### KEY=PRESIDENT - EFRAIN WILSON

---

## If I Ran for President

Albert Whitman Prairie Books ( Discusses the presidential election process.

## If I Ran for President

Albert Whitman & Company Imagine starring in commercials and traveling in your own campaign bus! Or seeing your face on bumper stickers and T-shirts! If you ran for president, you would get to do these and other fun things, but you would also have to do a lot of hard work. You would study the nation's problems, tell the American people about your platform, select a running mate, and debate your opponents on live television. Finally, in November, Election Day would arrive. You would keep your fingers crossed and wait for the results—will you be the next president of the United States? A multicultural cast of children imagines what it would be like to run for president. The entertaining yet informative text is a good conversation starter for discussions on the election process. A note about this process accompanies the story.

## If I Ran for President

Weigl Pub Incorporated Several children imagine what it would be like to run for U.S. president, thinking about the fun parts, such as appearing on T-shirts and bumper stickers, and the work, including studying the nation's problems and debating issues.

## The Kid Who Ran for President

Scholastic Inc. Just in time for election season, Dan Gutman's hugely popular **THE KID WHO RAN FOR PRESIDENT** is back. Humor, adventure, and excitement will draw kids into the world of elections and politics. "Hi! My name is Judson Moon. I'm 12 years old and I'm running for President of the YOU-nited States." So begins this fast-paced, funny, and surprising account of a boy's run for the Oval Office in the year 2000. Under the tutelage of Lane, his brainy friend and self-appointed campaign manager, the affable sixth-grader from Madison, Wisconsin, takes on the Democrats and Republicans as a Third Party candidate who can make waves. "Grown-ups have had the last one thousand years to mess up the world," Judd tells a reporter. "Now it's our turn."

## If I Were President

Albert Whitman & Company A multicultural cast of children imagines what it would be like to be president. Imagine living in the White House, a mansion where you wouldn't have to leave home to go bowling or see a movie! Imagine a chef to cook anything you like. "Two desserts, Madam President? No problem!" If you were president, there would be a lot of work to do too. You would be in charge of the armed forces, give important speeches, and work with Congress to create laws for the whole country!

## Grace for President

### An eBook with Audio

**Little, Brown Books for Young Readers** A fresh, fun, and "thought-provoking" New York Times bestseller about the American electoral college and why every vote counts from bestselling and award-winning duo Kelly DiPucchio and LeUyen Pham. "Where are the girls?" When Grace's teacher reveals that the United States has never had a female president, Grace decides she wants to be the nation's first and immediately jumpstarts her political career by running in her school's mock election! The race is tougher than she expected: her popular opponent declares that he's the "best man for the job" and seems to have captured the votes of all of the class's boys. But Grace is more determined than ever. Even if she can't be the best man for the job, she can certainly try to be the best person! This timely story not only gives readers a fun introduction to the American electoral system but also teaches the value of hard work, courage, independent thought -- and offers an inspiring example of how to choose our leaders.

## If I Ran the Rain Forest

### All About Tropical Rain Forests

**Random House Books for Young Readers** The Cat in the Hat takes Sally and Dick for an "umbrella-vator" ride through the understory, canopy, and emergent layers of a tropical rain forest, encountering a host of plants, animals, and native peoples along the way.

## My Teacher for President

**Perfection Learning Savvy** second grader Oliver has been learning about the president's job, and it seems to him that his teacher would be the perfect candidate. Oliver's teacher is depicted during a typical school day contrasted with scenes of his heroine carrying out presidential duties. Full color.

## The Kid Who Became President

**Scholastic Inc.** "My fellow Americans, When I was running for President, I said you should vote for me because I didn't know anything about politics . . . or how to raise taxes . . . or how to ruin the economy. I didn't know how to get us into a war. I said you should vote for me because I didn't know anything. Well, that was two months ago, and I'm very proud to say that . . . I still don't know anything. Let's face it: I'm a kid. I'm going to need a lot of help. Here's the deal I offer America: I'll help all of you if you all help me!"

