MILLIONAIRE TEACHER

THE NINE RULES OF WEALTH YOU SHOULD HAVE LEARNED IN SCHOOL

John Wiley & Sons The incredible story of how a schoolteacher built a million-dollar portfolio, and how you can too Most people wouldn't expect a schoolteacher to amass a million-dollar investment account. But Andrew Hallam did so, long before the typical retirement age. And now, with Millionaire Teacher, he wants to show you how to follow in his footsteps. With lively humor and the simple clarity you'd expect from a gifted educator, Hallam demonstrates how average people can build wealth in the stock market by shunning the investment products peddled by most financial advisors and avoiding the get-rich-quicker products concocted by an ever widening, self-serving industry. Using low cost index funds, coupled with a philosophy in line with the one that made Warren Buffett a multi-billionaire, Hallam guides readers to understand how the stock and bond markets really work, arming you with a psychological advantage for when markets fall. Shows why young investors should hope for stock market crashes if they want to get rich Explains how you can spend just 60 minutes a year on your investments, never open a financial paper, avoid investment news, and still leave most professional investors in the dust Promotes a unique new investment methodology that combines low cost index funds and a Warren Buffett-esque investment philosophy Millionaire Teacher explains how any middle-income individual can learn can learn the ABCs of personal finance and become a multi-millionaire, from a schoolteacher who has been there and done that.

MILLIONAIRE TEACHER

THE NINE RULES OF WEALTH YOU SHOULD HAVE LEARNED IN SCHOOL

John Wiley & Sons Adopt the investment strategy that turned a school teacher into a millionaire Millionaire Teacher shows you how to achieve financial independence through smart investing — without being a financial wizard. Author Andrew Hallam was a high school English teacher. He became a debt-free millionaire by following a few simple rules. In this book, he teaches you the financial fundamentals you need to follow in his tracks. You can spend just an hour per year on your investments, never think about the stock market's direction — and still beat most professional investors. It's not about get-rich-quick schemes or trendy investment products peddled by an ever-widening, self-serving industry; it's about your money and your future. This new second edition features updated discussion on passive investing, studies on dollar cost averaging versus lump sum investing, and a detailed segment on RoboAdvisors for Americans, Canadians, Australians, Singaporeans and British investors. Financial literacy is rarely taught in schools. Were you shortchanged by your education system? This book is your solution, teaching you the ABCs of finance to help you build wealth. Gain the financial literacy to make smart investment decisions Learn why you should invest in index funds Find out how to find the right kind of financial advisor Avoid scams and flash-in-the-pan trends Millionaire Teacher shows how to build a strong financial future today.

MILLIONAIRE EXPAT

HOW TO BUILD WEALTH LIVING OVERSEAS

John Wiley & Sons Build your strongest-ever portfolio from anywhere in the world Millionaire Expat is a handbook for smart investing, saving for retirement, and building wealth while overseas. As a follow-up to The Global Expatriate's Guide to Investing, this book provides savvy investment advice for everyone—no matter where you're from—to help you achieve your financial goals. Whether you're looking for safety, strong growth, or a mix of both, index funds are the answer. Low-risk and reliable, these are the investments you won't hear about from most advisors. Most advisors would rather earn whopping commissions than follow sound financial principles, but Warren Buffett and Nobel Prize winners agree that index funds are the best way to achieve market success—so who are you ready to trust with your financial future? If you want a better advisor, this book will show you how to find one; if you'd rather go it alone, this book gives you index fund strategies to help you invest in the best products for you. Learn how to invest for both safety and strong returns Discover just how much retirement will actually cost, and how much you should be saving every month Find out where to find a trustworthy advisor—or go it alone Take advantage of your offshore status to invest successfully and profitably Author Andrew Hallam was a high school teacher who built a million-dollar portfolio—on a teacher's salary. He knows how everyday people can achieve success in the market. In Millionaire Expat, he tailors his best advice to the unique needs of those living overseas to give you the targeted, real-world guidance you need.

