Il campo quantico. Connetti la mente quantica alla forza dell'universo The Field The Quest for the Secret Force of the Universe *Harper Collins* “A big, bold, brilliantly crafted page-turner with HUGE ideas that challenge every last view about how the world works. This is both a primer to understand the law of attraction and the essential book of our age.” — Jack Canfield, author of The Success Principles(TM) and featured teacher on The Secret(TM) “One of the most powerful and enlightening books I have ever read. A magnificent job of presenting the hard evidence for what spiritual masters have been telling us for centuries.” — Wayne W. Dyer During the past few years science and medicine have been converging with common sense, confirming a widespread belief that everything—especially the mind and the body—is far more connected than traditional physics ever allowed. The Field establishes a new biological paradigm: it proves that our body extends electromagnetically beyond ourselves and our physical body. It is within this field that we can find a remarkable new way of looking at health, sickness, memory, will, creativity, intuition, the soul, consciousness, and spirituality. The Field helps to bridge the gap that has opened up between mind and matter, between us and the cosmos. Original, well researched, and well documented by distinguished sources, this is the mind/body book for a new millennium. What Doctors Don't Tell You The Truth About The Dangers Of Modern Medicine *Harper Perennial* Discusses the potential dangers of cholesterol-lowering medications, steroids, antibiotics, and Ritalin, and reveals the potentially life-threatening risks of certain medical procedures and tests The Intention Experiment: Use Your Thoughts to Change the World *HarperCollins UK* Ever wondered if your intentions, prayers or wishes have a real, calculable effect on the world? Here, from Lynne McTaggart, groundbreaking author of ‘The Field’, comes riveting accounts of scientific investigations and real case histories with evidence that we are all connected and our intentions can be harnessed as a collective force for good. The Intention Experiment Using Your Thoughts to Change Your Life and the World *Simon and Schuster* Draws on original experiments as well as scientific research to explore a theory that the entire universe is connected by a vast energy field that can be manipulated for the betterment of the world using positive thought processes. The Law of Attraction The Basics of the Teachings of Abraham *Hay House, Inc* The New York Times best-selling authors of Ask and It Is Given and The Law of Deliberate Intent This book presents the powerful basics of the original Teachings of Abraham. Within these pages, you'll learn how all things, wanted and unwanted, are brought to you by this most powerful law of the universe, the Law of Attraction (that which is like unto itself is drawn). You've most likely heard the saying "Like attracts like," "Birds of a feather flock together," or "It is done unto you as you believe" (a belief is only a thought you keep thinking); and although the Law of Attraction has been alluded to by some of the greatest teachers in history, it has never before been explained in as clear and practical terms as in this latest book by New York Times best-selling authors, Esther and Jerry Hicks. Learn here about the omnipresent Laws that govern this Universe and how to make them work to your advantage. The understanding that you'll achieve by reading this book will take all the guesswork out of daily living. You'll finally understand just about everything that's happening in your own life as well as in the lives of those you're interacting with. This book will help you to joyously be, do, or have anything that you desire! Soul Awakening Practice Prayer, Contemplation and Action *Watkins Media Limited* A mantra for a new consciousness with an introduction by Lynne McTaggart and contributions by Ervin László, Michael Singer, Barbara Marx Hubbard, Anodea Judith, Kabir Helminski and Mona Polacca. The Soul Awakening Practice is built around a 6-line mantra. A mantra is a sacred utterance. Repetition of a mantra aids in concentration and is believed to have both psychological and sacred powers. This is a book for activists, for ecologists, and for spiritual seekers engaged in the quest for a spiritually coherent and united worldview. The human race has a moral imperative to transform the way we live and The Soul Awakening Practice offers a way for us to engage spiritually. Integrating ancient wisdom, modern science and psychology this mantra prayer is a means by which to reveal a coherent worldview available to each and every one of us. Written by James O'Dea, the former president of the Institute of Noetic Sciences and member of the Evolutionary Leaders Group, the book not only includes the prayer itself but a commentary on the power of prayer as well as expanded, contemplative line-by-line reflections and explanations. To provide different viewpoints and perspectives on this new worldview, the book includes commentaries by key luminaries from science, cosmology, evolutionary theory, Yoga, Sufism and indigenous wisdom. Be receptive and allow the prayer to illuminate your insights. Experience your own unique