**A History of Modern Europe R.S. Means Company** Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A seasoned teacher and talented historian, Professor John Merriman offers a carefully crafted narrative that guides students through a vast amount of complex material, integrating the many aspects of the European experience into a larger, interconnected whole. A full ten percent shorter than its predecessor, the Second Edition has tightened organization throughout to make room for recent research and descriptions of the current issues and events that define Europe's role in the world today. **Modern Europe Sources and Perspectives from History Pearson College Division** This engaging collection of primary sources and selected fiction excerpts explores important events, figures, and themes in European history, from 1789 to the present. Modern Europe offers four types of selections: memoirs of individuals who witnessed important historical events; excerpts from works of fiction; writings of influential figures and theorists; and significant historical documents. Primary source selections acquaint students with the writings and documents that helped shape modern European history, while the fiction selections bring historical events to the level of human life. The selections explore significant themes of this time period—modernization, social and political movements, the relationship between the individual and society—enhancing students' understanding of the historical events presented in course lectures and textbooks. Both challenging and captivating, Modern Europe provides students with a glimpse of the emotions, ideologies, and mindsets that lie behind the facts and figures of history, allowing them to experience the past and to better understand it. **Themes in Modern European History, 1890-1945 Psychology Press** Fixes the important developments of the period not only in the political framework of the time, but also in their social and cultural context. These essays throw new light on the European situation between 1890 and the Second World War. Themes in European History treats in thematic fashion a period of great change and upheaval in Europe. A collection of twelve essays by five leading historians, this textbook\* highlights important developments and changes that occurred\* sets these changes in their social and cultural context as well as in the political framework\* concentrates on the most important powers in Europe\* completes each essay with suggestions for further reading to guide your students into continuing their research. Whereas other textbooks of this period focus on the political events, Themes in Modern European History uses a comparative history of institutions and societies, with emphasis on the cultural changes as well. Students are provided with the whole picture of events and are made aware of the wider consequences of the changes taking place - enabling them to understand all aspects of the dramatic transformation of Europe from 1890-1945. **Belgium A History Peter Lang** Although Belgium has only been an independent state since the 1830s, it has a long and complex past. This history is essential for understanding the complexities of issues that led to a devolution of the unitary Belgian state into a federation of linguistically based regions. In addition to the elements that contributed to Belgium's particular political evolution, the history which is traced in this book is a composite of many themes of broad historical interest and importance. Belgium: A History covers the gamut of Belgian history through dramas of religious and cultural conflict, intense localism, state building, uneven development, divergent class interests, war and domination, and finally, integration into a larger European community. **Readings in Modern European History: Europe since the Congress of Vienna Modern European History A Concise History of Modern Europe Liberty, Equality, Solidarity Rowman & Littlefield Publishers** Highlighting the most important events, ideas, and individuals that shaped modern Europe, A Concise History of Modern Europe provides a readable, succinct history of the continent from the Enlightenment and the French Revolution to the present day. Avoiding a detailed, lengthy chronology, the book focuses on key events and ideas to explore the causes and consequences of revolutions—be they political, economic, or scientific; the origins and development of human rights and democracy; and issues of European identity. Any reader needing a broad overview of the sweep of European history since 1789 will find this book, published in a first edition under the title Revolutionary Europe, an engaging and cohesive narrative. **Mastering Modern European History** Mastering Modern European History traces the development of Europe from the French Revolution to the present day. Political, diplomatic and socio-economic strands are woven together and supported by a wide range of pictures, maps, graphs and questions. Documentary extracts are included throughout to encourage the reader to question the nature and value of various types of historical evidence. The second edition brings us fully up to the present day. Chapters on European Decolonisation, Communist Europe 1985-9, and European Unity and Discord have been added, and others have been substantially rewritten. An even wider range of illustrations and documentary source questions are included. The book is presented in a readable and well ordered format and is an ideal reference text for students. **Themes in Modern European History Since 1945 Routledge** This collection explores the most important transformations & upheavals of post-1945 Europe in the light of recent scholarship. It examines the post-war economic boom & the political realignment of eastern European states in the 1990s, amongst other topics. **The Wiley-Blackwell Dictionary of Modern European History Since 1789 John Wiley & Sons** The Wiley-Blackwell Dictionary of Modern European History Since 1789 is an authoritative and accessible reference guide to the major people, events, and issues that have shaped the development of Europe from the French Revolution to the present day. Features almost a thousand alphabetical entries on modern European history Offers extensive cross-references to enhance clarity and reveal historical links and connections, and a series of maps charting the evolution of modern European states Covers the whole of continental Europe, as well as relevant aspects of the British experience Written by a trio of distinguished historians of the period **The Oxford Handbook of Early Modern European History, 1350-1750 