#### THE TZOLKIN CALENDAR AND YOUR LIFE PATH

---

Simon and Schuster A contemporary and practical guide to Mayan astrological techniques • Discusses the logic and meaning of the 20 day-signs of the Mayan calendar • Explains the many cycles of Mayan astrology, such as the 9-day cycle of the Night Lords and the 13-day trecena • Contains extensive tables of Mayan astrological data, allowing readers to cast their own Mayan horoscopes How to Practice Mayan Astrology presents a contemporary guide to one of the most sophisticated astrological systems ever developed. Like other ancient peoples, the Maya looked to the cycles of the planets as markers of time and designators of order. The predictable cycles they observed became codified in the Mayan calendar and astrological system as a way of organizing the seeming chaos of human life. Mayan astrology is based on 20 named days that are cycled 13 times to create a 260-day calendar, the Tzolkin. The authors explain the symbolism, logic, and meaning of the 20 day-signs; how these signs reflect 260 possible personality types; and how they can be used for divination. They also explain the important role of the Four Directions and the planet Venus in one's personality matrix and life issues. Included are extensive, easy-to-use tables of Mayan astrological data, allowing readers to determine their day-signs, to see how these signs are also influenced by the cycle of the Night Lords and the 13-day trecena, and to cast their own horoscopes.

#### MAPPING YOUR INNER COSMOS

---

Lucita Publishing "Mayan Calendar Astrology: Mapping Your Inner Cosmos" is the quintessential handbook to help you understand the art of Mayan astrology and how to harness it for a profound illumination of your personal lifepath. If you liked "Jaguar Wisdom," this book will take you even deeper into the powerful insights that Mayan astrology can offer, whether you're a seasoned expert or just a beginner. Included in the book are: - Complete information about the day signs and numbers - The importance of the Year Lord - The Mayan Destiny chart (also known as the Mayan Cross) - The complete nine-sign horoscope - Solar and lunar cycles - A unique method for determining the phases of human life - The personal compatibility matrices embedded within the Tzolk'in - A little-known technique for assessing human relationships by combining two horoscopes into a composite chart - Calendar diagrams and horoscope templates - A powerful and meditative technique called the "Path of Feathered Serpent," based on our own "personal lunar month" and designed, through a series of guided meditations, to awaken the koyopa or inner lightning we all possess. REVIEWS: "I am profoundly grateful to Kenneth Johnson for sharing his experientially based understanding of the Tzolk'in in this remarkable book. As a long-time lover of the Mayan world, 'Mayan Calendar Astrology' finally opened my eyes to the subtle workings of the 260-day calendar and led me to embrace it as a genuine path to self-understanding. The author's work is based upon his years of work with several aj q'ijab' in the Guatemalan highlands, primarily in Momostenango, the important center for contemporary Mayan calendar knowledge. Johnson's explanations of the significance of the 13 numbers, the Mayan Destiny chart, the Year Lords, and the Path of Feathered Serpent are unique in popular literature and will enrich the understanding of even dedicated scholars." - Robert Sitler, PhD, Director, Latin American Studies, Stetson University

#### UNLOCKING THE SECRETS OF THE ANCIENT MAYANS AND THE PROPHECY OF 2012

---

Harper Collins Discover What the Prophecy of 2012 Means for Your Life According to the Mayan Elders, at the moment of birth every human being is given a destiny. Our life challenge is to develop ourselves and our skills in order to fulfill this destiny, thus fueling our individual contribution to the planet. At the heart of The Book of Destiny is the sacred Mayan calendar, an extraordinary tool that allows the reader to discover this destiny, along with one's special Mayan symbol, origin, as well as the protection spirits that accompany them through life. Poetically narrated, the book describes how the calendar contains the scientific legacy of the Mayan people, preserved and transmitted over the centuries through oral tradition and written texts. Written at the request of the Mayan Elders, by member of the Guatemalan Elders Council and Mayan Priest Carlos Barrios, The Book of Destiny is a tool to help people understand their life purpose and to use this profound knowledge to make the best of their time on earth.

#### THE MAYAN CALENDAR AND THE TRANSFORMATION OF CONSCIOUSNESS

---

Simon and Schuster Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future • Shows the connection between cosmic evolution and actual human history • Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster • Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows--providing a new science of time. The calendar is associated with nine creation cycles, which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Time, in fact, is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the final Universal level of conscious enlightenment. Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment.

