## L'immagine sinistra della globalizzazione critica del radicalismo liberale

Zambon Editore

### Il nichilismo dell'Unione Europea

*Armando Editore* Nel 1940, Martin Heidegger tenne un celebre ciclo di lezioni che, destinate a sfociare nel monumentale studio su Nietzsche, vennero pubblicate con l'evocativo titolo di *Der europäische Nihilismus, Il nichilismo europeo*. Sulla scorta di un Nietzsche riletto in chiave ontologica, Heidegger individuava nel nichilismo l'ombra segreta dell'avventura storica dell'Europa. Né Heidegger, né Nietzsche, forse, avrebbero potuto immaginare che il nichilismo europeo si istituzionalizzasse e assumesse la forma di quella civilissima barbarie che si presenta oggi con il nome seducente di Unione Europea.

### Il declino dell'Occidente revisited

*Mimesis* Dalla fine delle "grandi narrazioni" teorizzata da Lyotard alla liquefazione della società indicata da Bauman, sono molti i filosofi ad aver messo in guardia l'Occidente a proposito del suo stato di declino. A cento anni dall'uscita de *Il tramonto dell'Occidente* (1918), la crisi della società occidentale assume contorni ben differenti da quelli prospettati da Oswald Spengler nella sua celebre opera. In questa libro, Carlo Bordini raccoglie gli scritti di alcuni dei più autorevoli pensatori contemporanei - da Zygmunt Bauman a Michel Maffesoli, da Umberto Galimberti a Luciano Canfora - per indagare le cause della dissoluzione di un sistema consolidato che ha coinvolto i rapporti economici, le relazioni sociali e la legittimità stessa degli Stati-nazione nati dalla pace di Vestfalia.

### Come cambiare il mondo

*Bur* All'indomani della più profonda crisi del nostro sistema economico, il pensiero di Marx, autore insuperato nell'analisi del capitalismo, torna a mostrare la sua forza e la sua straordinaria preveggenza. Con questa raccolta di articoli e studi, redatti nell'arco di quasi sessant'anni di lavoro ma rielaborati per l'occasione, il principale storico marxista si pone alla testa della tendenza che da qualche tempo, dopo l'eclissi degli anni Ottanta e Novanta, sta riportando a una rilettura radicale dell'autore del Capitale. Hobsbawm ricostruisce l'ambivalente epopea del marxismo, dai moti del 1848 alla caduta del muro di Berlino, dal Gramsci dei Quaderni, oggetto di un caloroso tributo, al crollo dell'Urss, e ci porta a considerare Marx per quello che è sempre stato, un grande pensatore. Un saggio che ci regala, con il nitore e l'autorevolezza del grande storico, una prospettiva nuova e completa della scomoda eredità marxista, per fare i conti con il nostro passato e guardare più chiaramente al futuro.

## ANNO 2020 IL GOVERNO PARTE SECONDA

Antonio Giangrande Antonio Giangrande, orgoglioso di essere diverso. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. **ODIO OSTENTAZIONE ED IMPOSIZIONE**. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o ignorati. Se si è omologati (uguali) o conformati (simili) e si sta sempre dietro alla massa, non si sarà mai primi nella vita, perché ci sarà sempre il più furbo o il più fortunato a precederti.

## Critica marxista

### Assembly

*Oxford University Press* Each year a new eruption of "leaderless" social movements - from North Africa and the Middle East to Europe, the Americas, and East Asia - leaves journalists, political analysts, police forces, and governments disoriented and perplexed. Activists too struggle to understand and evaluate the power and effectiveness of horizontal movements. Why have the movements, which address the needs and desires of so many, not been able to achieve lasting change and create a new, more democratic and just society? Some people assume that if only social movements could find new leaders they would return to their earlier glory. Where, they ask, are the new Martin Luther Kings, Rudi Dutschkes, and Steven Bikos? Although today's leaderless and spontaneous political organizations are not sufficient, a return to traditional, centralized forms of political leadership is neither desirable nor possible. Necessary, instead, as Michael Hardt and Antonio Negri argue, is an inversion of the roles of the multitude and leadership in political organizations. Leaders should be confined to short-term, tactical action, while the multitude drives strategy. In other words, the formulation of long-term goals and objectives must come from the collective, rather than designated figureheads. Drawing on the ideas developed through their well-known Empire trilogy, Hardt and Negri have produced, in Assembly, a timely proposal for how current large-scale, horizontal movements can develop collectively the capacities for political strategy and decision-making to effect lasting and democratic change.

