WANDERLUST

A LOVE AFFAIR WITH FIVE CONTINENTS

Seal Press Spanning fifteen years of travel, beginning when she is a sophomore in college, Wanderlust documents Elisabeth Eaves's insatiable hunger for the rush of the unfamiliar and the experience of encountering new people and cultures. Young and independent, she crisscrosses five continents and chases the exotic, both in culture and in romance. In the jungles of Papua New Guinea, she loses herself—literally—to an Australian tour guide; in Cairo, she reconnects with her high school sweetheart, only to discover the beginning of a pattern that will characterize her life over the long-term: while long-distance relationships work well for her, traditional relationships do not. Wanderlust, however, is more than a chronological conquest of men and countries: at its core, it's a journey of self-discovery. In the

course of her travels, Eaves finds herself and the sense of home she's been lacking since childhood—and she sheds light on a growing culture of young women who have the freedom and inclination to define their own, increasingly global, lifestyles, unfettered by traditional roles and conventions of past generations of women.

MAD TRAVELERS

A TALE OF WANDERLUST, GREED AND THE QUEST TO REACH THE ENDS OF THE EARTH

Post Hill Press At twenty-three, William Simon Baekeland was well on his way to becoming the world's best traveled person. The "billionaire" heir to a great plastics fortune had already visited 163 countries, but his real passion was finding ways to visit the world's most challenging destinations—war torn cities, disputed territories, and remote or officially off-limits islands at the margins of the map. He earned rock-star status in the world of extreme travel by finding ingenious ways to bring the world's most widely traveled people to difficult-to-reach and forbidden places. But when his story began to unravel, an eccentric group of hyper-well-traveled country collectors were left wondering how they had allowed their obsession to blind them to the warning signs that William Baekeland wasn't who they thought he was. **Mad Travelers: A Tale of Wanderlust, Greed and the Quest to Reach the Ends of the Earth** delves deep inside the subculture of country collecting, taking readers to danger zones like Mogadishu and geographical oddities like Norway's nearly impossible-to-reach Bouvet Island. Along the way, this raucous tale of adventure and international intrigue illuminates the perils and pleasures of wanderlust while examining a fundamental question: why are some people compelled to travel, while others are content to stay home? **Mad Travelers** is a perceptive and at times hilarious account of how the pursuit of everywhere put the world's greatest travelers at the mercy of a brilliant young con man. Soon to be an HBO documentary.

MANAGING TOURIST HEALTH AND SAFETY IN THE NEW MILLENNIUM

Routledge *Managing Tourist Health* is a seminal study which combines a range of state of the art reviews of the issues facing tourism managers and professionals in the fast growing area of tourist health and safety. An international range of contributors, each a specialist in their chosen field, have written papers for this book to explain many of the complex issues affecting tourists, the tourism industry and governments in ensuring tourism is viewed as a safe and enjoyable experience for all. The contributors have a wealth of interdisciplinary experience ranging from medicine, law, tourism research, safety science, ergonomics, management, consultancy among other cognate areas of study. Future research directions are examined in many of the chapters together with current state of the art knowledge in relation to key studies. The editors have worked in this area of research since the late 1980s and have accumulated a wide range of academic, professional and consultancy experience for governments and the private sector. The book extends this understanding through a multi-disciplinary perspective combining some of the leading researchers who have published in this area since the emergence of tourist health as a legitimate area of study in the 1970s.

THE WORKING PRESS OF THE NATION

WRITING AWAY

A CREATIVE GUIDE TO AWAKENING THE JOURNAL-WRITING TRAVELER

Travelers' Tales Two major trends have recently swept the travel world: the first, an overwhelming desire (thanks to Elizabeth Gilbert's bestseller, *Eat, Pray, Love*) to write one's own memoir; the second, an explosion of social media, blogs, twitter and texts, which allow travelers to document and share their experiences instantaneously. Thus, the act of chronicling one's journey has never been more popular, nor the urge stronger. *Writing Away: A Creative Guide to Awakening the Journal-Writing Traveler*, will inspire budding memoirists and jetsetting scribes alike. But *Writing Away* doesn't stop there—author Lavinia Spalding spins the romantic tradition of keeping a travelogue into a modern, witty adventure in awareness, introducing the traditional handwritten journal as a profoundly valuable tool for self-discovery, artistic expression, and spiritual growth. *Writing Away* teaches you to embrace mishaps in order to enrich your travel experience, recognize in advance what you want to remember, tap into all your senses, and connect with

the physical world in an increasingly technological age. It helps you overcome writer's block and procrastination; tackle the discipline, routine, structure, and momentum that are crucial to the creative process; and it demonstrates how traveling—while keeping a journal along the way—is the world's most valuable writing exercise.

