THE BABY SLEEP BOOK

THE COMPLETE GUIDE TO A GOOD NIGHT'S REST FOR THE WHOLE FAMILY

Little, Brown Spark Everything you need to know about getting your baby or toddler to sleep -- from America's foremost baby and childcare experts. Babies don't automatically know how to sleep through the night; they need to be taught. The Sears family has learned from decades of pediatric practice, bolstered by their own parenting experiences, that different babies have different nighttime temperaments -- and, of course, different families have different lifestyles. Instead of espousing the kind of "one method fits all" approach advocated in other baby sleep guides, the Sears family explains how you can create a sleep plan that suits the needs of your entire family. With a sharp focus on the practical tools and techniques, The Baby Sleep Book covers such topics as: The facts of infant sleep vs. adult sleep Figuring out where, when, and how your child sleeps best Fail-safe methods for soothing a crying infant How to make night nursing easier, and how to stop Nighttime fathering tips Whether co-sleeping makes sense for you Nap-time strategies that work Medical and physical causes of night waking Sleep habits in special situations such as traveling, teething, and illness

FOR MARX

A DIARY IN THE STRICT SENSE OF THE TERM

Psychology Press The volume presents the diary of one of the great anthropologists at a crucial time in his career. Malinowski's major works grew out of his findings on field trips to New Guinea and North Melanesia from 1914-1918. His journals cover a considerable part of that period of pioneer research. The diary contains observations of native life and customs and vivid descriptions of landscapes. Many entries reveal his approach to his work and the sources of his thought. In his introduction, Raymond Firth discusses the significance of the notebooks which formed the basis for this volume. First published in 1967.

SECRETS, SILENCES AND BETRAYALS

African Books Collective Secrets, Silences, and Betrayals is an invitation to readers to consider factoring in the often discarded or censored but useful information held by the dominated. The books principal claim is that the unsaid weighs in significantly on the scale of semantic construction as that which is said. Thus, it legitimates the impact of the absentee in broadening and clarifying knowledge and understanding in most disciplines. In other words, just as exogenous epistemologies have underlain and explicated the basis for understanding diverse encounterssocial, political, historical, cultural, literary, etc.Secrets, Silences, and Betrayals challenges, from a pluridisciplinary angle, such highly dominant approaches to investigating the origin, nature, ways of knowing, and limits of human knowledge. It thus yields to the deontological basis to critically reexamine our understanding of the world around us. It is in this regard that the present volume points towards the need for human history to become a cumulative record and re-recording of every human journey and endeavor in life; it brings together disparate voices illuminating topical issues that would be or have been legated to posterity as nonexistent, partial, or half-truths.

THE HISTORIOGRAPHY OF MODERN ARCHITECTURE

MIT Press Writing, according to Panayotis Tournikiotis, has always exerted a powerful influence on architecture. Indeed, the study of modern architecture cannot be separated from a fascination with the texts that have tried to explain the idea of a new architecture in a new society. During the last forty years, the question of the relationship of architecture to its history -- of buildings to books -- has been one of the most important themes in debates about the course of modern architecture. Tournikiotis argues that the history of modern architecture tends to be written from the present, projecting back onto the past our current concerns, so that the "beginning" of the story really functions as a "representation" of its end. In this book the buildings are the quotations, while the texts are the structure. Tournikiotis focuses on a group of books by major historians of the twentieth century: Nikolaus Pevsner, Emil Kaufmann, Sigfried Giedion, Bruno Zevi, Leonardo Benevolo, Henry-Russell Hitchcock, Reyner Banham, Peter Collins, and Manfredo Tafuri. In examining these writers' thoughts, he draws on concepts from critical theory, relating architecture to broader historical models.

