Exploring Management, 5th Edition

Wiley Global Education Exploring Management supports teaching and learning of core management concepts by presenting material in a straight-forward, conversational style with a strong emphasis on application. With a focus on currency, high-interest examples and pedagogy that encourages critical thinking and personal reflection, this text is the perfect balance between what students need and what instructors want.

Management

John Wiley & Sons Schermerhorn, Management 14e continues to offer the same balanced theory approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. Schermerhorn communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test.

Management 11th Edition with BizLX Software Set

Organizational Behavior

John Wiley & Sons Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Organizational Behavior

John Wiley & Sons The new edition of Organizational Behavior includes a rich array of exercises, cases, and applied materials such as the Kouzes and Posner Leadership Practices Inventory and Pfeiffer Annual Edition exercises available in the OB Skills Workbook. It also focuses more on the hot topic of ethics throughout the entire book to ensure it is contemporary and engaging. The text also introduces two brand new key features 'Finding the Leader in You" and "Taking it Online". "Finding the Leader in You", discusses leading in the workplace in a personal and applied way. The goal is to make the material more relevant and applicable to today's readers. The "Taking it Online" feature will take the reader from the book to an online case, activity, self-assessment, or video clip of the leader they are reading about.

Management, 12th Edition

Wiley Global Education We've got you covered for Principles of Management with John Schermerhorn's Management 12th Edition. From new cases and self-assessments to the Fast Company Video Series and Management Weekly Updates, the text and its comprehensive suite of resources promote critical thinking and active learning. Thoroughly updated while maintaining its trusted, balance of concepts and applications, Management 12th Edition allows you to present the most current material, help students apply theory and show relevance of management concepts in the real world so your student will succeed in your course and beyond.

With a focus on currency, high-interest examples and pedagogy that encourages critical thinking and personal reflection, Exploring Management is the perfect balance between what students need and what instructors want.

Simply Managing

What Managers Do — and Can Do Better

Berrett-Koehler Publishers The Essence of Managing Henry Mintzberg appreciates that managers are busy people. So he has taken his classic book Managing, done some updating, and distilled its essence into a lean 176 pages of text. The essence of the book remains the same: what Mintzberg learned from observing twenty-nine managers in settings ranging from a refugee camp to a symphony orchestra. Simply Managing considers the intense dynamics of this job as well as its inescapable conundrums, for example: • How is anyone supposed

to think, let alone think ahead, in this frenetic job? • Are leaders really more important than managers? • Where has all the judgment gone? • Is email destroying management practice? • How can managers connect when their job disconnects them from what they are managing? If you read only one book about managing, this should be it!

Organization Theory and Design

Cengage Learning Canada Inc Organizations must adapt to changing and often challenging environments. This third Canadian edition helps students understand and design organizations for today's complex environment. The concepts and models offered in this text are integrated with changing events in the real world, presenting the most recent thinking and providing an up-to-date view of organizations. Detailed Canadian examples and cases capture the richness of the Canadian experience, while international examples accurately represent Canada's role in the world.

MANAGE EVERY PROJECT LIKE A PRO** In today's environment of tight turnarounds and even tighter budgets, the effective project manager is often considered the most valuable member of a workplace team. Project Management, Second Edition, provides a step-by-step introduction to the tools and techniques necessary to successfully spearhead your next project. This new edition has everything that made the original so popular, plus it has been updated to reflect new principles and strategies in team building, planning, estimating costs, managing project interfaces, and more--providing you with the kind of business savvy today's project manager is expected to possess. Learn how to: Stay on top of all aspects of your project: process, interpersonal, and organizational Forge a spirit of cooperation--and achievement--among diverse team members Manage all the contingencies--foreseen and unforeseen--that come up in every project

A New History of Management

Cambridge University Press Existing narratives about how we should organize are built upon, and reinforce, a concept of 'good management' derived from what is assumed to be a fundamental need to increase efficiency. But this assumption is based on a presentist, monocultural, and generally limited view of management's past. A New History of Management disputes these foundations. By reassessing conventional perspectives on past management theories and providing a new critical outline of present-day management, it highlights alternative conceptions of 'good management' focused on ethical aims, sustainability, and alternative views of good practice. From this new historical perspective, existing assumptions can be countered and simplistic views disputed, offering a platform from which graduate students, researchers and reflective practitioners can develop alternative approaches for managing and organizing in the twenty-first century.

Contemporary Management

Management

Management, with its rich Canadian content, accessible writing style, and currency, is the ideal introductory management product. It provides professors the opportunity to offer their students an engaging experience that will help them succeed. Students will learn to think critically and make sound business decisions using managerial theory as concepts are explored and reinforced by many real-world examples, exercises, and cases.

Primer on Cerebrovascular Diseases

Academic Press **Primer on Cerebrovascular Diseases, Second Edition**, is a handy reference source for scientists, students, and physicians needing reliable, up-to-date information on basic mechanisms, physiology, pathophysiology, and medical issues related to brain vasculature. The book consists of short, specific chapters written by international experts on cerebral vasculature, presenting the information in a comprehensive and easily accessible manner. Numerous changes have occurred in the field since the publication of the first edition in 1997, particularly our understanding of the genetic aspects of cerebrovascular disease. This updated edition reflects the advances made over the last two decades, not only demonstrating the promise for therapy, but also for a molecular understanding of cerebrovascular diseases. The new edition includes new and expanded topics, including carotid stenting, iatrogenic causes of stroke, axonal transport and injury, RNAs, proteomics, and more. Provides concise chapters on topics in cerebral blood flow and metabolism, pathogenesis of cerebrovascular disorders, diagnostic testing, and management in a comprehensive and accessible format. Written by international leading authorities on cerebral vasculature. Provides up-to-date information on practical applications of basic research and the main clinical issues facing the community, such as axonal transport and proteomics.

A Primer for Management (Book Only)

South-Western Pub

Management and the Arts

Taylor & Francis **Management and the Arts, Fourth Edition** provides you with theory and practical applications from all management perspectives including planning, marketing, finance, economics, organizational, staffing, and group dynamics ALL related to an arts organization. Whether you are a manager in a theatre, museum, dance company, or opera, you will gain useful insights into management. Topics written especially to help you with your management skills include: * How arts organizations and management evolved * The theories and processes behind strategic planning and decision making * Organizing and organizational design * Staffing and personal relations * The tools and techniques available from communicating effectively and keeping track of information * Budgeting, fundraising, and financial management * Integrating various management theories and practical applications * How to work effectively with boards * Sections on e-marketing and Web marketing * Includes: case studies, statistics, career, and financial information. Revised to reflect the latest thinking and trends in managing organizations and people, **Management and the Arts, Fourth Edition** features class-tested questions in each chapter, which help you to integrate the material and develop ideas as to how the situations and problems could have been handled. Case studies focus on the challenges facing managers and organizations every day, and "In The News" quotes give you real-world examples of principles and theories. Developing career skills and options, graduate and postgraduate training opportunities, and professional organizations and conferences are highlighted.