journey of awakening. But aside from suppressing the pain and inflammation, there is little that conventional medicine can do. Thankfully, there are other options. In this book, Lynne McTaggart—the international bestselling author behind the What Doctors Don't Tell You magazine—draws from decades of research on alternative medicine to show arthritic patients that there is hope. From new diets and herbal remedies to exercises and mind-over-matter techniques, she guides you through the many ways you can relieve pain, improve movement, and even reverse the effects of arthritis without conventional medicine. This is an excellent resource for anyone who feels overwhelmed by life with arthritis and wants to make the most informed health decisions possible. Le Lien Quantique (THE BOND) La carte pour changer de vie et vivre avec les autres et la nature *Macro Editions* Une vision complètement nouvelle de nous-mêmes ! Le Lien offre un plan visionnaire bouleversant qui annonce une nouvelle façon de vivre : en harmonie avec notre véritable nature et les uns avec les autres, ce qui passe par la guérison de nos relations, de notre voisinage et de notre monde. Ce qui importe, ce n'est pas l'entité isolée, mais l'espace entre les choses, la relation entre les choses : le lien. Le Lien montre que l'impulsion essentielle de toute vie est la volonté de se relier plutôt que le désir de rivaliser. En fait, nous sommes inéluctablement liés, connectés les uns aux autres à notre niveau le plus élémentaire, depuis la cellule jusqu'à la société tout entière. Tous les conflits qui surgissent - ce que soit entre mari et femme, entre groupes sociaux, entre races, entre nations - ne peuvent être résolus que lorsque nous pouvons voir et accepter pleinement l'espace, le lien, entre nous. The Force *Hay House Incorporated* The Force that Stuart describes is magnanimous beyond description - perhaps you might want to call it God. It is growing, dynamic, and has an inner drive or desire to become more of itself. Quantum Radar *Morgan & Claypool Publishers* This book offers a concise review of quantum radar theory. Our approach is pedagogical, making emphasis on the physics behind the operation of a hypothetical quantum radar. We concentrate our discussion on the two major models proposed to date: interferometric quantum radar and quantum illumination. In addition, this book offers some new results, including an analytical study of quantum interferometry in the X-band radar region with a variety of atmospheric conditions, a derivation of a quantum radar equation, and a discussion of quantum radar jamming. This book assumes the reader is familiar with the basic principles of non-relativistic quantum mechanics, special relativity, and classical electrodynamics. Our discussion of quantum electrodynamics and its application to quantum radar is brief, but all the relevant equations are presented in the text. In addition, the reader is not required to have any specialized knowledge on classical radar theory. Table of Contents: Introduction / The Photon / Photon Scattering / Classical Radar Theory / Quantum Radar Theory / Quantum Radar Cross Section / Conclusions Heart Disease Drug-Free Alternatives to Prevent and Reverse Heart Disease *Hay House, Inc* Title info: Heart disease remains the leading cause of death for both men and women in the West, yet so little is known about it. Despite the billions of dollars spent on researching its causes, conventional medicine continues to offer treatments that are based on false observations. Many still believe, for example, that fatty foods clog the arteries (they don't) and that LDL cholesterol is the villain (it's not - it's merely a symptom). Find out the real causes, how to treat heart disease and how to prevent it in this essential guide.Series info: What Doctors Don't Tell You is a well-respected international magazine that has been researching medicine - alternative and conventional - since 1989. It is now widely regarded as one of the best health newsletters in the world. Now, in association with What Doctors Don't Tell You, Hay House is publishing an authoritative new series of books, each focusing on a common health condition or concern, to help readers make informed decisions about their health, and the health of their families. Matrix Energetics The Science and Art of Transformation *Simon and Schuster* Matrix Energetics is a teachable healing phenomenon which merges the science of subtle energy and quantum physics with the incredible power of our own active imaginations and focused intent to produce physical and verifiable results. You can begin to unlock and awaken the powers, abilities, and awareness that are your birth right and spiritual heritage--the transformation of your morpnic resonance of the whole being through Matrix Energetics--a technology of awareness that is transferable, teachable and universally available. Quantum physics teaches us that we are made of light and information; that so-called "Classic Reality" is actually an illusion. Photons move backwards and forwards in time and where they meet creates the present

