared for marriage? Are you worried about failing in your marriage, second-guessing your decision to even get married, or considering a divorce? Do you want to have the best marriage you possibly can, but not sure where to start? You are not alone. It is easy to feel like you are the only newlywed struggling with married life; the frustrations, sadness, hopelessness, silent treatment, name calling, anxiety, disagreements, anger, disappointments, coping with new behavior discoveries, wondering if this is what marriage is supposed to be like, etc. We know how you feel because we experienced these struggles after getting married too. We have also listened to great married couples share their first year of marriage struggles on our podcast, The First Year Marriage Show, and countless others. So, we understand the problems you are facing and want to help you have a better marriage. To be honest, the first year of marriage is the hardest year for most married couples. However, you can avoid the marriage problems newlyweds face every single day by reading this guide for newlyweds and engaged couples today. We strongly believe this book will change your marriage. Because the lessons come from our own first-hand experience and gleaned knowledge. We share our struggles and how we overcame adversity to build a strong foundation for the healthy, happy, and fulfilling marriage we have today. In this First Year of Marriage book, you will learn: 1. How to transform your mindset from I into We. 2. How to build a safe environment for your marriage, so you can express your feelings and opinions without feeling judged. 3. Our simple and proven communication strategies have helped many couples to communicate better. 4. Get a better idea of what is at the root of the issues troubling your marriage, and how to fix them. 5. The glue that holds your marriage together and what we did after one of us changed our faith. 6. How to be independent and interdependent without losing your identity. 7. How to connect and grow together as a couple. 8. Why it is important to create a vision for your

marriage, and the four steps we used to create a vision our marriage. 9. Why your first year of marriage is critical to the success of your marriage. And much more. This is the book that we wished was out there when we first got married. If you are a newlywed, just got engaged, looking to remarry or improve your marriage, this indispensable guide is for you. Filled with ideas you can apply immediately to your marriage. Marriage counselors, coaches, educators, pastors, and wedding officiants can also use this book for premarital counseling. You can have the satisfying marriage you both desire. Marriage does not have to be hard. Practice everything we share in this newlyweds guide with your spouse, and you will both be heading towards a happy, healthy, and fulfilling marriage. If you like reading books that are practical, easy to read, and straightforward. Books you can instantly apply what you learn to your life, then you will enjoy reading this guide for newlyweds. More importantly, read this book with your spouse, discuss the questions, and complete the workbook together. Then apply everything you learn to your marriage. You wouldn't build a million-dollar home on a weak foundation. Why would you consider the same for your marriage? Get your copy of this marriage book today. ----- Keywords related to this newlywed's book: Marriage books, books for newlyweds, newlyweds guide, newlyweds book, relationship books, marriage books, newlyweds marriage book, books for couples, marriage help books, relationship help books, books for couples, books for married couples, dating books, books for engaged couples, engaged couples, newlywed engaged couples, getting married books, premarital counseling books, before marriage books,

THE EB-5 HANDBOOK

A GUIDE FOR INVESTORS AND DEVELOPERS

EB5 Investors Magazine "Outstanding. A great entry point for the developer and investor." - Brian Calle, Orange County Register "Combines the experience of the authors to give a unique perspective on the important EB-5 program which drives capital formation and jobs across our country." - Congressman Jared Polis Whether you are a foreign investor seeking a United States green card or a domestic developer sourcing capital for your latest project, the United States EB-5 visa program offers unique opportunity. In an industry known to be difficult to understand, The EB-5 Handbook breaks down the EB-5 program into its simple basics- investment, economic growth, and green cards. In The EB-5 Handbook, investors and developers alike will learn the essentials of the program, the benefits it can offer, and how to get started on their EB-5 journey with sections uniquely tailored to each party. Ali Jahangiri of EB5 Investors Magazine has brought together an all-star team of experts from nearly every segment of the industry. The authors - Jeff Campion, Linda He, David Hirson, Linda Lau, Dawn Lurie, Joseph McCarthy, Al Rattan, Reid Thomas, John Tishler, Kyle Walker, and Kevin Wright - and the editors - Elizabeth Peng and Cletus Weber -all have an established history of success working with EB-5 investors and developers. The EB-5 Handbook is the first book of its kind to bring together such a diverse group of authors to increase transparency and knowledge of the EB-5 program.

KARST GROUNDWATER CONTAMINATION AND PUBLIC HEALTH

BEYOND CASE STUDIES

Springer This book sheds new light on contaminant transport in karst aquifers and the public health implications of contaminated karst groundwater. The papers included were presented at a conference held in early 2016 in San Juan, Puerto Rico, and range from lengthy reviews on contaminant transport mechanisms to short articles summarizing research findings. The conference addressed a variety of topics, such as contamination sources, the hydrogeology of contaminant transport, the storage and release of contaminants, and the health impacts as well as the epidemiology of contaminated water supplies drawn from karst aquifers, and gathered perspectives from experts in different disciplines, including hydrogeologists and public health specialists. Although there is a wealth of literature on specific instances of karst groundwater contamination, this book offers an integrated conceptual framework for the public health impacts of karst groundwater, making it a valuable resource for a broad interdisciplinary readership.

