Minicomputers & Microcomputers, 1977

## A Directory of Computer Software Energy

Keywords in Qualitative Methods

## A Vocabulary of Research Concepts

**SAGE** An essential companion for students across the social and health sciences, this text provides a wide-ranging coverage of qualitative methods complemented by extended illustration from the array of academic disciplines in which qualitative research is found and employed. Written in a lively and reader-friendly style, the guide covers a comprehensive range of topics, including: - a concise definition of the method - a description of distinctive features - examples to convey the flavour of a technique or principle - a critical and reflective evaluation of the method or approach under consideration - cross references to associated concepts within the dictionary - a list of key readings
