Organizational Behavior

John Wiley & Sons **Organizational Behavior** is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Essentials of Organizational Behavior

Prentice Hall **ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Management

Cengage Learning MANAGEMENT, 12E, takes a functional, skills-based approach to the process of management with a focus on active planning, leading, organizing and controlling. Griffin carefully examines today's emerging management topics, including the impact of technology, importance of a green business environment, ethical challenges, and the need to adapt in changing times. This edition builds on proven success to help strengthen your management skills with a balance of classic theory and contemporary practice. Numerous new and popular cases and learning features highlight the challenges facing today's managers. Hundreds of well-researched contemporary examples, from Starbucks to The Hunger Games to professional baseball, vividly demonstrate the importance of strong management to any type of organization. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Organization Theory

An Integrated Approach

John Wiley & Sons A comprehensive treatment of a broad range of work organizations, their environment, and their components, incorporating measurement instruments, exercises, and cases to allow for different emphases on theory and applications. Follows a logical, systematic, topdown approach that introduces both macro and micro criteria of success and then moves from environment to context, structure, and subsystems parts. Includes contingency chapters that further integrate all theoretical material; also includes a thorough and detailed review of current empirical and theoretical literature.

Human Resource Management

12th Edition

McGraw-Hill Higher Education

Organizational Behavior

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behavior

Managing People and Organizations

Prepare today to become a strong, effective manager tomorrow with the powerful insights, solid concepts, and reader-friendly approach in ORGANIZATIONAL BEHAVIOR: MANAGING PEOPLE AND ORGANIZATIONS, Eleventh Edition. This text equips readers with the skills and practical understanding to meet the management challenges of a new century. Business Psychology and Organizational Behaviour

Routledge Business Psychology and Organizational Behaviour introduces principles and concepts in psychology and organizational behaviour with emphasis on relevance and applications. Well organised and clearly written, it draws on a sound theoretical and applied base, and utilizes real-life examples, theories, and research findings of relevance to the world of business and work. The new edition of this best-selling textbook has been revised and updated with expanded and new material, including: proactive personality and situational theory in personality; theory of purposeful work behaviour; emotional and social anxiety in communication; decision biases and errors; and right brain activity and creativity, to name a few. There are numerous helpful features such as learning outcomes, chapter summaries, review questions, a glossary, and a comprehensive bibliography. Illustrations of practice and relevant theory and research also take the reader through individual, group, and organizational perspectives. This is an essential textbook for undergraduates and postgraduates studying psychology and organizational behaviour. What is more, it can be profitably used on degree, diploma, professional, and short courses. It's also likely to be of interest to the reflective practitioner in work organizations.

Organizational Behavior in Health Care

Jones & Bartlett Learning Organizational Behavior in Health Care was written to assist those who are on the frontline of the industry everyday—healthcare managers who must motivate and lead very diverse populations in a constantly changing environment. Designed for graduate-level study, this book introduces the reader to the behavioral science literature relevant to the study of individual and group behavior, specifically in healthcare organizational settings. Using an applied focus, it provides a clear and concise overview of the essential topics in organizational behavior from the healthcare manager's perspective. Organizational Behavior in Health Care examines the many aspects of organizational behavior, such as individuals' perceptions and attitudes, diversity, communication, motivation, leadership, power, stress, conflict management, negotiation models, group dynamics, team building, and managing organizational change. Each chapter contains learning objectives, summaries, case studies or other types of activities, such as, self-assessment exercises or evaluation.

Prentice Hall This long established market leader has set standards that few texts have equalled in terms of accessibility of writing style, clarity of presentation and popularity with students and teachers alike. Written from a managerial perspective and packed with contemporary references to management research and practice, it continues to prove the student's OB text of choice. This eighth edition brings fresh evidence to explore theory in practice, and a wide range of brand new and intriguing examples and case studies on

issues and organisations that are engaging, relevant and contemporary. It also provides an abundance of online student self-assessment resources. The breadth of appeal of this text makes it ideal for Management and Organisation courses from HND level through undergraduate and up to MBA.

Essentials of Organizational Behavior

An Evidence-Based Approach

SAGE Publications Concise, practical, and based on the best available research, **Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition** equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

Transforming Health Care Through Information: Case Studies

[Springer Science & Business Media](#) With the growth of information and focus on Healthcare Informatics, there remains an interest in case studies. In the current field of Health Informatics there is no text that uses case studies to explain the difficulties that occur. . Edited by specialists in the field of Health Informatics, the third edition of Transforming Healthcare Through Information: Case Studies builds upon the specific examples of case studies to exemplify the various phases of introducing technological advancements into healthcare institutions. The new edition includes a section on how to implement Link2care, a system that will allow caregivers of ill patients, to seek reliable and informative online information and support. In addition the cases will be framed under new sections with discussion on new topics in the area of healthcare technology such as quality data management and knowledge management. The case studies described in the third edition will benefit not only the practicing professional but also the instructor and student studying in the field of health informatics.

Staffing the Contemporary Organization: A Guide to Planning, Recruiting, and Selecting for Human Resource Professionals, 3rd Edition

A Guide to Planning, Recruiting, and Selecting for Human Resource Professionals Third Edition

[ABC-CLIO](#) Few business functions are more important than putting people where they can do the most good. Get it right, and the business soars. Get it wrong, and the business pays dearly in reduced sales, profits, and productivity. Staffing the Contemporary Organization provides a comprehensive treatment of staffing procedures, policies, techniques, and problems. It includes a number of human resources topics not usually covered in one volume—HR planning, legal aspects of staffing, recruiting, selecting, performance appraisal, career development, and many others—in an integrated system. The method presented is a proven, useful tool that managers and HR people can employ to build stronger, more resilient organizations. This thoroughly revised edition provides a comprehensive treatment of staffing procedures, policies, techniques, and problems. It covers areas newly developed since the last edition, like recruiting via the Internet and new court decisions that clarify the scope and application of antidiscrimination laws in the workplace. Among other topics, it covers the following areas in detail: -Employment law -Job analysis -Recruiting and interviewing -Selecting and selection tests -Appraisals and employee development -Administration: Handling promotions, demotions, layoffs, terminations, etc. -Career planning -Measuring the effectiveness of the HR function. Staffing, the authors contend, must encompass the entire range of activities associated with planning for, obtaining, utilizing, and developing human resources. Suitable for business students as well as professionals, this is the first book to present a systems view of the staffing function—a view necessary to maximize the contribution of any company's most important asset: its people.

Management, 12th Edition

Organizational Behavior

[John Wiley & Sons](#) The new edition of Organizational Behavior includes a rich array of exercises, cases, and applied materials such as the Kouzes and Posner Leadership Practices Inventory and Pfeiffer Annual Edition exercises available in the OB Skills Workbook. It also focuses more on the hot topic of ethics throughout the entire book to ensure it is contemporary and engaging. The text also introduces two brand new key features 'Finding the Leader in You" and "Taking it Online". "Finding the Leader in You", discusses leading in the workplace in a personal and applied way. The goal is to make the material more relevant and applicable to today's readers. The "Taking it Online" feature will take the reader from the book to an online case, activity, self-assessment, or video clip of the leader they are reading about.

Introduction to Sociology 2e

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