BUILD AN EXTREME GREEN SOLAR HOT WATER HEATER

Grasslands Publishing What's so tough about building a solar collector? Most people think it's time they tried to do their part at lowering their monthly utility bills or curbing climate change, but they suspect that their dream of building a hot water solar collector is more than they can handle. In some cases, this may be true. However, if you have already performed your own plumbing repairs, this project may not be as difficult as and more affordable than you imagine. This down-to-earth guide can show you just how possible such a project can be. With simple step-by-step instructions, fifty-six clear illustrations, and a complete parts list from a major hardware store, you may fulfill your dream of going solar sooner than you think. This is an excellent book with clear and well thought out plans. With a little investment of time and the parts listed, you will have a worthy product that will save money and provide satisfaction. A. J. Shea I am very impressed with the plans for this solar hot water system. I think it was easy to understand and complete with material lists and where to get them. I am looking forward to building one soon. Dean Cardin For anyone wanting to build their own solar collector, this is a great tool. Like others have said, follow the directions with respect to the materials specified. BigBear

THE ANARCHIST'S GUIDE TO GRAMMAR

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

A GARDENER'S GUIDE TO NATIVE PLANTS OF NORTHEASTERN PENNSYLVANIA

A comprehensive reference and discussion about how to plan and develop landscape designs using native plants, with a focus on the northeastern counties of Pennsylvania. Covers

2,150 species of trees, shrubs and herbaceous perennials and annuals, 100 kinds of regional soils, and 135 ecological communities with detailed plant associations for each. Also included are the 540 protected plant species in Pennsylvania, invasive species of local concern, plant sources and additional resources for native plant enthusiasts.

GETTING IN

THE INSIDER'S GUIDE TO FINDING THE PERFECT UNDERGRADUATE RESEARCH EXPERIENCE

SecretHandshake Press Whether you're premed, pregrad, preprofessional, undecided, or headed for the job market after graduation, undergrad research can help you define your career path and prepare for it. But research opportunities are highly competitive so where do you start and how do you find the perfect position? Getting In brings together the essential information you need with a no-nonsense approach that will save you time and frustration. Co-written by academic insiders, Getting In is like having two mentors coach you through your search and keep you organized as you decide on which research positions to pursue, contact potential mentors, nail interviews, and ultimately choose a research experience. Getting In gives you the guidance you need including: * Creative search strategies * Mistakes to avoid during the search, application, and interview * How to approach a professor after lecture or during office hours * Email templates that get you noticed * Time-management strategies to maintain your academic/life balance * Tips to determine if you should accept or decline a research position * How to use your research experience to build habits for success in the lab, in college, and in life Additional tips, tricks, and strategies for getting the most out your STEM undergrad research experience can be found at UndergradInTheLab.com at facebook.com/undergradinthelab and on Twitter at @youinthelab. D.G. Oppenheimer, Ph.D., is an associate professor of molecular and cellular biology at the University of Florida. P.H. Grey, B.A., is a molecular biology research scientist who started her research career as an undergraduate laboratory assistant. Together, they have over 46 years experience training, mentoring, and writing recommendation letters for undergrad researchers. They understand the challenges that students face when searching for a research experience and how to successfully navigate around them.

HOW TO BE TOTALLY UNHAPPY IN A PEACEFUL WORLD

"Most self-help books are trite. They don't tell you anything you don't already know, and if you could follow their advice, you wouldn't need to read the book in the first place. This book, however, is radically different. It assumes that you are a normal happy person and want to experience the misery that so many others complain about. It gives some great advice on how to bring yourself to hell on earth, -- and bring all of your family, friends, and co-workers right along with you! Best of all, you can do all this while rolling on the floor with laughter. Give this book to anyone whose cheerful mood annoys you when you are down in the dumps. I totally recommend this book for anyone even slightly Unhappy or those who love them !!" "I totally recommend this book for anyone even slightly Unhappy or those who love them !! It's fabulous. We had a great time, saw ourselves and others in the pages and since, unfortunately, this whole family is part of the 20% of happy people in a miserable world, the laughs were frequent and heartfelt." "I've read through bunches of self-help books. Of all of them, I think "Born to Win" and this book are the only two that will persist on my shelves." "The book is a delightful take hon the American way. Written with insight and humor, the author takes you into misery as a way of life and offers clever ways of maintaining your miserable status. I read it in one evening and thoroughly enjoyed the wacky humor and uncanny knowledge of how we make ourselves sick with unnecessary worry and self doubt. Read it with a sense of humor and you can't help but love it the way I did." "This is a great book to have on your living room coffee table or bedside, so that you can pick it up often, open to any page, and laugh at how ludicrous we can be on a regular basis. I have taught social dance classes for over 20 years, and my goal is to provide an arena in which people have the freedom to laugh at themselves while learning about something new. Gil's book provides me and others with that freedom. I highly recommend it!" "This is a good book when one feels down and needs an uplift. It allows one to realize not to take life so seriously. Very enjoyable reading."

THE COMPLETE GUIDE BOOK TO RAISING AND SHOWING INDIAN FANTAILS

Createspace Independent Publishing Platform The Indian Fantail has become one of the most popular breeds of fancy pigeons.