## I Alone Can Fix It

## Donald J. Trump's Catastrophic Final Year

**Penguin** The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." - Anderson Cooper "Jaw-dropping." - John Berman "Shocking." - John Heilemann "Explosive." - Hallie Jackson "Blockbuster new reporting." - Nicolle Wallace "Bracing new revelations." - Brian Williams "Bombshell reporting." - David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in

unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump’s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

## How to Fight Presidents

## Defending Yourself Against the Badasses Who Ran This Country

**Crown Make no mistake:** Our founding fathers were more bandanas-and-muscles than powdered-wigs-and-tea. As a prisoner of war, Andrew Jackson walked several miles barefoot across state lines while suffering from smallpox and a serious head wound received when he refused to polish the boots of the soldiers who had taken him captive. He was thirteen years old. A few decades later, he became the first popularly elected president and served the nation, pausing briefly only to beat a would-be assassin with a cane to within an inch of his life. Theodore Roosevelt had asthma, was blind in one eye, survived multiple gunshot wounds, had only one regret (that there were no wars to fight under his presidency), and was the first U.S. president to win the Medal of Honor, which he did after he died. Faced with the choice, George Washington actually preferred the sound of bullets whizzing by his head in battle over the sound of silence. And now these men—these hallowed leaders of the free world—want to kick your ass. Plenty of historians can tell you which president had the most effective economic strategies, and which president helped shape our current political parties, but can any of them tell you what to do if you encounter Chester A. Arthur in a bare-knuckled boxing fight? This book will teach you how to be better, stronger, faster, and more deadly than the most powerful (and craziest) men in history. You’re welcome.

## The Man Who Ran Washington

## The Life and Times of James A. Baker III

**Anchor BEST BOOK OF THE YEAR:** The New York Times • The Washington Post • Fortune • Bloomberg From two of America's most revered political journalists comes the definitive biography of legendary White House chief of staff and secretary of state James A. Baker III: the man who ran Washington when Washington ran the world. For a quarter century, from the end of Watergate to the aftermath of the Cold War, no Republican won the presidency or ran the White House without the advice of James Addison Baker III. A scion of Texas aristocracy who became George H. W. Bush’s tennis partner, Baker had never worked in Washington until a devastating family tragedy struck when he was thirty-nine. Within a few years, he was leading Gerald Ford’s campaign and would go on to manage a total of five presidential races and win a sixth for George W. Bush in a Florida recount. He ran Ronald Reagan’s White House and became the most consequential secretary of state since Henry Kissinger. Ruthlessly partisan during campaign season, Baker became an indispensable dealmaker after the election. He negotiated with Democrats at home and Soviets abroad, rewrote the tax code, assembled the coalition that won the Gulf War, brokered the reunification of Germany, and helped bring a decades-long nuclear superpower standoff to an end. Brilliantly crafted by Peter Baker of The New York Times and Susan Glasser of The New Yorker, *The Man Who Ran Washington* is a page-turning study in the acquisition, exercise, and preservation of power in late twentieth-century America and the story of Washington when Washington ran the world. Their masterly biography is necessary reading and destined to become a classic.