## Dizionario storico dell'integrazione europea

*Rubbettino Editore* Il Dizionario storico dell'integrazione europea (Dizie) è diviso in tre sezioni: la prima riguarda gli Stati membri dell'Unione europea, i paesi candidati all'adesione e quelli che hanno deciso di lasciare l'Unione; la seconda contiene un'ampia rassegna delle figure storiche e dei personaggi più rilevanti del processo di integrazione europea e della più recente vita politica dell'Unione europea; la terza infine riguarda le istituzioni, le normative e le politiche comunitarie Paesi La prima sezione contiene le voci che si riferiscono ai singoli paesi, volte a ripercorrere gli snodi fondamentali dell'iter di integrazione seguito da ciascuno di essi. Particolare attenzione è dedicata alla storia e ai dibattiti avvenuti in seno ai vari paesi, così come alle loro posizioni rispetto alle prospettive di allargamento e di integrazione. Personaggi La seconda sezione riguarda le biografie dei principali attori politici e diplomatici. Oltre alle vicende politiche e istituzionali dei padri fondatori delle Comunità europea, particolare attenzione è dedicata alle biografie di quei diplomatici, funzionari comunitari, uomini politici, intellettuali e pubblicisti, la cui storia personale si è variamente intrecciata con il processo di integrazione. Istituzioni, normative e politiche europee Nella terza sezione sono analizzati il funzionamento delle istituzioni, le normative e politiche comunitarie. Nelle voci ivi contenute, si ripercorrono i passaggi chiave che dai progetti di cooperazione internazionale hanno portato alla firma dei primi trattati e alle prime convenzioni. L'attenzione è rivolta quindi ai progetti di creazione di un'Assemblea costituente europea, alla nascita del Consiglio d'Europa e agli avvenimenti che hanno spinto gli Stati europei coinvolti a trasferire poteri e competenze a organismi sovranazionali. La nascita della Comunità europea del carbone e dell'acciaio (CECA), il fallimento della Comunità europea di difesa (CED), i trattati della Comunità economica europea (CEE) e della Comunità europea dell'energia atomica (CEEa o EURATOM) costituiscono il filo conduttore della ricostruzione proposta. Essa, inoltre, prenderà in considerazione la fusione degli organi esecutivi di queste istituzioni nonché l'analisi del contesto storico in cui furono presentate le prime domande di adesione che portarono all'ampliamento del gruppo dei fondatori, fino a includere gli odierni candidati. Il significato delle elezioni a suffragio universale diretto del Parlamento europeo, l'entrata in vigore del Sistema monetario europeo (SME), la firma dell'Atto unico europeo (AUE), il trattato di Maastricht, i referendum sulle ratifiche del trattato sull'Unione europea (UE), il trattato di Amsterdam, i vertici di Nizza e Lacken, il trattato di Lisbona sono presentati nell'ambito di un prospetto unitario che permetterà al lettore di cogliere gli elementi di continuità e rottura, i progressi compiuti e le battute d'arresto nel lungo percorso della costruzione dell'Europa unita.

## Selma

A sheep evaluates what is truly important in life. Suggested level: junior, primary.