moment. Bartlett has found that metaphorically, we can time travel and access states of health and awareness and bring them into the present moment, instantly affecting beneficial changes in the conditions of people's lives. This is possible because everything is part of the zero point energy field, what some physicists have called "The Mind of God." The Bond Connecting Through the Space Between Us *Hay House, Inc* "Revised and updated with two new chapters! We are in crisis because we live a lie. We believe we flourish because we compete and fight - personally, as a nation, and as the dominant species. But we succeed only because we share, we care and we're fair, as Lynne McTaggart's latest, profound and life-altering book proves. The Bond demonstrates that we are in constant relationship with everything and everyone. Pulling together a vast array of cutting edge scientific discovery, McTaggart demonstrates that the idea of 'us against them' is one of the most fundamental misconceptions we make. The Quantum Doctor A Quantum Physicist Explains the Healing Power of Integral Medicine *Hampton Roads Publishing* For quantum physicist Amit Goswami, medicine is a timely area of application for the new science based on the primacy of consciousness. This new science has a spectacular ability to integrate conventional science, spirituality, and healing. If any field needs integration, says Goswami, it is medicine and healing. Goswami boldly reinterprets the leading methods of alternative medicine--homeopathy, Chinese medicine, acupuncture, Ayurveda, and conventional medicine in this new edition of his popular book. He shows how these seemingly different models can be combined into a new system of integrative medicine and offers profound insights into the relationship between physics and consciousness. This approach offers physicians and patients a whole new way of applying healthcare with a greater potential for healing and could be the basis for a major paradigm shift in medicine. The Untrue Story of You How to Let Go of the Past that Creates You, and Become Fully Alive in the Present *Hay House, Inc* In The Untrue Story of You, Bryan Hubbard presents a powerful, groundbreaking theory explaining who we really are, how our relationship to our past affects us and how we can finally find true healing. In the pages of this book, you will discover that 'you' are actually made up of Three Selves, or time-bodies - past, present and potential - and that these three distinct entities send out energetic pulses, or waves, that interact to create your experience of life. As you move through life, experiences you never fully understood from your past begin to weigh you down, causing you to respond in the present with anxiety and fear without knowing why. As this pattern repeats itself, it can drag you into depression or addictive behaviours that are seemingly out of your control. Sharing his own moving story of overcoming the painful experiences of his childhood, Bryan teaches you how to heal the negative patterns you have created in your life, and, through a 21-day programme, become the real 'you' - the child you once were who could see the world as it really is, an unfolding miracle in the present moment. The Science of Getting Rich *Sristhi Publishers & Distributors* Everyone wants to be rich, but do you know that there is a SCIENCE OF GETTING RICH. From the simplest question of who all can actually get rich, to the small steps taken - like developing a will power, showing gratitude, getting into the right business - have been explained in detail, in everyday terms. Read on, and find out the secret behind changing your life and the way you earn. The Bond How to Fix Your Falling-Down World *Simon and Schuster* For centuries, Western science and many Western cultures have taught us to think of ourselves as individuals. But today, a revolutionary new understanding is emerging from the laboratories of the most cutting-edge physicists, biologists, and psychologists: What matters is not the isolated entity, but the space between things, the relationship of things. The Bond. By international bestselling author Lynne McTaggart, The Bond is the culmination of her groundbreaking work. It offers a completely new, scientific story of life and the human experience, one that challenges the very way we conceive of ourselves and our world. The Bond shows that the essential impulse of all life is a will to connect rather than a drive to compete. In fact, we are inescapably connected, hardwired to each other at our most elemental level—from cells to whole societies. The desire to help others is so necessary that we experience it as one of our chief pleasures, as essential as eating and having sex, and we succeed and prosper only when we see ourselves as part of a greater whole. Every conflict that occurs—whether between husband and wife, social or racial groups, or nations—is resolved only when we can fully see and embrace the space—the bond—between us. McTaggart offers detailed recommendations to help foster more holistic thinking, more cooperative relationships, and more unified social groups. Blending interviews and human stories into an absorbing narrative, she shows how: • A simple daily practice conditions the brain to enable you to become more empathetic toward others • A new way of speaking and listening can overcome polarization, helping the staunchest of enemies to become close friends • People who