Religion und Philosophie in schulischen Kontexten

Rahmenbedingungen, Profile und Pfadabhängigkeiten des Religions- und Philosophieunterrichts in Deutschland, Frankreich, der Schweiz und Griechenland

Evangelische Verlagsanstalt **Religion und Philosophie sind wesentliche thematische Dimensionen des schulischen Unterrichts. Als komplexe Traditionsbestände eröffnen Religion und Philosophie am Ort der Schule vielfältige Antwortversuche auf wesentliche Sinn- und Orientierungsfragen des individuellen und gemeinschaftlichen Lebens. unterschiedlich dar, was nicht zuletzt dem spezifischen Verständnis von Religionsneutralität geschuldet ist. Die Beiträge des Bandes arbeiten die unterschiedlichen Rahmenbedingungen, Profile und Pfadabhängigkeiten des Religions- und Philosophieunterrichts in Deutschland, Frankreich, der Schweiz und Griechenland heraus. Dadurch soll zum einen der gegenwärtige Diskussionsstand der Entwicklung des jeweiligen Unterrichtsfachs und seiner institutionellen Verfasstheit in den einzelnen Ländern abgebildet werden. Zum anderen wird nach möglichen gemeinsamen Perspektiven des Religions- und Philosophieunterrichts in Europa gefragt. [Religion and Philosophy in Educational Contexts. Framework Conditions, Profiles and Path Dependencies of Teaching Religion and Philosophy in Germany, France, Switzerland, and Greece] Religion and philosophy are essential thematic dimensions of school teaching. As complex traditions religion and philosophy offer in an educational context diverse approaches to essential questions of meaning and orientation regarding individual and social life. At the same time, the educational contexts in schools are internationally very different, not at least dependent on the specific understandings of religious neutrality. The contributions to this volume explore the different frameworks, profiles and path dependencies of teaching religion and philosophy in Germany, France, Switzerland, and Greece. They give an overview of the current state of discussion regarding the development of these two teaching subjects und their institutional setting in the different countries, considering possible common perspectives of teaching religion and philosophy in Europe.

The Return of the Little Prince

AuthorHouse My book, *The Return of The Little Prince*, is a sequel to the marvelous and whimsical story of my uncle Antoine De Saint-Exupery, *The Little Prince*, where myth and poetry mix with reality and speak to us of the eternal in such an innocent manner. Both his story and mine are true. They are real stories of a quest to find that invisible spark of life which gives meaning to all there is. I learned the story from within, it was my aunt Consuelo De Saint-Exupery, an extraordinary person and the inspiration of Saint-Ex, the Rose of his story, who taught me to read, not only French in *The Little Prince*, but the essence of it as well. She talked to me about Saint-Ex, his dream world, of his airplane flights, of his moonstruck reveries, his airplane falls and the spirit that helped him survive them! Everything in that book was an integral part of what later happened to me and helped me to find that secret that now illumines my life. I remember. . . when I was a little girl, maybe six years old, I learned to read. . . know. . . and love the Little Prince. Later on, I learned that many others also did; it was, I believe, the bedside book of James Dean. I never knew him personally, but I read in an interview of a movie magazine that he said *The Little Prince* was his Bible. . . and I wondered if what drew him to it was the same thing that I loved about it? What I loved best was the invisible hidden in between such simple words and its childlike drawings, for concealed behind the fairytale there was a road map to a true spiritual experience. Whenever I read the last page of my uncle's book, I was moved by his sadness and felt a sense of urgency within me to find that lonely star landscape. So, I promised myself that one day I would find the Little

Prince and let Saint-Ex know that he was back. Consequently, since early in life, I learned to close my eyes, open my heart and. . . began my quest. This tale is the fruit of my search. It has a happy ending as all good fairy tales have, for it happened that one day. . . when I least expected it. . . I found the Little Prince! Thus, I wrote this book, both as a direct answer to my uncle's plea, to share the good news with all those who love The Little Prince and as an invitation to quest to all those who long to find their reality. I have followed the same format of my uncle's book and also utilized the same style of drawings, wrapping my own story of how I searched and found the Little Prince with as much similarity as possible to that of his book, for a very good reason: I couldn't have done it in any other way, for I have loved The Little Prince since I was a child. My reason has been one of love, not arrogance, so please exempt me from the harshness of comparison if you are inclined to do so.

The Time of Our Singing

A Novel

Farrar, Straus and Giroux From the Pulitzer Prize-winning author of *The Overstory* and the Oprah's Book Club selection *Bewilderment* comes Richard Powers's magnificent, multifaceted novel, *The Time of Our Singing*, about a supremely gifted—and divided—family, set against the backdrop of postwar America. On Easter day, 1939, at Marian Anderson's epochal concert on the Washington Mall, David Strom, a German Jewish émigré scientist, meets Delia Daley, a young Philadelphia Negro studying to be a singer. Their mutual love of music draws them together, and--against all odds and better judgment--they marry. They vow to raise their children beyond time, beyond identity, steeped in song. But their three children must survive America's brutal here and now. Jonah, Joseph, and Ruth grow up during the Civil Rights era, come of age in the violent 1960s, and live out adulthood in the racially retrenched late century. Jonah, the eldest, "whose voice could make heads of state repent," follows a life in his parents' beloved classical music. Ruth, the youngest, chooses a militant activism and repudiates the white culture her brother represents. Joseph, the middle child and the narrator of this generational tale, struggles to remain connected to them both. *The Time of Our Singing* is a story of self-invention, allegiance, race, cultural ownership, the compromised power of music, and the tangled loops of time that rewrite all belonging.