## Elton

## The Biography

*Chicago Review Press* One of music's true global superstars and most admired figures, Elton John has sold an estimated 200 million albums worldwide to date, and continues to appear regularly in the singles charts, thanks largely to a series of high-profile collaborations with new faces. But he is loved as much for his outrageous personality and witty outspokenness as for his music: recent memorable

outbursts have included a public comment that "people who charge £75 and lip-sync should be shot" and calling some pushy photographers "rude, vile pigs." He has even admitted that, in one of his more comedic cocaine-fueled moments, he phoned one of his management team "to tell him to do something about the wind outside my hotel room." Such shamelessness and sheer silliness rivals anything uttered by punk rockers, yet it is so typically Elton: honest and wittily intemperate. Tragedy and heartbreak have played a large part in his life too. Behind the parties, the hedonism, the lavish stage costumes and silly glasses lies a more somber story. There have been disputes with managers, legal wranglings, splits with partners, and a divorce. Added to that there have been serious health problems, a very public battle with his expanding waistline and receding hairline, drug addictions, and spells when he wanted to quit the music business altogether. But now, at 60 years old, Elton enjoys a stable relationship with his husband David Furnish. His demons have been overcome. His commercial and critical stock is rising. With popular acts like the Scissor Sisters sounding more like Elton than Elton himself, Elton John is finally cool again. Drawing on many firsthand interviews with his associates and musical collaborators, this page-turning story of high drama and prodigious talent traces Elton's astonishing journey through life as the colossus of camp, while also offering a critical history of his work and analyzing afresh his contribution to popular music.

## The Religious Sense

McGill-Queen's Press - MQUP *The Religious Sense*, the fruit of many years of dialogue with students, is an exploration of the search for meaning in life. Luigi Giussani shows that the nature of reason expresses itself in the ultimate need for truth, goodness, and beauty. These needs constitute the fabric of the religious sense, which is evident in every human being everywhere and in all times. So strong is this sense that it leads one to desire that the answer to life's mystery might reveal itself in some way.

## Twitter and Jihad. The Communication Strategy of ISIS

## Social Movements

### An Introduction

John Wiley & Sons *Social Movements* is a comprehensive introduction and critical analysis of collective action in society today. In this new edition, the authors have updated all chapters with the most recent scientific literature, expanded on topics such as individual motivations, new media, public policies, and governance. Draws on research and empirical work across the social sciences to address the key questions in this international field. New edition expands on topics such as individual motivations, new media, public policies, and governance. Has been redesigned in a more user-friendly format.

## New Face of Digital Populism

Populist parties and movements are now a force to be reckoned with in many Western European countries. These groups are known for their opposition to immigration, their "anti-establishment" views, and their concern for protecting national culture. Their rise in popularity has gone hand-in-hand with the advent of social media, and they are adept at using new technology to amplify their message, recruit, and organize. The online social media following for many of these parties dwarfs the formal membership, consisting of tens of thousands of sympathizers and supporters. This mélange of virtual and real political activity is the way millions of people—especially young people—relate to politics in the 21st century. This is the first quantitative investigation into these digital populists, based on over 10,000 survey responses from 12 countries. It includes data on who they are, what they think and what motivates them to shift from virtual to real-world activism. It also provides new insight into how populism—and politics and political engagement more generally—is changing as a result of social media. *The New Face of Digital Populism*, a publication of the UK think tank Demos, calls on mainstream politicians to respond to and address concerns over immigration and cultural identity without succumbing to xenophobic solutions. People must be encouraged to become actively involved in political and civic life, whatever their political persuasion—it is important to engage and debate forcefully with these parties and their supporters, not shut them out as beyond the pale. The Open Society Foundations organized the conference "We Say What You Think: Is populism the Future of European Politics" in November 2011 to discuss the findings with policy makers, journalists and academics.

## The Italians

Penguin UK *The 'fatal charm of Italy' has held Lord Byron – and millions of tourists ever since – in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book*

## The Complete Danteworlds

### A Reader's Guide to the Divine Comedy

University of Chicago Press Dante Alighieri's *Divine Comedy* has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the *Inferno*, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire *Divine Comedy*, Raffa provides readers—experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between—with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, *The Complete Danteworlds* charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

## The Imagined Immigrant

## Images of Italian Emigration to the United States Between 1890 and 1924

Fairleigh Dickinson Univ Press Using original sources—such as newspaper articles, silent movies, letters, autobiographies, and interviews—Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags.

