---

### GRUNDLAGEN, VORGEHENSMODELL UND USE CASES AUS DER PRAXIS

---

**Springer-Verlag** Wie sieht eine erfolgreiche Einführung von Industrie 4.0 aus? Dieses Buch stellt das Konzept, die Paradigmen und relevanten Technologien von Industrie 4.0 sowie deren Gesamtzusammenhänge systematisch vor. Entgegen der gängigen, rein technologischen und anwendungsbezogenen Betrachtungsweise, führt das Buch zusätzlich strategische, taktische und operative Betrachtungsebenen zu einem integrativen Strang zusammen. Zentrales Herzstück dabei ist ein Vorgehensmodell, das den Handlungsbedarf auf strategischer und operativer Ebene beschreibt. Ein Praxisfall, unterschiedliche Industrie 4.0-Use Cases und namhafte Experten aus Forschung und Praxis machen diese Lektüre interessant für Themen-Neueinsteiger, aber auch für Umsetzungsinteressierte des mittleren und oberen Managements, die eine neue Sichtweise auf die Komplexität des Themas gewinnen möchten. Das Glossar macht das Buch zum wertvollen Nachschlagewerk für das Thema Industrie 4.0.

## FOUNDATION AND EARTH

---

**Del Rey** The fifth novel in Isaac Asimov's classic science-fiction masterpiece, the Foundation series *THE EPIC SAGA THAT INSPIRED THE APPLE TV+ SERIES FOUNDATION* Golan Trevize, former Councilman of the First Foundation, has chosen the future, and it is Gaia. A superorganism, Gaia is a holistic planet with a common consciousness so intensely united that every dewdrop, every pebble, every being, can speak for all—and feel for all. It is a realm in which privacy is not only undesirable, it is incomprehensible. But is it the right

choice for the destiny of mankind? While Trevize feels it is, that is not enough. He must know. Trevize believes the answer lies at the site of humanity's roots: fabled Earth . . . if it still exists. For no one is sure where the planet of Gaia's first settlers is to be found in the immense wilderness of the Galaxy. Nor can anyone explain why no record of Earth has been preserved, no mention of it made anywhere in Gaia's vast world-memory. It is an enigma Trevize is determined to resolve, and a quest he is determined to undertake, at any cost.

## **100 THINGS EVERY MAC USER SHOULD KNOW (MACWORLD SUPERGUIDES)**

---

**Macworld** *We all like to think we're pretty savvy when it comes to using our Macs. In the case of the typical Macworld reader, that's usually true. (You're all unusually handsome and have wonderful singing voices too.) But there's a funny thing we've noticed when we talk to Mac users, even the supposedly savvy ones: There's often some essential information — basic things that would make their Mac use easier or more efficient — that they've either forgotten or never learned. So we got some Macworld editors and contributors together and asked ourselves: What are the things that every Mac user should know how to do? We didn't meant the really basic stuff -Command-C, Command-V, and so on - but the skills and knowledge that mark you as Mac-literate. And we came up with a list of 100 things that seemed to fit that bill. They range from customizing your Mac's boot-up sequence to shutting down unresponsive apps. In between, they cover Finder navigation, launching apps, keyboard shortcuts, Spotlight, PDFs, user accounts, and much, much more. (Our one rule: None of these things could require third-party tools; we're talking only about stuff you can do with OS X itself.)*

### **BEFORE HE KILLS (A MACKENZIE WHITE MYSTERY—BOOK 1)**

---

**Blake Pierce** From #1 bestselling author Blake Pierce comes a heart-pounding new mystery series. In the cornfields of Nebraska a woman is found murdered, strung up on a pole, the victim of a deranged killer. It doesn't take long for the police to realize a serial killer is on the loose—and that his spree has just begun. Detective Mackenzie White, young, tough, smarter than the aging, chauvinistic men on her local force, finds herself called in grudgingly to help solve it. As much as the other officers hate to admit it, they need her young, brilliant mind, which has already helped crack cold cases that had left them stumped. Yet even for Mackenzie this new case proves an impossible riddle, something the likes of which she—and the local force—have ever seen. With the FBI called in, together, an intense manhunt ensues. Mackenzie, reeling from her own dark past, her failed relationships, and her undeniable attraction to the new FBI agent, finds herself battling her own demons as her hunt for the killer takes her to the darkest places of her mind. As she delves into the killer's mind, obsessing over his twisted psychology, she finds that evil truly does exist. She only hopes it will not be too late to extricate herself from it, as her entire life collapses around her. As more bodies turn up dead and a frantic race against time ensues, there is no way out but to find him before he kills again. A dark psychological thriller with heart-pounding suspense, *BEFORE HE KILLS* marks the debut of a riveting new series—and a beloved new character—that will leave you turning pages late into the night. Book #2 in the Mackenzie White Mystery series will be available soon. Also available by Blake Pierce is *ONCE GONE* (A Riley Paige mystery—Book #1), a #1 bestseller on Google Play—and a free download!