Oxford University Press, USA** This Handbook re-examines the concept of early modern history in a European and global context. The term 'early modern' has been familiar, especially in Anglophone scholarship, for four decades and is securely established in teaching, research, and scholarly publishing. More recently, however, the unity implied in the notion has fragmented, while the usefulness and even the validity of the term, and the historical periodisation which it incorporates, have been questioned. The Oxford Handbook of Early Modern European History, 1350-1750 provides an account of the development of the subject during the past half-century, but primarily offers an integrated and comprehensive survey of present knowledge, together with some suggestions as to how the field is developing. It aims both to interrogate the notion of 'early modernity' itself and to survey early modern Europe as an established field of study. The overriding aim will be to establish that 'early modern' is not simply a chronological label but possesses a substantive integrity. Volume I examines 'Peoples and Place', assessing structural factors such as climate, printing and the revolution in information, social and economic developments, and religion, including chapters on Orthodoxy, Judaism and Islam. **AP® European History Crash Course Book + Online Research & Education Assoc.** REA's Crash Course for the AP® European History Exam - Gets You a Higher Advanced Placement® Score in Less Time About this new exam and test prep: The new AP® European History exam is structured around five course themes and 19 key concepts in four different chronological periods, from approximately 1450 to the present. REA's all-new AP® European History Crash Course is perfect for the time-crunched student, the last-minute studier, or anyone who wants a refresher on the subject. Are you crunched for time? Have you started studying for your Advanced Placement® European History exam yet? How will you memorize everything you need to know before the test? Do you wish there was a fast and easy way to study for the exam AND boost your score? If this sounds like you, don't panic. REA's Crash Course for AP® European History is just what you need. Our Crash Course gives you: Targeted, Focused Review - Study Only What You Need to Know The Crash Course is based on an in-depth analysis of the new AP® European History course description outline and actual AP® test questions. It covers only the information tested on the exam, so you can make the most of your valuable study time. Written by an AP® European History expert the targeted review prepares students for the new test by focusing on the new framework concepts and learning objectives tested on the redesigned AP® European History exam. Our easy-to-read format gives students a crash course in the historical events, topics, and issues in European History The book also features must-know terms all AP® European History terms students should know before test day. Expert Test-taking Strategies With our Crash Course, you can study the subject faster, learn the crucial material, and boost your AP® score all in less time. Our author shares detailed question-level strategies and explains the best way to answer the multiple-choice and free-response questions you'll encounter on test day. By following our expert tips and advice, you can boost your overall point score! FREE Practice Exam After studying the material in the Crash Course, go to the online REA Study Center and test what you've learned. Our free practice exam features timed testing, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the actual AP® exam, so you know you're studying the smart way. Whether you're cramming for the test at the last minute, looking for extra review, or want to study on your own in preparation for the exams - this is the test prep every AP® European History student must have. When it's crucial crunch time and your Advanced Placement® exam is just around the corner, you need REA's Crash Course for AP® European History! **Modern European History, 1871-2000 A Documentary Reader Psychology Press** Documents include extracts from diaries, speeches, treaties, poetry, radio broadcasts, photographs, cartoons, political posters and propaganda. These are organised by topic, with chronological charts providing historical context for each section. **A History of Modern Europe Fourth Edition Volume 2 W.W. Norton & Company** Students and instructors alike praise A History of Modern Europe for its authoritative coverage from the Renaissance to the present day. Written in Merriman's signature narrative style, the book is brightened with humor and biographical sketches. The Fourth Edition reflects the latest scholarship while placing special emphasis on the theme of war and society. A new full-color design features a completely redrawn map program and new pedagogical and teaching tools. **The Politics of Moderation in Modern European History Springer Nature** This book charts the varieties of political moderation in modern European history from the French Revolution to the present day. It explores the attempts to find a middle way between ideological extremes, from the nineteenth-century Juste Milieu and balance of power, via the Third Ways between capitalism and socialism, to the current calls for moderation beyond populism and religious radicalism. The essays in this volume are inspired by the widely-recognized need for a more nuanced political discourse. The contributors demonstrate how the history of modern politics offers a range of experiences and examples of the search for a middle way that can help us to navigate the tensions of the current political climate. At the same time, the volume offers a diagnosis of the problems and pitfalls of Third Ways, of finding the middle between extremes, and of the weaknesses of the moderate point of view. **European History For Dummies John Wiley & Sons** The rich variety of Europe's history rolled into one thrilling account. This book takes you on a fascinating journey through the disasters, triumphs, people, power and politics that have shaped the Europe we know today - and you'll meet some incredible characters along the way! From Roman relics to Renaissance, World Wars and Eurovision, European History For Dummies packs in the facts alongside the fun and brings the past alive. Accompanied by access to a value-add timeline and 'Who's Who in European History' section on dummies.com This new edition contains an 8-page colour insert so you can see who, what, and where the ensuing historical action takes place. **The Oxford Handbook of Early Modern**