#### THE PLEIADIAN CYCLE AND THE KEY TO DESTINY

Simon and Schuster Mayan daykeeper Hunbatz Men reveals the multi-calendar system of the Maya that guided the lives of his ancestors and how it can guide us today • The first book to reveal the secrets of the Mayan Pleiades calendar: the Tzek'eb • Explains how the Maya used their astronomical knowledge to guide their lives on Earth The Mayan Calendar has taken on special prominence with the imminent arrival of 2012, a date that many claim is the end of that calendar. However, as Mayan elder and daykeeper Hunbatz Men shows, the cosmological understanding of his ancestors was so sophisticated that they had not one, but many calendars, each based on the cycles of different systems in the cosmos. In this book he reveals for the first time the Tzek'eb, or Pleiades, Calendar of 26,000 years, which charts the revolution of our solar system around Alcyone, the central star of the Pleiades system. He also discusses the K'uuk'ulcan Calendar of the 4 seasons of the solar year and the wheel of the K'altunes Calendar, which is composed of 13 cycles of 20 years each that form a calendar of 260 years. In traditional Mayan culture the computation of time was not determined by simple economic or social motives. The calendars served the higher purpose of synchronizing the lives of human beings and their societies to the great cosmic pulsation, to the rhythm of the annual seasons, and to the other cycles that dictate changes upon Earth. Mayan understanding of the cosmic cycles was so exact that this knowledge could be used to influence all stages of life--from planning when to conceive (parents could choose not only the sex of their child but its vocation and future destiny) to plotting out the course of the entire society. Pyramids played a crucial role in applying this wisdom because, as Hunbatz Men shows, they were able to produce and transform energy in accordance with the cosmic cycles charted by the calendars. This book reveals for the first time the wisdom of the multi-calendar Mayan system and how it can help guide our modern world.

### A WHITE SHAMAN'S GUIDE TO USING THE 260-DAY TZOLK'IN CLOCK

---

Harness the power of the Tzolk'in Clock to manifest your greatest destiny! In his debut manifesto, The White Shaman brings forth a revolutionary interpretation of the Mayan Tzolk'in as a three-dimensional clock that uses time and the collective consciousness to create physical realities out of thoughts within 260-day rounds. Living by the Tzolk'in Clock is a way to transform our lives from "chasing the dollar" on the Gregorian calendar to "using our spiritual selves to deliver our reality." Manifesting destiny with spiritual time is done using our thoughts and consciousness by planting seeds of desires and nurturing them through the unique energy of each day on the Tzolk'in Clock. Learn to plant, grow and manifest the fruits of your seeds during a Tzolk'in round while gaining a deep understanding of the importance of each day on the Clock. This book includes chapters based on twenty articles written and published in real time by The White Shaman as he lived a full Tzolk'in round with the intention of learning the unique energy of each day in the twenty trecenas of the Tzolk'in Clock.

#### HOW QUANTUM THEORY AND MAYAN COSMOLOGY EXPLAIN THE ORIGIN AND EVOLUTION OF LIFE

---

Simon and Schuster Identifying the Mayan World Tree with the central axis of the cosmos, the author shows how evolution is not random • Shows how the evolution of the universe emanates from the cosmic Tree of Life • Explains the origin and evolution of biological life and consciousness and how this is directed Using recent findings within cosmology, coupled with his broad understanding of the Mayan Calendar, biologist Carl Johan Calleman offers a revolutionary and fully developed alternative to Darwin's theory of biological evolution--and the theory of randomness that holds sway over modern science. He shows how the recently discovered central axis of the universe correlates with the Tree of Life of the ancients. This provides an entirely new context for physics in general and especially for the origin and evolution of life and suggests that we look upon ourselves as parts of a hierarchy of systems that are all interrelated and evolve in a synchronized way. Calleman's research demonstrates that life did not just accidentally "pop up" on our planet, but that Earth was a place specifically tagged for this. He demonstrates how the Mayan Calendar describes different quantum states of the Tree of Life and presents a new explanation for the origin and evolution of consciousness. Calleman uses his scientific background in biology and cosmology to show that the idea of the Purposeful Universe is real. He explains not only how DNA but also entire organisms have emerged in the image of the Tree of Life, a theory that has wide-ranging consequences not only for medicine but also for the origin of sacred geometry and the human soul. With this new theory of biological evolution the divide between science and religion disappears.

#### A NEW COSMOLOGY FOR THE AGE OF LIGHT

---

Simon and Schuster Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya, a Pleiadian goddess. Satya describes the huge cosmic drama taking place simultaneously in nine dimensions, with Earth as the chosen theater. The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution; the Pleiadians will be there to guide us for that leap. This shift is the coming Age of Light, and the entry of our solar system into the Photon Band and the Age of Aquarius.