THE GLOBAL EXPATRIATE'S GUIDE TO INVESTING

FROM MILLIONAIRE TEACHER TO MILLIONAIRE EXPAT

John Wiley & Sons Exploit your offshore status to build a robust investment portfolio Most of the world's 200 million expats float in stormy seas. Few can contribute to their home country social programs. They're often forced to fend for themselves when they retire. The Global Expatriate's Guide to Investing is the world's only book showing expats how to build wealth overseas with index funds. Written by bestselling author, Andrew Hallam, it's a guide for everyone, no matter where they are from. Warren Buffett says you should buy index funds. Nobel prize winners agree. But dangers lurk. Financial advisors overseas can be hungry wolves. They don't play by the same set of rules. They would rather earn whopping commissions than follow solid financial principles. The Global Expatriate's Guide To Investing shows how to avoid these jokers. It explains how to find an honest financial advisor: one that invests with index funds instead of commission paying windfalls. You don't want an advisor? Fair enough. Hallam shows three cutting edge index fund strategies. He compares costs and services of different brokerages, whether in the U.S. or offshore. And he shows every nationality how to invest in the best products for them. Some people want stability. Some want strong growth. Others want a dash of both. This book also answers the following questions: How much money do I need to retire? How much should I be saving each month? What investments will give me both strong returns, and safety? The Global Expatriate's Guide To Investing also profiles real expats and their stories. It shows the mistakes and successes that they want others to learn from. It's a humorous book. And it demonstrates how you can make the best of your hard-earned money.

THE SMARTEST MONEY BOOK YOU'LL EVER READ

EVERYTHING YOU NEED TO KNOW ABOUT GROWING, SPENDING, AND ENJOYING YOUR MONEY

Penguin Stop working for your money—and put your money to work for you! Tens of thousands of readers trust Dan Solin's advice when it comes to investing, managing their portfolios and their 401(k)s, and planning for retirement. Now Solin offers the smartest guide to money management and financial planning yet. From managing your debt, maximizing savings, and making smart decisions about home ownership (or not) to insurance, investing, and retirement, The Smartest Money Book You'll Ever Read will be your guide to financial independence for a lifetime—and beyond. Written in the same no-nonsense style as his previous bestsellers, The Smartest Money Book You'll Ever Read breaks financial planning and money management into bite-size pieces—with immediately actionable advice. Covering the key tasks in every area of personal finance, Solin shows you how to: • Analyze your money problems and get motivated to solve them • Get out of debt fast, and draw up a budget you can live on—and live with • Blow off useless commission-based advisors and learn to take control of your own financial future • Buy the health/life/disability/auto insurance you need—and only what you need • Invest so that—finally—your money works for you, not someone else Step by simple step, this is advice that you can actually understand and follow. You can avoid debt-addiction and other financial hazards, as well as learn to harness the power of the web to put your money to work. The Smartest Money Book You'll Ever Read is recommended by Mint.com, the world's largest free online financial planning site, for use by its members. However, all of the advice in this book is readily accessible to all readers.

Based on the author's firsthand experience of bootstrapping himself out of failure, The Millionaire Dropout is for anyone who wants to learn the secrets for increasing their income and their standard of living. Divided into three sections readers will walk through the stages for taking control of their life, learning how to make more money, and learning how be smart with their successes. Everyone owes it to themselves to invest a little time and effort into increasing their standard of living and releasing the personal power that is locked up inside of us all.

MOOLALA

WHY SMART PEOPLE DO DUMB THINGS WITH THEIR MONEY - AND WHAT YOU CAN DO ABOUT IT

McClelland & Stewart Smart, capable people are doing dumb things with their money. They can teach high school, write a marketing plan, navigate the Metro in Paris, file their own taxes, brew their own beer, program a PVR, and even raise teenagers. And still, these smart, capable people often do dumb things when it comes to their money. In Moolala, business journalist, professional coach, and popular speaker Bruce Sellery provides a simple, essential guide for those who, when it comes to managing their money, could use a spoonful of sugar to help the medicine go down. The goal of Moolala is simply stated: To inspire you to get a handle on your money so you can live the life you want. Through an engaging combination of interactive exercises, personal stories, and great practical advice, the book will take you through five simple and painless steps that will dramatically improve your financial well-being. Inspiring, informative, and fun, Moolala will transform the way you think about your money — and your life. From the Trade Paperback edition.

THE INVESTOR'S DILEMMA

HOW MUTUAL FUNDS ARE BETRAYING YOUR TRUST AND WHAT TO DO ABOUT IT

John Wiley & Sons Based on cutting-edge research by leading corporate critic Louis Lowenstein, *The Investor's Dilemma: How Mutual Funds Are Betraying Your Trust and What to Do About It* reveals how highly overpaid fund sponsors really operate and walks you through the conflicts of interest found throughout the industry. Page by page, you'll discover the real problems within the world of mutual funds and learn how to overcome them through a value-oriented approach to this market.