**European History, 1350-1750 Oxford Handbooks** This Handbook re-examines the concept of early modern history in a European and global context. The term "early modern" has been familiar, especially in Anglophone scholarship, for four decades and is securely established in teaching, research, and scholarly publishing. More recently, however, the unity implied in the notion has fragmented, while the usefulness and even the validity of the term, and the historical periodisation which it incorporates, have been questioned. The Oxford Handbook of Early Modern European History, 1350-1750 provides an account of the development of the subject during the past half-century, but primarily offers an integrated and comprehensive survey of present knowledge, together with some suggestions as to how the field is developing. It aims both to interrogate the notion of "early modernity" itself and to survey early modern Europe as an established field of study. The overriding aim will be to establish that "early modern" is not simply a chronological label but possesses a substantive integrity. Volume II is devoted to "Cultures and Power", opening with chapters on philosophy, science, art and architecture, music, and the Enlightenment. Subsequent sections examine 'Europe beyond Europe', with the transformation of contact with other continents during the first global age, and military and political developments, notably the expansion of state power.

**Modern European History Modern Europe 1789-1989 Longman Sc & Tech** Modern Europe provides both text and illustrations which draw on a wide range of sources, from state archives, published memoirs and heroic paintings to private letters, oral testimony, picture postcards, cartoons and songs. **A Sourcebook of Early Modern European History Life, Death, and Everything in Between Routledge** A Sourcebook of Early Modern European History not only provides instructors with primary sources of a manageable length and translated into English, it also offers students a concise explanation of their context and meaning. By covering different areas of early modern life through the lens of contemporaries' experiences, this book serves as an introduction to the early modern European world in a way that a narrative history of the period cannot. It is divided into six subject areas, each comprising between twelve and fourteen explicated sources: I. The fabric of communities: Social interaction and social control; II. Social spaces: Experiencing and negotiating encounters; III. Propriety, legitimacy, fidelity: Gender, marriage, and the family; IV. Expressions of faith: Official and popular religion; V. Realms intertwined: Religion and politics; and, VI. Defining the religious other: Identities and conflicts. Spanning the period from c. 1450 to c. 1750 and including primary sources from across early modern Europe, from Spain to Transylvania, Italy to Iceland, and the European colonies, this book provides an excellent sense of the diversity and complexity of human experience during this time whilst drawing attention to key themes and events of the period. It is ideal for students of early modern history, and of early modern Europe in particular.

**The Force of Comparison A New Perspective on Modern European History and the Contemporary World Berghahn Books** In an era defined by daily polls, institutional rankings, and other forms of social quantification, it can be easy to forget that comparison has a long historical lineage. Presenting a range of multidisciplinary perspectives, this volume investigates the concepts and practices of comparison from the early modern period to the present. Each chapter demonstrates how comparison has helped to drive the seemingly irresistible dynamism of the modern world, exploring how comparatively minded assessors determine their units of analysis, the criteria they select or ignore, and just who it is that makes use of these comparisons—and to what ends.

**A History of Modern Europe From the Renaissance to the Present W W Norton & Company Incorporated** Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A single author lends a unified approach and consistent style throughout, with an emphasis on the connections of events and people over time. The Third Edition, like the two before it, is authoritative and up-to-date. New to the Third Edition is the theme of empire. From the imperial rivalries between France and Spain in the sixteenth and seventeenth centuries, through the rise and fall of the Ottoman Turkish empire, and on into the imperial history of the twentieth century—decolonization, the spread of the Soviet empire, and the imperial power of the United States—the theme of empire helps students find commonalities among the events of European history.

**A Companion to Modern European History 1871-1945 John Wiley & Sons** Its sixteen thematic chapters - each written by an expert in the field - cover social and economic developments, the rise and fall of all the major political movements as well as the immense changes generated by war and international diplomacy across Europe.