INTRODUCTION TO HEALTH GEOGRAPHY

CONTEMPT

New York Review of Books Contempt is a brilliant and unsettling work by one of the revolutionary masters of modern European literature. All the qualities for which Alberto Moravia is justly famous—his cool clarity of expression, his exacting attention to psychological complexity and social pretension, his still-striking openness about sex—are evident in this story of a failing marriage. Contempt (which was to inspire Jean-Luc Godard's no-less-celebrated film) is an unflinching examination of desperation and self-deception in the emotional vacuum of modern consumer society.

ORDINARY LEVEL MATHEMATICS KEY FACTS

Ordinary Level Mathematics Key Facts, first published in 2008 as Rudiments of Ordinary Level Mathematics, is a snappy and straight to the point ordinary level mathematics book with many graded, solved examples and over one thousand four hundred multiple-choice questions. The book covers almost every objective required in mathematics at the ordinary level (grades 8, 9, and 10). The book also includes many new topics such as logic, networks, and flow diagrams. The objectives, concepts, and skills are summarily presented and illustrated with examples, diagrams, or both where necessary. Each chapter begins with brief notes and end up with a good number of multiple-choice questions. By carefully going through these notes, many of the questions will be tackled without much ado. The answers to the multiple-choice questions have been voluntarily left out to ensure that students really work through the exercises and not memorize the answers. The book is highly recommended for final-year students and students in evening schools.

GENDERING NATIONALISM

INTERSECTIONS OF NATION, GENDER AND SEXUALITY

Springer This volume offers an empirically rich, theoretically informed study of the shifting intersections of nation/alism, gender and sexuality. Challenging a scholarly legacy that has overly focused on the masculinist character of nationalism, it pays particular attention to the people and issues less commonly considered in the context of nationalist projects, namely women and sexual minorities. Bringing together both established and emerging researchers from across the globe, this multidisciplinary and comparison-rich volume provides a multi-sited exploration of the shifting contours of belonging and Otherness generated by multifarious nationalisms. The diverse, and context specific positionings of men and women, masculinities and femininities, and hegemonic and non-normative sexualities, vis-à-vis nation/alism, are illuminated through a vibrant array of contemporary theoretical lenses. These include historical and feminist institutionalism, post-colonial theory, critical race approaches, transnational and migration theory and semiotics.

RIMBAUD COMPLETE

Modern Library Enduring icon of creativity, authenticity, and rebellion, and the subject of numerous new biographies, Arthur Rimbaud is one of the most repeatedly scrutinized literary figures of the last half-century. Yet almost thirty years have elapsed without a major new translation of his writings. Remediating this state of affairs is Rimbaud Complete, the first and only truly complete edition of Rimbaud's work in English, translated, edited, and introduced by Wyatt Mason. Mason draws on a century of Rimbaud scholarship to choreograph a superbly clear-eyed presentation of the poet's works. He arranges Rimbaud's writing chronologically, based on the latest manuscript evidence, so readers can experience the famously teenaged poet's rapid evolution, from the lyricism of "Sensation" to the groundbreaking early modernism of A Season in Hell. In fifty pages of previously untranslated material, including award-winning early verses, all the fragmentary poems, a fascinating early draft of A Season in Hell, a school notebook, and multiple manuscript versions of the important poem "O saisons, ô châteaux," Rimbaud Complete displays facets of the poet unknown to American readers. And in his Introduction, Mason revisits the Rimbaud myth, addresses the state of disarray in which the poet left his work, and illuminates the intricacies of the translator's art. Mason has harnessed the precision and power of the poet's rapidly changing voice: from the delicate music of a poem such as "Crows" to the mature dissonance of the Illuminations, Rimbaud Complete unveils this essential poet for a new generation of readers.

IN AND OF THE MEDITERRANEAN

MEDIEVAL AND EARLY MODERN IBERIAN STUDIES

Vanderbilt University Press The Iberian Peninsula has always been an integral part of the Mediterranean world, from the age of Tartessos and the Phoenicians to our own era and the Union for the Mediterranean. The cutting-edge essays in this volume examine what it means for medieval and early modern Iberia and its people to be considered as part of the Mediterranean.

