## **KEY=THE - MORGAN TESSA**

---

**Michael of Romania The King and the Country** This is the first biography of King Michael of Romania for many years. Based on royal archives, Queen Helen's unpublished diaries, sources in Romania, and interviews with King Michael, Queen Helen and Crown Princess Margarita, it integrates the story of Michael with that of the country which he once ruled, and which he once tried to save. during the Second World War. After refusing to be a puppet to give legitimacy to the regime Hitler had set up in Romania he led a coup d'etat against the Germans which shortened the war and postponed the communist dictatorship of his country. For three years, from 1944-7, with the Soviet army in occupation, the Western Allies unable to help, and the two main democratic parties virtually destroyed, he hung on grimly to some degree of constitutional democracy until Stalin showed his hand. affection and support by the Romanian people. When he returned in 1996 he told them, 'I love you. Don't forget that.' H. M. King Michael I of Romania A Tribute Operation Autonomous A&C Black Ivor Porter first came to Romania in 1939 as a teacher of English - to the exotic, semi-oriental Bucharest described by Olivia Manning. After the war had broken out, and Romania had been absorbed into the Axis sphere of influence, he - together with his fellow-expatriates - was forced to leave a colourful, turbulent country to which he had become increasingly attached; but he was to return in 1943 as a member of SOE, parachuted in to play his part in the plot to overthrow the pro-Nazi regime of Marshal Antonescu and install a government more sympathetic to the Allied cause. Operation Anonymous, and the successful coup that followed in 1944, may well have hastened the end of the war by several months by helping the Red Army to sweep through the Carpathians into Central Europe, and south to the frontiers of Greece, yet for the Romanians themselves Russia, rather than Germany,

was the ancient enemy. Mixing the author's own experiences with detailed diplomatic and military history, Operation Autonomous opens up an important and neglected aspect of the war - and one that was to have momentous implications for the settlement of post-war Europe. Anne of Romania A War, an Exile, a Life The Road Home. Filip-Lucian Iorga In dialogue with Prince Nicholas of Romania Elephant Online Starting from the dialogue initiated by historian Filip-Lucian Iorga, this e-book introduces Prince Nicholas (Nicolae), the grandson of His Majesty King Michael I, from his first visit to Romania in 1992 to his decision to settle down in Romania, in 2012. The reader has the opportunity of knowing Prince Nicholas from his earliest childhood, a fan of knightly stories, but also willing to explore the world, a dynamic adolescent with a passion for cars, just like his royal grandfather, recounting with a genuine sense of humour the adventures he went through in his attempt to obtain a driver's license in Kenya. As a young man, Prince Nicholas went to a traditional British college and studied management in England, while keeping to his passion for sports: he played football, cricket, grass hockey, lacrosse, and rugby, went scuba diving into the ocean and worked as a rafting instructor in Africa. Moreover, this is a young man who sat at the same table as Queen Elizabeth II of Great Britain, with his uncles and cousins of the European Royal Families, but also with homeless children and within charitable institutions. The same young man has assumed at present the duties of Prince of Romania. At Your Service at All Times The Radio Messages and Interviews of H.M. King Michael I of Romania (1989-2011) Romania and NATO LIFE LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use. Romania Borderland of Europe Reaktion Books Romania occupies a unique position on the map of Eastern Europe. It is a country that presents many paradoxes. In this book the preeminent Romanian historian Lucian Boia examines his native land's development from the Middle Ages to modern times, delineating its culture, history, language, politics and ethnic identity. Boia introduces us to the heroes and myths of Romanian history, and provides an enlightening account of the history of Romanian Communism. He shows how modernization and the influence of the West have divided the nation - town versus country, nationalists versus pro-European factions, the elite versus the masses - and argues that Romania today is in chronic difficulty as it tries to fix its identity and envision a future for itself. The book concludes with a tour of Bucharest, whose houses, streets and public monuments embody Romania's traditional values and contemporary contradictions. LIFE LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of