fire together wire together: Whenever a group works together for a common goal, the brains of all parties begin to get on the same wavelength, strengthening the bond within the group • Fairness is more powerful than unfairness: A small group of individuals committed to strong reciprocity can “invade” a population of self-interested individuals and create a fairer society The Bond offers a breathtaking, visionary plan for a new way to live, in harmony with our true nature and with each other, and a new way to heal our relationships, our neighborhoods, and our world. How to Use Your Intuition to Change Your Life *Forbes Magazine* identified intuition as “the highest form of intelligence.” Joy Martina has helped thousands of people around the world activate and amplify their intuition with the five steps presented in this book. Read it, do these simple steps, and you will discover that intuition gives you a distinct advantage in difficult situations. As Einstein said, “The intuitive mind is a sacred gift. The rational mind is a faithful servant. We have created a society that honors the servant and has forgotten the gift.” Let Joy help you develop the gift, and you will join the many celebrities and leaders who score high for intuition on the Myers-Briggs Type Indicator (MBTI). You may even find yourself standing among millions of intuitive types who have changed the world, including Elon Musk, Oprah Winfrey, Hillary Clinton, Mark Zuckerberg, and Steve Jobs. Each of these individuals is classified as an Intuitive on the MBTI. Their accomplishments show us that intuition is far more than its “woo-woo” reputation would have us believe; it is an essential skill when it comes to creating success. The Bond The Power of Connection Revised and updated with two new chapters! We are in crisis because we live a lie. We believe we flourish because we compete and fight - personally, as a nation, and as the dominant species. But we succeed only because we share, we care and we're fair, as Lynne McTaggart's latest, profound and life-altering book proves. The Bond demonstrates that we are in constant relationship with everything and everyone. Pulling together a vast array of cutting edge scientific discovery, McTaggart demonstrates that the idea of 'us against them' is one of the most fundamental misconceptions we make. The Evolutionary Mind Conversations on Science, Imagination & Spirit *Monkfish Book Publishing* Stimulating and often startling discussions between three friends, all highly original thinkers: Rupert Sheldrake, controversial biologist, Terence McKenna, psychedelic visionary, and Ralph Abraham, chaos mathematician. Their passion is to break out of paradigms that retard our evolution and to explore new possibilities. Through challenge and synergy they venture where few have gone before, leading their readers on an exciting journey of discovery. Their discussions focus on the evolution of the mind, the role of psychedelics, skepticism, the psychic powers of animals, the structure of time, the life of the heavens, the nature of God, and transformations of consciousness. “Three fine thinkers take us plunging into the universe of chaos, mind, and spirit. Instead of leaving us lost, they bring us back with startling insights and more wonder than we knew we had.” —Matthew Fox, Original Blessing and Sheer Joy “A jam-session of the mind, an intellectual movable feast, an on-going conversation that began over twenty years ago and remains as lively and relevant today as it ever was. Sadly, Terence had to leave the conversation a little earlier than planned. But the appearance of this book of dialogues at this critical, historical juncture is a reaffirmation of the potency of the optimistic vision that the dialogues express.” —Dennis McKenna, brother of the late Terence McKenna Rupert Sheldrake is a biologist and author of many books including The Sense of Being Stared At, And Other Aspects of the Extended Mind. Ralph Abraham is a mathematician, one of the pioneers of chaos theory and the author of several books including Chaos, Gaia, Eros: A Chaos Pioneer Uncovers the Three Great Streams of History. The late Terence McKenna was a scholar of shamanism, ethno-botanist, psychedelic researcher and author of many books including Food of the Gods and True Hallucinations. Craniosacral Biodynamics: The primal midline and the organization of the body *North Atlantic Books* In this book, Franklyn Sills extends the concepts and skills covered in his first volume to the specific structural membrane and tissue dynamics of the human form, demonstrating the connection between craniosacral therapy and osteopathic healing. Volume Two shows students and practitioners how to relate to the major tissue structures within a wide perceptual field and a craniosacral biodynamic orientation. A thorough survey of the major body areas, including motility, structure, and anatomical relationships, offers practical applications throughout the book. The Power of Eight Harnessing the Miraculous Energies of a Small Group to Heal Others, Your Life, and the World *Simon and Schuster* Discover how to tap into your extraordinary human capacity for connection and healing using astonishing new findings about the miraculous power of group intention in this