LAS VELAS JAPONESAS DE UNA FORMA SENCILLA. LA GUÍA DE INTRODUCCIÓN A LAS VELAS JAPONESAS Y A LAS ESTRATEGIAS DE ANÁLISIS TÉCNICO MÁS EFICACES.

Stefano Calicchio *¿Quieren descubrir una de las técnicas de análisis de precios utilizadas por los operadores profesionales y las grandes instituciones? ¿Quieren aprender a entender con un simple vistazo las herramientas del mercado financiero? Cuando los operadores se dan cuenta del potencial de esta técnica, sus cambios operativos no hacen que mejorar. Son más conscientes de las señales del mercado y adquieren una importante tranquilidad psicológica y operativa. En simples palabras, los resultados mejoran, porque mejora también la comprensión de los movimientos del mercado. Y todo ello ¡gracias a una guía fácil y accesible! Dejen de perder tiempo y empiecen ahora mismo a averiguar cómo se puede trabajar en el trading gracias a las velas japonesas.*

ANÁLISIS TÉCNICO Y VELAS JAPONESAS PARA INVERSORES DE MEDIO Y LARGO PLAZO PARTIENDO DE CERO

ES MUCHO MÁS FÁCIL DE LO QUE CREES

El análisis técnico y las velas japonesas son en realidad un estudio del comportamiento humano en el pasado, con la intención de hacer estimaciones sobre cuál será, probablemente, ese comportamiento humano en el futuro, y obtener un rendimiento económico con ello. El análisis técnico no es una cuestión matemática difícil de entender o de demostrar, sino simplemente una cuestión de lógica y sentido común, igual que las velas japonesas. Y muy sencilla de aprender, a pesar de que a primera vista pueda parecer algo muy difícil, o sólo para aquellos a los que se les den bien las matemáticas. Para utilizar el análisis técnico y las velas japonesas no son necesarias las matemáticas, simplemente la lógica y el sentido común. Creo que los inversores de medio y largo plazo deben utilizar el análisis técnico y las velas japonesas de forma conjunta con el análisis fundamental, porque haciéndolo así obtendrán mejores resultados. El análisis fundamental debe utilizarse para decidir "qué" comprar, y el análisis técnico y las velas japonesas para decidir "cuándo" comprar. Espero que este libro interese y guste hasta aquellos que creen que el análisis técnico son sólo "rayas". El contenido de este libro es válido para cualquier país del mundo. INDICE RESUMIDO: CAPÍTULO 1 - ¿Qué son y en qué se basan el análisis técnico, el análisis gráfico y las velas japonesas? Cómo se crean los gráficos de barras y de velas japonesas Qué importancia tiene el volumen "La unión hace la fuerza" CAPÍTULO 2 - Principales figuras del análisis gráfico Qué son los soportes y las resistencias, y cómo se sitúan Cómo saber si el soporte o resistencia actual va a funcionar o no El tiempo reduce la fuerza de los soportes y de las resistencias, a veces Los soportes se convierten en resistencias una vez rotos, y al revés Pullbacks Qué son las tendencias ¿Es correcto comprar cuando la tendencia es bajista, o vender cuando es alcista? ¿Qué significado tiene la pendiente de las tendencias? Pullbacks a líneas de tendencia ¿Qué son los canales de tendencia? Establecer puntos de venta con los canales de tendencia Qué son las figuras gráficas Figuras de vuelta y figuras de continuación Huecos Cómo diferenciar los huecos de agotamiento de los huecos de continuación Hombro cabeza hombro Rectángulos Banderas Triángulos Dobles y triples suelos y techos Retrocesos de Fibonacci Suelos redondeados y techos redondeados Etc. CAPÍTULO 3 - Principales indicadores técnicos Qué son los indicadores técnicos y para qué sirven Qué son las medias móviles y para qué sirven MACD y MACDH, y qué son las divergencias y cómo funcionan Estocástico RSI Acumulación / Distribución Línea Avance / Descenso Probar nuevos indicadores Etc. CAPÍTULO 4 - Principales figuras de las velas japonesas Cuestiones generales a todas las figuras de velas japonesas Martillo y hombre colgado Estrella fugaz y martillo invertido Pauta penetrante Nube oscura Envolvente alcista y envolvente bajista Líneas de contraataque Los doji, qué son y qué implicaciones tienen Estrella del amanecer Estrella del atardecer Etc CAPÍTULO 5 - Uniéndolo todo. Cómo utilizar estas herramientas para tomar decisiones de inversión a medio y largo plazo Cómo unir el análisis fundamental con el análisis técnico CAPÍTULO 6 - Cuestiones generales sobre el análisis técnico y las velas japonesas Podría ser un "gran engaño", pero eso no les resta utilidad ¿Debo saber hacer un pronóstico de cada gráfico que analice? ¿Qué son la caída libre y la subida libre? ¿Sirve el análisis técnico para cualquier empresa, índice, materia prima, etc? ¿La fiabilidad de cada figura o indicador es la misma para todas las empresas? ¿Es infalible el análisis técnico? ¿Y los stop-loss, no se usan? ¿Se debe comprar en máximos históricos?

