Magazine Media Factbook 2011/2012

Mass Communications and Media Studies

An Introduction

Bloomsbury Publishing USA **Mass Communications and Media Studies: An Introduction, 2nd edition** is a comprehensive yet concise survey of the history of mass communication media, discussing the current state of each medium, and anticipating the future of mass media. Divided into twelve chapters, it can be used in either 16-week semesters or 12-week terms. Retaining the successful organization of the 1st edition, Peyton Paxson writes in an accessible and well-organized manner, catering to both the needs of students and instructors. He begins each chapter with a list of the current issues and trends concerning the chapter's topic, followed by a brief history of that topic, its current state, predictions for the future, an assessment of career opportunities, and discussion questions for critical thinking. More than just updating statistical data, the 2nd edition weaves in discussions of relevant contemporary issues, including crowdsourcing, going 'viral', interactive advertising, tv industry consolidation, 'the internet of things', conflicting ideas of net neutrality and their continuing implications in a more-connected world.

Media Selling

Digital, Television, Audio, Print and Cross-Platform

John Wiley & Sons **The must-have resource for media selling in today's technology-driven environment** The revised and updated fifth edition of **Media Selling** is an essential guide to our technology-driven, programmatic, micro-targeted, mobile, multi-channel media ecosystem. Today, digital advertising has surpassed television as the number-one ad investment platform, and Google and Facebook dominate the digital advertising marketplace. The authors highlight the new sales processes and approaches that will give media salespeople a leg up on the competition in our post-Internet media era. The book explores the automated programmatic buying and selling of digital ad inventory that is disrupting both media buyers and media salespeople. In addition to information on disruptive technologies in media sales, the book explores sales ethics, communication theory and listening, emotional intelligence, creating value, the principles of persuasion, sales stage management guides, and sample in-person, phone, and email sales scripts. **Media Selling** offers media sellers a customer-first and problem-solving sales approach. The updated fifth edition: Contains insight from digital experts into how 82.5% of digital ad inventory is bought and sold programmatically Reveals how to conduct research on Google Analytics Identifies how media salespeople can offer cross-platform and multi-channel solutions to prospects' advertising and marketing challenge Includes insights into selling and distribution of podcasts Includes links to downloadable case studies, presentations, and planners on the **Media Selling** website Includes an extensive **Glossary of Digital Advertising** terms Written for students in communications, radio-TV, and mass communication, **Media Selling** is the classic work in the field. The updated edition provides an indispensable tool for learning, training, and mastering sales techniques for digital media.

Reducing Race Differences in Direct-to-Consumer

Pharmaceutical Advertising

The Case for Regulation

Rowman & Littlefield **This book examines whether direct-to-consumer pharmaceutical advertising changed in response to recommendations made by the FDA in 2009 to enhance the informational and motivational value of advertising to be more accessible to minority populations and consequently work to reduce health disparities.**

Libraries Publish: How to Start a Magazine, Small Press, Blog, and More

ABC-CLIO **In this book, author Stephanie Katz, founding editor of the award-winning literary journal 805 Lit + Art, shares practical tools and advice for starting successful creative publishing projects. Publishing benefits libraries by providing high-quality content to patrons, showcasing local writers and faculty, and creating buzz for the library. These endeavors can be launched at any type and size of library, often for little to no cost. Libraries Publish teaches libraries how to publish literary magazines, book review blogs, local anthologies, picture books, library professional journals, and even novels. You'll learn how to run a writing contest or writer-in-residence program, form community partnerships with other literary organizations, find funding, navigate legal considerations, market your publication, and more. Each chapter contains detailed information on how to start your project, including comprehensive checklists, recommendations for free software, and legal considerations. Social media strategies as well as tips for facilitating student or teen-run projects are also covered. If your library wants to start a publishing project, this book will be your go-to resource! Shows how each project fits into the mission of a library Offers legal information including publishing rights and author publishing agreements Reviews free and subscription software for websites, submissions management, layout, and communication with subscribers Contains marketing and social media strategies for promoting a publication locally and nationally Suggests ways to engage the community and build local partnerships**