## Lucky

### How Joe Biden Barely Won the Presidency

**Crown** The inside story of the historic 2020 presidential election and Joe Biden's harrowing ride to victory, from the #1 New York Times bestselling authors of *Shattered*, the definitive account of Hillary Clinton's 2016 campaign. Almost no one thought Joe Biden could make it back to the White House—not Donald Trump, not the two dozen Democratic rivals who sought to take down a weak front-runner, not the mega-donors and key endorsers who feared he could not beat Bernie Sanders, not even Barack Obama. The story of Biden's cathartic victory in the 2020 election is the story of a Democratic Party at odds with itself, torn between the single-minded goal of removing Donald Trump and the push for a bold progressive agenda that threatened to alienate as many voters as it drew. In *Lucky*, #1 New York Times bestselling authors Jonathan Allen and Amie Parnes use their unparalleled access to key players inside the Democratic and Republican campaigns to unfold how Biden's nail-biting run for the presidency vexed his own party as much as it did Trump. Having premised his path on unlocking the Black vote in South Carolina, Biden nearly imploded before he got there after a relentless string of misfires left him freefalling in polls and nearly broke. Allen and Parnes brilliantly detail the remarkable string of chance events that saved him, from the botched Iowa caucus tally that concealed his terrible result, to the pandemic lockdown that kept him off the stump, where he was often at his worst. More powerfully, *Lucky* unfolds the pitched struggle within Biden's general election campaign to downplay the very issues that many Democrats believed would drive voters to the polls, especially in the wake of Trump's response to nationwide protests following the murder of George Floyd. Even Biden's victory did not salve his party's wounds; instead, it revealed a surprising, complicated portrait of American voters and crushed Democrats' belief in the inevitability of a blue wave. A thrilling masterpiece of political reporting, *Lucky* is essential reading for understanding the most important election in American history and the future that will come of it.

## See How They Ran

**Simon and Schuster** *See How They Ran* explores why candidates campaign as they do, why Americans complain about it, and what these evolving patterns and changing images tell us about American democracy itself. On the eve of every election, many Americans become convinced that this presidential campaign is worse than it has ever been. Frustrated, we long for the good old days of dignified campaigns and worthy candidates. However, as Gil Troy's fascinating history demonstrates, they never existed. Originally, candidates did not run for office, but awaited the people's call in dignified silence. When Stephen Douglas campaigned in 1860, he pretended to be visiting his mother as he traveled, not actively campaigning. In the post-1945 world, however, both Democratic and Republican candidates have stopped to kiss babies, donned hard hats, and pumped hands along the campaign trails. From the founding of our nation, Americans have wanted a leader who is simultaneously a man of the people and a man above the people. In *See How They Ran*, Troy shows that our disappointment with current presidential campaigns is simply the latest chapter in a centuries-long struggle to make peace with the idea of leadership in a democratic society. This is an engrossing and essential read.

## Forward

### Notes on the Future of Our Democracy

**Crown NATIONAL BESTSELLER** • A lively and bold blueprint for moving beyond the “era of institutional failure” by transforming our outmoded political and economic systems to be resilient to twenty-first-century problems, from the popular entrepreneur, bestselling author, and political truth-teller “A vitally important book.”—Mark Cuban Despite being written off by the media, Andrew Yang's shoestring 2020 presidential campaign—powered by his proposal for a universal basic income of \$1,000 a month for all Americans—jolted the political establishment, growing into a massive, diverse movement. In *Forward*, Yang reveals that UBI and the threat of job automation are only the beginning, diagnosing how a series of cascading problems within our antiquated systems keeps us stuck in the past—imperiling our democracy at every level. With America's stagnant institutions failing to keep pace with technological change, we grow more polarized as tech platforms supplant our will while feasting on our data. Yang introduces us to the various “priests of the decline” of

America, including politicians whose incentives have become divorced from the people they supposedly serve. The machinery of American democracy is failing, Yang argues, and we need bold new ideas to rewire it for twenty-first-century problems. Inspired by his experience running for office and as an entrepreneur, and by ideas drawn from leading thinkers, Yang offers a series of solutions, including data rights, ranked-choice voting, and fact-based governance empowered by modern technology, writing that “there is no cavalry”—it’s up to us. This is a powerful and urgent warning that we must step back from the brink and plot a new way forward for our democracy.

## Max for President

Knopf Books for Young Readers From the author of National Book Award finalist *Hey, Kiddo*. Max thinks that he would like to be class president. So does Kelly. But there can only be one president! Who will the class elect? Full of laughs and suspense, *Max for President* is a lively story of good sportsmanship—and a great way for kids to learn a little about elections, too!