**Themes in Modern European History 1780-1830 Routledge** Themes in Modern European History 1780-1830 is an authoritative and lively exploration of a period dominated by events which have shaped modern Europe. In a series of articles, six leading academics present some controversial conclusions: \* the east/west contrast in Europe today has more to do with responses to the French Revolution of 1789 than the Russian Revolution of 1917 \* the conservative Europe of 1814 was the product of the Romantic imagination, not a 'Restoration' of the old regime

Spanning political, social, economic and demographic facets of revolutions, this is an indispensable textbook for all students of the nineteenth century, and for all those interested in understanding the nature of Europe today.

**Early Modern Europe, 1450-1789 Cambridge University Press** "The title of this book, and perhaps also of the course for which you are reading it, is Early Modern Europe. The dates in the title inform you about the chronological span covered (1450-1789), but they do not explain the designation "early modern." That term was developed by historians seeking to refine an intellectual model first devised during this very period, when scholars divided European history into three parts: ancient (to the end of the Roman Empire in the west in the fifth century), medieval (from the fifth century to the fifteenth), and modern (from the fifteenth century to their own time). In this model, the break between the Middle Ages and the modern era was marked by the first voyage of Columbus (1492) and the beginning of the Protestant Reformation (1517), though some scholars, especially those who focused on Italy, set the break somewhat earlier with the Italian Renaissance. This three-part periodization became extremely influential, and as the modern era grew longer and longer, historians began to divide it into "early modern" - from the Renaissance or Columbus to the French Revolution in 1789 - and what we might call "truly modern" - from the French Revolution to whenever they happened to be writing"--

**A History of Modern Europe From the French Revolution to the present W. W. Norton** Available in both one-volume and two-volume paperback editions, A History of Modern Europe presents a panoramic survey of modern Europe from the Renaissance to the present day. A seasoned teacher and talented historian, Professor John Merriman offers a carefully crafted narrative that guides students through a vast amount of complex material, integrating the many aspects of the European experience into a larger, interconnected whole. A full ten percent shorter than its predecessor, the Second Edition has tightened organization throughout to make room for recent research and descriptions of the current issues and events that define Europe's role in the world today.

**The Oxford History of Modern Europe** Written by an international team of leading scholars, The Oxford History of Modern Europe traces Europe's turbulent history, from the beginnings of the Revolution in France to the dawn of two world wars to the breakup of the Soviet Union to today's kaleidoscope of nation-states. The achievements (and failures) of key figures from many arenas--politics, technology, warfare, religion, and the arts among them--are drawn vividly, and social, cultural, and economic insights are included alongside the record of geopolitical strife. We read of the personality cult as exemplified by the Soviet portraits glorifying Lenin; the importance of the nylon stocking in the post-World War II economic boom; the influence of religion as five new nations (Serbia, Montenegro, Bulgaria, Romania, and Albania) emerged between 1871 and 1914--an influence that continues to be both vigorous and deadly; and the confrontation between traditional and modern cultures captured as the railway age began in Russia.

**History of Europe A Captivating Guide to European History, Classical Antiquity, The Middle Ages, The Renaissance and Early Modern Europe Ch Publications** If you want to discover the captivating history of Europe, then keep reading... **The European World 1500-1800 An Introduction to Early Modern History Routledge** The European World 1500-1800 provides a concise and authoritative textbook for the centuries between the Renaissance and the French Revolution. It presents early modern Europe not as a mere transitional phase, but a dynamic period worth studying in its own right. Written by an experienced team of specialists, and derived from a perennially successful undergraduate course, it offers a student-friendly introduction to all major themes and processes of early modern history. Structured in four parts dealing with socio-economic, religious, cultural and political issues, it adopts a deliberately broad geographical perspective: Western and Central Europe receive particular attention, but dedicated chapters also explore the wider global context. For this thoroughly revised and improved second edition, the authors have added three new chapters on 'Politics and Government', 'Impact of War' and 'Revolution'. Specially designed to assist learning, The European World 1500-1800 features: state-of-the-art surveys of key topics written by an international team of historians suggestions for seminar discussion and further reading extracts from primary sources and generous illustrations, including maps a glossary of key terms and concepts a chronology of major events a full index of persons, places and subjects a fully-featured companion website, enhanced for this new edition The European World 1500-1800 will be essential reading for all students embarking on the discovery of the early modern period.

**Postwar A History of Europe Since 1945 Penguin** Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, Ill Fares the Land, republished in 2021 featuring a new preface by bestselling author of Between the World and Me and The Water Dancer, Ta-Nehisi Coates.