WANDERLUST

A HISTORY OF WALKING

Penguin A passionate, thought provoking exploration of walking as a political and cultural activity, from the author of the memoir *Recollections of My Nonexistence* Drawing together many histories--of anatomical evolution and city design, of treadmills and labyrinths, of walking clubs and sexual mores--Rebecca Solnit creates a fascinating portrait of the range of possibilities presented by walking. Arguing that the history of walking includes walking for pleasure as well as for political, aesthetic, and social meaning, Solnit focuses on the walkers whose everyday and extreme acts have shaped our culture, from philosophers to poets to mountaineers. She profiles some of the most significant walkers in history and fiction--from Wordsworth to Gary Snyder, from Jane Austen's Elizabeth Bennet to Andre Breton's *Nadja*--finding a profound relationship between walking and thinking and walking and culture. Solnit argues for the necessity of preserving the time and space in which to walk in our ever more car-dependent and accelerated world.

THE ROUTLEDGE COMPANION TO TRAVEL WRITING

Routledge As many places around the world confront issues of globalization, migration and postcoloniality, travel writing has become a serious genre of study, reflecting some of the greatest concerns of our time. Encompassing forms as diverse as field journals, investigative reports, guidebooks, memoirs, comic sketches and lyrical reveries; travel writing is now a crucial focus for discussion across many subjects within the humanities and social sciences. An ideal starting point for beginners, but also offering new perspectives for those familiar with the field, *The Routledge Companion to Travel Writing* examines: Key debates within the field, including postcolonial studies, gender, sexuality and visual culture Historical and cultural contexts, tracing the evolution of travel writing across time and over cultures Different styles, modes and themes of travel writing, from pilgrimage to tourism Imagined geographies, and the relationship between travel writing and the social, ideological and occasionally fictional constructs through which we view the different regions of the world. Covering all of the major topics and debates, this is an essential overview of the field, which will also encourage new and exciting directions for study. Contributors: Simon Bainbridge, Anthony

THE WISDOM OF CROWDS

Anchor In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

GLOBAL DIPLOMACY

THEORIES, TYPES, AND MODELS

Routledge In a field dominated by the history and practices of Western states, *Global Diplomacy* expands the mainstream discourse on diplomacy to include non-Western states and states in all stages of development. By presenting a broader view of this crucial institution, this exciting text cultivates a more global understanding of the ways in which diplomacy is conducted in the world today and offers a new perspective on the ways it may continue to develop in the future. This book presents; a brief introduction to diplomatic practice, the classic diplomatic narrative, and different theories of diplomacy; an exploration of diplomacy over time and place through four types of diplomacy-political, cultural, economic, and military-discussed by guest authors who are experts in their respective fields; three new models of diplomatic interaction-Community, Transatlantic, and Relational-illustrated through the examples of the European Union, UK and US relations, and the rising powers of India and China.

WANDERLUST

Lauren Blakely Books A charming British hero, the woman who tempts him, and a hands-off arrangement that's oh-so-hard to maintain... My bags are packed and I'm ready to go. All I have to do is board a plane, and I'll be on my way to fulfilling a promise I made long ago. Bonus points -- my last week in Paris looks to be even better when I meet a gorgeous, clever American woman and make plans to take her back to my flat that night. But before we can get together for what would surely be a fantastic final fling, my boss hits me with a double whammy. My previous client didn't pay, so the trip's postponed, and the new client I now desperately need is none other than the tempting American I'm about to take home. Time to keep my hands to myself. And as I do, we get to know each other while we wander the streets of Paris together, where I discover she's witty, kind and has a delicious zest for life. Trouble is, I'm taking off for the other side of the world any day now. What could go wrong with falling in love in Paris? Everything, if one of you is leaving...