## Max: Best Friend. Hero. Marine.

HarperCollins *The New York Times* bestselling movie novelization—a powerful story about a special dog and what it means to be a hero that more and more readers have discovered When Justin's older brother, Kyle, is killed in Afghanistan, Justin can't believe that his brother is really gone. Except there's one thing that Kyle left behind.... Max is a highly trained military canine who has always protected his fellow soldiers. But when he loses his handler and best friend, Kyle, Max is traumatized and unable to remain in the service. He is sent home to America, where the only human he connects with is Justin, and he is soon adopted by Kyle's family, essentially saving his life. At first Justin has no interest in taking care of his late brother's troubled dog. However, the two learn to trust each other, which helps the four-legged veteran become his heroic self once more. As the pair start to unravel the mystery of what really happened to Kyle, they find more excitement—and danger—than they bargained for. But they might also find an unlikely new best friend in each other.

## Culture of Complaint

### The Fraying of America

Harvill Press In this witty and belligerent polemic Robert Hughes inspects and dismantles the core elements of the contemporary American ethos. To the left, he skewers political correctness, Afro-centrism and academic obsession with theory. To the right, he fires broadsides at free-market capitalist demagoguery. Hughes is superbly scathing about politically correct shibboleths which are idle gestures rather than real solutions to the problems of racism and sexism; he identifies the confusion between thinking and feeling which bedevils much debate and which leads people to equate intellectual disagreement with personal attack; he uses his own experiences as an art critic and historian to launch a blistering attack on many of the trends in contemporary art. Hughes identifies a hollowness at the cultural core of America and, in this lucid and invigorating diagnosis of a great nation at odds with itself, he has written a masterpiece of robust polemic.

## Prefaces to the Diaphora

## Rhetorics, Allegory, and the Interpretation of Postmodernity

[Purdue University Press](#) *The central concern of these eight studies and essays is the understanding and critique of culture at the shifty boundaries between the Modern and the Postmodern epochs. The author contends that what needs to be addressed is the very abyss, the "spacetime" between the Modern and the Postmodern worldviews, as well as the tension between aesthetics and ethics, critical discourse and the creative arts, in an effort to rethink multireferential processes of signification. The keystone of the book is Carravetta's notion of Diaphoristics, a theory of interpretation as dialogue. Diaphora, or difference, refers to the ancient quarrel between poetry and philosophy and signifies the movement between asymmetrical or heterogeneous forms of discourse that have, both historically and speculatively, borne the transfer of meaning from one semantic/hermeneutic field to another. The author focuses on the necessary risk and duplicity of criticism and develops nonagonistic models based on figuration and rhetorical dynamics. In two other chapters, the author steps back to reassess, in terms of the diaphora, the diverging notions of Postmodernity by the continental philosophers Lyotard and Vattimo. The collection ends with an essay on the long-overdue conversation between Vico and Heidegger.*

## Laclau

### A Critical Reader

[Routledge](#) *Laclau: A Critical Reader is the first full-length critical appraisal of Laclau's work and includes contributions from several leading philosophers and theorists. The first section examines Laclau's theory that the contest between universalism and particularism provides much of the philosophical background to political and social struggle, taking up the important place accorded to, amongst others, Hegel and Lacan in Laclau's work. The second section of the book considers what Laclau's 'radical democracy' might look like and reflects on its ethical implications, particularly in relation to Laclau's post-Marxism and thinkers such as Jürgen Habermas. The final section investigates the place of hegemony in Laclau's work, the idea for which he is perhaps best-known. This stimulating collection also includes replies to his critics by Laclau and the important exchange between Laclau and Judith Butler on equality, making it an excellent companion to Laclau's work and essential reading for students of political and social theory.*