THE MILLIONAIRE CODE

16 PATHS TO WEALTH BUILDING

John Wiley & Sons Praise for THE MILLIONAIRE CODE "A wonderfully worthy book, especially in an era when the wrong kind of capitalism has been in the driver's seat. The Millionaire Code is about something far more noble than money—the joy of living your life to the fullest simply by finding what it is you love to do, and then doing it. 'Hats off' to Paul Farrell for picking up where William Shakespeare left off: 'This above all: to thine ownself be true.'" -John C. Bogle Founder and former CEO, The Vanguard Group "To make your savings grow, you need to know three things: the way the markets work, the way market history works, and the way you work. Let Paul Farrell take you on an enlightening, enjoyable, and profitable journey to the inner self of the successful investor." -William J. Bernstein, PhD, MD author of *The Four Pillars of Investing: Lessons for Building a Winning Portfolio* and *The Intelligent Asset Allocator* "Combining personality theory, solid investment advice, and Zen philosophy, Paul Farrell demonstrates concretely how necessary it is to combine your personality and investing styles in order to create meaningful wealth. If you want to learn what it takes to develop your own unique investment strategy—the only kind likely to succeed—this is the book to get." -Dr. Richard Geist Clinical Instructor, Department of Psychiatry (Psychology) Harvard Medical School "An important work. Leave it to Paul Farrell to provide a truly unique insight into the minds of millionaire investors. I have been impressed with Paul Farrell's work for many years. His latest book, *The Millionaire Code*, provides an important contribution to the world of investing. Truly unique insights." -Charles Carlson author, *Eight Steps to Seven Figures: The Investment Strategies of Everyday Millionaires and How You Can Become Wealthy Too* "It's often said that if you don't know who you are, Wall Street is an expensive place to find out. By helping you understand more about yourself, this book will help you become a more successful investor." -Ric Edelman Chairman, Edelman Financial Services, author of *Ordinary People, Extraordinary Wealth*, and *Discover the Wealth Within You*

THE BAREFOOT INVESTOR

THE ONLY MONEY GUIDE YOU'LL EVER NEED

John Wiley & Sons ** Reviewed and updated for the 2020-2021 financial year** This is the only money guide you'll ever need That's a bold claim, given there are already thousands of finance books on the shelves. So what makes this one different? Well, you won't be overwhelmed with a bunch of 'tips' ... or a strict budget (that you won't follow). You'll get a step-by-step formula: open this account, then do this; call this person, and say this; invest money here, and not there. All with a glass of wine in your hand. This book will show you how to create an entire financial plan that is so simple you can sketch it on the back of a serviette ... and you'll be able to manage your money in 10 minutes a week. You'll also get the skinny on: Saving up a six-figure house deposit in 20 months Doubling your income using the 'Trapeze Strategy' Saving \$78,173 on your mortgage and wiping out 7 years of payments Finding a financial advisor who won't rip you off Handing your kids (or grandkids) a \$140,000 cheque on their 21st birthday Why you don't need \$1 million to retire ... with the 'Donald Bradman Retirement Strategy' Sound too good to be true? It's not. This book is full of stories from everyday Aussies — single people, young families, empty nesters, retirees — who have applied the simple steps in this book and achieved amazing, life-changing results. And you're next.

MONEY LIKE YOU MEAN IT

PERSONAL FINANCE TACTICS FOR THE REAL WORLD

Dundurn Wrestle debt to the ground. Figure out whether you should rent or buy. And determine if a side hustle is really worth the hassle. Get a job, buy a house, spend less than you make, and retire at sixty-five. That's advice for a world that has largely disappeared. Even good jobs today often have no guarantee of stability. Home prices have reached the stratosphere. Meanwhile, student debt drags you down just as you're trying to take off in life. To survive and thrive in today's reality, you need a whole new personal finance toolkit. Global News money reporter Erica Alini blends the big picture with practical advice to give you a deeper understanding of the economic forces that are shaping your financial struggles and how to overcome them. Packed with concrete tips, *Money Like You Mean It* covers all the bases: from debt through investing and retirement to renting vs. buying and how to tell whether a side gig is really worth the effort. It's the essential road map you need to make it in the current economy.

