The Handsome Squirm

A tale of marriage, child-rearing, and vaginas that eat people. A man is arrested in the middle of the night. He doesn't know why. He doesn't remember committing any crime. The cops drop him off in a small community in the middle of the woods where a wedding is about to begin. It is his wedding. He doesn't recognize the bride, but she's allegedly pregnant with his children. All twelve of them. And by law, he must marry her or go to prison for the next two decades. But who is this strange woman he is to spend the rest of his life with? She doesn't seem quite human. Her expressions are cold and emotionless. Her movements are like that of a spider. She is Usagi, a creature who feeds on her human mate during pregnancy. Now this man has to find a way to terminate the marriage if he is to survive. But it's not going to be easy. His friends, his family, and his country are all against him. They believe a father should be willing to give up anything for the sake of his family. Even his life. Like Franz Kafka's "The Trial" meets an erotic body horror version of "The Blob," this darkly absurd tale is classic Mellick.

The Egg Man

It is a survival of the fittest world where humans reproduce like insects, children are the property of corporations, and having a ten-foot brain is a grotesque sexual fetish. Lincoln has just been released into the world by the Georges Organization, a corporation that raises creative types. A Smell, he has little prospect of succeeding as a visual artist. But after he moves into the Henry Building, he meets Luci, the weird and grimy girl who lives across the hall. She is a Sight. She is also the most disgusting woman Lincoln has ever met. Little does he know, she will soon become his muse. Now Luci's boyfriend is threatening to kill Lincoln, two rival corporations are preparing for war, and Luci is dragging him along to discover the truth about the mysterious egg man who lives next door. Only the strongest will survive in this tale of individuality, love, and mutilation. "The Egg Man" is like an Orwellian version of Eraserhead and The Tenant filtered through Richard Linklater's rotoscope animation. You will not find a weirder or grittier dystopian novel anywhere.

Adolf in Wonderland

In an alternate version of the future where Hitler had conquered the entire world during WW2 and developed society into his vision of utopia, an SS officer is on a mission to find and exterminate the last imperfect human on Earth. Following his trail leads the young Nazi to a small town hidden in the middle of the desert, a place that has been cut off from society for so long that it has developed its own strange and disturbing culture. Thus begins Mellick's dreamlike adventure that takes a young descendent of Adolf Hitler's design and sends him down the rabbit hole into a world of imperfection and disorder, where even the laws of reality itself don't seem to apply. A tribute to both Franz Kafka and Lewis Carroll, "Adolf in Wonderland" is a perfect read for fans of the bizarro genre.

The Cannibals of Candyland

A man tries to prove that are cannibalistic candy people.

Armadillo Fists

A weird-as-hell gangster story set in a world where people drive giant mechanical dinosaurs instead of cars. Her name is Psycho June Howard, aka Armadillo Fists, a woman who replaced both of her hands with living armadillos. She was once the most bloodthirsty fighter in the world of illegal underground boxing. But now she is on the run from a group of psychotic gangsters who believe she's responsible for the death of their boss. With the help of a stegosaurus driver named Mr. Fast Awesome-who thinks he is God's gift to women even though he doesn't have any arms or legs-June must do whatever it takes to escape her pursuers, even if she has to kill each and every one of them in the process. Strange, engaging characters, breakneck pacing, and jam-packed with more brilliantly weird concepts than you'll know what to do with-this is bizarro cult author Carlton Mellick III at his best.

Village of the Mermaids

"Mermaids are protected by the government under the Endangered Species Act, which means you aren't able to kill them even in self-defense. This is especially problematic if you happen to live in the isolated fishing village of Siren Cove, where there exists a healthy population of mermaids in the surrounding waters that view you as the main source of protein in their diet. The only thing keeping these ravenous sea women at bay is the equally-dangerous supply of human livestock known as Food People. Normally, these "feeder humans" are enough to keep the mermaid population happy and well-fed. But in Siren Cove, the mermaids are avoiding the human livestock and have returned to hunting the frightened local fishermen. It is up to Doctor Black, an eccentric representative of the Food People Corporation, to investigate the matter and hopefully find a way to correct the mermaids' new eating patterns before the remaining villagers end up as fish food. But the more he digs, the more he discovers there are far stranger and more dangerous things than mermaids hidden in this ancient village by the sea."--Page 4 of cover.

The Haunted Vagina

"It's difficult to love a woman whose vagina is a gateway to the world of the dead..." Steve is madly in love with his eccentric girlfriend, Stacy. Unfortunately, their sex life has been suffering as of late, because Steve is worried about the odd noises that have been coming from Stacy's pubic region. She says that her vagina is haunted. She doesn't think it's that big of a deal. Steve, on the other hand, completely disagrees. When a living corpse climbs out of her during an awkward night of sex, Stacy learns that her vagina is actually a doorway to another world. She persuades Steve to climb inside of her to explore this strange new place. But once inside, Steve finds it difficult to return... especially once he meets an oddly attractive woman named Fig, who lives within the lonely haunted world between Stacy's legs. "A very strange and surprisingly touching love story, despite the deliberately asinine premise. With subtle humor, surreal erotica, and some genuinely creepy moments, The Haunted Vagina is a completely unique reading experience."

