Ettie, the mother, is old and from an older world than the rapidly modernizing Communist Hungary of the years after World War II. From a poor family and without formal education, Ettie has devoted her life to the cause of her husband, Vince, a courageous magistrate who had been blacklisted for political reasons before the war. Iza, their daughter, is as brave and conscientious as her father: Active in the resistance against the Nazis, she is now a doctor and a force for progress. Iza lives and works in Budapest, and when Vince dies, she is quick to bring Ettie to the city to make sure her mother is close and can be cared for. She means to do everything right, and Ettie is eager to do everything to the satisfaction of the daughter she

is so proud of. But good intentions aside, mother and daughter come from two different worlds and have different ideas of what it means to lead a good life. Though they struggle to accommodate each other, increasingly they misunderstand and hurt each other, and the distance between them widens into an abyss. . . . The Wandering Jew Euripides From the Tree to the Labyrinth Harvard University Press How we create and organize knowledge is the theme of this major achievement by Umberto Eco. Demonstrating once again his inimitable ability to bridge ancient, medieval, and modern modes of thought, he offers here a brilliant illustration of his longstanding argument that problems of interpretation can be solved only in historical context.

The Baltic Origins of Homer's Epic Tales The Iliad, the Odyssey, and the Migration of Myth Simon and Schuster Compelling evidence that the events of Homer's Iliad and Odyssey took place in the Baltic and not the Mediterranean • Reveals how a climate change forced the migration of a people and their myth to ancient Greece • Identifies the true geographic sites of Troy and Ithaca in the Baltic Sea and Calypso's Isle in the North Atlantic Ocean For years scholars have debated the incongruities in Homer's Iliad and Odyssey, given that his descriptions are at odds with the geography of the areas he purportedly describes. Inspired by Plutarch's remark that Calypso's Isle was only five days sailing from Britain, Felice Vinci convincingly argues that Homer's epic tales originated not in the Mediterranean, but in the northern Baltic Sea. Using meticulous geographical analysis, Vinci shows that many Homeric places, such as Troy and Ithaca, can still be

identified in the geographic landscape of the Baltic. He explains how the dense, foggy weather described by Ulysses befits northern not Mediterranean climes, and how battles lasting through the night would easily have been possible in the long days of the Baltic summer. Vinci's meteorological analysis reveals how a decline of the "climatic optimum" caused the blond seafarers to migrate south to warmer climates, where they rebuilt their original world in the Mediterranean. Through many generations the memory of the heroic age and the feats performed by their ancestors in their lost homeland was preserved and handed down to the following ages, only later to be codified by Homer in the Iliad and the Odyssey. Felice Vinci offers a key to open many doors that allow us to consider the age-old question of the Indo-European diaspora and the origin of the Greek civilization from a new perspective.

Bright Star The authentic life of John Keats Fazi Editore On the heels of a renewed global interest in the figure and writing of 19th century British poet John Keats (as attested by Jane Campion's acclaimed film by the same title), Elido Fazi's **Bright Star** retraces the last period of the young poet's life, as he struggles with financial hardship and family drama. Through a fragmented, non sequential narrative, in line with Keats' complex style and character, the book brings to life the personality of a man who dared to tackle life's deepest contradictions. In this intimate portrait, Keats' encounters with some of the foremost personalities of his time - Shelley, Wordsworth, Coleridge - are viewed through the eyes of a man of humble origins, yet imbued with a unique sensibility. In the book, Keats' struggle to give a literary voice to his powerful vision is intertwined with the tragic fate of the poet's brothers, and ultimately of Keats himself, struck down by an illness at the age of 26. In his search for the ultimate meaning of things, even his relationship with Fanny acquired a transcendental importance: a matter non simply of affection, but of spiritual communion. Elido Fazi draws heavily - and liberally - not only on Keats' poetic production, but also on his ample and humorous correspondence, shedding light on some of the most quirky and least-known details of the poet's life. In dedicating his life to a never-ending meditation on concepts which our modern sensibility holds so dear - but which often fell on deaf ears with his contemporaries - such as Good, Beauty and Truth, Keats proved to be a mystical and visionary modern hero, who was centuries ahead of his time, and will be remembered for centuries to come.

De Reditu Suo Libri Duo The Iliad Or The Poem of Force
 Giornale della libreria organo ufficiale della Associazione italiana editori Tlön, Uqbar, Orbis Tertius Erin, Ont. :

Porcupine's Quill ` Here is a handsome edition of one of Borges' ficciones, in a translation first published in Labyrinths in 1962. It's an important story in the Borges' canon, incorporating most of the author's philosophical and esthetic preoccupations in a typically brief compass. With great solemnity and a convincing array of scholarly detail (including annotated references to imaginary books and articles), Borges contocts a fable of an alternate world and its infiltration of our own. The reality of Tlon is idealist: material objects have no existence; language has no nouns; its principal

discipline is psychology, since its inhabitants see the universe as nothing but a series of mental processes. A series of 24 illustrations accompanies the text. Their disturbing resemblances to our reality make them appropriate reflections of Borges's imaginative constructs.' -- The Kingston Whig-Standard