today's people and events. They have free access to share, print and post images for personal use. Prince Philip The Turbulent Early Life of the Man Who Married Queen Elizabeth II Henry Holt and Company "Rich in drama and tragedy" (The Guardian), here is a mesmerizing account of the extraordinary formative years of the man married to the most famous woman in the world Before he met the young girl who became Queen Elizabeth II, Prince Philip had a tumultuous upbringing in Greece, France, Nazi Germany, and Britain. His mother, Princess Alice of Battenberg, was born deaf; she was committed to a psychiatric clinic when Philip was eight. His father, Prince Andrew of Greece, already traumatized by his exile from his home country, promptly shut up the family home and went off to live with his mistress, effectively leaving his young son an orphan. Remarkably, Philip emerged from his difficult childhood a character of singular vitality and dash—self-confident, opinionated, and devastatingly handsome. Girls fell at his feet, and the princess who would become his wife was smitten from the age of thirteen. Yet alongside his considerable charm and intelligence, the young prince was also prone to volcanic outbursts, which would have profound consequences for his family and the future of the monarchy. In this authoritative and wonderfully compelling book, acclaimed biographer Philip Eade brings to vivid life the storm-tossed early years of one of the most fascinating and mysterious members of the royal family. Ideological Storms Intellectuals, Dictators, and the Totalitarian Temptation Central European University Press This volume gathers authors who wrote important works in the fields of the history of ideologies, the comparative study of dictatorships, and intellectual history. The book is a state of the art reassessment and analysis of the ideological commitments of intellectuals and their relationships with dictatorships during the twentieth century. The contributions focus on turning points or moments of breakage as well as on the continuities. Though its focus is on an East-West comparison in Europe, there are texts also dealing with Latin America, China, and the Middle East giving the book a global outlook. The first part of the book deals with intellectuals' involvement with communist regimes or parties; the second looks at the persistence of utopianism in the trajectory of intellectuals who had been associated earlier in their lives with either communism or fascism; the third tackles intellectuals' role in national imaginations from either the left or the right; and, the fourth ties late twentieth century phenomena to current phenomena such as the persistence of anti-Semitism in the West, the slow erosion of the values upon which the EU is built, the quagmire in Iraq, and China's rise in the post-Cold War era. The collection provides a comprehensive big-picture of intellectual genealogies and dictatorial developments. Holy Legionary Youth Fascist Activism in Interwar Romania Cornell University Press Founded in 1927, Romania's Legion of the Archangel Michael was one of Europe's largest and longest-lived fascist social movements. In Holy Legionary Youth, Roland Clark draws on oral histories, memoirs, and substantial research in the archives of the Romanian secret police to

