Religion and Crime: Theory, Research, and Practice

MDPI This book is a printed edition of the Special Issue "Religion and Crime: Theory, Research, and Practice" that was published in Religions

31 Days of Prayer for My Wife

BroadStreet Publishing Group LLC Jesus is praying for your wife, and He invites you to join Him! Your wife is a gift from God! Recall an image of Jesus you've likely seen on His knees, praying. Imagine leaning in and hearing Him speak your wife's name. Experience His heart for your wife as you claim Bible promises for her future, know and cherish her as God does, and release your faith for her continued spiritual growth and kingdom impact. 31 Days of Prayer for My Wife shares: True stories from husbands to help you understand common challenges and opportunities for women. A powerful, Scripture-based prayer strategy for both you and your wife to better love the Lord, live God's Word, love people, and live His mission. Scriptures, prayers, and promises to declare over yourself and your wife. A practical resource for personal devotions, couples' studies, small groups, and ministries. God blessed you with your wife for a purpose. Support her through prayer and see the benefits in your own life.

The Origin and Character of God

Ancient Israelite Religion Through the Lens of Divinity

Oxford University Press, USA Few topics are as broad or as daunting as the God of Israel, that deity of the world's three monotheistic religions, Judaism, Christianity, and Islam, who has been worshiped over millennia. In the Hebrew Bible, God is characterized variously as militant, beneficent, inscrutable, loving, and judicious. Who is this divinity that has been represented as masculine and feminine, mythic and real, transcendent and intimate? The Origin and Character of God is Theodore J. Lewis's monumental study of the vast subject that is the God of Israel. In it, he explores questions of historical origin, how God was characterized in literature, and how he was represented in archaeology and iconography. He also brings us into the lived reality of religious experience. Using the window of divinity to peer into the varieties of religious experience in ancient Israel, Lewis explores the royal use of religion for power, prestige, and control; the intimacy of family and household religion; priestly prerogatives and cultic status; prophetic challenges to injustice; and the pondering of theodicy by poetic sages. A volume that is encyclopedic in scope but accessible in tone, *The Origin and Character of God* is an essential addition to the growing scholarship of one of humanity's most enduring concepts.

The Lie That Binds

Strong Arm Press Public support for the legal right to abortion in the United States is at an all-time high. Yet we're in the midst of an all-out assault on reproductive freedom, and *Roe v. Wade* is hanging on by a thread. *The Lie that Binds* is the indispensable account of how the formerly non-partisan, back-burner issue of abortion rights was reinvented as the sharp point of the spear for a much larger movement bent on maintaining control in a changing world. Written by NARAL Pro-Choice America President Ilyse Hogue and Research Director Ellie Langford, *The Lie that Binds* traces the evolution of some of the most dangerous and least understood forces in U.S. politics, offering an unflinchingly incisive analysis of the conservative political machinery designed to thwart social progress - all built around the foundational lie that their motivations are based in moral convictions about individual pregnancies. This book introduces the colorful cast of characters behind the Radical Right - from anti-ERA protestors to men's rights activists - and explains how conservative political operatives intentionally targeted abortion as a rallying cry for their followers as their other prejudices fell from favor. Ultimately, opposing abortion rights was a Trojan horse to move a deeply unpopular, regressive policy agenda under the guise of "morality." Hogue and Langford's deeply-researched investigation is an essential primer for political observers, journalists, and engaged citizens, pulling back the curtain on how this radical operation drives our politics and threatens our democracy. Read it and learn the truth behind the lie.

Reproductive Justice

An Introduction

Univ of California Press *Title -- Copyright -- Dedication -- Contents -- Introduction -- 1. A Reproductive Justice History -- 2. Reproductive Justice in the Twenty-First Century -- 3. Managing Fertility -- 4. Reproductive Justice and the Right to Parent -- Epilogue: Reproductive Justice on the Ground -- Acknowledgments -- Notes -- Index*

A Man's Identity (Pack of 25)

Good News Publishers *This tract shows men what God says about them in his Word and orients them to foundational truths about their identity in Christ--enabling them to be the men God is calling them to be.*

This Nonviolent Stuff'll Get You Killed

How Guns Made the Civil Rights Movement Possible

Basic Books *Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. "Just for self-defense," King assured him. One of King's advisors remembered the reverend's home as "an arsenal." Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In *This Nonviolent Stuff'll Get You Killed*, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties.*

Manhood in Christ. [In verse.]

