The Indonesian Military After the New Order

NIAS Press "Because the military is an integral part of Indonesia's power structure, it is of interest to anyone studying Indonesian affairs. This volume is the first study to address the role of the military in post-Soeharto Indonesia. The author is a former ghostwriter at the Indonesian Ministries of Home Affairs and Defence. He is privy to the internal dynamics of the military and has personally interviewed such untouchable figures as former President Soeharto. As such, this is an up-to-date, well-informed study providing a useful contribution to the literature, particularly with regard to the younger generation of the military."--BOOK JACKET.

Trillion Dollar Coach

The Leadership Playbook of Silicon Valley's Bill Campbell

HarperCollins #1 Wall Street Journal Bestseller New York Times Bestseller USA Today Bestseller The team behind **How Google Works** returns with management lessons from legendary coach and business executive, **Bill Campbell**, whose mentoring of some of our most successful modern entrepreneurs has helped create well over a trillion dollars in market value. **Bill Campbell** played an instrumental role in the growth of several prominent companies, such as **Google**, **Apple**, and **Intuit**, fostering deep relationships with Silicon Valley visionaries, including **Steve Jobs**, **Larry Page**, and **Eric Schmidt**. In addition, this business genius mentored dozens of other important leaders on both coasts, from entrepreneurs to venture capitalists to educators to football players, leaving behind a legacy of growing companies, successful people, respect, friendship, and love after his death in 2016. Leaders at **Google** for over a decade, **Eric Schmidt**, **Jonathan Rosenberg**, and **Alan Eagle** experienced firsthand how the man fondly known as **Coach Bill** built trusting relationships, fostered personal growth—even in those at the pinnacle of their careers—inspired courage, and identified and resolved simmering tensions that inevitably arise in fast-moving environments. To honor their mentor and inspire and teach future generations, they have codified his wisdom in this essential guide. Based on interviews with over eighty people who knew and loved **Bill Campbell**, **Trillion Dollar Coach** explains the Coach's principles and illustrates them with stories from the many great people and companies with which he worked. The result is a blueprint for forward-thinking business leaders and managers that will help them create higher performing and faster moving cultures, teams, and companies.

The Invention of Culture

University of Chicago Press "This new edition of one of the masterworks of twentieth-century anthropology is more than welcome...enduringly significant insights."—Marilyn Strathern, emerita, University of Cambridge In the field of anthropology, few books manage to maintain both historical value and contemporary relevance. Roy Wagner's *The Invention of Culture*, originally published in 1975, is one that does. Wagner breaks new ground by arguing that culture arises from the dialectic between the individual and the social world. Rooting his analysis in the relationships between invention and convention, innovation and control, and meaning and context, he builds a theory that insists on the importance of creativity, placing people-as-inventors at the heart of the process that creates culture. In an elegant twist, he also shows that this very process ultimately produces the discipline of anthropology itself. Tim Ingold's foreword to the new edition captures the exhilaration of Wagner's book while showing how the reader can journey through it and arrive safely—though transformed—on the other side.

Water Sensitive Cities

IWA Publishing Today's urban water managers are faced with an unprecedented set of issues that call for a different approach to urban water management. These include the urgent changes needed to respond to climate change, population growth, growing resource constraints, and rapidly increasing global urbanization. Not only are these issues difficult to address, but they are facing us in an environment that is increasingly unpredictable and complex. Although innovative, new tools are now available to water professionals to address these challenges, solving the water problems of tomorrow cannot be done by the water professionals alone. Instead, the city of the future, whether in the developed or developing world, must integrate water management planning and operations with other city services to meet the needs of humans and the environment in a dramatically superior manner. *Water Sensitive Cities* has been developed from selected papers from 2009 Singapore Water Week "Planning for Sustainable Solutions" and also papers taken from other IWA events. It pulls together material that supports the water professionals' need for useful and up-to-date material.