provide the most comprehensive account of the Legion in English to date. Clark approaches Romanian fascism by asking what membership in the Legion meant to young Romanian men and women. Viewing fascism "from below," as a social category that had practical consequences for those who embraced it, he shows how the personal significance of fascism emerged out of Legionaries' interactions with each other, the state, other political parties, families and friends, and fascist groups abroad. Official repression, fascist spectacle, and the frequency and nature of legionary activities changed a person's everyday activities and relationships in profound ways. Clark's sweeping history traces fascist organizing in interwar Romania to nineteenth-century grassroots nationalist movements that demanded political independence from the Austro-Hungarian Empire. It also shows how closely the movement was associated with the Romanian Orthodox Church and how the uniforms, marches, and rituals were inspired by the muscular, martial aesthetic of fascism elsewhere in Europe. Although antisemitism was a key feature of official fascist ideology, state violence against Legionaries rather than the extensive fascist violence against Jews had a far greater impact on how Romanians viewed the movement and their role in it. Approaching fascism in interwar Romania as an everyday practice, *Holy Legionary Youth* offers a new perspective on European fascism, highlighting how ordinary people "performed" fascism by working together to promote a unique and totalizing social identity. *Hitler's Forgotten Ally Ion Antonescu and his Regime, Romania 1940-1944* Springer This book is the first complete study in English of Antonescu's part in the Second World War. Antonescu was a major ally of Hitler and Romania fielded the third largest Axis army, joined the Tripartite Pact in November 1940 as a sovereign state and participated in the attack on the Soviet Union of 22 June 1941 as an equal partner of Germany. *The Romanian Story of an Obsession* Penguin Winner of the 2004 Prix de Flore—one of France's most distinguished literary prizes—a wildly romantic, true-life love story "History follows a trail of sputtering desire, often calling upon the delusions of lovers to generate the sparks. If it weren't for us, the world would suffer from a dismal lack of stories," writes Bruce Benderson in this brutally candid memoir. "What astonishes and intrigues is Benderson's way of recounting, in the sweetest possible voice, things that are considered shocking," wrote *Le Monde*. What's so shocking? It's not just Benderson's job translating Céline Dion's saccharine autobiography, which he admits is driving him mad; but his unrequited love for an impoverished Romanian in "cheap club-kid platforms with dollar signs in his squinting eyes," whom he meets while on a journalism assignment in Eastern Europe. Rather than retreat, Benderson absorbs everything he can about Romanian culture and discovers an uncanny similarity between his own obsession for the Romanian (named Romulus) and the disastrous love affair of King Carol II, the last king of Romania (1893-1953). Throughout, Benderson—"absolutely free of bitterness, nastiness, or any desire to protect himself," wrote *Le Monde*—is sustained by little white codeine pills,

a poetic self-awareness, a sense of humor, and an unwavering belief in the perfect romance, even as wild dogs chase him down Romanian streets.

**Virus Taxonomy Classification and Nomenclature of Viruses : Ninth Report of the International Committee on Taxonomy of Viruses Elsevier** The practical need to partition the world of viruses into distinguishable, universally agreed upon entities is the ultimate justification for developing a virus classification system. Since 1971, the International Committee on Taxonomy of Viruses (ICTV) operating on behalf of the world community of virologists has taken on the task of developing a single, universal taxonomic scheme for all viruses infecting animals (vertebrate, invertebrates, and protozoa), plants (higher plants and algae), fungi, bacteria, and archaea. The current report builds on the accumulated taxonomic construction of the eight previous reports dating back to 1971 and records the proceedings of the Committee since publication of the last report in 2005. Representing the work of more than 500 virologists worldwide, this report is the authoritative reference for virus organization, distinction, and structure.

**Children of the Night The Strange and Epic Story of Modern Romania Head of Zeus Ltd** A darkly humorous and horrifying history of some of the strangest dictators that Europe has ever seen.

**The Girl They Left Behind A Novel Washington Square Press** A sweeping historical romance that is “gripping, tragic, yet filled with passion and hope” (Kate Quinn, New York Times bestselling author), offering a vivid and unique portrayal of life in war-torn 1941 Bucharest during World War II and its aftermath—perfect for fans of Lilac Girls and Sarah’s Key. On a freezing night in January 1941, a little Jewish girl is found on the steps of an apartment building in Bucharest. With Romania recently allied with the Nazis, the Jewish population is in grave danger so the girl is placed in an orphanage and eventually adopted by a wealthy childless couple who name her Natalia. As she assimilates into her new life, she all but forgets the parents who were forced to leave her behind. As a young woman in Soviet Romania, Natalia crosses paths with Victor—an important official in the Communist regime that she used to know as an impoverished young student. Now they are fatefully drawn into a passionate affair despite the obstacles swirling around them and Victor’s dark secrets. When Natalia is suddenly offered a one-time chance at freedom, Victor is determined to help her escape, even if it means losing her. Natalia must make an agonizing decision: remain in Bucharest with her beloved adoptive parents and the man she has come to love, or seize the chance to finally live life on her own terms, and to confront the painful enigma of her past.

**The Girl They Left Behind “is a vividly told, beautifully written, impossible-but-true story”** (Helen Bryan, internationally bestselling author of War Brides) that you won’t soon forget.