THE GONE FISHIN' PORTFOLIO

GET WISE, GET WEALTHY...AND GET ON WITH YOUR LIFE

John Wiley & Sons A timeless investment guide that reveals how to consistently earn market-beating returns while reducing risk What every investor needs is a battle-tested strategy that embraces the uncertainty of financial markets—and life in general. One that will yield market-beating portfolio returns in both good times and bad. The *Gone Fishin' Portfolio* shows you what that strategy is, how it works, and why you should begin using it immediately. The innovative approach outlined throughout these pages will help investors enjoy a notably high probability of success by using an investment strategy based on the notion that nobody knows what the market is likely to do next, which, in effect, allows investors to capitalize on uncertainty. Details one of the safest and simplest ways to reach your long-term financial goals, and explores the financial and psychological challenges you're likely to face in the years ahead The "Gone Fishin' Portfolio" is based on a Nobel Prize-winning investment strategy that takes just twenty minutes to implement Discusses the relationship between risk and reward in financial markets, and reveals how the investment industry really works The *Gone Fishin' Portfolio* will allow you to reach your most important investment goals, beat Wall Street at its own game, and achieve the financial independence you deserve.

THE MILLIONAIRE NEXT DOOR

Rosetta Books How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (*The Washington Post*). Most of the truly wealthy in the United States don't live in Beverly Hills or on Park Avenue. They live next door. America's wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don't realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America's truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture.” —*Library Journal*

YOUR MONEY OR YOUR LIFE

9 STEPS TO TRANSFORMING YOUR RELATIONSHIP WITH MONEY AND ACHIEVING FINANCIAL INDEPENDENCE

Revised and Updated In an age of great economic uncertainty when everyone is concerned about money and how they spend what they have, this new edition of the bestselling *Your Money or Your Life* is an essential read. With updated resources, an easy-to-use index, and anecdotes and examples particularly relevant today, it tells you how to: get out of debt and develop savings? reorder material priorities and live well for less? resolve inner conflicts between values and lifestyle? save the planet while saving money? and much more In *Your Money or Your Life*, Vicki Robin shows readers how to gain control of their money and finally begin to make a life, rather than just make a living.

BABY STEPS MILLIONAIRES

HOW ORDINARY PEOPLE BUILT EXTRAORDINARY WEALTH--AND HOW YOU CAN TOO

Ramsey Press You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That’s when he set out to learn God’s ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In Baby Steps Millionaires, you will . . . *Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you Baby Steps Millionaires isn’t a book that tells the secrets of the rich. It doesn't teach complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don’t need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it’s game on!

A WEALTH OF COMMON SENSE

WHY SIMPLICITY TRUMPS COMPLEXITY IN ANY INVESTMENT PLAN

John Wiley & Sons A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

THE COFFEEHOUSE INVESTOR

HOW TO BUILD WEALTH, IGNORE WALL STREET, AND GET ON WITH YOUR LIFE

Penguin In 1998, after thirteen years of providing investment advice for Smith Barney, Bill Schultheis wrote a simple book for people who felt overwhelmed by the stock market. He had discovered that when you simplify your investment decisions, you end up getting better returns. As a bonus, you gain more time for family, friends, and other pursuits. The Coffeehouse Investor explains why we should stop thinking about top-rated stocks and mutual funds, shifts in interest rates, and predictions for the economy. Stop trying to beat the stock market average, which few “experts” ever do. Instead, just remember three simple principles: Don’t put all your eggs in one basket. There’s no such thing as a free lunch. And save for a rainy day. By focusing more on your passions and creativity and less on the daily ups and downs, you will actually build more wealth—and improve the quality of your life at the same time.

THE NAKED MILLIONAIRE

THE ULTIMATE FAST TRACK GUIDE TO WEALTH, FREEDOM AND FULFILLMENT

John Wiley & Sons This is a book about becoming a millionaire. Not through investment, although you may invest the money that you make. Not through savings, although you will be able to have some of those. And not through betting on the 4.10 at your local race track. This is a 'how to' book like no other, with seven possible paths, all leading to the same outcome. This is your book, not mine. If you do the things in this book you will become a millionaire - it's that simple. So what do you want to do? Be an authentic millionaire? Design a global brand? Start and grow your business? Avoid pitfalls? See what others don't? Become a professional speaker? Write a bestseller? Your book, your choice. This is a work of fact - if, and only if, you do something with it. Otherwise, it's a work of fiction.