**Modern European History History of Modern Europe S. Chand Publishing** For Students of B.A, M.A and also useful for competitive examinations **History of Europe From Renaissance to the End of the Cold War** A concise textbook on the history of Europe viewed through the lens of economy, technology, information politics and war. History of Europe helps students, teachers and enthusiasts of history to gain an understanding of the genesis of modern Europe. The book has been structured in an unconventional yet logical manner, keeping in mind the difficulty students face while relating facts and time periods in history. It is segregated into four modules, which bring in multiple angles to provide an all-encompassing perspective of European history along with a parallel understanding of world history, thus establishing a holistic framework of the events. The modules cover Renaissance to pre-Napoleonic era, holocausts to consolidation of global sustainability, Cold War era, and the conflict and culture in European globalization since 1989. Thorough integration maps, illustrations and special vignettes make the textbook interactive, informative and illustrative for students to easily internalize and recollect the major events and their causes and consequences. Key Features: \* A unique learning experience of history through extensive chronological detailing and multiple parallels of events \* Includes forty-one maps, which act as visual guides to the geography of politics, campaigns, battles and expansion of empires \* Commentary sections summarizing the key themes and examining global and comparative developments going beyond the geographic framework \* First-hand notes and commentaries of the First and Second World Wars and eyewitness accounts \* Extensive source citations along with weblinks and suggestions for further reading

**Modern Europe, 1789-Present Routledge** Now covering the whole of Europe from the French Revolution to the present day, this major new edition has been completely revised and brought up-to-date. The approach embraces the whole continent from both national and regional perspectives, and combines political survey with grass roots 'people' history. Bringing this history vividly to life, the authors use a very broad range of sources including memoirs, archives, letters, songs and newspapers. In particular, there is new treatment of the following themes: Religion and the modern Papacy Immigration in Europe and relationships between minority and majority groups UNESCO The European Bill of Rights The seeds of conflict in Bosnia and Croatia Europe's relations with the wider world, with particular attention to the Middle East and Japan. **The Information**

**Revolution in Early Modern Europe Cambridge University Press** This provocative new history of early modern Europe argues that changes in the generation, preservation and circulation of information, chiefly on newly available and affordable paper, constituted an 'information revolution'. In commerce, finance, statecraft, scholarly life, science, and communication, early modern Europeans were compelled to place a new premium on information management. These developments had a profound and transformative impact on European life. The huge expansion in paper records and the accompanying efforts to store, share, organize and taxonomize them are intertwined with many of the essential developments in the early modern period, including the rise of the state, the Print Revolution, the Scientific Revolution, and the Republic of Letters. Engaging with historical questions across many fields of human activity, Paul M. Dover interprets the historical significance of this 'information revolution' for the present day, and suggests thought-provoking parallels with the informational challenges of the digital age. **Buying and Selling The Business of Books in Early Modern Europe BRILL** Buying and Selling explores the business of books in and beyond Europe, investigating the practices adopted by traders and customers. **Emotions and Everyday Nationalism in Modern European History Routledge** This volume examines how ideas of the nation influenced ordinary people, by focusing on their affective lives. Using a variety of sources, methods and cases, ranging from Spain during the age of Revolutions to post-World War II Poland, it demonstrates that emotions are integral to understanding the everyday pull of nationalism on ordinary people. **The Complete Idiot's Guide to European History, 2nd Edition Understand the People, Politics, and Conflicts That Shaped a Continent Penguin** Fascinating, fact-filled writing that delivers hundreds of years in the life of the European continent. Terrific supplementary reading for AP History students. **The Chief Periods of European History Six Lectures Read in the University of Oxford in Trinity Term, 1885 : with an Essay on Greek Cities Under Roman Rule Inky Fingers The Making of Books in Early Modern Europe Harvard University Press** The author of *The Footnote* reflects on scribes, scholars, and the work of publishing during the golden age of the book. From Francis Bacon to Barack Obama, thinkers and political leaders have denounced humanists as obsessively bookish and allergic to labor. In this celebration of bookmaking in all its messy and intricate detail, renowned historian Anthony Grafton invites us to see the scholars of early modern Europe as diligent workers. Meticulously illuminating the physical and mental labors that fostered the golden age of the book—the compiling of notebooks, copying and correction of texts and proofs, preparation of copy—he shows us how the exertions of scholars shaped influential books, treatises, and forgeries. *Inky Fingers* ranges widely, tracing the transformation of humanistic approaches to texts in the seventeenth and eighteenth centuries and examining the simultaneously sustaining and constraining effects of theological polemics on sixteenth-century scholars. Grafton draws new connections between humanistic traditions and intellectual innovations, textual learning and craft knowledge, manuscript and print. Above all, Grafton makes clear that the nitty-gritty of bookmaking has had a profound impact on the history of ideas—that the life of the mind depends on the work of the hands.