**History and Myth in Romanian Consciousness Central European University Press** There is a considerable difference between real history and discourse history - this book stems from this idea. The author points out that history is constantly reconstructed, adapted and sometimes mythified from the perspective of the present day, of present

states of mind and ideologies. Boia closely examines the process of historical culture and conscience in nineteenth and twentieth century Romania, particularly concentrating on the impact of the national ideology on history. Based upon his findings, the author identifies several key mythical configurations and analyses the manner in which Romanians have reconstituted their own highly ideologized history over the last two centuries. The strength of *History and Myth in Romanian Consciousness* lies in the author's ability to fully deconstruct the entire Romanian historiographic system and demonstrate the increasing acuteness of national problems in general, and in particular the exploitation of history to support national ideology. *Dracula Is Dead Travels in Post-Communist Romania* "If they gave out gold medals for books, *Dracula is Dead* would get one. It's a fascinating, long overdue, and timely look at Romania, giving readers an unparalleled view of my country's many, many layers." Nadia Comaneci, Olympic Champion and Gymnastics coach In December 1989, Romanians overthrew dictator Nicolae Ceausescu, ending more than forty years of Communist totalitarianism. Five years ago, on the twentieth anniversary of the fall of Communism in Romania, former United States ambassador to Romania Jim Rosapepe and his wife, award-winning journalist Sheila Kast, wrote *Dracula Is Dead*. Now, on the twenty-fifth anniversary, they've updated it in a second edition. The book has achieved an amazon.com ranking of #5 in the essays/travelogues category and shares thoughtful insights on how Romania has reintegrated with Europe, while preserving its unique heritage. Today, Romania is a thriving democracy, an economic success, and a member of NATO and the European Union. Since 1989, Romania's economy has grown by 220% and its population has shrunk by thirteen percent as the birthrate fell and younger people left for higher pay in Spain and Italy. In 2014, Romania elected an ethnic German as president. Most important, Romania is now a normal European country with largely open borders and confidence that its future is democratic. What's the story behind the Romanian miracle? Join this amazing tour of an amazing land beyond Dracula, beyond orphans, beyond Communism, to the vibrant culture, unique history, and 21st century skills that define modern Romania. In the last decade, Romania became a world class player in IT - and in cinema. Romanian films such as "Tales from the Golden Age," "12:08 East of Bucharest," and "4 months, 3 weeks, 2 days" all won awards at Cannes in recent years - and have more fans abroad than at home. You'll travel to Bucharest, the capital city once called the Paris of the East, where centuries-old Orthodox Christianity thrives in tandem with cutting-edge information technology; to Maramures in the north, where the Holocaust took a great toll on a once vibrant Jewish community that included Nobel Prize-winner Elie Wiesel; to Transylvania, home not just to Vladepe Tepes, the real-life Dracula, but to the historic struggles between Romanians and Hungarians, now at peace; and to fascinating spots in-between. Along the way, you'll meet people, famous and unknown, who have made Romania -- people like King Michael, who in World War II, at age