new book by the author of the international bestsellers The Intention Experiment and The Field. In The Power of Eight, Lynne McTaggart—whose “work has had an unprecedented impact on the way everyday people think of themselves in the world” (Gregg Braden, author of The Divine Matrix)—reveals her remarkable findings from ten years of experimenting with small and large groups about how the power of group intention can heal our lives and change the world for the better. When individuals in a group focus their intention together on a single target, a powerful collective dynamic emerges that can heal longstanding conditions, mend fractured relationships, lower violence, and even rekindle life purpose. But the greatest untold truth of all is that group intention has a mirror effect, not only affecting the recipient but also reflecting back on the senders. Drawing on hundreds of case studies, the latest brain research, and dozens of McTaggart's own university studies, The Power of Eight provides solid evidence showing that there is such a thing as a collective consciousness. Now you can learn to use it and unleash the power you hold inside of you to heal your own life, with help from this riveting, highly accessible book. It is now being reissued in paperback form to satisfy the continuing demand for copies of the book. In brief, the subject of von Rad's study of Hebrew wisdom is Israel's willingness to ground faith in encounter with the world as the creation of God. Those familiar with the author's Old Testament Theology will recall how he identified two great watersheds in the history of Israel's thought. The first was the rise of the prophetic movement, which occasioned a radical reinterpretation of Israel's religious traditions as expressed in the earliest creedal formulations found in the Pentateuch. The second watershed, which preceded the prophetic movement and was a basically different assessment of Israel's relation to Yahweh, was achieved by wisdom teachers at the start of the monarchy. This book studies this first and somewhat novel break with Israel's older sacral traditions. Von Rad bases the study on a wide range of literary materials principally concerned with the books of Proverbs, Job, Ecclesiastes, and the Wisdom of Ben Sirach. "No finer introduction to the fundamental theological questions raised by the wisdom literature of Israel is available." *Theology Today* Gerhard von Rad was for many years Professor of Old Testament at the University of Heidelberg. **The Cancer Handbook What's Really Working** *Vital Health Publishing* In this unique book you will discover the real evidence of when chemotherapy, radiotherapy, and surgery work -- and when they don't. It is in the disciplines that used to be regarded as "soft" medicine: prayer, intention, energy healing, acupuncture, and similar therapies. Overwhelming evidence from hundreds of scientific studies are showing that these safe, non-invasive approaches are often more effective, sometimes many times more effective, than conventional medicine. Two of the pioneers in the field, Dr. Norman Shealy, founder of the American Holistic Medical Association and world-famous neurosurgeon, and Dr. Dawson Church, one of the foremost writers and researchers in vibrational healing, and the editor or author of many books on the subject, explain the fundamentals of energy medicine, its many applications to common ailments, and the latest scientific research. **Mind to Matter The Astonishing Science of How Your Brain Creates Material Reality** *Hay House, Inc* **Best Health Book of 2018 - American Book Fest. Best Science Books of 2018 - Bookbub.** Every creation begins as a thought, from a symphony to a marriage to an ice cream cone to a rocket launch. When we have an intention, a complex chain of events begins in our brains. Thoughts travel as electrical impulses along neural pathways. When neurons fire together they wire together, creating electromagnetic fields. These fields are invisible energy, yet they influence the molecules of matter around us the way a magnet organizes iron filings. In *Mind to Matter*, award-winning researcher Dawson Church explains the science showing how our minds create matter. Different intentions produce different fields and different material creations. The thoughts and energy fields we cultivate in our minds condition the atoms and molecules around us. We can now trace the science behind each link in chain from thought to thing, showing the surprising ways in which our intentions create the material world. The science in the book is illustrated by many authentic case histories of people who harnessed the extraordinary power of the mind to create. They include: Adeline, whose Stage 4 cancer disappeared after she imagined "healing stars" Raymond Aaron and two of his clients, each of whom manifested \$1 million in the same week Elon Musk, who bounced back from devastating tragedy to found Tesla and SpaceX Graham Phillips, who grew the emotional regulation part of his brain by 22.8% in two months Jennifer Graf, whose grandfather's long-dead radio came to life to play love songs the day of her wedding Harold, whose 80% hearing loss reversed in an hour Joe Marana, whose deceased sister comforted him from beyond the grave Rick Geggie, whose