What Works in Girls' Education

Evidence for the World's Best Investment

Brookings Institution Press *Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empowerment *What Works in Girls' Education* is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education.*

Bento Box in the Heartland

My Japanese Girlhood in Whitebread America

Seal Press *While growing up in Versailles, an Indiana farm community, Linda Furiya tried to balance the outside world of Midwestern America with the Japanese traditions of her home life. As the only Asian family in a tiny township, Furiya's life revolved around Japanese food and the extraordinary lengths her parents went to in order to gather the ingredients needed to prepare it. As immigrants, her parents approached the challenges of living in America, and maintaining their Japanese diets, with optimism and gusto. Furiya, meanwhile, was acutely aware of how food set her apart from her peers: She spent her first day of school hiding in the girls' restroom, examining her rice balls and chopsticks, and longing for a Peanut Butter and Jelly sandwich. *Bento Box in the Heartland* is an insightful and reflective coming-of-age tale. Beautifully written, each chapter is accompanied by a family recipe of mouth-watering Japanese comfort food.*

Hidden Histories in the United Church of Christ

Pilgrim Press *This collection of essays expands knowledge about the diversity of the UCC, and connects the UCC with many significant developments in American religious and ethnic history. It explores such areas as Native American Protestantism, black Christian churches, a schism in the German Reformed Church, Armenian congregationalism's missionary beginnings, German*

congregationalism, blacks and the American Missionary Association, Deaconess ministries, the Schwenkfelders, the Calvin Synod (Hungarian), women's work and women's boards, and Japanese-American congregationalists.

Deuteronomy and the Pentateuch

Yale University Press *This indispensable monograph synthesizes current debates and offers a new historical and literary analysis of the book of Deuteronomy "In this exciting addition to the Anchor Yale Bible Reference Library, Stackert offers something genuinely new: he brilliantly weaves together biblical scholarship, cuneiform literature, and contemporary literary theory. This clearly written and engaging volume examines how the concept of scripture shaped ancient readers' understanding of Deuteronomy."--Bernard M. Levinson, University of Minnesota The book of Deuteronomy introduces and develops many of the essential ideas, events, and texts of both Judaism and Christianity, and it has thus been a resource--and in some instances even a starting point--for investigations of themes and concepts beyond it. In this volume, Jeffrey Stackert deftly guides the reader through major topics in the interpretation of Deuteronomy and its relationship to the other four pentateuchal books. Considering subjects such as the relationship between law and narrative, the role of Deuteronomy in Israel's history, its composition and reception history, the influence of cuneiform legal and treaty traditions, textual and archaeological evidence from the Levant and Mesopotamia, and the status of Deuteronomy within the larger biblical canon, this book introduces ongoing debates surrounding the book of Deuteronomy and offers a contemporary evaluation of the latest textual and material evidence.*

31 Prayers for My Future Wife

Preparing My Heart for Marriage by Praying for Her

Unveiled Wife

31 Prayers for My Future Husband

Preparing My Heart for Marriage by Praying for Him

Unveiled Wife

Foundations for Young Adult Success

A Developmental Framework

Consortium on Chicago School Research *Amid growing recognition that strong academic skills alone are not enough for young people to become successful adults, this comprehensive report offers wide-ranging evidence to show what young people need to develop from preschool to young adulthood to succeed in college and career, have healthy relationships, be engaged citizens, and make wise choices. It concludes that rich experiences combining action and reflection help children develop a set of critical skills, attitudes, and behaviors. And it suggests that policies should aim to ensure that all children have consistent, supportive relationships and an abundance of these developmental experiences through activities inside and outside of school.*