The Media Handbook

A Complete Guide to Advertising Media Selection, Planning, Research, and Buying

Taylor & Francis **The eighth edition of The Media Handbook continues to provide a practical introduction to the media planning and buying processes. Starting with the broader context in which media planning occurs, including a basic understanding of competitive spending and target audiences, the book takes readers through the fundamentals of each media channel, leading to the creation of a media plan. Throughout, concepts and calculations are clearly explained. This new edition reflects the changes in how people consume media today with: a new chapter on how audiences are defined and created reorganization of the media channel chapters to cover planning and buying together expanded coverage of digital formats in all channels added discussion of measurement completely updated data and examples. The Media Handbook, Eighth Edition is the ideal text for courses in media planning and buying in advertising/communication departments. Supplemental online resources for both students and instructors are also available. For students, there is a list of key media associations and chapter overviews. To assist in their course preparation, instructors will find lecture slides, sample test questions, and new sample media planning exercise scenarios with accompanying practice spreadsheets. These resources are available at www.routledge.com/9780367775568, under Support Material.**

The Sage Encyclopedia of Journalism

2nd Edition

SAGE Publications **Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted. Whether it is National Public Radio in the morning or the lead story on the Today show, the morning newspaper**

headlines, up-to-the-minute Internet news, grocery store tabloids, Time magazine in our mailbox, or the nightly news on television, journalism pervades our lives. The Encyclopedia of Journalism covers all significant dimensions of journalism, such as print, broadcast, and Internet journalism; U.S. and international perspectives; and history, technology, legal issues and court cases, ownership, and economics. The encyclopedia will consist of approximately 500 signed entries from scholars, experts, and journalists, under the direction of lead editor Gregory Borchard of University of Nevada, Las Vegas.

Health Communication

Jones & Bartlett Learning **Health Communication: Strategies and Skills for a New Era** provides a practical process model for developing a health communication intervention. The book also explores exposure to media and how it shapes our conceptions of health and illness. Using a life stages and environments approach, the book touches on the patient role and how we 'hear' information from health care providers as well as guidance on how to be a thoughtful consumer of health information.

The Economics of the Publishing and Information Industries

The Search for Yield in a Disintermediated World

Routledge Books, scholarly journals, business information, and professional information play a pivotal role in the political, social, economic, scientific, and intellectual life of nations. While publications abound on Wall Street and financial service companies, the relationship between Wall Street's financial service companies and the publishing and information industries has not been explored until now. The Economics of the Publishing and Information Industries utilizes substantive historical, business, consumer, economic, sociological, technological, and quantitative and qualitative methodologies to understand the people, trends, strengths, opportunities, and threats the publishing industry and the financial service sector have faced in recent years. Various developments, both economic and

demographic, contributed to the circumstances influencing the financial service sector's investment in the publishing and information industries. This volume identifies and analyzes those developments, clearly laying out the forces that drove the marriage between the spheres of publishing and finance. This book offers insight and analysis that will appeal to those across a wide variety of fields and occupations, including those in financial service firms, instructors and students in business, communications, finance, or economics programs, business and financial reporters, regulators, private investors, and academic and major public research libraries.

Media Today

Mass Communication in a Converging World

Routledge **Media Today** uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world. Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their lives presently and in the future. The book's media systems approach helps students to look carefully at how media is created, distributed, and exhibited in the new world that the digital revolution has created. In this way, **Media Today** goes beyond the traditional mass communication textbook's focus on consuming media, to give students an in.

Guerrilla Marketing

Advertising and Marketing Definitions, Ideas, Tactics, Examples, and Campaigns to Inspire Your Business

Success

Morgan James Publishing **Guerrilla Marketers are unique, and they know it and promote it. Therefore, Jason Myers and Merrilee Kimble had to ask themselves: “How can we make this book unique?” After all, Guerrilla Marketing, since the original Guerrilla Marketing book was introduced by Jay Conrad Levinson in 1984, has supported and empowered entrepreneurs, small and medium sized businesses, solopreneurs, and people with ideas that they think can be a business. Where does it all begin? That’s a simple answer: with a strong foundation of Guerrilla Marketing. Jason and Merrilee spend the first section reviewing the strong foundational elements of Guerrilla Marketing and spend the remaining sections of Guerrilla Marketing sharing today’s Guerrilla Marketing tactics, tools, and tips. These are the Guerrilla Marketing resources that every business needs to succeed and generate profits. They also offer a FREE companion course to help entrepreneurs continue to build their rock-solid Guerrilla Marketing foundation. In the companion course, Jason and Merrilee dive deeper with video tutorials, exercises, and the tools entrepreneurs need to build that crucial foundation from which their Guerrilla Marketing success will be born. Guerrilla Marketing also contains 70+ free online tools for small businesses. Jason and Merrilee are continuing Jay Conrad Levinson’s unconventional system of marketing. By understanding not only what marketing is but why it works, they give small and medium sized businesses (SMBs) the opportunity to think and grow big. When the power of one’s SMB is understood and what they can do with Guerrilla Marketing, it not only levels the playing field with competition, but it also tilts the playing field to their advantage.**