## The Mind of Pope Francis

### Jorge Mario Bergoglio's Intellectual Journey

[Liturgical Press](#) *A commonly held impression is that Pope Francis is a compassionate shepherd and determined leader but that he lacks the intellectual depth of his recent predecessors. Massimo Borghesi's The Mind of Pope Francis: Jorge Mario Bergoglio's Intellectual Journey dismantles that image. Borghesi recounts and analyzes, for the first time, Bergoglio's intellectual formation, exploring the philosophical, theological, and spiritual principles that support the profound vision at the heart of this pope's teaching and ministry. Central to that vision is the church as a coincidentia oppositorum, holding together what might seem to be opposing and irreconcilable realities. Among his guiding lights have been the Jesuit saints, Ignatius and Peter Faber; philosophers Gaston Fessard, Romano Guardini, and Alberto Methol Ferrer; and theologians Henri de Lubac and Hans Urs von Balthasar. Recognizing how these various strands have come together to shape the mind and heart of Jorge Mario Bergoglio offers essential insights into who he is and the way he is leading the church. Notably, this groundbreaking book is informed by four interviews provided to the author, via audio recordings, by the pope himself on his own intellectual formation, major portions of which are published here for the first time.*

## Uses of a Whirlwind

### Movement, Movements, and Contemporary Radical Currents in the United States

[A K Press](#)[Distribution](#) *A comprehensive overview of contemporary American social movements--from the people who built them.*

## Imperial City

### Rome under Napoleon

[University of Chicago Press](#) *In 1798, the armies of the French Revolution tried to transform Rome from the capital of the Papal States to a Jacobin Republic. For the next two decades, Rome was the subject of power struggles between the forces of the Empire and the Papacy, while Romans endured the unsuccessful efforts of Napoleon's best and brightest to pull the ancient city into the modern world. Against this historical backdrop, Nicassio weaves together an absorbing social, cultural, and political history of Rome and its people. Based on primary sources and incorporating two centuries of Italian, French, and international research, her work reveals what life was like for Romans in the age of Napoleon. "A remarkable book that wonderfully vivifies an understudied era in the history of Rome. . . . This book will engage anyone interested in early modern cities, the relationship between religion and daily life, and the history of the city of Rome."—Journal of Modern History "An engaging account of Tosca's Rome. . . . Nicassio provides a fluent introduction to her subject."—History Today "Meticulously researched, drawing on a host of original manuscripts, memoirs, personal letters, and secondary sources, enabling [Nicassio] to bring her story to life."—History*

## The Heart of Matter

[Lulu Press, Inc](#) *Pierre Teilhard de Chardin SJ. 1 May 1881 - 10 April 1955 was a French philosopher and Jesuit priest who trained as a paleontologist and geologist and took part in the discovery of Peking Man.*

### Political Order and Inequality

[Cambridge University Press](#) *The fundamental question of political theory, one that precedes all other questions about the nature of political life, is why there is a state at all. This book describes the foundations of stateless societies, why and how states emerge, and the basis of political obligation.*

## La Libertad Individual Como Compromiso Social

Plural editores

### The Guiltless

[Northwestern University Press](#) *"Murder, lust, shame, hypocrisy, and suicide are at the center of The Guiltless, Hermann Broch's postwar novel about the disintegration of European society in the three decades preceding the Second World War. Broch's characters - an apathetic man who can barely remember his own name; a high-school teacher and his lover who return from the brink of a suicide pact to carry on a dishonest relationship; Zerline, a lady's maid who enslaves her mistresses, prostitutes the young country girl Melitta, and metes out her own justice against the "empty wickedness" of her betters - are trapped in their indifference, prisoners of a sort of "wakeful somnolence." These men and women may mention the "imbecile Hitler," yet they prefer a nap or sexual encounter to any social action. Broch thought the kind of ethical perversity and political apathy exhibited by his characters paved the way for Nazism. He believed in the purifying power of writing and hoped that by revealing Germany's underlying guilt he could purge indifference from his own and future generations. In The Guiltless, Broch captures how apathy and ennui - very human failings - evolve into something dehumanizing and dangerous." --Book Jacket.*