THE GONE FISHIN' PORTFOLIO

GET WISE, GET WEALTHY...AND GET ON WITH YOUR LIFE

John Wiley & Sons Learn how to invest, relax, and let your money do the work with this incredible guide Fully revised, updated, and expanded for the first time since its New York Times Best-Selling debut in 20TK, the legendary Alexander Green's essential guide for individual investors spells out stock-market success for everyone from first-timers to seasoned pros. The Gone Fishin' Portfolio: Get Wise, Get Wealthy...and Get on With Your Life, Second Edition delivers a long-term investment strategy that lets you reap the rewards of financial success with a simple, yet sophisticated, strategy that increases returns, reduces risk, and leaves you with time to enjoy the finer things in life. You'll learn about the fundamental relationship between risk and reward in the financial markets and get a trading insider's view of how the investment industry actually works. With The Gone Fishin' Portfolio, you'll also discover: How to take your financial future into your own hands How to invest in a way that doesn't require you to spend every waking moment worrying about your money How to avoid the most common traps the investment industry sets for you Why skilled investing doesn't have to be complicated Perfect for individual investors who want to put their money to work for them, The Gone Fishin' Portfolio gives you all the tools you need to manage your own money and maximize your investment returns today.

THE PHILOSOPHY OF PSYCHOLOGY

Cambridge University Press What is the relationship between common-sense, or 'folk', psychology and contemporary scientific psychology? Are they in conflict with one another? Or do they perform quite different, though perhaps complementary, roles? George Botterill and Peter Carruthers discuss these questions, defending a robust form of realism about the commitments of folk psychology and about the prospects for integrating those commitments into natural science. Their focus throughout the book is on the ways in which cognitive science presents a challenge to our common-sense self-image - arguing that our native conception of the mind will be enriched, but not overturned, by science. The Philosophy of Psychology is designed as a textbook for upper-level undergraduate and beginning graduate students in philosophy and cognitive science, but as a text that not only surveys but advances the debates on the topics discussed, it will also be of interest to researchers working in these areas.

THE PHYSICIAN'S GUIDE TO INVESTING

A PRACTICAL APPROACH TO BUILDING WEALTH

Springer Science & Business Media I met Bob Doroghazi when he dropped the first draft of his manuscript of The Physician's Guide to Investing: A Practical Approach to Building Wealth at my office. I will have to admit I was a bit skeptical: a physician writing a book on investments? During that first meeting with Bob, it became evident that he had been a successful physician and a successful investor, so I agreed to take a look at the book. I was in for a pleasant surprise. Bob’s manuscript was easy to read and had specific advice useful to physicians, interspersed with lots of practical tidbits for any investor. Having written three college-level finance and investment texts, I was excited to be in on a project aimed at offering practical investment advice to a more general, yet specialized, audience. I had high expectations for the book and am pleased to say that I believe Bob has delivered a book that every physician interested in building wealth and protecting assets should read. Bob is a straight shooter; he tells it like he sees it in his book. Some doctors might be indignant on reading his statements, such as “Physicians sometimes have no idea of their limitations. This type of arrogance and ego can

result in investing disaster.” However, if you do have these limitations (and most professionals, even college professors, do), then reading Bob’s book will help you recognize situations in which they can lead to poor investment decisions.

HOW NOT TO MOVE BACK IN WITH YOUR PARENTS

THE YOUNG PERSON'S COMPLETE GUIDE TO FINANCIAL EMPOWERMENT

Penguin Group In this era of the Boomerang Generation, here at last is a full and frank guide to avoiding the need to move back in with your parents. Rob Carrick of The Globe and Mail is one of Canada's most trusted and widely read financial experts. His latest book is the first by anyone to target financial advice specifically at young adults graduating from university or college and moving into the workforce, into the housing market and into family life. Financial beginners, in other words. Carrick offers what can only be described as a wealth of information, on the full life cycle of financial challenges and opportunities young people face, including saving for a post-secondary education and paying off student debts, establishing a credit rating, basic banking and budgeting, car and home buying, marriage and raising children of their own, and insurance. The book is mindful throughout that parents have a big role to play in all this. It addresses young readers throughout but regularly asks them to see things from their parents' perspective. In that way, Rob Carrick is able to offer advice to both generations. He even recognizes that in these difficult times, moving back in with the folks is sometimes a short-term necessity. So there is a section devoted to such important questions as: Should your parents be charging you rent? For that and many thousands of dollars' worth of other reasons, this is a book that every parent needs to buy for each of their kids, plus one for themselves.