clogged arteries cleared up the night before cardiac surgery Matthias Rust, a teen whose "airplane flight for peace" changed the fate of superpowers Wanda Burch, whose dream about cancer told the surgeon exactly where to look for it An MIT freshman student who can precipitate sodium crystals with his mind John, who found himself floating out of his body and returned to find his AIDS healed Dean, whose cortisol levels dropped by 48% in a single hour In *Mind to Matter*, Dawson Church shows that these outcomes aren't a lucky accident only a few people experience. Neuroscientists have measured a specific brain wave formula that is linked to manifestation. This "flow state" can be learned and applied by anyone. New discoveries in epigenetics, neuroscience, electromagnetism, psychology, vibration, and quantum physics connect each step in the process by which mind creates matter. They show that the whole universe is self-organizing, and when our minds are in a state of flow, they coordinate with nature's emergent intelligence to produce synchronous outcomes. The book contained over 150 photos and illustrations that explain the process, while an "Extended Play" section at the end of each chapter provides additional resources. As *Mind to Matter* drops each piece of the scientific puzzle into place, it leaves us with a profound understanding of the enormous creative potential of our minds. It also gives us a road map to cultivating these remarkable brain states in our daily lives. **Becoming Supernatural How Common People are Doing the Uncommon** *Hay House, Inc* The author of the New York Times bestseller *You Are the Placebo*, as well as *Breaking the Habit of Being Yourself* and *Evolve Your Brain*, draws on research conducted at his advanced workshops since 2012 to explore how common people are doing the uncommon to transform themselves and their lives. **Becoming Supernatural** marries the some of the most profound scientific information with ancient wisdom to show how people like you and me can experience a more mystical life. Readers will learn that we are, quite literally supernatural by nature if given the proper knowledge and instruction, and when we learn how to apply that information through various meditations, we should experience a greater expression of our creative abilities; that we have the capacity to tune in to frequencies beyond our material world and receive more orderly coherent streams of consciousness and energy; that we can intentionally change our brain chemistry to initiate profoundly mystical transcendental experiences; and how, if we do this enough times, we can develop the skill of creating a more efficient, balanced, healthy body, a more unlimited mind, and greater access to the realms of spiritual truth. Topics include: • Demystifying the body's 7 energy centers and how you can balance them to heal • How to free yourself from the past by reconditioning your body to a new mind • How you can create reality in the generous present moment by changing your energy • The difference between third-dimension creation and fifth-dimension creation • The secret science of the pineal gland and its role in accessing mystical realms of reality • The distinction between Space-Time vs. Time-Space realities And much more... **Socrates** *Simon and Schuster* **Socrates** is a play in three acts about Socrates and the events of his trial and eventual death. Satirical in nature it takes aim at government authority and organized religion. Voltaire's contempt for government and religion come through clearly in this play. **Wilder Publications** is a green publisher. All of our books are printed to order. This reduces waste and helps us keep prices low while greatly reducing our impact on the environment. **Energy Medicine** Pageburst E-book on VitalSource **The Scientific Basis** *Churchill Livingstone* **The Heart of Healing Inspired Ideas, Wisdom and Comfort from Today's Leading Voices** *Elite Books* **Heart of the New Healer** is a compilation of original essays from many of today's leaders in the healing arts. Both world-famous authorities, and intriguing new voices, are combined in this unique survey assembled by award-winning editor Dawson Church. Fifteen years ago, Dawson edited a best-selling book called *The Heart of the Healer* (New American Library, 1989). It was an influential book, reviewed in *Publisher's Weekly*, *Library Journal* and many other places, excerpted in the *LA Times* and other national media, and used by many colleges as a supplementary text. Now, *Heart of the New Healer* surveys some of the most fascinating healers and thinkers of a new generation. From the most cutting-edge scientific studies to ancient techniques like Hindu Pranic healing, with humor, wisdom, and vast experience, the authors chart the seismic changes that are radically reshaping our society's concept of health. If you want to know where the future of health care is headed, or get a spectrum of brilliant and current perspectives and practices to support your personal health, this book is essential reading. **The Machinery of the Mind** *FV Editions* **ORIGINALLY** given as a popular lecture course, this little book does not pretend to be a contribution to the formidable array of psychological literature.