My Life and 1,000 Houses

Failing Forward to Financial Freedom

This autobiographical tale is perfect for entrepreneurs and a must-read for anyone aspiring to be a real estate investor. Beginning with a handful of credit cards, he mastered the art of the purchase and sale of single and multi-family residences, small commercial properties, manufactured homes, raw land and lots, and eventually was honored by the San Antonio Real Estate Investors Association. Combining commonsense, experience and technology, he merges real estate and Internet marketing. With fifty one informative chapters, including an eye-opening introduction to "Adversity University," and powerful food for thought in "Escaping the Debt Trap" and "The Moat Theory: Keep Something Sacred," this book provides insight far beyond deal making. In the second half of the book, he delivers eighteen anecdotes such as "So What Can a Dollar Buy?" and "The Art of War," stories about real life in the real estate trenches. You simply can't make this stuff up. While everyone's struggles are different, you are sure to connect with the author's tumultuous and rewarding journey. You don't need a college class ring to be a success but a successful person's education never ends. Continue your education on a deeper level and read the book *My Life and 1,000 Houses*.

K-pop - The International Rise of the Korean Music Industry

Routledge *K-pop*, described by Time Magazine in 2012 as "South Korea's greatest export", has rapidly achieved a large worldwide audience of devoted fans largely through distribution over the Internet. This book examines the phenomenon, and discusses the reasons for its success. It considers the national and transnational conditions that have played a role in K-pop's ascendancy, and explores how they relate to post-colonial modernisation, post-Cold War politics in East Asia, connections with the Korean diaspora, and the state-initiated campaign to accumulate soft power. As it is particularly concerned with fandom and cultural agency, it analyses fan practices, discourses, and underlying psychologies within their local habitus as well as in expanding topographies of online networks. Overall, the book addresses the question of how far "Asian culture" can be global in a truly meaningful way, and how popular culture from a "marginal" nation has become a global phenomenon.

The Power of Face Reading

A Simple Illustrated Guide to Understanding Our Universal Language

Global Insight Communications, LLC Make stronger connections with anyone in the world by learning how to read faces *The Power of Face Reading* is the most comprehensive, easy-to-use book on face reading available today. Author Mac Fulfer makes face reading fun and easy for you to understand more about the people you encounter-no matter who you meet or where you are in the world. Face reading is our foundational international language, and none of our seeming "differences" matter-whether nationality, gender, race, or culture-because every person's face can be read in the exact same way. For instance, the lines on our faces don't reflect aging. They're actually a roadmap showing where we have been and what we've done. So this book is not about interpreting facial "expressions"-it's about learning to read the stories that a person's face can tell. Using a unique approach that combines both "genetics" (the face you are born with) and "epigenetics" (the way life events alter facial features over time), this book helps you understand others better. Discover how learning to interpret simple and easily recognized features, such as ear size and eyebrow shape, can allow you to make a better connection with anyone, anywhere. Superbly illustrated and organized like an

encyclopedia, *The Power of Face Reading* guides you through all you need to know about reading faces, from top-to-bottom, detail-to-gestalt, gesture-to-metaphoric meaning. The approach shared in this book is so easy to learn that you can put this how-to guide to use and begin reading faces within minutes of opening it up. Everyday applications for face reading include: ζ Improving both work and personal relationships ζ Interviewing and hiring the right people ζ Team-building ζ Negotiating better ζ Coaching, counseling ζ Finding the right job ζ Increasing sales by identifying "buy" signals ζ Identifying better business partners ζ Reading your audience when presenting *The Power of Face Reading* includes: ζ 275 illustrations ζ Clear explanations of what each facial feature means ζ Personality profiles to provide insight into every person you meet ζ Sample readings to learn Mac's step-by-step face-reading approach ζ A useful checklist to help you read faces immediately ζ A fun face reading quiz to test yourself

Islamic Development Management

Recent Advancements and Issues

Springer This book examines a range of current issues in Islamic development management. The first part of the book explores practical issues in governance and the application of Islamic governance in new areas such as quality management systems and the tourism industry, while the second delves into questions of sustainability. The book proposes a new Islamic sustainability and offers new perspectives on CSR in connection with waqf (Islamic endowments) and microfinance. The third part of the book addresses Islamic values and how they are applied in entrepreneurship, inheritance, consumer behavior and marketing. The fourth part examines the issues of waqf and takaful (a form of insurance in line with the Islamic laws), while the fifth discusses the fiqh (the study of Islamic legal codes) and legal framework from the perspectives of entrepreneurship, higher education, reporting and inheritance (wills). The final chapter is dedicated to the application of Islamic principles in various other issues. Written in an accessible style, the book will appeal to newcomers to the field, as well as researchers and academics with an interest in Islamic development management.