## What Happened

Simon and Schuster “An engaging, beautifully synthesized page-turner” (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton’s most personal memoir yet, about the 2016 presidential election. In this “candid and blackly funny” (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing... guide to our political arena” (The Washington Post), *What Happened* lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. *What Happened* is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for office, and young people marching in the streets.

## If Aristotle Ran General Motors

## The New Soul of Business

Henry Holt and Company What does classical philosophy have to offer modern business? Nothing less than the secrets to building great morale and productivity in any size organization. This is the message that Tom Morris will deliver this year to thousands of executives of leading companies such as Merrill Lynch, Coca Cola, Bayer, and Northwestern Mutual Life. In *If Aristotle Ran General Motors*, Morris, who taught philosophy at Notre Dame for fifteen years, shares the knowledge that he garnered from a lifetime of studying the writings and teachings of history’s wisest thinkers and shows how to apply their ideas in today’s business environment. Although he frequently draws on the wisdom of Aristotle, Morris also finds inspiration in the teachings of a wide array of thinkers from many different traditions and eras. Throughout these pages we’re invited to pause and consider the words of Confucius, Seneca, Saint Augustine, Ralph Waldo Emerson, Abraham Lincoln, and many others. By looking at the inside workings of various kinds of businesses-- from GE to Tom’s of Maine-- Morris shows why any company that is serious about attaining true excellence must adhere to four timeless virtues first identified by Aristotle more than two thousand years ago: Truth, Beauty, Goodness, and Unity. Morris makes clear that the most successful companies encourage a corporate culture that ensures that all interactions among colleagues, employees, management, bosses, clients, customers, and suppliers are infused with dignity and humanity. Moreover, the book provides clearly stated strategies for how everyone who works can make these qualities the foundation for their everyday business (and personal) lives. *If Aristotle Ran General Motors* presents the most compelling

case of any book yet written for a new ethics in business and for a workplace where openness and integrity are the rule rather than the exception. It offers an optimistic vision for the future of leadership and a plan for reinvigorating the soul back into our professional lives.

## If I Ran the Horse Show

### All About Horses

**Random House Books for Young Readers** Calling all young equestrians and Cat (in the Hat) fanciers! In this latest installment of the Cat in the Hat's Learning Library, the Cat introduces Sally and Nick—and beginning readers—to all things horsey. At his Super-Tremendous-Stupendous Horse Show, the Cat explains how horses and people have worked together since ancient times; the difference between fillies, foals, yearlings, mares, colts, dams, sires, and stallions; horse anatomy from nose to tail; the work of a farrier, Western vs English riding; and much, much more—including fun facts about 13 of the most popular horse breeds! Fans of the new PBS Kids preschool science show the Cat in the Hat Knows a Lot About That! (which is based on The Cat in the Hat's Learning Library) will whinny with glee over this new addition to the series!