The Handbook of Magazine Studies

John Wiley & Sons **A scholarly work examining the continuing evolution of the magazine—part of the popular Handbooks in Media and Communication series The Handbook of Magazine Studies is a wide-ranging study of the ways in which the political economy of magazines has dramatically shifted in recent years—and continues to do so at a rapid pace. Essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery, format, and audience. This volume integrates academic examination with pragmatic discussion to explore contemporary organizational practices, content, and cultural impact. Offering original research and fresh insights, thirty-six chapters provide a truly global perspective on the conceptual and historical foundations**

of magazines, their organizational cultures and narrative strategies, and their influences on society, identities, and lifestyle. The text addresses topics such as the role of advocacy in shaping and changing magazine identities, magazines and advertising in the digital age, gender and sexuality in magazines, and global magazine markets. Useful to scholars and educators alike, this book: Discusses media theory, academic research, and real-world organizational dynamics Presents essays from both emerging and established scholars in disciplines such as art, geography, and women's studies Features in-depth case studies of magazines in international, national, and regional contexts Explores issues surrounding race, ethnicity, activism, and resistance Whether used as a reference, a supplementary text, or as a catalyst to spark new research, *The Handbook of Magazine Studies* is a valuable resource for students, educators, and scholars in fields of mass media, communication, and journalism.

Media/Impact: An Introduction to Mass Media

Cengage Learning From media history to today's rapid-fire changes, **MEDIA/IMPACT: AN INTRODUCTION TO MASS MEDIA, 12th Edition** takes you on a tour of the events, people, money, and technologies that have shaped the mass media industries. Known for its engaging writing style, currency, and visual appeal, the book thoroughly explores how today's mass media are converging as well as provides comprehensive coverage of the legal, ethical, social, and global issues facing the mass media industries every day. The twelfth edition focuses on convergence--how the mass media industries are intersecting to deliver content and how audiences are adapting to the new mass media marketplace. It also gives readers an insider's look at what it's like to work in each industry. In addition, it offers new coverage of digital delivery, net neutrality, media industry consolidation, social media, mobile media, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Mass Media and Health

Examining Media Impact on Individuals and the Health

Environment

Taylor & Francis **Mass Media and Health: Examining Media Impact on Individuals and the Health Environment** covers media health influences from a variety of angles, including the impact on individual and public health, the intentionality of these effects, and the nature of the outcomes. Author Kim Walsh-Childers helps readers understand the influence that mass media has on an individual's health beliefs and, in turn, their behaviors. She explains how public health policy can be affected, altering the environment in which a community's members make choices, and discusses the unintentional health effects of mass media, examining them through the strategic lens of news framing and advocacy campaigns. Written for students across a variety of disciplines, **Mass Media and Health** will serve as primary reading for courses examining the broader view of mass media and health impacts, as well as providing supplemental reading for courses on health communication, public health campaigns, health journalism, and media effects.

A Critical Analysis of the Representation of Female Body Image in Women Magazines

GRIN Verlag **Seminar paper from the year 2014 in the subject Communications - Mass Media, grade: 94%, Communication University of China (Institute of Communication Studies), course: Theories of Communication, language: English, abstract: The purpose of this paper is to examine and criticize the representation of female body image by mass media. For decades the bodies of women have been tailored to highlight products and services by advertisers and owners of the media as a means of generating capital gains. This tailoring, has led to what many have come to accept as the 'ideal image of beauty' that every woman should endeavor to achieve. This paper continues the discussion on a topic that is widely and frequently discussed. The theoretical framework that this paper employs is based on one of the most applauded theory in communication studies; The Political Economy of Communication and Media theory, which was first coined by Dallas William Smythe. This theory is pertinent to understand the presence of the commercial forces behind creating and maintaining this ideal body image, particularly by advertisers in mass media. The form of mass media that this paper concentrates on is women's magazine, with specific focus on**

advertisements regarding beauty and cosmetic products/services. Additionally, case studies in the US and China are used to depict the influence mass media representation of female body image on women.