THE WEALTH CHEF

Hay House, Inc International finance coach Ann Wilson is known as the Wealth Chef because of her ability to help people cook up monetary success. In this previously self-published book, Ann has laid out a step-by-step guide to creating financial freedom. In its pages, readers will find five recipes for wealth that helped Ann go from having nothing to becoming a multimillionaire. These recipes reveal the secrets to: • Becoming debt-free while simultaneously generating wealth • Getting your "wealth accelerators" working • Increasing your quality of life while reducing your expenses • Focusing on personal goals and tracking successes for rapid results Ann takes what she's learned from her own life and from teaching around the world—from Africa, to Asia, to Australia, to America, to Europe—and gives readers an in-depth yet manageable plan and tested principles to improve their relationship with money. Simply put, she shows readers how to become financially savvy and build wealth starting immediately. They realize they can create financial freedom and live their dream life now, feeling empowered to throw away the old recipe for success: mix together one secure job with a lifelong portion of hard work and sacrifice to hopefully live the dream life after retirement. Why wait? With the practices and techniques Ann presents here they don't have to!

YOUR COMPLETE GUIDE TO FACTOR-BASED INVESTING

THE WAY SMART MONEY INVESTS TODAY

There are hundreds of exhibits in the investment "factor zoo." Which ones are actually worth your time, and your money? Andrew L. Berkin and Larry E. Swedroe, co-authors of The Incredible Shrinking Alpha, bring you a thorough yet still jargon-free and accessible guide to applying one of today's most valuable quantitative, evidence-based approaches to outperforming the market: factor investing. Designed for savvy investors and professional advisors alike, Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today takes you on a journey through the land of academic research and an extensive review of its 50-year quest to uncover the secret of successful investing. Along the way, Berkin and Swedroe cite and distill more than 100 academic papers on finance and introduce five unique criteria that a factor (at its most basic, a characteristic or set of characteristics common among a broad set of securities) must meet to be considered worthy of your investment. In addition to providing explanatory power to portfolio returns and delivering a premium, Swedroe and Berkin argue a factor should be persistent, pervasive, robust, investable and intuitive. By the end, you'll have learned that, within the entire "factor zoo," only certain exhibits are worth visiting and only a handful of factors are required to invest in the same manner that made Warren Buffett a legend. Your Complete Guide to Factor-Based Investing: The Way Smart Money Invests Today offers an in-depth look at the evidence practitioners use to build portfolios and how you as an investor can benefit from that knowledge, rendering it an essential resource for making the informed and prudent investment decisions necessary to help secure your financial future.

BEATING THE DOW REVISED EDITION

A HIGH-RETURN, LOW-RISK METHOD FOR INVESTING IN THE DOW JONES INDUSTRIAL STOCKS WITH AS LITTLE AS \$5,000

HarperBusiness In 1991, Michael B. O'Higgins, one of the nation's top money managers, turned the investment world upside down with an ingenious strategy, showing how all investors--from those with only \$5,000 to invest to millionaires--could beat the pros 95% of the time by putting 100% of their equity investment into the high-yield, low-risk "dog" stocks of the Dow Jones Industrial Average. His formula spawned a veritable industry, including websites, mutual funds, and \$20 billion worth of investments, elevating the theory to legendary status. Reflecting on the greatest bull market of our time, this must-have investment guide has been revised and updated for a new economy. With current company and stock profiles, as well as new charts, statistics, graphs, and figures, Beating the Dow is the smart investment that you--and your portfolio--can't afford to miss