## The Mueller Report

### The Final Report of the Special Counsel on Russian Interference in the 2016 Presidential Election

**Courier Dover Publications** This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

## If I Ran for President, Would Anyone Vote for Me?

### Approval Voting and Its Implications for Voter and Candidate Behavior

### Accidental Presidents

## Eight Men Who Changed America

**Simon & Schuster** This New York Times bestselling “deep dive into the terms of eight former presidents is chock-full of political hijinks—and déjà vu” (Vanity Fair) and provides a fascinating look at the men who came to the office without being elected to it, showing how each affected the nation and world. The strength and prestige of the American presidency has waxed and waned since George Washington. Eight men have succeeded to the presidency when the incumbent died in office. In one way or another they vastly changed our history. Only Theodore Roosevelt would have been elected in his own right. Only TR, Truman, Coolidge, and LBJ were re-elected. John Tyler succeeded William Henry Harrison who died 30 days into his term. He was kicked out of his party and became the first president threatened with impeachment. Millard Fillmore succeeded esteemed General Zachary Taylor. He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay’s compromise of 1850. Andrew Johnson, who succeeded our greatest president, sided with remnants of the Confederacy in Reconstruction. Chester Arthur, the embodiment of the spoils system, was so reviled as James Garfield’s successor that he had to defend himself against plotting Garfield’s assassination; but he reformed the civil service. Theodore Roosevelt broke up the trusts. Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression. Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president. Lyndon B. Johnson was named to deliver Texas electorally. He led the nation forward on Civil Rights but failed on Vietnam. *Accidental Presidents* shows that “history unfolds in death as well as in life” (The Wall Street Journal) and adds immeasurably to our understanding of the power and limits of the American presidency in critical times.

## Playing with Fire

### The 1968 Election and the Transformation of American Politics

**Penguin** From the host of MSNBC’s *The Last Word* with Lawrence O’Donnell, an important and enthralling new account of the presidential election that changed everything, the race that created American politics as we know it today The 1968 U.S. Presidential election was the young Lawrence O’Donnell’s political awakening, and in the decades since it has remained one of his abiding fascinations. For years he has deployed one of America’s shrewdest political minds to understanding its dynamics, not just because it is fascinating in itself, but because in it is contained the essence of what makes America different, and how we got to where we are now. *Playing With Fire* represents O’Donnell’s master class in American electioneering, embedded in the epic human drama of a system, and a country, coming apart at the seams in real time. Nothing went according to the script. LBJ was confident he’d dispatch with Nixon, the GOP frontrunner; Johnson’s greatest fear and real nemesis was RFK. But Kennedy and his team, despite their loathing of the president, weren’t prepared to challenge their own party’s incumbent. Then, out of nowhere, Eugene McCarthy shocked everyone with his disloyalty and threw his hat in the ring to run against the president and the Vietnam War. A revolution seemed to be taking place, and LBJ, humiliated and bitter, began to look mortal. Then RFK leapt in, LBJ dropped out, and all hell broke loose. Two assassinations and a week of bloody riots in Chicago around the Democratic Convention later, and the old Democratic Party was a smoldering ruin, and, in the last triumph of old machine politics, Hubert Humphrey stood alone in the wreckage. Suddenly Nixon was the frontrunner, having masterfully maintained a smooth façade behind which he feverishly held his party’s right and left wings in the fold, through a succession of ruthless maneuvers to see off George Romney, Nelson Rockefeller, Ronald Reagan, and the great outside threat to his new Southern Strategy, the arch-segregationist George Wallace. But then, amazingly, Humphrey began to close, and so, in late October, Nixon pulled off one of the greatest dirty tricks in American political history, an act that may well meet the statutory definition of treason. The tone was set for Watergate and all else that was to follow, all the way through to today. *Playing With Fire* is the perfect holiday gift!

## Say It Loud!

## On Race, Law, History, and Culture

**Pantheon A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A collection of provocative essays exploring the key social justice issues of our time—from George Floyd to antiracism to inequality and the Supreme Court. Kennedy is "among the most incisive American commentators on race" (The New York Times). Informed by sharpness of observation and often courting controversy, deep fellow feeling, decency, and wit, Say It Loud! includes: The George Floyd Moment: Promise and Peril • Isabel Wilkerson, the Election of 2020, and Racial Caste • The Princeton Ultimatum: Antiracism Gone Awry • The Constitutional Roots of "Birtherism" • Inequality and the Supreme Court • "Nigger": The Strange Career Continues • Frederick Douglass: Everyone's Hero • Remembering Thurgood Marshall • Why Clarence Thomas Ought to Be Ostracized • The Politics of Black Respectability • Policing Racial Solidarity In each essay, Kennedy is mindful of complexity, ambivalence, and paradox, and he is always stirring and enlightening. Say It Loud! is a wide-ranging summa of Randall Kennedy's thought on the realities and imaginaries of race in America.**