EL ANÁLISIS TECNICO DEL TRADING DE UNA FORMA SENCILLA. CÓMO CONSTRUIR E INTERPRETAR LOS GRÁFICOS DEL ANÁLISIS TÉCNICO Y MEJORAR EL TRADING EN LÍNEA.

Stefano Calicchio *¿Qué es el análisis técnico de los mercados financieros y cómo se puede aplicar al trading en línea? Por primera vez en español, una guía práctica y accesible que muestra los mecanismos operativos del análisis técnico aplicado a las operaciones financieras. En este manual encontrará toda la información práctica que necesite para empezar a estudiar los mercados, siguiendo los principios del análisis técnica: el análisis de los precios, las velas japonesas, las principales figuras técnicas y los osciladores, entre otros. Olvídense de los ineficientes manuales teóricos y de sus miles de páginas en venta a precios exorbitantes en la red y disfrute, por el contrario, de una lectura que le sabrá proporcionar rápidamente el conocimiento básico que buscaba a un precio inmejorable. Aprender los conceptos básicos del análisis técnico ¡nunca había sido tan fácil!*

TRADING BINARY OPTIONS

STRATEGIES AND TACTICS

John Wiley & Sons *A clear and practical guide to using binary options to speculate, hedge, and trade Trading Binary Options is a strategic primer on effectively navigating this fast-growing segment. With clear explanations and a practical perspective, this authoritative guide shows you how binaries work, the strategies that bring out their strengths, how to integrate them into your current strategies, and much more. This updated second edition includes new coverage of Cantor-Fitzgerald binaries, New York Stock Exchange binaries, and how to use binaries to hedge trading, along with expert insight on the markets in which binaries are available. Independent traders and investors will find useful guidance on speculating on price movements or hedging their stock portfolios using these simple, less complex options with potentially substantial impact. Binary options provide either a fixed payout or nothing at all. While it sounds simple enough, using them effectively requires a more nuanced understanding of how, where, and why they work. This book provides the critical knowledge you need to utilize binary options to optimal effect. Learn hedging and trading strategies specific to binaries Choose the markets*

with best liquidity and lowest expenses Find the right broker for your particular binary options strategy Utilize binaries in conjunction with other strategies Popular in the over-the-counter market, binary options are frequently used to hedge or speculate on commodities, currencies, interest rates, and stock indices. They have become available to retail traders through the Chicago Board Options Exchange and the American Stock Exchange, as well as various online platforms, allowing you the opportunity to add yet another tool to your investing arsenal. Trading Binary Options is the essential resource for traders seeking clear guidance on these appealing options.