Killing the Black Body

Race, Reproduction, and the Meaning of Liberty

Vintage *A powerful, thought-provoking indictment of America's continuing assault on the reproductive rights of black women ranges from the era of slavery to the welfare reform acts of the 1990s that penalize women on welfare for having babies. Reprint. 15,000 first printing.*

They Aren't, Until I Call Them

Performing the Subject in American Literature

Peter Lang *Bibliographic Information published by the Deutsche Nationalbibliothek The Deutsche Nationalbibliothek lists this publication in the Deutsche Nationalbibliografie; detailed bibliographic data is available in the internet at <http://dnb.d-nb.de>. The Hidden Rules of Race

Cambridge University Press *This book explores the racial rules that are often hidden but perpetuate vast racial inequities in the United States.*

God's Forever Family

The Jesus People Movement in America

OUP USA *The Jesus People were an unlikely combination of evangelical Christianity and the hippie counterculture. God's Forever Family is the first major examination of this phenomenon in over thirty years.*

Community/Public Health Nursing

Promoting the Health of Populations

Saunders *Note: This synopsis may refer to a different edition of this book.*

Body My House

May Swenson's Work and Life

Utah State University Press *The first collection of critical essays on May Swenson and her literary universe, Body My House initiates an academic conversation about an unquestionably major poet of the middle and late twentieth century. Between the 1950s and the 1980s, May Swenson produced eleven volumes of poetry, received many major awards, was elected chancellor of the Academy of American Poets, and was acclaimed by writers in virtually every school of American poetry. Essays here address the breadth of Swenson's literary corpus and offer varied scholarly approaches to it. They reference Swenson manuscripts---poems, letters, diaries, and other prose---some of which have not been widely available before. Chapters focus on Swenson's work as a nature writer; the literary and social contexts of her writing; her national and international acclaim; her work as a translator; associations with other poets and writers (Bishop, Moore, and others); her creative process; and her profound explorations of gender and sexuality. The first full volume of scholarship on May Swenson, Body My House suggest an ambitious agenda for further work. Contributors include Mark Doty, Gudrun Grabher, Cynthia Hogue, Suzann Juhasz, R.R. Knudson, Alicia Ostriker, Martha Nell Smith, Michael Spooner, Paul Swenson, and Kirstin Hotelling Zona.*

Writing about Learning and Teaching in Higher Education

Creating and Contributing to Scholarly Conversations Across a Range of Genres

Writing about Learning and Teaching in Higher Education offers detailed guidance to scholars at all stages-experienced and new academics, graduate students, and undergraduates-regarding how to write about learning and teaching in higher education. It evokes established practices, recommends new ones, and challenges readers to expand notions of scholarship by describing reasons for publishing across a range of genres, from the traditional empirical research article to modes such as stories and social media that are newly recognized in scholarly arenas. The book provides practical guidance for scholars in writing each genre-and in getting them published. To illustrate how choices about writing play out in practice, we share throughout the book our own experiences as well as reflections from a range of scholars, including both highly experienced, widely published experts and newcomers to writing about learning and teaching in higher education. The diversity of voices we include is intended to complement the variety of genres we discuss, enacting as well as arguing for an embrace of multiplicity in writing about learning and teaching in higher education.

The Vanishing American Adult

Our Coming-of-Age Crisis--and How to Rebuild a Culture of Self-Reliance

St. Martin's Griffin *THE INSTANT NEW YORK TIMES BESTSELLER In an era of safe spaces, trigger warnings, and an unprecedented election, the country's youth are in crisis. Senator Ben Sasse warns the nation about the existential threat to America's future. Raised*