## Joseph Smith for President

### The Prophet, the Assassins, and the Fight for American Religious Freedom

**Oxford University Press Though Joseph Smith's run for president is now best remembered for ending in his assassination, the renegade campaign was historic in the proposals it put forward. He called for a total abolition of slavery, the closure of the country's penitentiaries, and the reestablishment of a national bank to stabilize the economy. But most important was Smith's call for an expansion of protections for religious minorities. In a time when the Bill of Rights did not apply to individual states, Smith called for the federal government to be empowered to protect minorities when states failed to do so. In this book, Spencer W. McBride tells the story of Smith's campaign and how his calls for religious freedom through constitutional reform are essential to understanding how the American political system evolved to what we know today.**

## If I Were President

**Albert Whitman & Company A simple description of the duties, responsibilities, and traditions of the office of president.**

## The Highest Glass Ceiling

## Women's Quest for the American Presidency

**Harvard University Press Best-selling historian Ellen Fitzpatrick tells the story of three remarkable women who set their sights on the Presidency. The arduous, dramatic quests of Victoria Woodhull (1872), Margaret Chase Smith (1964), and Shirley Chisholm (1972) illuminate today's political landscape, shedding light on Hillary Clinton's 2016 campaign for the Oval Office.**

## The Plot Against the President

## The True Story of How Congressman Devin Nunes Uncovered the Biggest Political

## Scandal in U.S. History

Center Street Investigative journalist Lee Smith uses his unprecedented access to Congressman Devin Nunes, former head of the House Intelligence Committee, to expose the deep state operation against the president -- and the American people. Investigative journalist Lee Smith's *The Plot Against the President* tells the story of how Congressman Devin Nunes uncovered the operation to bring down the commander-in-chief. While popular opinion holds that Russia subverted democratic processes during the 2016 elections, the real damage was done not by Moscow or any other foreign actor. Rather, this was a slow-moving coup engineered by a coterie of the American elite, the "deep state," targeting not only the president, but also the rest of the country. The plot officially began July 31, 2016 with the counterintelligence investigation that the FBI opened to probe Russian infiltration of Donald Trump's presidential campaign. But the bureau never followed any Russians. In fact, it was an operation to sabotage Trump, the candidate, then president-elect, and finally the presidency. The conspirators included political operatives, law enforcement and intelligence officials, and the press. The plot was uncovered by Nunes, chairman of the House Intelligence Committee, and his investigative team. They understood that the target of the operation wasn't just Trump, but rather the institutions that sustain our republic. A country where operatives use the intelligence and security services to protect their privileges by spying on Americans, coordinating with the press, and using extra-constitutional means to undermine an election then undo a presidency is more like the third world than the republic envisioned by the founding fathers. Without Nunes and his team, the plot against the president -- and against the country -- never would have been revealed. Told from the perspective of Nunes and his crack investigators -- men and women who banded together to do the right thing at a crucial moment for our democracy -- the story of the biggest political scandal in a generation reads like a great detective novel, feels like a classic cowboy movie. The congressman from the cattle capital of California really did fight corruption in Washington. Devin Nunes took on the "deep state."

## The President's Daughter

### A Thriller

Little, Brown and Knopf A rocket ride of a thriller—the #1 New York Times bestselling blockbuster by President Bill Clinton and James Patterson, "the dream team" (Lee Child). All Presidents have nightmares. This one is about to come true. Every detail is accurate—because one of the authors is President Bill Clinton. The drama and action never stop—because the other author is James Patterson. Matthew Keating, a one-time Navy SEAL—and a past president—has always defended his family as staunchly as he has his country. Now those defenses are under attack. A madman abducts Keating's teenage daughter, Melanie—turning every parent's deepest fear into a matter of national security. As the world watches in real time, Keating embarks on a one-man special-ops mission that tests his strengths: as a leader, a warrior, and a father. The authors' first collaboration, *The President Is Missing*, a #1 New York Times bestseller and the #1 bestselling novel of 2018, was praised as "ambitious and wildly readable" (New York Times Book Review) and "a fabulously entertaining thriller" (Pulitzer Prize-winning author Ron Chernow).