THE WYCKOFF METHODOLOGY IN DEPTH

HOW TO TRADE FINANCIAL MARKETS LOGICALLY

Rubén Villahermosa Discover how Technical Analysis can help you anticipate market movements and become a winning trader NOW! Are you tired of losing money in the stock market? Have you tried countless trading methods and none of them work? Get rid of everything that didn't work for you and learn a professional approach: THE WYCKOFF METHOD. Ruben Villahermosa, Amazon bestseller and independent trader, has refined and improved some of the most powerful concepts of stock trading and makes them available to you in this book so that you too can benefit. In this book you will learn... How financial markets work. Advanced concepts about price and volume. The 3 fundamental laws. How the accumulation and distribution processes develop. The 7 fundamental market events. The 5 phases of price structures. The 3 operating zones. How to manage the position. And much more...! Imagine that you open a chart and immediately you know if you should buy or sell. Imagine you know at all times who is in control of the market. Imagine you confidently run scenarios to anticipate price movements. If you are ready to challenge yourself BUY THE BOOK NOW! The book you need to beat the market In the financial markets knowing what the big trader is likely to be doing is critical. With this book you will learn to identify them and you will be able to increase your profits considerably. The best book on Advanced Technical Analysis Thanks to the accumulation and distribution schemes we will be able to identify the participation of the professional as well as the general sentiment of the participants up to the present moment, enabling us to assess as objectively as possible who is most likely to be in control. The events and phases are unique to the methodology and help us to chart the development of the structures. This puts us in a position to know what to expect the market to do following the occurrence of each of them, giving us a roadmap to follow at all times. The structures are formed by events and phases and are some forms of representation on the chart of the continuous interaction between the different participants. How to do technical analysis in financial markets This book is the result of having studied a multitude of resources on this approach in addition to my own research and experience after having faced the market for years implementing this strategy. All this has allowed me to refine and improve some of the more primitive concepts of the methodology to adapt them to today's markets and give them a much more operational and real approach.

TECHNICAL ANALYSIS AND STOCK MARKET PROFITS

Harriman House Limited Richard W. Schabacker's great work, *Technical Analysis and Stock Market Profits*, is a worthy addition to any technical analyst's personal library or any market library. His "pioneering research" represents one of the finest works ever produced on technical analysis, and this book remains an example of the highest order of analytical quality and incisive trading wisdom. Originally devised as a practical course for investors, it is as alive, vital and instructional today as the day it was written. It paved the way for Robert Edwards and John Magee's best-selling *Technical Analysis of Stock Trends* - a debt which is acknowledged in their foreword: 'Part One is based in large part on the pioneer researches and writings of the late Richard Schabacker.' Schabacker presents technical analysis as a totally organized subject and comprehensively lays out the various important patterns, formations, trends, support and resistance areas, and associated supporting technical detail. He presents factors that can be confidently relied on, and gives equal attention to the blemishes and weaknesses that can upset the best of analytical forecasts: Factors which investors would do well to absorb and apply when undertaking the fascinating game of price, time and volume analysis.

RANDOM REMINISCENCES OF MEN AND EVENTS

SCALPING IS FUN!

PART 2: PRACTICAL EXAMPLES

DAO PRESS *Scalping is Fun! 2 Part 2: Practical examples* Scalping is the fastest way to make money in the stock market. There is hardly another method that can be found that increases a trader's capital more effectively. I explain why this is so in this four-part series on scalping. In this second book, I deepen my setup with many practical examples. You will learn how to interpret Heikin-Ashi charts correctly, when to get into a market and when to get out. Also, you will learn how to combine the setup with important principles of technical analysis. This highly effective scalping strategy can be applied in a short time frame; for instance, a 1-minute chart in addition to other higher time frames. You can trade using this universal method in equity indices and in the currency markets. Typical instruments, however, are futures and currencies. Table of Contents: 1. Scalping with Technical Analysis 2. How do I Interpret Heikin Ashi Charts? 3. When do I Get In? 4. When do I Get Out? 5. Working with Price Objectives 6. Heikin Ashi Scalping in Practice 7. Does Technical Analysis Help While Heikin Ashi Scalping? A. Support and Resistance B. Swing High and Swing Low of the Past Days C. The Importance of the Round Number in Forex 8. How do I Recognize Trend Days? 9. How do I Scalp Trend Days? 10. Conclusion