The Advertising Handbook

Routledge **The Advertising Handbook** provides a critical introduction to advertising and marketing practices today. Contributions from leading international scholars and practitioners offer extended coverage of the contemporary shifts and pressures reshaping the marketing communications (or advertising and marketing) industries and their relationship to the consumer. Profiles and case studies illustrate innovation and diversification among advertising, marketing and public relations companies. Discussion questions aid learning and encourage debate about the activities and influence of advertising today. This Fourth Edition explores the growing significance of: the influence of 'Big Data' and automation in digital advertising; tracking and profiling users across digital communications for targeted and personalised marketing communications; the rise of media and advertising integration through sponsored content, product placement, native advertising and other forms of branded content; the dynamic shifts in ad spending and media-advertising relationships across legacy media, online and social media; and the complex profile of consumer behaviour that produces new challenges for brands and branding. Fully revised and updated, this new edition of **The Advertising Handbook** is a comprehensive and accessible guide to contemporary advertising and marketing theory and practice, designed to meet the requirements, interests and terms of reference of the most recent generation of media and advertising students.

The Myth of Individualism

How Social Forces Shape Our Lives

Rowman & Littlefield **The Myth of Individualism** is a wonderful, concise introduction to sociology and sociological thinking, showing readers how social forces shape our lives and the world. Revised and updated throughout, the third edition of this powerful book continues to challenge the common belief that human behavior is the result of free choices made by autonomous actors, but rather shows the many ways that people are naturally social, interdependent,

and shaped by social forces. Filled with engaging stories and deep research, *The Myth of Individualism* helps readers begin to develop a sociological imagination. By acknowledging the limits of individual effort and control, we gain insight into our own lives and the lives of others. The third edition maintains the overall structure of the second edition while adding a new chapter on the power of the state that outlines the myriad ways—both seen and unseen—that government shapes our lives. The new edition also features more material on social media, updated discussions of race, and more. The book examines the importance of cultural symbols, the pressures of group conformity, the influence of family, the impact of social class, the reach of global capitalism, and the revolutionary potential of collective action. The third edition of *The Myth of Individualism* is a must-read for anyone interested in understanding the subtle and unshakeable ways social forces shape our lives.

Media Now: Understanding Media, Culture, and Technology

Cengage Learning Offering the most current coverage available, **MEDIA NOW: UNDERSTANDING MEDIA, CULTURE, AND TECHNOLOGY, 9e** equips readers with a thorough understanding of how media technologies develop, operate, converge, and affect society. The text provides a comprehensive introduction to today's global media environment and ongoing developments in technology, culture, and critical theory that continue to transform the rapidly evolving industry—and impact your daily life. Focusing on the essential history, theories, concepts, and technical knowledge, **MEDIA NOW** develops readers' media literacy skills to prepare them for work in the expanding fields of the Internet, interactive media, and traditional media industries. In addition to vivid infographics and illustrations, the cutting-edge Ninth Edition includes the latest developments and trends in social media, e-publishing, policy changes for Internet governance, online privacy protection, online ad exchanges, the changing video game industry, and much more. **Important Notice:** Media content referenced within the product description or the product text may not be available in the ebook version.

Ermittlung von Erfolgskriterien für digital newsstands Analyse und Bewertung ausgewählter Geschäftsmodelle anhand des deutschen Marktes