### E=mc<sup>2</sup>: the Project in the Age of Relativity

[Actar](#) *From Radical Territory to Neo-Primitive Metropolis, Andrea Branzi's Theoretical Urbanism*

## Commonwealth

[Harvard University Press](#) *When Empire appeared in 2000, it defined the political and economic challenges of the era of globalization and, thrillingly, found in them possibilities for new and more democratic forms of social organization. Now, with Commonwealth, Michael Hardt and Antonio Negri conclude the trilogy begun with Empire and continued in Multitude, proposing an ethics of freedom for living in our common world and articulating a possible constitution for our common wealth.*

## The Death of Class

[SAGE](#) *Traditionally class has been the key concept for understanding society, enabling analysts to interpret social conflict and predict the course of social development. Critics argue that it is too crude and incapable of handling the nuances of the new identity politics. Jan Pakulski and Malcolm Waters take the radical position within the current debates that class is a purely historical phenomenon. This stimulating book argues that concentration on class actually diverts attention from other more central and more morally problematic inequalities. The class perspective has become a political straitjacket*

which obstructs an accurate understanding of contemporary social, cultural and political processes.

## Discovering Pope Francis

### The Roots of Jorge Mario Bergoglio's Thinking

[Liturgical Press](#) 2020 Association of Catholic Publishers third place award in theology 2020 Catholic Press Association third place award in Pope Francis books *The dangerous tendency to reduce theological positions to political ones has always fueled divisions in the Church, and it plagues debates surrounding Pope Francis's teaching today. This collection of essays was born of a landmark international symposium designed to promote theological understanding by contextualizing the thought of Pope Francis—from his understanding of history to his theology of mission—within important theological conversations rarely heard in the US Catholic Church. Its contributors demonstrate decisively that Pope Francis's magisterium is the fruit of a profound and distinctive, yet deeply Catholic, intellectual engagement with the theological and ecclesial traditions of the Church. Contributors include: Austen Ivereigh, Archbishop Christophe Pierre, Rodrigo Guerra López, Bishop Robert Barron, Massimo Borghesi, Susan K. Wood, SCL, Rocco Buttiglione, Guzmán Carriquiry Lecour, Peter J. Casarella, Brian Y. Lee, Thomas L. Knoebel*

### Post-Structuralism and the Question of History

[Cambridge University Press](#) This collection of essays focuses on the relation between post-structuralist and historical literary theory.

## Alternative Modernity

### The Technical Turn in Philosophy and Social Theory

[Univ of California Press](#) In this new collection of essays, Andrew Feenberg argues that conflicts over the design and organization of the technical systems that structure our society shape deep choices for the future. A pioneer in the philosophy of technology, Feenberg demonstrates the continuing vitality of the critical theory of the Frankfurt School. He calls into question the anti-technological stance commonly associated with its theoretical legacy and argues that technology contains potentialities that could be developed as the basis for an alternative form of modern society. Feenberg's critical reflections on the ideas of Jürgen Habermas, Herbert Marcuse, Jean-François Lyotard, and Kitaro Nishida shed new light on the philosophical study of technology and modernity. He contests the prevalent conception of technology as an unstoppable force responsive only to its own internal dynamic and politicizes the discussion of its social and cultural construction. This argument is substantiated in a series of compelling and well-grounded case studies. Through his exploration of science fiction and film, AIDS research, the French experience with the "information superhighway," and the Japanese reception of Western values, he demonstrates how technology, when subjected to public pressure and debate, can incorporate ethical and aesthetic values.