THE JAPANESE LOVER

A NOVEL

Simon and Schuster From New York Times bestselling author Isabel Allende, "a magical and sweeping" (Publishers Weekly, starred review) love story and multigenerational epic that stretches from San Francisco in the present-day to Poland and the United States during World War II. In 1939, as Poland falls under the shadow of the Nazis, young Alma Belasco's parents send her away to live in safety with an aunt and uncle in their opulent mansion in San Francisco. There, as the rest of the world goes to war, she encounters Ichimei Fukuda, the quiet and gentle son of the family's Japanese gardener. Unnoticed by those around them, a tender love affair begins to blossom. Following the Japanese attack on Pearl Harbor, the two are cruelly pulled apart as Ichimei and his family—like thousands of other Japanese Americans—are declared enemies and forcibly relocated to internment camps run by the United States government. Throughout their lifetimes, Alma and Ichimei reunite again and again, but theirs is a love that they are forever forced to hide from the world. Decades later, Alma is nearing the end of her long and eventful life. Irina Bazili, a care worker struggling to come to terms with her own troubled past, meets the elderly woman and her grandson, Seth, at San Francisco's charmingly eccentric Lark House nursing home. As Irina and Seth forge a friendship, they become intrigued by a series of mysterious gifts and letters sent to Alma, eventually learning about Ichimei and this extraordinary secret passion that has endured for nearly seventy years. Sweeping through time and spanning generations and continents, *The Japanese Lover* is written with the same keen understanding of her characters that Isabel Allende has been known for since her landmark first novel *The House of the Spirits*. *The Japanese Lover* is a moving tribute to the constancy of the human heart in a world of unceasing change.

TRADING IN THE ZONE

MASTER THE MARKET WITH CONFIDENCE, DISCIPLINE, AND A WINNING ATTITUDE

Penguin Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

BOLLINGER ON BOLLINGER BANDS

McGraw Hill Professional John Bollinger is a giant in today's trading community. His Bollinger Bands sharpen the sensitivity of fixed indicators, allowing them to more precisely reflect a market's volatility. By more accurately indicating the existing market environment, they are seen by many as today's standard—and most reliable—tool for plotting expected price action. Now, in *Bollinger on Bollinger Bands*, Bollinger himself explains how to use this extraordinary technique to compare price and indicator action and make sound, sensible, and profitable trading decisions. Concise, straightforward, and filled with instructive charts and graphs, this remarkable book will be essential reading for all serious traders, regardless of market. Bollinger includes his simple system for implementation, and techniques for combining bands and indicators.

THE ORANGE ECONOMY

AN INFINITE OPPORTUNITY

Inter-American Development Bank This manual has been designed and written with the purpose of introducing key concepts and areas of debate around the "creative economy", a valuable development opportunity that Latin America, the Caribbean and the world at large cannot afford to miss. The creative economy, which we call the "Orange Economy" in this book (you'll see why), encompasses the immense wealth of talent, intellectual property, interconnectedness, and, of course, cultural heritage of the Latin American and Caribbean region (and indeed, every region). At the end of this manual, you will have the knowledge base necessary to understand and explain what the Orange Economy is and why it is so important. You will also acquire the analytical tools needed to take better advantage of opportunities across the arts, heritage, media, and creative services.