Digital Didactical Designs

Teaching and Learning in CrossActionSpaces

Routledge As web-enabled mobile technologies become increasingly integrated into formal learning environments, the fields of education and ICT (information and communication technology) are merging to create a new kind of classroom: *CrossActionSpaces*. Grounding its exploration of these co-located communication spaces in global empirical research, *Digital Didactical Designs* facilitates the development of teachers into collaborative designers and evaluators of technology-driven teaching and learning experiences—learning through reflective making. The *Digital Didactical Design* model promotes deep learning expeditions with a framework that encourages teachers and researchers to study, explore, and analyze the applied designs-in-practice. The book presents critical views of contemporary education, theories of socio-technical systems and behavior patterns, and concludes with a look into the conceptual and practical prototypes that might emerge in schools and universities in the near future.

Islamicity Indices

The Seed for Change

Springer The extent of Islamicity, or what Islam demands, is measured to confirm that self-declared Muslim countries have not adopted foundational Islamic teachings for rule-compliant Muslim communities. Western countries, on the other hand, are demonstrated to have better implemented fundamental Islamic teachings for a thriving society.

Global Glam and Popular Music

Style and Spectacle from the 1970s to the 2000s

Routledge This book is the first to explore style and spectacle in glam popular music performance from the 1970s to the present day, and from an international perspective. Focus is given to a number of representative artists, bands, and movements, as well as national, regional, and cultural contexts from around the globe. Approaching glam music

performance and style broadly, and using the glam/glitter rock genre of the early 1970s as a foundation for case studies and comparisons, the volume engages with subjects that help in defining the glam phenomenon in its many manifestations and contexts. Glam rock, in its original, term-defining inception, had its birth in the UK in 1970/71, and featured at its forefront acts such as David Bowie, T. Rex, Slade, and Roxy Music. Termed "glitter rock" in the US, stateside artists included Alice Cooper, Suzi Quatro, The New York Dolls, and Kiss. In a global context, glam is represented in many other cultures, where the influences of early glam rock can be seen clearly. In this book, glam exists at the intersections of glam rock and other styles (e.g., punk, metal, disco, goth). Its performers are characterized by their flamboyant and theatrical appearance (clothes, costumes, makeup, hairstyles), they often challenge gender stereotypes and sexuality (androgyny), and they create spectacle in popular music performance, fandom, and fashion. The essays in this collection comprise theoretically-informed contributions that address the diversity of the world's popular music via artists, bands, and movements, with special attention given to the ways glam has been influential not only as a music genre, but also in fashion, design, and other visual culture.

Corporate Transformation

Springer by Professor Alessandro Sinatra xi There are two categories which divide academic writing. The first category is made up of those which gather and systemize a developed thought, while the second is made up of those which detail a learning process which is presently occurring. This book belongs to the second category. It is intended to offer evidence of a still continuing research process which began three years ago. This research, undertaken simultaneously in Europe, the United States and Japan, has provided interesting evidence as to the conditions which must be present within a company in order to ensure continuous change. The object of our research has been to galvanize academics and managers into a debate which is especially relevant today: that of the ability of a company to anticipate or respond to changes which are occurring in its environment. Today more than ever, the ability to change culture and organizational structure are conditions which ensure a company's success, or more often, permit its survival. This book offers ten case studies about ten different large international firms, and about how they approached the problem of strategic change. In addition, there are ten articles which analyze the empirical evidence presented in the cases, and which try to provide and develop a general framework which can be used in a variety of situations. The cases represent an empirical base of reference. For the manager, they can serve as a source of benchmarking with the present situation of her/his company.

State of Implementation of the United Nations Convention Against Corruption

Criminalization, Law Enforcement and International

Cooperation

UN This second edition of State of Implementation of the United Nations Convention against Corruption: Criminalization, Law Enforcement and International Cooperation, which was launched during the 7th session of the Conference of the States Parties (Vienna, 6-10 November 2017). The study is based on the findings and results emanating from the first cycle reviews of the implementation of the Convention by 156 States parties (2010-2015). It contains a comprehensive analysis of the implementation of chapters III (Criminalization and law enforcement) and IV (International cooperation) of the Convention. More specifically, the study: (a) identifies and describes trends and patterns in the implementation of the above-mentioned chapters, focusing on systematic or, where possible, regional commonalities and variations; (b) highlights successes and good practices on the one hand, and challenges in implementation on the other; (c) provides an overview of the emerging understanding of the Convention and differences in the reviews, where they have been encountered.