GODS IN THE IVORY TOWERS

A PLAY

Divorce is a messy, emotional event in anyone's life. The separation of the union between two people who thought that "forever" really did apply to them has enough trauma to fill any novel or blockbuster movie. But when children are thrown into the mix an already explosive situation takes on a heart-breaking perspective that most parents are not ready to deal with. Broken Strings: Wisdom for Divorced and Separated Families is an offering to the families who are currently navigating through a divorce or separation. It is also for those who made the trip previously and are now finding that it isn't really ever finished. Separation is a life-altering experience for everyone involved, today and into the future of each family. As such it deserves more than endless repetitive lists or lengthy academic studies that divorced parents don't have time to read. It demands that we all help each other from one side of the chasm to the other by building a bridge constructed of the truth as experienced by someone who has already been on the journey. The author is a survivor of fifteen years of divorced parenting, and recognizes that separated families are part of the fabric of today's society, making their way along a new path as best they can. Although their structure has been altered, these families can find their way to a new reality and can be healthy again. Dr. David Brooks, Ph.D. endorses "Broken Strings": "EXCELLENT! This is a 'must read' for everyone who is going through a divorce or for those counseling divorcing couples. The strength of this work is the practical and easy-to-understand message. It goes well beyond the superficial by focusing on coping with real-life emotions, and stresses and offers strategies for surviving the difficult rollercoaster of divorce."

WORKPLACE CULTURE AND THE NDIS

DO YOUR EMPLOYEES FEEL HEARD, VALUED AND SUPPORTED? Over the last six years the Australian disability sector has experienced massive disruption due to the introduction of the National Disability Insurance Scheme. In this entirely new marketplace, an organisation's employees are now its most important asset and greatest competitive differentiator. Fran Connelley, author of the bestseller, How to Thrive under the NDIS, turns her attention to workplace culture at a critical time for the Australian disability sector. It is culture that enables people to perform at their best and, in the face of a Royal Commission and the NDIS Commission, it is culture that must become the key business driver for providers in the maturing marketplace. Workplace Culture and the NDIS is written for CEOs looking for practical tools to support their employees and build a vibrant, change tolerant workplace culture. It includes interviews with CEOs and thought leaders. Using jargon free language, Fran outlines a marketer's approach to organisational change based on an authentic, living brand.

HOW TO THRIVE UNDER THE NDIS

Michael Hanrahan Publishing 'Fran Connelley's book is a must read "thrival guide" for Board members, CEOs, executives and managers of disability organisations in Australia right now - at this time of huge and exciting (but for some, daunting) change.' - Roger West, Director & Principal Consultant, WestWood Spice IS YOUR ORGANISATION READY FOR THE NDIS? The National Disability Insurance Scheme (NDIS) is currently transforming the entire Australian disability sector. So much has been written about this massive generational reform, but here at last is a practical pathway for transformational change. How to Thrive Under the NDIS is written for CEOs of disability service organisations seeking to achieve financial sustainability and deliver innovative, best-practice services that meet the needs of people with disabilities. It includes Fran's Seven Steps to Sustainability, as well as interviews with CEOs and thought leaders from Australia and the UK. You'll learn how to: diversify your revenue determine your ideal niche and strategic direction build your brand and spread the word identify the right alliances and partners create a customer-focused culture prepare your Action Plan. With rapidly increasing demand for services, an ageing population, increasing competition from commercial providers and a full-scale rollout of the NDIS commencing June 2016, now is the time for disability providers to reach out to their customer like never before. Fran Connelley, MFIA, BA (Ec.), is Director of FC Marketing, a business that specialises in helping non-profit organisations to build their brands and diversify their income. Over the last 20 years she has worked with many well-known non-profits including Landcare Australia, The Young Endeavour Youth Scheme and the Royal Hospital for Women Foundation. Fran recently raised over \$1 million for a small disability charity with a database less than 3,000. She is also the author of the eGuide, 'Managing
