Pure Theory of Law

The Lawbook Exchange, Ltd. Kelsen, Hans. **Pure Theory of Law**. Translation from the Second German Edition by Max Knight. Berkeley: University of California Press, 1967. x, 356 pp. Reprinted 2005 by The Lawbook Exchange, Ltd. ISBN 1-58477-578-5. Paperbound. \$36.95 * Second revised and enlarged edition, a complete revision of the first edition published in 1934. A landmark in the development of modern jurisprudence, the pure theory of law defines law as a system of coercive norms created by the state that rests on the validity of a generally accepted Grundnorm, or basic norm, such as the supremacy of the Constitution. Entirely self-supporting, it rejects any concept derived from metaphysics, politics, ethics, sociology, or the natural sciences. Beginning with the medieval reception of Roman law, traditional jurisprudence has maintained a dual system of "subjective" law (the rights of a person) and "objective" law (the system of norms). Throughout history this dualism has been a useful tool for putting the law in the service of politics, especially by rulers or dominant political parties. The pure theory of law destroys this dualism by replacing it with a unitary system of objective positive law that is insulated from political manipulation. Possibly the most influential jurist of the twentieth century, Hans Kelsen [1881-1973] was legal adviser to Austria's last emperor and its first republican government, the founder and permanent advisor of the Supreme Constitutional Court of Austria, and the author of Austria's Constitution, which was enacted in 1920, abolished during the Anschluss, and

restored in 1945. The author of more than forty books on law and legal philosophy, he is best known for this work and *General Theory of Law and State*. Also active as a teacher in Europe and the United States, he was Dean of the Law Faculty of the University of Vienna and taught at the universities of Cologne and Prague, the Institute of International Studies in Geneva, Harvard, Wellesley, the University of California at Berkeley, and the Naval War College. Also available in cloth.

Platform Business Models

Frameworks, Concepts and Design

Springer Nature This book introduces platform firms as unique business models. Leveraging on the early literature on network economics and strategy frameworks, this book explores how platform business firms evolve in the modern business world. Taking a strategic perspective, this book engages the reader with core concepts, case studies, and frameworks for analyzing platform business firms. This book differentiates platform business firms from traditional pipeline firms; explores engagement with different actors, value creation, and operations of platforms; elucidates resources and capabilities of platform firms that provide them sustained competitive advantage; analyzes performance levers in operating platform business models, including complementarities with other business models; and discusses the sustainability of platform business models, in the face of regulatory and societal challenges, among others. The book is designed as a primer for entrepreneurs setting up and operating platform business firms, senior managers in large corporations repurposing their resources to initiate network dynamics in their businesses, early career managers, and professionals engaging with myriad platform firms for their professional and personal needs. This book intends to provide a decision-maker with a portfolio of decisions to make to create, operate, sustain, and generate value out of a platform business firm. It is also useful for policy professionals to appreciate the economics and policy implications of regulating and governing platforms in a post-digital world.

Who's who in America, 2006

Gandhi@150

Jaico Publishing House CELEBRATING THE MAHATMA'S RELEVANCE TODAY Contributors include: Ela Gandhi • Tushar Gandhi • RA Mashelkar • Anil Kakodkar • Brenda Gourley • Radhakrishnan Pillai • Kumar Ketkar • Rohini Hattangadi • Rajkumar Hirani • Bharat Dabholkar A collection of exceptional think pieces by some of the brilliant minds of our time Compiled and edited by noted scholar Rajan Welukar, Gandhi@150 explores the relevance of Mahatma Gandhi's ideas in today's world and the impact of his philosophy across a wide spectrum of areas such as religion, economics, science, education, the arts and health and development. In this book, the contributors explain how certain Gandhian concepts can be used for our nation's advancement. For example, 'Gandhian Engineering' can help boost India's progress with its focus on getting more from fewer resources for more people. In addition, the gram swaraj approach alone can stop the mass exodus of youth from villages to cities in search of jobs—a major worry for urban planners and village economies today. These are just a few of the many applicable solutions based on Gandhi's ideas you will come across in these pages. To celebrate Gandhi's 150th birth anniversary, experts from various fields, such as Anil Kakodkar, RA Mashelkar, Douglas Roche, Ela Gandhi, Tushar Gandhi, Justice RC Chavan, Rajkumar Hirani and Daniel C Taylor among others, have contributed to this remarkable anthology. This book will help you understand why Gandhi's views are relevant now more than ever. RAJAN WELUKAR, an eminent academician, is the former vice-chancellor of the University of Mumbai, Yashwantrao Chavan Maharashtra Open University and GH Rasoni University. He lives in Mumbai.

A Modern Approach to Logic Reasoning

Sedition in Liberal Democracies

Oxford University Press Examining the relationship between sedition and liberal democracies, particularly in India, this book looks at the biography of sedition laws, its contradictory position against free speech, and democratic ethics. Recent sedition cases registered in India show that the law in its wide and diverse deployment was used against agitators in a community-based pro-reservation movement, group of university students for their alleged 'anti-national' statements, anti-liquor activists, and anti-nuclear movement, to name a few. Set against its contemporary use, this book has used sedition as a lens to probe the fate of political speech in liberal democracy. The lived reality of

the law of sedition in changing anthropological sites is juxtaposed with its positivist existence. Anushka Singh uses a comparative framework keeping in focus the Indian experience backed by fieldwork in Haryana, Maharashtra, and Delhi, and includes a comparative perspective from England, the USA, and Australia to contribute to debates on sedition within liberal democracies at large, especially in the wake of the proliferation of counter-terror legislations.