FREE PLAY

IMPROVISATION IN LIFE AND ART

Penguin *Free Play* is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of unhindered creative energy: the joy of making art in all its varied forms. *Free Play* is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

MANUAL DE VELAS JAPONESAS

TRADING Y BOLSA

Isabel Nogales *En oriente se utilizaban unas potentes herramientas de análisis que habían proporcionado hasta entonces una ventaja real a los traders japoneses. Ahora estas técnicas ya no son un secreto: con este libro " MANUAL DE VELAS JAPONESAS" de Isabel Nogales se revoluciona una vez más el análisis técnico ofreciéndonos una colección completa de técnicas japonesas asombrosamente eficaces. En este libro, Isabel Nogales revela secretos de trading celosamente ocultados por los japoneses para prever y seguir las cotizaciones de bolsa y mejorar las entradas y salidas en operaciones de compra o venta. No se precisa experiencia previa en la técnica de las velas, este manual nos ofrece una visita paso a paso de cada patrón de velas, con más de 200 ilustraciones, decenas de ejemplos reales y detallados e indicaciones precisas para explicar cómo utilizar estas herramientas en todos los mercados, ya se trate de acciones, CFDs, divisas o mercados internacionales. Este manual de velas japonesas te ofrece una explicación de cómo combinar las diferentes representaciones gráficas con los grandes métodos técnicos occidentales para crear nuevos y potentes oportunidades de batir los mercados y ganar dinero de forma consistente. UN TÍTULO IMPRENCINDIBLE EN TU CARRERA AL EXITO*

MY LIFE IN ART

BEING DIGITAL

Vintage *In lively, mordantly witty prose, Negroponte decodes the mysteries--and debunks the hype--surrounding bandwidth, multimedia, virtual reality, and the Internet, and explains why such touted innovations as the fax and the CD-ROM are likely to go the way of the BetaMax. "Succinct and readable. . . . If you suffer from digital anxiety . . . here is a book that lays it all out for you."--Newsday.*

IKIGAI

THE JAPANESE SECRET TO A LONG AND HAPPY LIFE

Penguin *Los Angeles Times bestseller • More than 1.5 million copies sold "Workers looking for more fulfilling positions should start by identifying their ikigai." —Business Insider "One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life." —Forbes "And from the same authors, don't miss The Book of Ichigo Ichie—about making the most of every moment in your life.* * * * Find your ikigai (pronounced ee-key-guy) and bring meaning and joy to all your days. "Only staying active will make you want to live a hundred years." —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world's longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what you're good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in every day? A PENGUIN LIFE TITLE*

SHIBUMI

A NOVEL

Crown *A classic spy novel from the bestselling author, Trevanian, about a westerner raised in Japan who becomes one of the world's most accomplished assassins. Nikolai Hel is the world's most wanted man. Born in Shanghai during the chaos of World War I, he is the son of an aristocratic Russian mother and a mysterious German father and is the protégé of a Japanese Go master. Hel survived the destruction of Hiroshima to emerge as the world's most artful lover and its most accomplished—and well-paid—assassin. Hel is a genius, a mystic, and a master of language and culture, and his secret is his determination to attain a rare kind of personal excellence, a state of effortless perfection known only as shibumi. Now living in an isolated mountain fortress with his exquisite mistress, Hel is unwillingly drawn back into the life he'd tried to leave behind when a beautiful young stranger arrives at his door, seeking help and refuge. It soon becomes clear that Hel is being tracked by his most sinister enemy—a supermonolith of international espionage known only as the Mother Company. The battle lines are drawn: ruthless power and corruption on one side, and on the other . . . shibumi.*

THE SPANISH LAKE

ANU E Press *This work is a history of the Pacific, the ocean that became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America. There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans. Fifty years after the Conquista, Nueva España and Peru were the bases from which the ocean was turned into virtually a Spanish lake.*

