LADY BIRD JOHNSON: HIDING IN PLAIN SIGHT

Random House **NEW YORK TIMES BESTSELLER** • A magisterial portrait of Lady Bird Johnson, and a major reevaluation of the profound yet underappreciated impact the First Lady's political instincts had on LBJ's presidency. **WINNER OF THE TEXAS BOOK AWARD** • **ONGLISTED FOR THE PEN/JACQUELINE BOGRAD WELD AWARD** • “[An] extensive, engaging new biography . . . in the Caro mold . . . To those who do not know [Lady Bird's] story, Sweig's book will come as a revelation.”—The New York Times “This riveting portrait gives us an important revision of a long-neglected First Lady.”—Blanche Wiesen Cook, author of *Eleanor Roosevelt, Vols. 1-3* In the spring of 1964, President Lyndon B. Johnson had a decision to make. Just months after moving into the White House under the worst of circumstances—following the assassination of President John F. Kennedy—he had to decide whether to run to win the presidency in his own right. He turned to his most reliable, trusted political strategist: his wife, Lady Bird Johnson. The strategy memo she produced for him, emblematic of her own political acumen and largely overlooked by biographers, is just one revealing example of how their marriage was truly a decades-long political partnership. Perhaps the most underestimated First Lady of the twentieth century, Lady Bird Johnson was also one of the most accomplished and often her husband's secret weapon. Managing the White House in years of national upheaval, through the civil rights movement and the escalation of the Vietnam War, Lady Bird projected a sense of calm and, following the glamorous and modern Jackie Kennedy, an old-fashioned image of a First Lady. In truth, she was anything but. As the first First Lady to run the East Wing like a professional office, she took on her own policy initiatives, including the most ambitious national environmental effort since Teddy Roosevelt. Occupying the White House during the beginning of the women's liberation movement, she hosted professional women from all walks of life in the White House, including urban planning and environmental pioneers like Jane Jacobs and Barbara Ward, encouraging women everywhere to pursue their own careers, even if her own style of leadership and official role was to lead by supporting others. Where no presidential biographer has understood the full impact of Lady Bird Johnson's work in the White House, Julia Sweig is the first to draw

substantially on Lady Bird's own voice in her White House diaries to place Claudia Alta "Lady Bird" Johnson center stage and to reveal a woman ahead of her time—and an accomplished politician in her own right.

BERNARD MAISNER

ENTRANCE TO THE SCRIPTORIUM : CONTEMPORARY ILLUMINATED MANUSCRIPTS AND PAINTINGS

Artist Bernard Maisner is one of the finest illuminators of manuscripts at work today. His remarkable ability to work in miniature, as well as in grand scale paintings, combines with his love and mastery of historical and modern painting techniques to create an unusual and visually stunning body of work, thoroughly documented here. Maisner's search for meaning takes him in the direction of the infinite, of opposites, in reverence of nature, and of things mystical and unanswerable. This book brings together 25 years of work by Maisner and reveals in depth the correlation and interrelation between his long-standing use of abstract symbols, written language, the art of illumination, and the language of painting. Art historian Dore Ashton provides an essay in which she reflects on Maisner's quest to "grasp the passage of time in living metaphors" through the craft of the illuminator.
