### **LAND LAW**

---

**McFarlane, Hopkins, and Nield's Land Law is the most succinct, analytical textbook available in this subject area. These experienced and respected authors have used their unique approach to land law to provide a consistent structure with which students and lecturers can tackle the topics. The approach arms students with the tools needed to analyse content covered in classes and exams autonomously by demonstrating how to consider rules in isolation before looking at the full picture. This method helps students make links across topics. The concise treatment allows students to concentrate on building an in-depth, sophisticated grasp of the core principles. The authors' direct writing style and contextual outlook guides readers through the depth and detail and gives lucidity to abstract rules. The use of significant cases to exemplify rules in practice and diagrams for visual learners gives additional clarity to concepts that are particularly difficult to imagine. Students are encouraged to test their knowledge by answering end-of-chapter questions and to widen their research by referring to the resources suggested in the further reading lists accompanying each chapter. Online resources** Students can access additional supportive materials online including:- Web links to useful sites containing further information on chapter-specific topics- Self-test questions with instant feedback- Essay questions and guidance on how to answer them- Updates on legal developments in land law

### **WINTERHAWK'S LAND**

---

BearManor Media Michael Dante played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne.

## **GIFTS**

---

---

## **A STUDY IN COMPARATIVE LAW**

---

Oxford University Press Gifts: A Study in Comparative Law is the first broad-based study of the law governing the giving and revocation of gifts ever attempted. Gift-giving is everywhere governed by social and customary norms before it encounters the law and the giving of gifts takes place largely outside of the marketplace. As a result of these two characteristics, the law of gifts provides an optimal lens through which to examine how different legal systems engage with social practice. The law of gifts is well-developed both in the civil and the common laws. Richard Hyland's study provides an excellent view of the ways in which different civil and common law jurisdictions confront common issues. The legal

systems discussed include principally, in the common law, those of Great Britain, the United States, and India, and, in the civil law, the private law systems of Belgium and France, Germany, Italy, and Spain. Professor Hyland also serves a critique of the dominant method in the field, which is a form of functionalism based on what is called the praesumptio similitudinis, namely the axiom that, once legal doctrine is stripped away, developed legal systems tend to reach similar practical results. His study demonstrates, to the contrary, that legal systems actually differ, not only in their approach and conceptual structure, but just as much in the results.

## **A SUPERIOR SYSTEM OF LIFE**

---

Createspace Independent Pub One of the largest and fastest-growing

religions, Islam is currently practiced by approximately one-fifth of the world's population. Unlike most religions that only consist of acts of worship, rituals, and a set of beliefs, it also offers a just socio-politico-economic system, which is especially important today as we continue to make significant material and scientific progress. However, although it presents real solutions to problems faced by the whole of mankind, factors such as worldwide media propaganda and the current condition of the Muslim community have seriously distorted the public image of Islam. Adeel Zeerak hopes that his book *Islam: A Superior System of Life* will help change all that. He says that after careful study, even those with non-Muslim unprejudiced minds will appreciate the beauty of his religion's teachings. To prove the superiority of Islamic system over other systems, he provides concrete data obtained from authentic sources and refrains from using boastful or exaggerative language. Chapters in *Islam: A Superior System of Life* include: • This is Islam • Characteristics of the Islamic System • Spiritual System • Social System • Economic System • Political System • The Prophet, peace be upon him, the Message, and the Ummah "Despite commendable progress in the field of science and technology, this world is full of evil, exploitation, and injustice," says Zeerak, who believes any effort to find a solution to our problems continually fails because we choose to ignore the light of Divine Guidance. We all know what happened to prophet Noah's people when they rejected this guidance, but we, thankfully, still exist in this world to follow our Lord and accept Islam. Written for the Muslim and non-Muslim, *Islam: A Superior System of Life* is for readers interested in Islam, the prophet Muhammad (PBUH), the Islamic view of women, the concept of Khilafat, Islamic finance, Islamic spirituality, and Islamic history. ## **JUSTICE RESTORED**

---

---

### **10 STEPS TO END MASS INCARCERATION IN AMERICA**

---

Createspace Independent Publishing Platform International bestseller "Justice Restored," by veteran author and journalist, Howell Woltz, ("Justice

Denied", "The Way Back to America", "The Path" and "Gulag Amerika") is his most explosive exposé to date of America's failed judicial system. Woltz proves in this highly readable exposé that U.S. prosecutors knowingly (or uncaringly) "get it wrong" in 8 out of every 10 cases they bring before U.S. courts. After speaking out on this issue publicly, (TEDx talk in 2014), Woltz was threatened by U.S. officials in an effort to silence him. This ultimately led to his leaving the country to continue his work (Woltz now lives in Poland), though his facts have been acknowledged true by reviewing state and federal courts. 5,760 capital cases--almost every such case over a 23 year period--has now been reviewed by state and federal courts and 73% of them were proven to have "reversible error", while 9% of the defendants were proven by the record itself to have been innocent when targeted by the prosecutor. (see, A BROKEN SYSTEM: ERROR RATES IN CAPITAL CASES, Prof. James S. Liebman, Columbia University). After indisputably proving the need for reform in the early pages of Justice Restore, Woltz then lays out a 10 step plan to restore our system of justice to what it once was. These steps back to Rule of Law are each buttressed by a heartbreaking personal story of a wrongfully convicted citizen the author personally assisted in seeking justice."Justice Restored: 10 steps to end mass incarceration in America" has been endorsed by The Center for Teaching the Rule of Law, and is considered a must read for every U.S. citizen.As admitted by the federal government, "The U.S. Department of Justice estimates that 71 million people--approximately 25 percent of the American population--have a criminal record." (BNA Criminal Law Reporter, May of 2010).With only 5% of the world's population, the United States holds 25% of its prisoners--a record for human history. No nation has ever incarcerated so many of its own citizens.Woltz has given a clear roadmap for ending this national disaster in "Justice Restored"and in an interview on Public Radio, he recently stated, "If anyone had told me 30 years ago that I could write a book on the unlikely topic of 'mass incarceration in America'--or that it would become a best-seller--I would have never believed it. 1/4 of the American population, however, has now suffered these injustices personally--as well as their families--and they are the ones who have made 'Justice Restored' an international bestseller."Buy Justice Restored today.