by well-meaning but overprotective parents and coddled by well-meaning but misbegotten government programs, America's youth are ill-equipped to survive in our highly-competitive global economy. Many of the coming-of-age rituals that have defined the American experience since the Founding: learning the value of working with your hands, leaving home to start a family, becoming economically self-reliant—are being delayed or skipped altogether. The statistics are daunting: 30% of college students drop out after the first year, and only 4 in 10 graduate. One in three 18-to-34 year-olds live with their parents. From these disparate phenomena: Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close, sees an existential threat to the American way of life. In *The Vanishing American Adult*, Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens. He identifies core formative experiences that all young people should pursue: hard work to appreciate the benefits of labor, travel to understand deprivation and want, the power of reading, the importance of nurturing your body—and explains how parents can encourage them. Our democracy depends on responsible, contributing adults to function properly—without them America falls prey to populist demagogues. A call to arms, *The Vanishing American Adult* will ignite a much-needed debate about the link between the way we're raising our children and the future of our country.

Facing Addiction in America

The Surgeon General's Report on Alcohol, Drugs, and Health

Createspace Independent Publishing Platform All across the United States, individuals, families, communities, and health care systems are struggling to cope with substance use, misuse, and substance use disorders. Substance misuse and substance use disorders have devastating effects, disrupt the future plans of too many young people, and all too often, end lives prematurely and tragically. Substance misuse is a major public health challenge and a priority for our nation to address. The effects of substance use are cumulative and costly for our society, placing burdens on workplaces, the health care system, families, states, and communities. The Report discusses opportunities to bring substance use disorder treatment and mainstream health care systems into alignment so that they can address a person's overall health, rather than a substance misuse or a physical health condition alone or in isolation. It also provides suggestions and recommendations for action that everyone—individuals, families, community leaders, law enforcement, health care professionals, policymakers, and researchers—can take to prevent substance misuse and reduce its consequences.

The Wine Bible

Workman Publishing Company Announcing the completely revised and updated edition of *The Wine Bible*, the perennial bestselling wine book praised as “The most informative and entertaining book I’ve ever seen on the subject” (Danny Meyer), “A guide that has all the answers” (Bobby Flay), “Astounding” (Thomas Keller), and “A magnificent masterpiece of wine writing” (Kevin Zraly). Like a lively course from an expert teacher, *The Wine Bible* grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil’s information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author’s unique voice, always entertained: “In great years Pétrus is ravishing, elegant, and rich—Ingrid Bergman in red satin.” Or, describing a Riesling: “A laser beam. A sheet of ice. A great crackling bolt of lightning.”

Teaching Transformation

Transcultural Classroom Dialogues

Springer Drawing on indigenous belief systems and recent work in critical 'race' studies and multicultural-feminist theory, Keating provides detailed step-by-step suggestions, based on her own teaching experiences, designed to anticipate and change students' resistance to social-justice issues. It offers a holistic approach to theory and practice.

Gentle Regrets

Thoughts from a Life

Bloomsbury Publishing Roger Scruton is Britain's best known intellectual dissident, who has defended English traditions and English identity against an official culture of denigration. Although his writings on philosophical aesthetics have shown him to be a leading authority in the field, his defence of political conservatism has marked him out in academic circles as public enemy number one. Whether it is Scruton's opinions that get up the nose of his critics, or the wit and erudition with which he expresses them, there is no doubt that their noses are vastly distended by his presence, and constantly on the verge of a collective sneeze. Contrary to orthodox opinion, however, Roger Scruton is a human being, and *Gentle Regrets* contains the proof of it - a quiet, witty but also serious and moving account of the ways in which life brought him to think what he thinks, and to be what he is. His moving vignettes of his childhood and later influences illuminate this book. Love him or hate him, he will engage you in an argument that is both intellectually

stimulating and informed by humour.

Pro-Choice Or Pro-Life?

Examining 15 Pro-Choice Claims: What Do Facts & Common Sense Tell Us?