GRIN Verlag Masterarbeit aus dem Jahr 2014 im Fachbereich Medien / Kommunikation - Medienökonomie, -management, Note: 1,3, , Veranstaltung: Medienmanagement, Sprache: Deutsch, Abstract: Die heutige Generation von Smartphones und Tablet-Computern ist lediglich der Anfang. Die Vielfalt und Verbreitung an interaktiven mobilen Endgeräten wie iPhone oder iPad wird sich in den nächsten Jahren stark weiterentwickeln. Betrug die Zahl der Tablet-Nutzer in Deutschland 2010 noch rund zwei Millionen hat sich dieser Wert im Jahr 2013 auf 20,2 Millionen Nutzer mehr als verzehnfacht. Analog dazu stieg auch die Zahl der deutschen Konsumenten, die über ihr Smartphone oder Tablet mobil online einkaufen. Laut der PwC-Multichannel-Studie 2013 nutzt etwa jeder vierte Konsument ein mobiles Endgerät für Online-Einkäufe, 2011 tat das nur jeder neunte. Mit schnelleren Datenverbindungen und den zunehmend größeren Displays, werden die mobilen Endgeräte auch als Übertragungsmedium für Nachrichteninhalte immer attraktiver. Weltweit experimentieren Medienunternehmen daher, wie sie ihre Printinhalte auf neue, digitale Endgeräte übertragen und diese mit geeigneten Geschäftsmodellen monetarisieren können. Eine mögliche Form ist die Implementierung sogenannter digital newsstands (engl. für: digitaler Kiosk), deren Relevanz für Verlagshäuser in den letzten Jahren stark gestiegen ist und die im Zuge dieser Untersuchung detailliert betrachtet werden. Gemäß Simon Laus, Account-Manager iKiosk, Axel Springer SE, ist ein digital newsstand „eine Website oder App, die es dem Nutzer ermöglicht digitalen Content auf fast jedem Device zu konsumieren. Dabei beschränkt sich der Content des digital newsstand auf Inhalte, die es in dieser Detailliertheit sonst fast nur in der Print Ausgabe (Zeitung oder Zeitschrift) zu lesen gibt.“ Im Rahmen dieser Arbeit kann der Begriff insofern konkretisiert werden, als die Analyse ausschließlich die App-Anwendungen der digitalen Kioske umfasst. Darüber werden digitale Kioskanbieter lediglich auf dem Tablet-PC untersucht. Gerade diese Form des mobilen Endgeräts findet bei der relevanten Zielgruppe Verwendung (siehe 4.1.2 „Relevante Zielgruppe“). Zudem werden diese Betrachtungen lediglich für den deutschen Markt durchgeführt. [...]

Where Women Create

Inspiring Work Spaces of Extraordinary Women

Sterling Publishing Company, Inc. **More than twenty superstars from the world of crafting--including Anna Corba, April Cornell, Sandi Genovese, and Andrea Grossman--offer their expert advice on how to design a work space where creativity can blossom. Like the bestselling *Business of Bliss*, it's practical, inspirational, and beautiful to behold. Research by *Craft Trends Magazine* reveals that 89% of all crafters are women, and that they want to work in an environment conducive to creating their art. This invaluable and very special guide helps them achieve that goal, whatever their passion. It goes straight to the experts: successful women who have made their mark in more than 10 different creative fields. These top designers and artisans offer insights gleaned from years of experience, reveal how they constructed their own creative spaces, and explain how the reader can make practical use of these decorating, organizational, and inspirational techniques as they go about designing their own work areas. Among the pertinent questions they answer: Where did you like to work as a child? What's the most important thing about having your own place to work? Are women's creative spaces different from men's? How important is it for you to organize your work, and how do you do it? Do you listen to music when you work--and what kind? The featured designers include Wendy Addison, Dena Fishbein, Jill Schwartz, and Suze Weinberg and their fields range from paper crafts to gardening. A Selection of the Crafters Choice Book Club & the Homestyle Book Club.**

Close Reading the Media

Literacy Lessons and Activities for Every Month of the School Year

Routledge Teach middle school students to become savvy consumers of the TV, print, and online media bombarding them every day. In this timely book copublished by Routledge and MiddleWeb, media literacy expert Frank W. Baker offers thematic lessons for every month of the school year, so you can engage students in learning by having them analyze the real world around them. Students will learn to think critically about photos, advertisements, and other media and consider the intended purposes and messages. Topics include: Helping students detect fake news; Unraveling the messages in TV advertising; Looking at truth vs propaganda in political ads and debates; Revealing how big media influences the news we read; Understanding how pictures changed America during the Civil Rights Movement; Exploring the language of film and the symbols of costume design; Thinking about how media appeals to our emotions; Examining branding, product placement, and the role of celebrity; Reading and interpreting iconic news images; And much, much more! In addition, the book's lesson plans contain connections to key standards and step-by-step activities you can use immediately. With this practical book, you'll have all the tools and ideas you need to help today's students successfully navigate their media-filled world.