twenty-two, led a coup to unseat a fascist dictator, only to be forced into exile by the Communists; Ion Iliescu, both a leading figure during Communism and Romania's first democratically elected president; and Judith Katona, a young woman who, like many Romanians, went abroad to study after the Revolution but returned to create the new Romania. More than a travelogue or memoir, *Dracula Is Dead: Travels in Post-Communist Romania* presents Romania through American eyes, taking you with Jim and Sheila as they discover a remarkable country of boundless hospitality, brilliant skills, and a bright future in a peaceful Europe. Romania's quarter-century since the Revolution has been a bumpy ride - divisive politics, economic cycles, and a war next door. But, through it all, Romania has emerged more free, more prosperous, and more secure. It also has preserved its unique culture - Romance language, Latin culture, Christian Orthodox religion, tolerant inclusion of ethnic minorities, rural village life, and love for (almost) all things American. See for yourself. "What a great read! With the eye of the journalist and the ear of the politician, Sheila Kast and Jim Rosapepe make their Romanian experience so absorbing that you'll want to jump on the next plane to go see for yourself. But I refuse to believe that Dracula is really dead." Cokie Roberts, author, syndicated columnist, and senior political analyst for ABC News and National Public Radio *The Wasted Generation: Memoirs of the Romanian Journey From Capitalism To Socialism And Back* Routledge My generation in Eastern Europe was caught in the middle of two revolutions (1944 and 1989), which instead of moving history ahead pushed it backward. We thus at first made a U-turn-a tortuous one, to be sure-from underdeveloped capitalism to underdeveloped socialism, but because socialism and underdevelopment are strange bedfellows, we have since discovered we were on the wrong path and are trying now to return to where we started. The drama of that generation is what this book is about. *Later Chapters of My Life: The Lost Memoir of Queen Marie of Romania* History Press Ltd The granddaughter of Queen Victoria and Tsar Alexander II of Russia, Queen Marie of Romania was one of the most brilliant monarchs of the 20th century. This recently discovered last volume of her memoirs covers the period following the First World War, and the new political configuration in united Romania. I Live Again Ileana, Princess of Romania and Archduchess of Austria-who in later life became Mother Alexandra, founder of the Orthodox Monastery of the Transfiguration in Pennsylvania-wrote this memoir shortly after relocating to the US in the 1950s. It tells the story of a life full of suffering, tragedy, and exile, but all is suffused with the author's deep faith, hope, love, and even joy. This reprint includes additional material collected by the nuns of her monastery that sets the memoir in the context of Mother Alexandra's later life. *Operation Gunn: Reunion The Repatriation of American POWs from Romania* In the middle of August 1944, the Soviet Red Army crossed the eastern border of Romania and threatened the entire position of the Axis in the Balkans. On August 23, Romania's King Michael summoned the head of government to

the royal palace and asked him to break with the Germans and negotiate surrender terms with the Allies. Shortly thereafter, Michael took Romania out of the war and issued an ultimatum that the German forces leave the country within 48 hours. The German commander after consulting with Hitler responded by bombing the royal palace, government offices, American POW locations and other targets in Bucharest. The POWs were informed of King Michael's edict, and amid this military and political chaos the question of what was the best course of action for the Allied prisoners was discussed at great length by the prisoners themselves. Hanging in the balance were the lives of more than 1200 Allied airmen who had crashed or bailed out over Romania and were now trapped in the midst of a war hundreds of miles from friendly territory. Immediate action was needed to settle the dire situation. The Senior American Officer (SAO), Lt. Col. James Gunn came up with a plan to pass the location of the German forces to 15th Air Force for bombing attacks and to arrange for the evacuation of the POWs by being flown to Italy aboard a Romanian Air Force aircraft. His arrival there triggered one of history's great and most novel mass evacuations. The Lost Harper Prism Tired of his life as a prep school teacher in England, Michael moves to Romania to reclaim his grandparents' land, discovers that he is a titled lord, and learns of an ancient evil.

**The World Book Encyclopedia** An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students. The **Royal Families of Europe Monarchy**, Europe's oldest system of government, continues to attract the world's attention. Ex-kings such as Constantine II of Greece, Michael II of Romania and Simeon of Bulgaria retain their titles and followers still hope for their restoration. Of the 15 members of the European Union 7 are monarchies. Of these, the Spanish king saved that country's democracy from military coup in the 1980s; the Belgian monarchy is a vital factor in the survival of that fractured nation; the Dutch royal house is immensely popular. History and historical gossip are part of the tradition of monarchy and neither are neglected in this account. The young Windsors, of course, have their place in the book but the focus, both of narrative and scandal, is on the colourful, sometimes controversial world of Continental monarchy. Geoffrey Hindley's lively new book speculates on the prospects of the institution after the year 2000.