There are few issues as impactful and consequential for our personal lives and communities as abortion. It divides people not only on the streets and in workplaces, but also in homes and churches. After all, this issue involves personal decisions about sex, pregnancy, parenting, and our health. So while abortion is difficult to talk about, it's important to provide accurate information and a context in which that information can be discussed. In this thoroughly researched and easy-to-read book, author Randy Alcorn examines fifteen major claims of the pro-choice position and shares fact-based, rational responses. If you have mixed feelings about abortion, as many people do, this book can be part of your quest for truth. If you're pro-choice or pro-life, it can help you think through your position. If we have any hope of understanding and engaging with each other, let's move our dialogue beyond bumper stickers, memes, and tweets. Randy encourages readers to listen carefully to arguments on both sides of the abortion debate, and to look at the evidence and weigh it on its own merit.

Métis

Race, Recognition, and the Struggle for Indigenous Peoplehood

UBC Press Ask any Canadian what "Métis" means, and they will likely say "mixed race." Canadians consider Métis mixed in ways that other Indigenous people are not, and the census and courts have premised their recognition of Métis status on this race-based understanding. Andersen argues that Canada got it wrong. From its roots deep in the colonial past, the idea of Métis as mixed has slowly pervaded the Canadian consciousness until it settled in the realm of common sense. In the process, "Métis" has become a racial category rather than the identity of an Indigenous people with a shared sense of history and culture.

Europe's Invisible Migrants

Peterson's Fresh insights into immigration, racism and ethnic conflict in post-colonial Europe.

Gender and Forests

Climate Change, Tenure, Value Chains and Emerging Issues

Routledge This enlightening book brings together the work of gender and forestry specialists from various backgrounds and fields of research and action to analyse global gender conditions as related to forests. Using a variety of methods and approaches, they build on a spectrum of theoretical perspectives to bring depth and breadth to the relevant issues and address timely and under-studied themes. Focusing particularly on tropical forests, the book presents both local case studies and global comparative studies from Africa, Asia, and Latin America, as well as the US and Europe. The studies range from personal histories of elderly American women's attitudes toward conservation, to a combined qualitative / quantitative international comparative study on REDD+, to a longitudinal examination of oil palm and gender roles over time in Kalimantan. Issues are examined across scales, from the household to the nation state and the global arena; and reach back to the past to inform present and future considerations. The collection will be of relevance to academics, researchers, policy makers and advocates with different levels of familiarity with gender issues in the field of forestry.

The Library Journal

Chiefly Devoted to Library Economy and Bibliography

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Business Ethics

The Secret History of the American Empire

Economic Hit Men, Jackals, and the Truth about Global Corruption

Penguin Presents an expose of international corruption activities as reported by some of the world's top assassins, journalists, and activists, in a cautionary report that makes recommendations for safeguarding the world.

Re:imagining Change

How to Use Story-Based Strategy to Win Campaigns, Build Movements, and Change the World

PM Press *Re:Imagining Change* provides resources, theory, hands-on tools, and illuminating case studies for the next generation of innovative change-makers. This unique book explores how culture, media, memes, and narrative intertwine with social change strategies, and offers practical methods to amplify progressive causes in the popular culture. *Re:Imagining Change* is an inspirational inside look at the trailblazing methodology developed by the Center for Story-based Strategy over fifteen years of their movement building partnerships. This practitioner's guide is an impassioned call to innovate our strategies for confronting the escalating social and ecological crises of the twenty-first century. This new, expanded second edition includes updated examples from the frontlines of social movements and provides the reader with easy-to-use tools to change the stories they care about most.