Elite and Specialized Interviewing

ECPR Press Lewis Anthony Dexter (1915-1995) pioneered the use of specialized interviewing as a tool in the social sciences. He argued that interviewing persons who have specialised information about, or who have involvement with,

any social or political processes is different from standardised interviewing. In 'elite' interviewing the investigator must be willing to let the interviewee teach him what the problem, the question, or the situation is. He demonstrated that interviewing was a useful tool, but he also argued that it was not always the most appropriate method for revealing the information required. In *Elite and Specialized Interviewing* decades of his practical experience, of both how to interview and how to use interviews, was distilled into a readable, yet rigorously analytical, book. First published in 1969, it remains as good a guide to the subject as the 21st century researcher can find.

The Media Handbook

A Complete Guide to Advertising Media Selection, Planning, Research, and Buying

Routledge **The Media Handbook** provides a practical introduction to the advertising, media planning, and buying processes. Emphasizing basic calculations and the practical realities of offering alternatives and evaluating the plan, this seventh edition includes greater coverage of social media, buying automation, the continued digitization of media, and updated statistics on media consumption. It covers over the top television, programmatic TV, digital advertising, and the automation of buying across all media. Author Helen Katz provides a continued focus on how planning and buying tie back to the strategic aims of the brand and the client, keeping practitioners and students up to date with current industry examples and practices. The Companion Website to the book includes resources for both students and instructors. For students there are flashcards to test themselves on main concepts, a list of key media associations, a template flowchart and formulas. Instructors can find lecture slides and sample test questions to assist in their course preparation.

Introductory Business Statistics

Introductory Business Statistics is designed to meet the scope and sequence requirements of the one-semester statistics course for business, economics, and related majors. Core statistical concepts and skills have been augmented with practical business examples, scenarios, and exercises. The result is a meaningful understanding of the discipline, which will serve students in their business careers and real-world experiences.

The Media Economy

Routledge The Media Economy analyzes the media industries and its activities from macro to micro levels, using concepts and theories to demonstrate the role the media plays in the economy as a whole. Representing a rapidly changing and evolving environment, this text breaks new ground through its analysis from two unique perspectives: 1) Examining the media industries from a holistic perspective by analyzing how the media industries function across different levels of society (global, national, household, and individual); 2) Looking at the key forces (technology, globalization, regulation, and social aspects) constantly evolving and influencing the media industries. Building on the contributions of the original text, this Second Edition provides new references and current data to define and analyze today's media markets. To understand the role of media in the global economy, the insights included here are crucial for media students and practitioners.

Pulp & Paper ... North American Fact Book

Words Onscreen

The Fate of Reading in a Digital World

Oxford University Press **People have been reading on computer screens for several decades now, predating popularization of personal computers and widespread use of the internet. But it was the rise of eReaders and tablets that caused digital reading to explode. In 2007, Amazon introduced its first Kindle. Three years later, Apple debuted the iPad. Meanwhile, as mobile phone technology improved and smartphones proliferated, the phone became another vital reading platform. In Words Onscreen, Naomi Baron, an expert on language and technology, explores how technology is reshaping our understanding of what it means to read. Digital reading is increasingly popular. Reading onscreen has many virtues, including convenience, potential cost-savings, and the opportunity to bring free access to books and other written materials to people around the world. Yet, Baron argues, the virtues of eReading are matched with**

drawbacks. Users are easily distracted by other temptations on their devices, multitasking is rampant, and screens coax us to skim rather than read in-depth. What is more, if the way we read is changing, so is the way we write. In response to changing reading habits, many authors and publishers are producing shorter works and ones that don't require reflection or close reading. In her tour through the new world of eReading, Baron weighs the value of reading physical print versus online text, including the question of what long-standing benefits of reading might be lost if we go overwhelmingly digital. She also probes how the internet is shifting reading from being a solitary experience to a social one, and the reasons why eReading has taken off in some countries, especially the United States and United Kingdom, but not others, like France and Japan. Reaching past the hype on both sides of the discussion, Baron draws upon her own cross-cultural studies to offer a clear-eyed and balanced analysis of the ways technology is affecting the ways we read today--and what the future might bring.

Pavane

Gateway **1588: Queen Elizabeth is felled by an assassin's bullet. Within the week, the Spanish Armada had set sail, and its victory changed the course of history. 1968: England is still dominated by the Church of Rome. There are no telephones, no television, no nuclear power. As Catholicism and the Inquisition tighten their grip, rebellion is growing.**

The Historian

Little, Brown **The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle).**

Breathtakingly suspenseful and beautifully written, The Historian is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of

Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. “Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell.” —Baltimore Sun