## Rigged

## How the Media, Big Tech, and the Democrats Seized Our Elections

Simon and Schuster FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER *JUSTICE ON TRIAL* Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. *RIGGED* is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. *RIGGED* is a reminder for weary patriots that truth is still the

most powerful weapon. The stakes for our democracy have never been higher.

## Rage

**Simon and Schuster Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of Fear: Trump in the White House, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, Rage shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, Rage reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. Rage draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don't worry about it, Bob. Okay?” Trump told the author in July. “Don't worry about it. We'll get to do another book. You'll find I was right.”**

## Turkey Trouble

**Two Lions As Thanksgiving Day approaches, Turkey nervously makes a series of costumes, disguising himself as other farm animals in hopes that he can avoid being served as Thanksgiving dinner.**

## They Also Ran

## Seeking Asylum

## Our Stories

**Black Inc. The voices Australia should hear This beautifully illustrated book captures the stories of those who have lived the experience of seeking asylum. In their own voices, contributors share how they came to be in Australia, and explore diverse aspects of their lives: growing up in a refugee camp, studying for a PhD, changing attitudes through soccer, being a Muslim in a small country town, campaigning against racism, surviving detention, holding onto culture, dreaming of being reunited with family. There are stories of love, pain, injustice, achievement and everything in between. Accompanied by beautiful portrait photographs, they show the depth and diversity of people's experience and trace the impact of Australia's immigration policies. Seeking Asylum also includes a foreword by Liliana Maria and an essay by Abdul Karim Hekmat on the human, social and political impact of Australia's treatment of people seeking asylum over the last fifty years. With an afterword by Kon Karapanagiotidis and supporting material demystifying Australia's current policies from Julian Burnside, Seeking Asylum redefines assumptions about people who have sought asylum and inspires readers to take action to create a more welcoming Australia. 100% of the proceeds from Seeking Asylum: Our Stories will be reinvested by the ASRC to fund projects that build people's capacity to tell their story in their own way and provide opportunities to amplify their voices. One area of investment will continue to be the ASRC's Community Advocacy and Power Program (CAPP). The CAPP training program, offered nationally, provides participants with skills in advocacy, community organising / mobilising, public speaking and effective media engagement.**

## News Hole

### The Demise of Local Journalism and Political Engagement

**Cambridge University Press** In recent decades, turnout in US presidential elections has soared, education levels have hit historic highs, and the internet has made information more accessible than ever. Yet over that same period, Americans have grown less engaged with local politics and elections. Drawing on detailed analysis of fifteen years of reporting in over 200 local newspapers, along with election returns, surveys, and interviews with journalists, this study shows that the demise of local journalism has played a key role in the decline of civic engagement. As struggling newspapers have slashed staff, they have dramatically cut their coverage of mayors, city halls, school boards, county commissions, and virtually every aspect of local government. In turn, fewer Americans now know who their local elected officials are, and turnout in local elections has plummeted. To reverse this trend and preserve democratic accountability in our communities, the local news industry must be reinvigorated - and soon.