TECHNICAL ANALYSIS OF THE FINANCIAL MARKETS

A COMPREHENSIVE GUIDE TO TRADING METHODS AND APPLICATIONS

Penguin *John J. Murphy has updated his landmark bestseller Technical Analysis of the Futures Markets, to include all of the financial markets. This outstanding reference has already taught thousands of traders the concepts of technical analysis and their application in the futures and stock markets. Covering the latest developments in computer technology, technical tools, and indicators, the second edition features new material on candlestick charting, intermarket relationships, stocks and stock rotation, plus state-of-the-art examples and figures. From how to read charts to understanding indicators and the crucial role technical analysis plays in investing, readers gain a thorough and accessible overview of the field of technical analysis, with a special emphasis on futures markets. Revised and expanded for the demands of today's financial world, this book is essential reading for anyone interested in tracking and analyzing market behavior.*

I AM MALALA

THE GIRL WHO STOOD UP FOR EDUCATION AND WAS SHOT BY THE TALIBAN

Little, Brown *A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.*

NO LOGO

TAKING AIM AT THE BRAND BULLIES

Macmillan *An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture*

CRIPATOMONEDAS: TRADING INSTITUCIONAL + SMART MONEY

COMO ALCANZAR LA RENTABILIDAD EN UN MERCADO ALTAMENTE VOLÁTIL Y ESPECULATIVO APLICANDO CONCEPTOS AVANZADOS

Dey Cazarez *Este E-book contiene una completa guía para que te transformes en el trader e inversor profesional que quieres ser. A lo largo de 12 módulos y 43 capítulos, encontrarás la información para convertirte en un trader de éxito y consistentemente rentable si aplicas los conceptos aquí incluidos, ya que está enfocado en el trading institucional, que significa operar como lo hacen los grandes jugadores del mercado y seguirles la pista para aprender a operar junto con ellos, no después de ellos. Son conceptos avanzados que funcionarán con cualquier estilo operativo, desde traders de momentum hasta traders de largo plazo. Este libro te ayuda a crear un kit de reglas para que diseñes tu propia estrategia de trading al proporcionarte diferentes escenarios para operar, y que tan sólo necesitarás de ponerlos en práctica para ver su tasa de aciertos. Te muestra como mejorar tu desempeño como trader para crear una estructura mental correcta, que es la que requiere todo trader profesional. Además se incluye un módulo donde comprenderás cómo el mercado es realmente operado por las grandes instituciones con los algoritmos y el High Frequency Trading, que te permitirá ver el trading desde una perspectiva completamente diferente a como se nos ha enseñado en los últimos años y estos conceptos te abrirán los ojos para empezar a escalar hacia la nueva era del trading. Aviso Legal "Todas las estrategias e inversiones involucran riesgo de pérdidas. Ninguna información contenida en este producto debe interpretarse como un contrato de inversión o garantía de resultados". Cualquier referencia al rendimiento pasado o al potencial de una inversión no debe interpretarse como una recomendación o garantía de ningún resultado o beneficio específico." ACERCA DEL AUTOR Dey Cazarez es trader profesional independiente en el mercado de Criptomonedas, stock market, materias primas y Futuros, así como coach de finanzas personales y libertad financiera. Se especializó en el mercado de criptomonedas desde 2017. Posee amplios conocimientos en la especulación a corto plazo de estos mercados utilizando conceptos avanzados como: IPDA y Smart Money (conceptos institucionales), Price Action, order flow y market profile, así como análisis técnico tradicional. Su pasión por los mercados financieros y el emprendedurismo, le ha llevado a prepararse arduamente durante todos estos años en diferentes enfoques de trading y actualmente preparándose para la evolución de los mercados financieros con trading algorítmico y cuantitativo. Fundadora de Trading Focus y mentor del Sistema Trading Incubator (STI), donde enseña la metodología completa para transformar personas de trader amateur a trader profesional y enseñar la manera correcta de crear un modelo de negocios a través del trading y la inversión.*