#### CHARTING THE SPIRALS OF CONSCIOUSNESS

---

Simon and Schuster Discover how to navigate the spiral energy patterns of the Universe for spiritual advancement and conscious evolution • Explains how the cycles of the 13 spirals of Universal energy and the 20 spirals of Earth energy interact on each calendar day as well as provides a Pleiadian perspective on how they influence us and the events in our lives • Offers practical examples of how you can consciously use the energies prevalent on a given day to your personal, spiritual benefit • Shares cosmic wisdom teachings from the Pleiadian group known as Laarkmaa Modern science has finally confirmed an essential component of the Pleiadian teachings: Our Universe is not linear; it moves in spirals. Human evolution also unfolds in spirals, rather than the linear progression we call "progress." Sharing the cosmic wisdom teachings they have received from the Pleiadian group known as Laarkmaa, authors Pia Orlean and Cullen Baird Smith reveal a new system of Pleiadian-Earth energy astrology centered on the spiraling and interconnected movement of Universal and Earth energies, rather than on time, and explain how this new wave of Pleiadian wisdom can support human evolution. The authors identify two major spiral patterns that influence us: the 13 spirals of Universal energy that reflect cosmic laws and cosmic truth and the 20 spirals of Earth energy that reflect how humans experience themselves, each other, and their environment. They explain the dominant energy of each of the 13 Universal energy spirals and how they cycle in 13-day periods. They detail how these 13 Universal energy spirals interact with the cycles of the 20 Earth energy spirals on each calendar day, providing a hundred-year ephemeris and a Pleiadian perspective with which to understand the events in your life. Offering practical examples, they show how you can consciously use the energies prevalent on a given calendar day to your personal, spiritual advantage. Providing a map to transcend all systems that no longer serve us, freeing us to become the enlightened cosmic beings we truly are, the authors show how, with the wisdom of the Pleiadian-Earth energy system, we can each discover our specific gifts, work through the challenges of our own shadows, and individually and collectively evolve into a higher vibrational species.

#### FOUNDATIONS OF COUNSELING PEOPLE

---

---

#### A GUIDE FOR THE COUNSELING, PSYCHOLOGICAL, AND HELPING PROFESSIONS

---

Charles C Thomas Publisher Those in the counseling profession are interacting more with people from other cultures, the U.S. sphere of influence throughout the world is spreading, increasingly, we are providing services to clients who are not Caucasian or of European heritage, and our educational programs have been active in training both domestic students of diverse ethnic backgrounds as well as foreign students. These factors combine to contribute to the need for those who provide counseling to understand the elements involved in interacting with a wide spectrum of people. This book meets that need by providing a brief synopsis on such topics as common factors, values, universals, cross-cultural competence, and models, approaches, and psychological perspectives of human behavior (theories of personality). The emphasis is on material that relies more on the use of the scientific method and data instead of anecdotal and experiential literature. For the reader who is interested in obtaining information from which statements are derived, there are references to investigate the material further. Unlike other book that stress the barriers between counselor and client, this book adds the perspective that there are factors that facilitate interactions between the two. There are also frequent cross-cultural examples in the book. To facilitate awareness of similarities and differences in views of human behavior, samples of African, Arab, Chinese, and European/American perspectives are represented. There is also a relatively large section on applications. This consists of such subjects as cross-cultural aspects of psychological theories, ethics, research, tests, Euro-American approaches and experiences, client characteristics, client and counselor interactions, and therapeutic techniques. Many other topics are covered, as well. Students and professionals in the fields of counseling and psychology will find this book to be an invaluable addition to their library.

UNM Press Described as a landmark in the ethnographic study of the Maya, this study of ritual and cosmology among the contemporary Quiché Indians of highland Guatemala has now been updated to address changes that have occurred in the last decade. The Classic Mayan obsession with time has never been better known. Here, Barbara Tedlock redirects our attention to the present-day keepers of the ancient calendar. Combining anthropology with formal apprenticeship to a diviner, she refutes long-held ethnographic assumptions and opens a door to the order of the Mayan cosmos and its daily ritual. Unable to visit the region for over ten years, Tedlock returned in 1989 to find that observance of the traditional calendar and religion is stronger than ever, despite a brutal civil war. ". . . a well-written, highly readable, and deeply convincing contribution. . . ." --Michael Coe

Motilal Banarsidass Publ. Astrology can be considered a useful branch of knowledge only if its concepts and principles could be applied to assess the personality and life of a person, and to look into the years ahead to tell him as to what is in store for him. The Signs, Houses and Planets are the three basic factors which need to be understood clearly for developing successful predictive ability. In PREDICTIVE ASTROLOGY--AN INSIGHT, rules and facts pertaining to each of these factors have been given and the effect of one factor on the other has been analysed in a very comprehensible and instructive manner. For timing the events in the life of a person correctly, the Vimshottari Dasa System has been rationalised to fit the calendar in vogue and details of supportive transit indications have also been given. This book is a manual of practical astrology designed to enable the reader to handle queries relating to various facets of everyday life successfully.