## Battle for the Soul

### Inside the Democrats' Campaigns to Defeat Trump

**Penguin** An award-winning political journalist for The Atlantic tells the inside story of how the embattled Democratic Party, seeking a direction for its future during the Trump years, successfully regained the White House. The 2020 presidential campaign was a defining moment for America. As Donald Trump and his nativist populism cowed the Republican Party into submission, many Democrats—haunted by Hillary Clinton’s shocking loss in 2016 and the resulting four-year-long identity crisis—were convinced that he would be unbeatable. Their party and the country, it seemed, might never recover. How, then, did Democrats manage to win the presidency, especially after the longest primary race with the biggest field ever? How did they keep themselves united through an internal struggle between newly empowered progressives and establishment forces—playing out against a pandemic, an economic crisis, and a new racial reckoning? Edward-Isaac Dove’s *Battle for the Soul* is the searing, fly-on-the-wall account of the Democrats’ journey through recalibration and rebirth. Dove traces this process: from the early days in the wilderness of the post-Obama era to the jockeying of potential candidates; from the backroom battles and exhausting campaigns to the unlikely triumph of the man few expected to win; and on through the inauguration and the insurrection at the Capitol. Dove draws on years of on-the-ground reporting and contemporaneous conversations with the key players—whether with Pete Buttigieg in his hotel suite in Des Moines an hour before he won the Iowa caucuses or with Joe Biden in his first-ever interview in the Oval Office—as well as with aides, advisors, and voters. Offering unparalleled access and an insider’s command of the campaign, *Battle for the Soul* takes a compelling look at the policies, politics, and people, as well as the often absurd process of running for president. This fresh and timely story brings you on the trail, into the private rooms, and along to eavesdrop on critical conversations. You will never see campaigns or this turning point in our history the same way again.

## Peril

**Simon and Schuster** The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. *Peril* is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden’s presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. “We have much to do in this winter of peril,” Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. *Peril* is the extraordinary story of the end of one presidency and the beginning of another, and represents the

culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with *Fear and Rage*. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

## President of the Whole Fifth Grade

Little, Brown Books for Young Readers *Start counting your votes . . . and your friends. When Brianna Justice's hero, the famous celebrity chef Miss Delicious, speaks at her school and traces her own success back to being president of her fifth grade class, Brianna determines she must do the same. She just knows that becoming president of her class is the first step toward her own cupcake-baking empire! But when new student Jasmine Moon announces she is also running for president, Brianna learns that she may have more competition than she expected. Will Brianna be able to stick to her plan of working with her friends to win the election fairly? Or will she jump at the opportunity to steal votes from Jasmine by revealing an embarrassing secret? This hilarious, heartfelt novel will appeal to any reader with big dreams, and the determination to achieve them.*

## The Room Where It Happened

### A White House Memoir

Simon and Schuster *As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. "I am hard-pressed to identify any significant Trump decision during my tenure that wasn't driven by reelection calculations," he writes. In fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones I had served were stunning," writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, "If you don't like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else." The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played.*

## Camelot's End

## Kennedy vs. Carter and the Fight that Broke the Democratic Party

Hachette UK *From a strange, dark chapter in American political history comes the captivating story of Ted Kennedy's 1980 campaign for president against the incumbent Jimmy Carter, told in full for the first time. The Carter presidency was on life support. The Democrats, desperate to keep power and yearning to resurrect former glory, turned to Kennedy. And so, 1980 became a civil war. It was the last time an American president received a serious reelection challenge from inside his own party, the last contested convention, and the*

last all-out floor fight, where political combatants fought in real time to decide who would be the nominee. It was the last gasp of an outdated system, an insider's game that old Kennedy hands thought they had mastered, and the year that marked the unraveling of the Democratic Party as America had known it. *Camelot's End* details the incredible drama of Kennedy's challenge -- what led to it, how it unfolded, and its lasting effects -- with cinematic sweep. It is a story about what happened to the Democratic Party when the country's long string of successes, luck, and global dominance following World War II ran its course, and how, on a quest to recapture the magic of JFK, Democrats plunged themselves into an intra-party civil war. And, at its heart, *Camelot's End* is the tale of two extraordinary and deeply flawed men: Teddy Kennedy, one of the nation's greatest lawmakers, a man of flaws and of great character; and Jimmy Carter, a politically tenacious but frequently underestimated trailblazer. Comprehensive and nuanced, featuring new interviews with major party leaders and behind-the-scenes revelations from the time, *Camelot's End* presents both Kennedy and Carter in a new light, and takes readers deep inside a dark chapter in American political history.