**Bioprospecting of Plant Biodiversity for Industrial Molecules** John Wiley & Sons **BIOPROSPECTING OF PLANT BIODIVERSITY FOR INDUSTRIAL MOLECULES** A comprehensive collection of recent translational research on bioresource utilization and ecological sustainability **Bioprospecting of Plant Biodiversity for Industrial Molecules** provides an up-to-date overview of the ongoing search for biodiverse organic compounds for use in pharmaceuticals, bioceuticals, agriculture, and other commercial applications. Bringing together work from a panel of international contributors, this comprehensive monograph covers natural compounds of plants, endophyte enzymes and their applications in industry, plant bioprospecting in cosmetics, marine bioprospecting of seaweeds, and more. Providing global perspectives on

bioprospecting of plant biodiversity, the authors present research on enzymes, mineral micro-nutrients, biopesticides, algal biomass, and other bioactive molecules. In-depth chapters assess the health impacts and ecological sustainability of the various biomolecules and identify existing and possible applications ranging from ecological restoration to production of essential oils and cosmetics. Other topics include, bio-energy crops as alternative fuel resources, the role of plants in phytoremediation of industrial waste, and the industrial applications of endophyte enzymes.

**This comprehensive resource: Includes a through introduction to plant biodiversity and bioprospecting Will further the knowledge of application of different plants and improve research investigation techniques. Summarizes novel approaches for researchers in food science, microbiology, biochemistry, and biotechnology Bioprospecting of Plant Biodiversity for Industrial Molecules is an indispensable compendium of biological research for scientists, researchers, graduate and postgraduate students, and academics in the areas of microbiology, food biotechnology, industrial microbiology, plant biotechnology, and microbial biotechnology.**

**Patek Philippe The Authorized Biography To the Promised Land: Martin Luther King and the Fight for Economic Justice W. W. Norton & Company**

**"This is a dangerous book."—Robin D. G. Kelley, author of Freedom Dreams**

**Fifty years ago, a single bullet robbed us of one of the world's most eloquent voices for human rights and justice. To the Promised Land goes beyond the iconic view of Martin Luther King, Jr., as an advocate of racial harmony, to explore his profound commitment to the poor and working class and his call for "nonviolent resistance" to all forms of oppression, including the economic injustice that "takes necessities from the masses to give luxuries to the classes." "Either we go up together or we go down together," King cautioned, a message just as urgent in America today as then. To the Promised Land challenges us to think about what it would mean to truly fulfill King's legacy and move toward his vision of "the Promised Land" in our own time.**

**Pre-Incident Indicators of Terrorist Incidents The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct DIANE Publishing This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents.**

**Illustrations. Romania ABDO Publishing Company This book covers the history, government, economy, and major cities such as Bucharest,**

Constanta, and Iasi of this eastern European country. Full-color photos and engaging, easy-to-read text allow readers to explore Romania's land, plants and animals, climate, housing, language, religions, culture, and people. Landforms such as the Carpathian Mountains, Romania's largest land region, Transylvania, and the importance of the Danube River are covered. Romania's education system, foods, and folk arts such as woven carpets, pottery, decorative Easter eggs, and painted glass are explained. Important architecture includes the Palace of Parliament and Bran Castle. Key musical instruments such as the cobza and tambal are introduced, as is Romania's famous gymnast, Nadia Comaneci. A Fast Facts section, a graphic timeline, a recipe, and an index provide readers with important information. Helpful glossary terms and phonetics simplify challenging language.

**Biographical Dictionary of Central and Eastern Europe in the Twentieth Century** Routledge Drawing on newly accessible archives as well as memoirs and other sources, this biographical dictionary documents the lives of some two thousand notable figures in twentieth-century Central and Eastern Europe. A unique compendium of information that is not currently available in any other single resource, the dictionary provides concise profiles of the region's most important historical and cultural actors, from Ivo Andric to King Zog. Coverage includes Albania, Belarus, the Czech and Slovak Republics, Hungary, Estonia, Latvia, Lithuania, Poland, Romania and Moldova, Ukraine, and the countries that made up Yugoslavia.