Ferocity

A Novel

Europa Editions This Strega Prize winner “ticks all the boxes of a thriller while also being a masterfully written, baroque, many-faceted depiction of modern Italy” (The Spectator). Bari, southern Italy: On a stifling summer night, on the outskirts of town, a young woman named Clara, daughter of the region’s most prominent family of real estate developers, stumbles naked, dazed, and bloodied down a major highway. Satan Burger (15th Anniversary Edition)

Eraserhead Press When *Satan Burger* was first being passed around among teenage punks and fans of weird art and film, there was nothing else like it. A book of rebellious spirit that simplistically captured the postmodern malaise of a culture obsessed with consumerism. It quickly gained an underground following, was transcribed by fans and bootlegged online, was translated into Russian and made its way around the world attracting the attention of readers bored with typical mainstream fare. Combining a satirical wit and style on par with legendary humorists such as Kurt Vonnegut and Russell Edson with the crazy punk ethos of cult film directors such as Terry Gilliam, David Lynch, and Takashi Miike, this was a book overflowing with so many new ideas and absurd philosophies that it not only launched the career of underground author Carlton Mellick III, but inspired an entire literary movement. For the fifteenth anniversary of the release of this Bizarro Fiction classic, Eraserhead Press is thrilled to present this special hardcover edition, featuring an introduction by splatterpunk legend John Skipp, illustrations by Ryan Ward, and a new preface by the author. *Satan Burger* explores a new kind of apocalypse. Not an apocalypse caused by disease or nuclear war, but an apocalypse of boredom. A plague of monotony has spread across the countryside, sucking all passion and inspiration out of everyone over the age of twenty-five, leaving only the disenfranchised youth to fend for themselves in a world crumbling around them. Featuring a narrator who sees his body from a third-person perspective, a man whose flesh is dead but his body parts are alive and running amok, an overweight messiah, the personal life of the Grim Reaper, a race of women who feed on male orgasms, and a motley group of squatter punks that team up with the devil to find their place in a world that doesn't want them anymore.

Shakespeare and YouTube

New Media Forms of the Bard

Bloomsbury Publishing The video-sharing platform YouTube signals exciting opportunities and challenges for Shakespeare studies. As patron, distributor and archive, YouTube occasions new forms of user-generated Shakespeares, yet a reduced Bard too, subject to the distractions of the contemporary networked mediascape. This book identifies the genres of YouTube Shakespeare, interpreting them through theories of remediation and media convergence and as indices of Shakespeare's shifting cultural meanings. Exploring the intersection of YouTube's participatory culture - its invitation to 'Broadcast Yourself' - with its corporate logic, the book argues that YouTube Shakespeare is a site of productive tension between new forms of self-expression and the homogenizing effects of mass culture. Stephen O'Neill unfolds the range of YouTube's Bardic productions to elaborate on their potential as teaching and learning resources. The book importantly argues for a critical media literacy, one that attends to identity constructions and to the politics of race and gender as they emerge through Shakespeare's new media forms. *Shakespeare and YouTube* will be of interest to students and scholars of Shakespearean drama, poetry and adaptations, as well as to new media studies.

Daily Life in Russia Under the Last Tsar

This book is a vivid account of life in Moscow, "the most Russian of Russian cities," in the year 1903, a year before Russia's disastrous war with Japan and two years before the momentous Revolution of 1905. Though the undercurrents of social change were running swiftly, the surface stability of the Tsarist regime show no indication of the turmoil ahead. The author, who is perhaps best known for his biography Tolstoy, describes Russian life through the eyes of a fictional young Englishman visiting a prosperous Russian merchant family. All facets of Moscow life are covered, from entertainment and night life to family life and the devotions of the Orthodox. We learn about Russia's factory workers and peasants, its soldiers and lawyers, its priests and its city officials, its Tsar and his entourage: what they do and what they wear, what they think and what they dream. Concluding chapters take our visitor to the famous fair at Nizhny-Novgorod, which was held every year from July 15 to September 10, and on a boat trip down the Volga.

My Purple Scented Novel

A Short Story

Vintage A jewel of a short story from the bestselling, award-winning author of *Atonement*—"My Purple Scented Novel" follows the perfect crime of literary betrayal, scrupulously wrought yet unscrupulously executed. Published to celebrate Ian McEwan's 70th birthday. "You will have heard of my friend the once celebrated novelist Jocelyn Tarbet, but I suspect his memory is beginning to fade. . . . You'd never heard of me, the once obscure novelist Parker Sparrow, until my name was publicly connected with his. To a knowing few, our names remain rigidly attached, like the two ends of a seesaw. His rise coincided with, though did not cause, my decline. . . . I don't deny there was wrongdoing. I stole a life, and I don't intend to give it back. You may treat these few pages as a confession."
