IF, THEN

A NOVEL

Random House *“A must-read—a gorgeous literary novel that asks us to imagine all the possible versions of ourselves that might exist.”—J. Courtney Sullivan, New York Times bestselling author of Saints for All Occasions The residents of a sleepy mountain town are rocked by troubling visions of an alternate reality in this dazzling debut that combines the family-driven suspense of Celeste Ng’s Little Fires Everywhere with the inventive storytelling of The Immortalists. In the quiet haven of Clearing, Oregon, four neighbors find their lives upended when they begin to see themselves in parallel realities. Ginny, a devoted surgeon whose work often takes precedence over her family, has a baffling vision of a beautiful co-worker in Ginny’s own bed and begins to doubt the solidity of her marriage. Ginny’s husband, Mark, a wildlife scientist, sees a vision that suggests impending devastation and grows increasingly paranoid, threatening the safety of his wife and son. Samara, a young woman desperately mourning the recent death of her mother and questioning why her father seems to be coping with such ease, witnesses an apparition of her mother healthy and vibrant and wonders about the secrets her parents may have kept from her. Cass, a brilliant scholar struggling with the demands of new motherhood, catches a glimpse of herself pregnant again, just as she’s on the brink of returning to the project that could define her career. At first the visions are relatively benign, but they grow increasingly disturbing—and, in some cases, frightening. When a natural disaster threatens Clearing, it becomes obvious that the visions were not what they first seemed and that the town will never be the same. Startling, deeply imagined, and compulsively readable, Kate Hope Day’s debut novel is about the choices we make that shape our lives and determine our destinies—the moments that alter us so profoundly that it feels as if we’ve entered another reality. Praise for If, Then “Hope Day has a lot of sly, stealthy fun with time-bending and parallel universes, but she also has serious things to say on urban paranoia, climate change and the atomized nature of modern life.”—Daily Mail “If, Then has the narrative propulsion of a television show . . . [It’s] a whirlwind of a story.”—Chicago Review of Books “Effortlessly meshing the dreamlike and the realistic, [Kate Hope] Day’s well-crafted mix of literary and speculative fiction is an enthralling meditation on the interconnectedness of all things.”—Publishers Weekly (starred review)*

WOVEN INTO THE EARTH

TEXTILES FROM NORSE GREENLAND

Aarhus Universitetsforlag *One of the century's most spectacular archaeological finds occurred in 1921, a year before Howard Carter stumbled upon Tutankhamun's tomb, when Poul Norlund recovered dozens of garments from a graveyard in the Norse settlement of Herjolfsnaes, Greenland. Preserved intact for centuries by the permafrost, these mediaeval garments display remarkable similarities to western European costumes of the time. Previously, such costumes were known only from contemporary illustrations, and the Greenland finds provided the world with a close look at how ordinary Europeans dressed in the Middle Ages. Fortunately for Norlund's team, wool has always been extremely scarce in Greenland, and instead of caskets, many of the bodies were found swaddled in multiple layers of cast off clothing. When he wrote about the excavation later, Norlund also described how occasional thaws had permitted crowberry and dwarf willow to establish themselves in the top layers of soil. Their roots grew through coffins, clothing and corpses alike, binding them together in a vast network of thin fibers - as if, he wrote, the finds had been literally sewn in the earth. Eighty years of technical advances and subsequent excavations have greatly added to our understanding of the Herjolfsnaes discoveries. Woven into the Earth recounts the dramatic story of Norlund's excavation in the context of other Norse textile finds in Greenland. It then describes what the finds tell us about the materials and methods used in making the clothes. The weaving and sewing techniques detailed here are surprisingly sophisticated, and one can only admire the talent of the women who employed them, especially considering the harsh conditions they worked under. While Woven into the*

Earth will be invaluable to students of medieval archaeology, Norse society and textile history, both lay readers and scholars are sure to find the book's dig narratives and glimpses of life among the last Vikings fascinating.

FED UP

EMOTIONAL LABOR, WOMEN, AND THE WAY FORWARD

HarperCollins From Gemma Hartley, the journalist who ignited a national conversation on emotional labor, comes *Fed Up*, a bold dive into the unpaid, invisible work women have shouldered for too long—and an impassioned vision for creating a better future for us all. Day in, day out, women anticipate and manage the needs of others. In relationships, we initiate the hard conversations. At home, we shoulder the mental load required to keep our households running. At work, we moderate our tone, explaining patiently and speaking softly. In the world, we step gingerly to keep ourselves safe. We do this largely invisible, draining work whether we want to or not—and we never clock out. No wonder women everywhere are overtaxed, exhausted, and simply fed up. In her ultra-viral article “Women Aren’t Nags—We’re Just Fed Up,” shared by millions of readers, Gemma Hartley gave much-needed voice to the frustration and anger experienced by countless women. Now, in *Fed Up*, Hartley expands outward from the everyday frustrations of performing thankless emotional labor to illuminate how the expectation to do this work in all arenas—private and public—fuels gender inequality, limits our opportunities, steals our time, and adversely affects the quality of our lives. More than just name the problem, though, Hartley teases apart the cultural messaging that has led us here and asks how we can shift the load. Rejecting easy solutions that don’t ultimately move the needle, Hartley offers a nuanced, insightful guide to striking real balance, for true partnership in every aspect of our lives. Reframing emotional labor not as a problem to be overcome, but as a genderless virtue men and women can all learn to channel in our quest to make a better, more egalitarian world, *Fed Up* is surprising, intelligent, and empathetic essential reading for every woman who has had enough with feeling fed up.