**British Clandestine Activities in Romania during the Second World War** Springer British Clandestine Activities in Romania during the Second World War is the first monograph to examine the activity throughout the entire war of SOE and MI6. It was generally believed in Britain's War Office, after Hitler's occupation of Austria in March 1938, that Germany would seek to impose its will on South-East Europe before turning its attention towards Western Europe. Given Romania's geographical position, there was little Britain could offer her. The brutal fact of British-Romanian relations was that Germany was inconveniently in the way: opportunity, proximity of manufacture and the logistics of supply all told in favour of the Third Reich. This held, of course, for military as well as economic matters. In these circumstances the British concluded that their only weapon against German ambitions in countries which fell into Hitler's orbit were military subversive operations and a concomitant attempt to draw Romania out of her alliance with Germany.

**A History of Romania** The Scandalous Life of King Carol Hassell Street Press This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and

republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. History and Myth in Romanian Consciousness Central European University Press Based on the idea that there is a considerable difference between reality and discourse, the author points out that history is constantly reconstructed, adapted and sometimes mythicized from the perspectives of the present day, present states of mind and ideologies. He closely examines historical culture and conscience in nineteenth and twentieth century Romania, particularly concentrating on the impact of the national ideology on history. Boia's innovative analysis identifies several key mythical configurations and shows how Romanians have reconstituted their own highly ideologized history over the last two centuries. The strength of History and Myth in Romanian Consciousness lies in the author's ability to fully deconstruct the entire Romanian historiographic system and demonstrate the increasing acuteness of national problems in general, and in particular the exploitation of history to support national ideology. Welcome to Romania Passport to Eastern Europe & Russia Milliken Publishing Company Issue your students a passport to travel the globe with this incredible packet on Romania! Units feature in-depth studies of its history, culture, language, foods, and so much more. Reproducible pages provide cross-curricular reinforcement and bonus content, including activities, recipes, and games. Numerous ideas for extension activities are also provided. Beautiful illustrations and photographs make students feel as if they're halfway around the world. Perfect for any teacher looking to show off the world, this must-have packet will turn every student into an accomplished globetrotter! The Yiddish Policemen's Union A Novel Harper Collins For sixty years Jewish refugees and their descendants have prospered in the Federal District of Sitka, a "temporary" safe haven created in the wake of the Holocaust and the shocking 1948 collapse of the fledgling state of Israel. The Jews of the Sitka District have created their own little world in the Alaskan panhandle, a vibrant and complex frontier city that moves to the music of Yiddish. But now the District is set to revert to Alaskan control, and their dream is coming to an end. Homicide detective Meyer Landsman of the District Police has enough problems without worrying about the upcoming Reversion. His life is a shambles, his marriage a wreck, his career a disaster. And in the cheap hotel where Landsman has washed up, someone has just committed a murder—right under his nose. When he begins to investigate the killing of his neighbor, a former chess prodigy, word comes down from on high that the case is to be dropped immediately, and Landsman finds himself contending with all the powerful forces of faith, obsession, evil, and salvation that are his heritage. At once a gripping whodunit, a love story, and an exploration of the mysteries of exile and redemption, The Yiddish Policemen's Union is a novel only Michael Chabon could have written. Down with Big Brother The Fall of the

**Soviet Empire A&C Black** The author of this volume was present during the final decade of the Soviet empire, first for Reuters, then for the "Washington Post". While Dobbs watched, playwrights and electricians were transformed into presidents, while Communist Party leaders became jailbirds or newly-minted tycoons. He identifies the seeds of destruction, and shows how Mikhail Gorbachev, in particular, was the unwitting inspiration for the upheaval of the empire, while he thought he could save the Communist Party by reforming it.;Dobbs' conclusion is that though Big Brother may be dead, his dark legacy is still alive in the turbulence in Russia, Romania, Bosnia and other countries that once made up the most brutal empire of the 20th century.