READING PRICE CHARTS BAR BY BAR

THE TECHNICAL ANALYSIS OF PRICE ACTION FOR THE SERIOUS TRADER

John Wiley & Sons While complex strategies and systems may work for some traders, understanding price action is all you really need to succeed in this arena. Price action analysis is an effective approach to trading today's markets—whether you're involved in stocks, futures, or options. It allows you to focus on the process of trading without being overwhelmed by a complicated collection of trading techniques. And while this method may appear elementary, it can significantly enhance returns as well as minimize downside risk. One way to apply price action analysis to your trading endeavors is with chart patterns. Nobody understands this better than author Al Brooks, a technical analyst for Futures magazine and an independent trader for more than twenty years. Brooks discovered ten years ago that reading price charts without indicators proved to be the most simple, reliable, and profitable way for him to trade. Mastering that discipline is what made him consistently successful in trading. Now, with *Reading Price Charts Bar by Bar*, Brooks shares his extensive experience on how to read price action. At the end of the day, anyone can look at a chart, whether it is a candle chart for E-mini S&P 500 futures trading or a bar chart for stock trading, and see very clear entry and exit points. But doing this in real time is much more difficult. *Reading Price Charts Bar by Bar* will help you become proficient in the practice of reading price action—through the use of trendlines and trend channel lines, prior highs and lows, breakouts and failed breakouts, and other tools—and show you how this approach can improve the overall risk-reward ratio of your trades. Written with the serious trader in mind, this reliable resource addresses the essential elements of this discipline, including the importance of understanding every bar on a price chart, why particular patterns are reliable setups for trades, and how to locate entry and exit points as markets are trading in real time. Brooks focuses on five-minute candle charts to illustrate basic principles, but discusses daily and weekly charts as well. Along the way, he also explores intraday swing trades on several stocks and details option purchases based on daily charts—revealing how using price action alone can be the basis for this type of trading. There's no easy way to trade, but if you learn to read price charts, find reliable patterns, and get a feel for the market and time frame that suits your situation, you can make money. While price action trading doesn't require sophisticated software or an abundance of indicators, this straightforward approach can still put you in a better position to profit in almost any market. *Reading Price Charts Bar by Bar* will show you how.

ONE HUNDRED YEARS OF SOLITUDE

Harper Collins One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

MARTIN RIVAS

THE BOOK OF FIVE RINGS (ANNOTATED)

The Book of Five Rings is a text on kenjutsu and the martial arts in general, written by the Japanese swordsman Miyamoto Musashi around 1643. Written over three centuries ago by a Samurai warrior, the book has been hailed as a limitless source of psychological insight for businessmen-or anyone who relies on strategy and tactics for outwitting the competition.

FOREX FOR AMBITIOUS BEGINNERS

A GUIDE TO SUCCESSFUL CURRENCY TRADING

There are many books that promise to teach you highly profitable trading systems, to show you how easy making money trading the forex really is. This is not one of those books. *Forex for Ambitious Beginners* will not turn you into a profitable trader, only you can do that, through practice, study and persistence. But this book will help you avoid many, many mistakes beginning traders make. You will learn essential elements of successful forex trading, such as how to protect your trading capital, how to find a forex trading strategy that matches with your trader personality and how to build your own trading system and tweak it for optimum performance. The book will also touch on important basics about the FX market that traders need to know about. Who the players on the forex are for instance, and which factors influence the most important currencies. Other topics include specific forex trading strategies, popular technical indicators, how to read candlestick charts and how to recognize chart patterns. *Forex for Ambitious Beginners* is about minimizing risk and maximizing potential, about looking for ways to continuously bend the odds in your favor. It will provide you with a solid foundation on which you can start building your forex trading career. The book concludes with a challenging quiz, offering detailed explanations of the correct answers. In short, if you're ambitious and want to really learn how to trade the forex -- as opposed to being spoon-fed a fantasy about some super strategy -- then *Forex for Ambitious Beginners* is for you. About the author Jelle Peters is the founder of the popular forex website www.forexinfo.nl. He writes daily currency analysis, has published numerous articles on forex strategies and is a sought after speaker for forex webinars and seminars. See also www.forexforambitiousbeginners.com