Mac Barnett’s compassionate text and Kate Berube’s understated and expressive art tell the story of a kid who finds the courage to show others his talent for dancing.

LOVE IS ALL YOU NEED

THE REVOLUTIONARY BOND-BASED APPROACH TO EDUCATING YOUR DOG

Random House From the *New York Times* bestselling author of *Through a Dog’s Eyes*—the inspiration for the PBS documentary—a paradigm-shifting approach to living with and loving our dogs There are few people who understand dogs better than Jennifer Arnold. Twenty-five years after she founded *Canine Assistants*, a nationally recognized nonprofit that raises and provides service dogs for people with disabilities, Arnold had an epiphany. She’d always approached the education of dogs with kindness and compassion—eschewing the faux science of fear and domination-based training methods. And she’d always understood dogs to be uniquely, uncannily attuned to their human companions; in fact she depended on it—she knew that the bond that developed between a person and their service dog was the single greatest predictor of that partnership’s success and, conversely, failure to bond brought about anxiety and distress in dogs. But it wasn’t until recent scientific findings confirmed her hands-on experience with dogs’ intuitive social skills that she was willing to put this bold idea to the test: Dogs who bond with us completely and unconditionally will seek to please us and, with minimal cues, can learn to make remarkably sophisticated decisions about their own behavior. Sure, dogs can be taught commands such as “sit,” “stay,” and “heel,” but even the kindest reward and punishment models were merely manipulating dogs’ behavior, rather than unleashing their unique social genius and innate ability to navigate the world. In this groundbreaking, persuasive, and heartfelt book, Arnold shows us how every dog—no matter their age—can thrive through *Bond-Based Choice Teaching*. Her proprietary method has been hailed by leading canine behavioral scientists and is being adopted by notable dog trainers, advocates, humane societies, and puppies behind bars programs across the country. For this liberating, revolutionary method to succeed, Arnold says, love really is all you need. Advance praise for *Love Is All You Need* “Jennifer Arnold, who has trained service dogs for the past twenty years for people with physical disabilities, offers a window into the world of ‘man’s best friend.’ Arnold, who believes that dogs are attuned to their owner’s needs and emotions, shares tips she thinks every dog owner should know.”—ABC News “[Arnold] takes pride in facilitating the powerful relationship between every service dog and its owner—a bond that is as much about companionship and comfort as it is about health and safety.”—Everyday Health “Within the world of dogs and canine behavior there are only a handful of people who truly ‘move the needle’ when it comes to innovation, novel approaches, and intuitive thinking—Jennifer Arnold is one of those rare few. Constantly pushing boundaries of traditional thought, she not only provides fresh perspectives about how we interact with and learn from man’s best friend, she fearlessly forges new paths that stimulate and engage dog lovers as well as behavior experts and explores possibilities which previously may have seemed out of reach.”—Victoria Stilwell, star of *Animal Planet’s It’s Me or the Dog* and CEO of *Victoria Stilwell Positively Dog Training*

RAISING FEMINIST BOYS

HOW TO TALK WITH YOUR CHILD ABOUT GENDER, CONSENT, AND EMPATHY

New Harbinger Publications It’s never too early to start talking to boys about gender, consent, and empathy. In a world still steeped in gender inequality and sexual violence, it’s become more and more clear that we can’t just teach girls to protect themselves. We must also teach boys not to do harm. As parents, we all want to raise kind and loving kids who will grow up to be conscientious adults. But when you look closely at our society—especially at the statistics surrounding rape, domestic violence, and sexual assault—it’s clear that something needs to change. It’s time to teach our sons compassion and empathy. It’s time to show them that it’s okay to cry, to laugh, to be angry, to be silly. It’s time to teach them to respect girls, and not just the ones they think are pretty. It’s time to teach them that it’s not okay to pick on the queer kids, the little kids, and the fat kids. It’s time to teach boys that it’s not okay to treat kids of color like second-class citizens. It’s time to teach our boys how to be conscious citizens. But where do you begin? Written by a clinical psychologist with expertise in modern families, *Raising Feminist Boys* is a parent’s guide to having age appropriate conversations with boys about sexual responsibility, consent, gender, empathy, and identity. You’ll find an accessible framework that includes developmental considerations, language, and clear tools for how to talk with your son about feminism without shame, fear, or judgment. We need to have honest and

informative conversations with our sons about sex and consent. We must show them how to recognize and question gender norms and bias, both within the culture and, most importantly, within ourselves. *Raising Feminist Boys* will give you the tools you need to get started.