Petrus Romanus

The Final Pope is Here

Defender Pub Llc For more than 800 years scholars have pointed to the dark augury having to do with "the last Pope." The prophecy, taken from St. Malachy's "Prophecy of the Popes," is among a list of verses predicting each of the Roman Catholic popes from Pope Celestine II to the final pope, "Peter the Roman," whose reign would end in the destruction of Rome. First published in 1595, the prophecies were attributed to St. Malachy by a Benedictine historian named Arnold de Wyon, who recorded them in his book, *Lignum Vitæ*. Tradition holds that Malachy had been called to Rome by Pope Innocent II, and while there, he experienced the vision of the future popes, including the last one, which he wrote down in a series of cryptic phrases. According to the prophecy, the next pope (following Benedict XVI) is to be the final pontiff, Petrus Romanus or Peter the Roman. The idea by some Catholics that the next pope on St. Malachy's list heralds the beginning of "great apostasy" followed by "great tribulation" sets the stage for the imminent unfolding of apocalyptic events, something many non-Catholics would agree with. This would give rise to a false prophet, who according to the book of Revelation leads the world's religious communities into embracing a political leader known as Antichrist. In recent history, several Catholic priests—some deceased now—have been surprisingly outspoken on what they have seen as this inevitable danger rising from within the ranks of Catholicism as a result of secret satanic "Illuminati-Masonic" influences. These priests claim secret knowledge of an multinational power elite and occult hierarchy operating behind supranatural and global political machinations. Among this secret society are sinister false Catholic infiltrators who understand that, as the Roman Catholic Church represents one-sixth of the world's population and over half of all Christians, it is indispensable for controlling future global elements in matters of church and state and the fulfillment of a diabolical plan they call "Alta Vendetta," which is set to assume control of the papacy and to help the False Prophet deceive the world's faithful (including Catholics) into worshipping Antichrist. As stated by Dr. Michael Lake on the front cover, Catholic and evangelical scholars have dreaded this moment for centuries. Unfortunately, as readers will learn, time for avoiding Peter the Roman just ran out.

The Cult of the Presidency

America's Dangerous Devotion to Executive Power

Cato Institute The Bush years have given rise to fears of a resurgent Imperial Presidency, but the problem cannot be solved simply by bringing a new administration to power. Both Left and Right agree on the boundless nature of presidential responsibility. For both sides, it is the president's job to grow the economy, teach our children well, save us from hurricanes, and even to spread democracy abroad. In short, the Imperial Presidency is the price we pay for making the office the focus of our national hopes and dreams. Combining historical scholarship, legal analysis, and cultural commentary, *The Cult of the Presidency* argues that the presidency needs to be reined in, with its powers checked by Congress and the courts. Only then will we begin to return the presidency to its proper constitutional role.

Contemporary Navajo Affairs

Describes contemporary Navajo affairs and how they have been influenced by the federal and Tribal governments.

Health Issues in the Black Community

John Wiley & Sons *Health Issues in the Black Community* **THIRD EDITION** "The outstanding editors and authors of *Health Issues in the Black Community* have placed in clear perspective the challenges and opportunities we face in working to achieve the goal of health equity in America." —David Satcher, MD, PhD, 16th Surgeon General of the United States and director, Satcher Health Leadership Institute at Morehouse School of Medicine "Eliminating health disparities must be a central goal of any forward thinking national health policy. *Health Issues in the Black Community* makes a valuable contribution to a much-needed dialogue by focusing on the challenges of the black community." —Marc Morial, Esq., president, National Urban League "Health Issues in the Black Community illuminates comprehensively the range of health conditions specifically affecting African Americans, and the health disparities both within the black community and between racial and ethnic groups. Each chapter, whether addressing the health of African Americans by age, gender, type of disease, condition or behavior, is well-detailed and tells an important story. Together, they offer practitioners, consumers, scholars, and policymakers a crucial roadmap to address and change the social determinants of health, reduce disparities, and create more equal treatment for all Americans." —Risa Lavizzo-Mourey, MD, MBA, president, Robert Wood Johnson Foundation "I recommend *Health Issues in the Black Community* as a must-read for anyone concerned about the future of the African American community. Health disparities continues to be one of the major issues confronting the black community. This book will help to highlight the issues and keep attention focused on the work to be done." —Elsie Scott, PhD, president of the Congressional Black Caucus Foundation "This book is the definitive examination of health issues in black America—issues sadly overlooked and downplayed in our culture and society. I congratulate Drs. Braithwaite, Taylor, and Treadwell for their monumental book." —Cornel West, PhD, professor, Princeton University

VideoHound's DVD Guide

Gale / Cengage Learning Lists, reviews, and rates over two thousand DVDs arranged in alphabetical order, and includes indexes arranged by cast, director, screenwriter, cinematographer, composer, and category.