RISK LESS AND PROSPER

YOUR GUIDE TO SAFER INVESTING

John Wiley & Sons A practical guide to getting personal investing right Somewhere along the way, something has gone very wrong with the way individuals save and invest. Too often, households are drawn in by promotional suggestions masquerading as impartial investment advice. Consumers get saddled with more risk than they realize. Authors Zvi Bodie and Rachelle Taquu understand the dilemma that today's investors face, and with Risk Less and Prosper they will help you find your financial footing. Written in an accessible style, this practical guide skillfully explains why personal investing is all about you—your goals, your values and your career path. It shows how to understand investment risk and choose the particular blend of risk and safety that is right for you. And it lays out several simple yet powerful ways for small investors to cast a reliable safety net to achieve their financial goals and truly prosper. Coauthors Bodie and Taquu challenge the myth that all investments require risk, then highlight some important risks that families often disregard when deciding where to put their money. Later, they connect the dots between investment and investor, showing us all how to grasp our own investment risk profiles and how we may use these insights to make more fitting investment choices. Outlines a straightforward way to invest by aligning your investments with your goals and the risk levels you can bear Provides basic investment abc's for readers who are otherwise literate Lays out a simple, actionable plan for achieving your goals Explains the role of risk-free assets and investment insurance in assuring that you reach your most essential goals Contrary to popular belief, investing doesn't have to be complicated. You can build wealth without taking great risks. Risk Less and Prosper will show you how to make investment decisions that will make your financial life less stressful and more profitable.

HOW TO REALLY RUIN YOUR FINANCIAL LIFE AND PORTFOLIO

John Wiley & Sons An economist, financial commentator, and media personality provides the rules that every would-be investor needs to know, so that they can do the exact opposite and actually make money.

SUMMARY - THE MILLIONAIRE NEXT DOOR

BY THOMAS J. STANLEY - THE SURPRISING SECRETS OF AMERICA'S WEALTHY

Createspace Independent Publishing Platform The Millionaire Next Door: A Complete Summary! The Millionaire Next Door is a book about how to become rich written by Thomas J. Stanley and William D. Danko. In order to explain how to become rich, the authors use logical explanations based on research. According to a 20-year study of a group of 1,000 millionaires in the United States, the authors came to some fascinating conclusions. Although many Americans think that there are only a few ways to become rich, Stanley and Danko prove something different. Not only is there a chance for every person to become wealthier than they currently are, but it is also much easier and more practical than most people think. In this summary, we will try to cover as much of what the authors say in their book as possible. After the summary, we will analyze the book and have a short quiz with answers available in the "quiz answers" section, which will be on the next page. The last part is the conclusion of the book, where we will review what we learned in the summary. Let's get started then. Join us in our adventure of discovery about whether it is possible for ordinary people to become wealthy - and how they can do it. Here Is A Preview Of What You Will Get: - A summarized version of the book. - You will find the book analyzed to further strengthen your knowledge. - Fun multiple choice quizzes, along with answers to help you learn about the book. Get a copy, and learn everything about The Millionaire Next Door.

THE FOUR PILLARS OF INVESTING

McGraw Hill Professional Sound, sensible advice from a hero to frustrated investors everywhere William Bernstein's *The Four Pillars of Investing* gives investors the tools they need to construct top-returning portfolios--without the help of a financial adviser. In a relaxed, nonthreatening style, Dr. Bernstein provides a distinctive blend of market history, investing theory, and behavioral finance, one designed to help every investor become more self-sufficient and make better-informed investment decisions. The 4 Pillars of Investing explains how any investor can build a solid foundation for investing by focusing on four essential lessons, each building upon the other. Containing all of the tools needed to achieve investing success, without the help of a financial advisor, it presents: Practical investing advice based on fascinating history lessons from the market Exercises to determine risk tolerance as an investor An easy-to-understand explanation of risk and reward in the capital markets

THE SMARTEST PORTFOLIO YOU'LL EVER OWN

A DO-IT-YOURSELF BREAKTHROUGH STRATEGY

Penguin Bestselling author and financial blogger, Dan Solin, provides real do-it-yourself investors the means to create a dynamic-and safe- portfolio that mimics those constructed for some of the major institutional and trust investors in the country. Readers can maintain complete control over their money-and not sacrifice precious points to an advisor or broker. Using a strategy that minimizes volatility and maximizes returns, Solin makes investing according to the principles of the most sophisticated financial models accessible to individuals in a way that has never been possible before. As readers have come to expect from Solin, implementing this plan is as simple as one, two, three: open an account with a discount broker; determine the appropriate asset allocation using the simple questionnaire in the book or online; input pre-determined ETFs (Exchange Traded Funds) and the allocations for the level of the investor's individual risk profile. This is the only book that provides the information and practical guidance that readers need to achieve the very best results with the minimum risk, on their own.