Hay House, Inc In this compelling exploration of life, Gregg Braden merges the modern discoveries of nature's patterns (fractals) with the ancient view of a cyclic universe. The result is a powerful model of time—fractal time—and a realistic window into what we can expect for the mysterious year 2012 . . . and beyond. Applying fractal time to the history of the world and life, he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past. As each cycle repeats, it carries a more powerful, amplified version of itself. The key: If you know where to look in the past, you know what to expect when the same conditions return in the present and future. For the first time in print, the Time Code Calculator gives you the tool to do just that! Through easy-to-understand science and step-by-step instructions, discover for yourself: • How the conditions for 2012 have occurred in the past, and what we can expect when they repeat! • The "hot dates" that hold the greatest threats of war and greatest opportunities for peace, as well as economic cycles such as the stockmarket collapse of 2008! • How Earth's location in space triggers cycles of spiritual growth for humans! • Your personal Time Codes for the key events of business, relationships, and change in your life! • How each cycle carries a window of opportunity—a choice point—that allows us to select a new outcome for the returning pattern! • What the 1999 ice cores from Antarctica reveal about past cycles of climate, global warming, Earth's protective magnetic fields, and what these things mean for us today!

### TIME ACCELERATION AND AWAKENING THE WORLD MIND

---

Simon and Schuster Bestselling author Barbara Hand Clow shows how the Mayan Calendar is a bridge to galactic wisdom that fosters personal growth and human evolution • Unearths the meaning behind the calendar, its message for modern civilization, and what will happen when the calendar ends • Reveals how time acceleration is a manifestation of the acceleration of consciousness • By the author of *The Pleiadian Agenda* *The Mayan Code* is a deep exploration of how, as we approach the end of the Mayan Calendar, time and consciousness are accelerating, giving us a new understanding of the universe. Using Carl Johan Calleman's research, as well as the ideas of other Mayan Calendar scholars, Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth--the World Mind. These great patterns culminate in 2011, and then during 2012 major astrological influences will inspire us to attain oneness and enlightenment. *The Mayan Code* shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy. These stages of evolution are converging during the final stage of the Calendar, the period between 1999 and 2011. War and territoriality, resource management and separation from nature, are all part of daily events we must process during these few short years: evidence of the tightening spiral of time that we experience as time speeding up. Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution--now referred to as the awakening of the World Mind.

### WITH CASE STUDIES IN THE OTOMIES AND INCAS

---

John Wiley & Sons *Challenges* readers to think creatively about mathematics and ponder its role in their own daily lives *Cultural mathematics, or ethnomathematics* as it is also known, studies the relationship between mathematics and culture—with the ultimate goal of contributing to an appreciation of the connection between the two. *Introduction to Cultural Mathematics: With Case Studies in the Otomies and Incas* integrates both theoretical and applied aspects of the topic, promotes discussions on the development of mathematical concepts, and provides a comprehensive reference for teaching and learning about multicultural mathematical practices. This illuminating book provides a nontraditional, evidence-based approach to mathematics that promotes diversity and respect for cultural heritages. Part One covers such major concepts as cultural aspects of mathematics, numeration and number symbols, kinship relations, art and decoration, games, divination, and calendars. Part Two takes those concepts and applies them to fascinating case studies of both the Otomies of Central Mexico and the Incas of South America. Throughout the book, numerous illustrations, examples, and motivational questions promote an interactive understanding of the topic. Each chapter begins with questions that encourage a cooperative, inquiry-based approach to learning and concludes with a series of exercises that allow readers to test their understanding of the presented material. *Introduction to Cultural Mathematics* is an ideal book for courses on cultural mathematics, the history of mathematics, and cultural studies. The book is also a valuable resource and reference for anyone interested in the connections between mathematics, culture, anthropology, and history.

### RELIGIOUS PLURALISM AND THE PROBLEM OF RACE IN GUATEMALA

---

Walter de Gruyter GmbH & Co KG Two unprecedented, striking developments form part of the reality of many Latin Americans. Recent decades have seen the dramatic rise of a new religious pluralism, namely the spread of Pentecostal Christianity - Catholic and Protestant alike - and the growth of indigenous revitalization movements. This study analyzes these major transitions, asking what roles ethnicity and ethnic identities play in the contemporary process of religious pluralism, such as the growth of the Protestant Pentecostal and neo-Pentecostal movements, the Catholic Charismatic Renewal, and the indigenous Maya movement in Guatemala. This book aims to provide an understanding of the agenda of religious movements, their motivations, and their impact on society. Such a pursuit is urgently needed in Guatemala, a postwar country experiencing acrimonious religious competition and a highly contentious debate on religious pluralism. This volume is relevant to scholars and students of Latin American Studies, Sociology of Religion, Anthropology, Practical Theology, and Political Sciences.