## Labor in the Global Digital Economy

### The Cybertariat Comes of Age

[NYU Press](#) For every person who reads this text on the printed page, many more will read it on a computer screen or mobile device. It's a situation that we increasingly take for granted in our digital era, and while it is indicative of the novelty of twenty-first-century capitalism, it is also the key to understanding its driving force: the relentless impulse to commodify our lives in every aspect. Ursula Huws ties together disparate economic, cultural, and political phenomena of the last few decades to form a provocative narrative about the shape of the global capitalist economy at present. She examines the way that advanced information and communications technology has opened up new fields of capital accumulation: in culture and the arts, in the privatization of public services, and in the commodification of human sociality by way of mobile devices and social networking. These trends are in turn accompanied by the dramatic restructuring of work arrangements, opening the way for new contradictions and new forms of labor solidarity and struggle around the planet. *Labor in the Global Digital Economy* is a forceful critique of our dizzying contemporary moment, one that goes beyond notions of mere connectedness or free-flowing information to illuminate the entrenched mechanisms of exploitation and control at the core of capitalism.

## Contexts of Justice

### Political Philosophy Beyond Liberalism and Communitarianism

[Univ of California Press](#) "Contexts of Justice is a study that covers and definitely exhausts the whole range of ten years of one of the most important recent philosophical discussions, that between liberals and communitarians."—Jürgen Habermas, author of *Structural Transformation of the Public Sphere* "Forst addresses with great insight and acuity the debates over justice between liberals and communitarians that animated the late '80s and '90s...He uses no jargon, he reasons well, his arguments are strong, clear, and accessible, and he avoids political correctness as well as its opposite."—Andrew Arato, author of *Civil Society, Constitution, and Legitimacy*

### A History of Florence, 1200 - 1575

[John Wiley & Sons](#) In this history of Florence, distinguished historian John Najemy discusses all the major developments in Florentine history from 1200 to 1575. Captures Florence's transformation from a medieval commune into an aristocratic republic, territorial state, and monarchy Weaves together intellectual, cultural, social, economic, religious, and political developments Academically rigorous yet accessible and appealing to the general reader Likely to become the standard work on Renaissance Florence for years to come

## The Spinoza-Machiavelli Encounter

### Time and Occasion

[EUP](#) Vittorio Morfino draws out the implications of the dynamic Spinoza-Machiavelli encounter by focusing on the concepts of causality, temporality and politics. This allows him to think through the relationship between ontology and politics, leading to an understanding of history as a complex and plural interweaving of different rhythms.

## Social Foundations of Postindustrial Economies

[Oxford University Press](#) This text takes a sociological and institutional look at the driving forces of economic transformation. As a result, what stands out is postindustrial diversity, not convergence.

## T.A.Z.

### The Temporary Autonomous Zone, Ontological Anarchy, Poetic Terrorism

[Autonomedia](#) 'Who is Hakim Bey? I love him!' Timothy Leary'Exquisite...' Allen Ginsberg'Hard-line dada/surrealism' Rudy Rucker'A Blake angel on bad acid' Robert Anton Wilson'Scares the shit out of us' Church of the SubGeniusThe underground cult bestseller! Essays that redefine the psychogeographical nooks of autonomy. Recipes for poetic terror, anarcho-black magic, post-situ psychotropic surgery, denunciations of spiritual addictions to vapid infotainment cults -- this is the bastard classic, the watermark impressed upon our minds. Where conscience informs praxis, and action infects consciousness, T.A.Z. is beginning to worm its way into above-ground culture. This book offers inspired blasts of writing, from slogans to historical essays, on the need to insert revolutionary happiness into everyday life through poetic action, and celebrating the radical optimism present in outlaw cultures. It should appeal to alternative thinkers and punks everywhere, as it celebrates liberation, love and poetic living. The new edition contains the full text of *Chaos: The Broadsheets of Ontological Anarchism*, the complete communiques and flyers of the Association fo Ontological Anarchy, the long essay 'The Temporary Autonomous Zone,' and a new preface by the author. 'A literary masterpiece...' Freedom 'A linguistic romp...' Colin Wilson 'Fascinating...' William Burroughs
